Plan Administrator
American Integrity 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of American Integrity 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 10 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4a - Schedule of Delinquent Participant Contributions and Schedule H, Line 4i - Schedule of Assets Held at End of Year, as of and for the year ended December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

American Integrity 401(k) Plan

Notes to Financial Statements

Years ended December 31, 2024 and 2023

1. Description of Plan

The following description of the American Integrity 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established and made effective February 1, 2010, and restated effective January 1, 2022, for the benefit of the employees of American Integrity Insurance Group, LLC and its affiliated companies (the Company). The Plan is intended to satisfy all the requirements for a qualified retirement plan under the provisions of the Internal Revenue Code (IRC). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Company serves as the Plan's Sponsor and Administrator. The Plan's custodian and recordkeeper is Empower Retirement LLC (Empower). Its third party administrator is Retirement Solutions Specialists (RSS), and its investment advisor is UBS Financial Services (UBS). The Board of Directors is responsible for oversight of the Plan. The Benefits Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's Board of Directors.

The Plan covers all employees of the Company, with the exception of union employees, nonresident aliens, and leased employees. All eligible employees may become participants and defer a portion of their annual compensation on the first day of the month coinciding with or following their hire date.

Contributions

Contributions from Plan participants and the matching contributions from the Employer are recorded in the year in which the employee contributions are withheld from compensation. Each year, participants may contribute up to 100% of pretax or post-tax annual compensation, as defined in the Plan limited by the provisions of the IRC. Participants who have attained age 50 before the end of the Plan year are eligible to make "catch up" contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Company will contribute a Safe Harbor matching contribution amount equal to 100% of the participant's elective deferral until such deferral equals 3% of the participant's compensation, and then a matching amount equal to 50% of the participant's elective deferral of the next 2% compensation. The Safe Harbor matching contribution is invested directly into the investment options selected by the participant. Discretionary profit-sharing contributions may be contributed at the discretion of the Company's Board of Directors and are also invested directly into the investment options selected by the participant. Contributions are subject to certain Internal Revenue Service (IRS) limitations. The Company did not make qualified nonelective or discretionary contributions for the year ended December 31, 2024.

American Integrity 401(k) Plan

Notes to Financial Statements

1. Description of Plan (continued)

Participant Accounts

Each participant's account is credited with the participant's contributions and Company Safe Harbor contributions, as well as allocations of the Company's profit sharing contribution, when applicable, and Plan earnings.

Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions, Safe Harbor matching contributions, and any Company qualified nonelective contributions plus actual earnings thereon. Vesting in the Company discretionary contributions and earnings thereon is based on years of continuous service. A participant becomes 25% vested after one year of service and continues to vest at the rate of 25% for each successive year of service until the participant becomes 100% vested after four years of service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. One outstanding loan is allowed at a time. Loan terms range from one to five years and are repaid in equal payroll period installments. The loans are secured by the balance in each participant's account and bear interest at rates of 4.25% to 9.50%. The interest rate on any loan to a participant shall be a reasonable interest rate commensurate with current interest rates charged for loans made under similar circumstances by persons in the business of lending money. For the year ended December 31, 2024 the interest rate is set at 1% over the prime interest rate.

American Integrity 401(k) Plan

Notes to Financial Statements

1. Description of Plan (continued)

Payment of Benefits

On termination of service due to retirement, death, disability or termination of employment, a participant with a vested balance greater than \$7,000 may elect to receive either a single lump-sum amount equal to the value of the participant's vested interest in his or her account or a single-sum payment of a portion of his or her account. A single lump-sum distribution will be made to terminated participants whose vested balance is less than \$7,000.

Forfeitures

At December 31, 2024 and 2023, forfeited nonvested accounts totaled \$13,124 and \$16,132, respectively. These accounts will be used to reduce employer contributions or pay qualified plan expenses and \$12,873 of forfeitures were used to reduce the employer contributions.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments, other than the fully benefit-responsive investment contract discussed in Note 3, are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Benefits Committee determines the Plan's valuation policies utilizing information provided by investment advisors, custodian, and insurance company. See Note 4 for additional discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded when received. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

American Integrity 401(k) Plan

Notes to Financial Statements

2. Summary of Significant Accounting Policies (continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 and 2023.

Other Income

Amounts received through a revenue-sharing agreement between the Plan and Empower are recorded as other income in the accompanying statement of changes in net assets available for benefits. Amounts received as other income are used to offset expenses of the Plan.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan has evaluated subsequent events through July 28, 2025, the date the financial statements were available to be issued. During the period from December 31, 2024 to July 28, 2025, the Plan did not have any material recognizable subsequent events.

American Integrity 401(k) Plan

Notes to Financial Statements

3. Guaranteed Investment Contract with Empower Retirement

The Plan is invested in a Guaranteed Interest Contract (GIC) provided through a group annuity contract. Under the terms of the group annuity contract, a crediting rate is established for amounts invested in the GIC and participants may direct permitted withdrawal and/or transfer transactions of all or a portion of their account balance at contract value. Contract value represents contributions plus credited interest less participant withdrawals and fees. Contract value is also often referred to as “book value.” The contract meets the fully benefit-responsive investment contract criteria, notwithstanding the contract provisions that limit the ability of the plan to transact at contract value when a market value event occurs.

Because the GIC is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the GIC. The GIC is presented on the face of the statements of net assets available for benefits at contract value.

Certain events may limit the ability of the Plan to transact at contract value. Such events include but may not be limited to a participant termination of employment due to: (1) removal of a group of participants from plan coverage as a result of temporary absence; (2) change in position or other occurrence qualifying as a temporary break in service under the plan; (3) transfer or other change of position in employment by an entity controlling, controlled by, or under other common control with the employer; or (4) cessation of an employment relationship resulting from a reorganization, merger, layoff or the sale or discontinuance of all or any part of the Plan sponsor’s business.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) a breach of material obligation under the contract; (2) partial or complete plan termination; (3) plan disqualification; or (4) the issuer provides at least ninety days notice of termination. Consult your Plan’s contract for further information. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
---------	---

American Integrity 401(k) Plan

Notes to Financial Statements

4. Fair Value Measurements (continued)

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust funds: Valued at NAV of shares held by the Plan at year end. The NAV is used as the practical expedient to estimate fair value. NAV is based on the fair value of the underlying investments held by the fund less its liabilities.

4. Fair Value Measurements (continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024 and 2023:

Investments at Fair Value as of December 31, 2024				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ <u>6,349,753</u>	\$ -	\$ -	\$ <u>6,349,753</u>

Investments measured at net asset value*:

Investments measured at net asset value*:				
Collective trust funds				\$ <u>11,133,450</u>
Total investments at fair value				\$ <u>16,456,847</u>

*In accordance with subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

For the years ended December 31, 2024 and 2023, there were no significant transfers between Levels 1 and 2 and no purchases, issues, or transfers in or out of Level 3.

4. Fair Value Measurements (continued)

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the NAV per share as practical expedient as of December 31, 2024. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

<u>Instrument</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (If Currently Eligible)</u>	<u>Redemption Notice Period</u>
Collective trust funds	\$ 12,619,075	N/A	Daily	12 months

Investment earnings for amounts held in collective trust funds reflect a combination of interest