Independent Auditor's Report

The Plan Administrator
Hallmark Home Mortgage 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Hallmark Home Mortgage 401(k) (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in *Note 4* to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4i—Schedule of Assets (Held at End of Year) as of December 31, 2024 and Schedule H, Line 4a—Schedule of Delinquent Participant Contributions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance

with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Hallmark Home Mortgage 401(k) Plan

Notes to Financial Statements

December 31, 2024

1. Description of the Plan

The following description of the Hallmark Home Mortgage 401(k) Plan (Plan) provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan which provides retirement benefits for substantially all employees of Hallmark Home Mortgage, Inc. (Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

A full-time employee, excluding part-time employees working less than 1,000 hours and seasonal employees, becomes eligible to enter the Plan on the first day of the month immediately following attainment of the age of 21. Part-time employees and seasonal employees become eligible for the Plan after one year of service.

Contributions

Participants may make voluntary pre-tax or after-tax Roth contributions as a percentage of eligible compensation, up to the annual dollar limits set by the Internal Revenue Code. The Plan allows for rollover contributions and for eligible participants to make catch-up contributions in accordance with Internal Revenue Service (IRS) regulations. Eligible employees are automatically enrolled in the Plan with a pre-tax contribution rate of 6 percent unless he or she elects otherwise. Participants direct the investment of their contributions into various investment options offered by the Plan. Additionally, the Plan allows participants to change the amount of their contribution or elect to stop contributing on any date.

The Company may make discretionary matching and profit sharing contributions to the Plan. For the years ended December 31, 2024 and 2023, the Company made discretionary matching contributions equal to 25 percent of the first 6 percent (Company matching contribution) of eligible compensation that a participant contributes to the Plan. To become eligible for the profit sharing contribution, an employee must have attained 21 years of age, completed 1,000 hours of service, and be employed on the last day of the Plan year. The Company did not make any profit sharing contributions for the years ended December 31, 2024 and 2023.

Investment Options

Participants can direct that their pre-tax and Company contributions, plus earnings or losses thereon, be invested in any of the participant directed investment options offered pursuant to the Plan. The Plan allows participants to change their investment elections on a daily basis.

Hallmark Home Mortgage 401(k) Plan

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Investment Options (continued)

The investments of the Plan consisted of diverse portfolios with no significant concentration of risk by issuer, industry, or geographic location.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and Plan earnings (losses), and is charged with his or her withdrawals and an allocation of other administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions, including rollovers, plus actual investment earnings or losses thereon. Vesting in the Company's matching contribution is based upon years of service. Participants become 20 percent vested in the Company's contribution after one year of service and increase by 20 percent each year, until they become 100 percent vested after 5 years of service.

Forfeitures

Participants who terminate employment prior to becoming fully vested must forfeit a percentage of their employer contribution amount. These forfeitures are used to reduce employer contributions or pay Plan administrative expenses. During the years ended December 31, 2024 and 2023, forfeitures totaling approximately \$10,508 and \$32,891, respectively, were used to reduce employer contributions and Plan administrative expenses. At December 31, 2024 and 2023, there was \$23,240 and \$14,461, respectively, in the forfeiture account to reduce employer contributions or pay Plan administrative expenses.

Notes Receivable from Participants

Participants may borrow a minimum of \$1,000 but not more than 50 percent of their vested account or \$50,000, reduced by any outstanding loan balance, if any, during the one-year period ending on the day on which their loan is made. A loan is secured by the balance in the participant's account and bears interest at the prime rate as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions. Each loan shall be repaid over a period not to exceed five years unless the loan is used for the purchase of a primary residence.

Hallmark Home Mortgage 401(k) Plan

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Benefit Payments

Normal retirement age under the Plan is 65 years, with the option to withdraw funds at the age of 59½. Minimum distributions are required once the participant reaches a specific age. On termination of service or retirement, a participant has the following options regarding his or her value of the vested interest: a) receive a lump-sum payment, b) rollover the balance into another qualified plan, or c) remain in the Plan as an inactive participant. However, if a terminated participant's vested account balance is \$5,000 or less and they have not elected a rollover, they will involuntarily receive a lump-sum distribution. If a participant is still a current employee and has not yet reached retirement age, the participant (or beneficiary) can only withdraw funds in the event of death, a disability which prevents them from working, or through a hardship withdrawal. Hardship withdrawals are only allowed from elective deferral accounts, as outlined in the Plan document.

Plan Termination

On July 9, 2025, the Plan Sponsor made the decision to terminate the Plan. Effective August 31, 2025, the Plan will be frozen to further contributions. The Plan was amended at that time to be in compliance with the most recent statutory and regulatory changes. All participant accounts were 100 percent vested as of the date of Plan termination.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investments

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See *Note 5* for discussion of fair value measurements.

Purchases and sales of securities are accounted for on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Capital gains distributions are included in dividend income.

Hallmark Home Mortgage 401(k) Plan

Notes to Financial Statements (continued)

2. Summary of Accounting Policies (continued)

Investments (continued)

The Plan includes in the statements of changes in net assets available for benefits the net appreciation (depreciation) in the fair value of its investments, which consists of the realized gains (losses) and the unrealized appreciation (depreciation) on those investments. Unrealized appreciation or depreciation in the aggregate fair value of investments represents the change in the difference between aggregate fair value and the cost of investments, including reinvestment of earnings. The realized gain or loss on sale of investments is the difference between the proceeds received and the average cost of investments sold.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related loan origination and annual administration fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan were paid directly by the Company and excluded from these financial statements. Plan recordkeeping fees are paid by the Plan and are reflected in the financial statements as administrative expenses. Investment management fees are charged to the Plan as a reduction of investment return and included in the investment income (loss) reported by the Plan.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities may occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Hallmark Home Mortgage 401(k) Plan
Notes to Financial Statements (continued)

2. Summary of Accounting Policies (continued)

Use of Estimates

Preparation of the Plan's financial statements requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from these estimates.

Reclassifications

Certain 2023 amounts have been reclassified to conform with the 2024 presentation.

3. Income Tax Status

The Plan administrator believes that the Plan, as amended, is being operated in compliance with the applicable requirements of Section 401(a) of the Internal Revenue Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt and the Plan has no income subject to unrelated business income. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to take that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to December 31, 2021.

4. Investments

Certain information related to investments disclosed in the accompanying financial statements and schedules, including investments held at December 31, 2024 and 2023 and net appreciation (depreciation) in fair value of investments and interest and dividend income for the years then ended, were obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Great-West Trust Company and Great-West Life & Annuity Insurance Company, the custodians of the Plan.

Hallmark Home Mortgage 401(k) Plan
Notes to Financial Statements (continued)

5. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820 (ASC 820), *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Hallmark Home Mortgage 401(k) Plan

Notes to Financial Statements (continued)

5. Fair Value Measurements (continued)

The methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds and investments at fair value	\$ 15,886,781	\$ -	\$ -	\$ 15,886,781

	Assets at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Mutual funds and investments at fair value	\$ 13,855,916	\$ -	\$ -	\$ 13,855,916

6. Group Annuity Contract

The Plan has a fully benefit-responsive group annuity contract with Great-West Life & Annuity Insurance Company which is called the Key Guaranteed Portfolio Fund. The Key Guaranteed Portfolio Fund is a general account product. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. The interest crediting rate is reset quarterly.

Contract value is the relevant measurement attribute for that portion of the assets available for benefits attributable to the group annuity contract since the contract was determined to be fully benefit-responsive. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The group annuity contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Hallmark Home Mortgage 401(k) Plan

Notes to Financial Statements (continued)

6. Group Annuity Contract (continued)

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2024 and 2023 was \$511,895 and \$443,696, respectively. The crediting interest is based on a formula agreed upon by the issuer but may not be less than zero percent. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events could limit the ability of the Plan to transact at contract value with the issuer. The Plan administrator does not believe that any events such as plan termination which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The group annuity contract does not permit Great-West Life & Annuity Insurance Company to terminate the agreement prior to the scheduled maturity date.

	Year ended December 31,	
	2024	2023
Average yields		
Based on actual earnings	1.41%	1.23%
Based on interest rate credited to participants	1.41%	1.23%

7. Transactions with Parties-in-Interest

The Plan investments include a group annuity contract issued and managed by Great-West Life & Annuity Insurance Company and its subsidiaries. Great-West Trust Company, LLC is the trustee as defined by the Plan and, therefore, these transactions qualify as parties-in-interest.

Fees paid by the Plan to Great-West Trust Company, LLC, trustee of the Plan, and other providers for investment and other services were \$99,483 and \$96,677 for the years ended December 31, 2024 and 2023, respectively.

8. Subsequent Events

Management has evaluated subsequent events through July 28, 2025, the date on which the financial statements were available to be issued.
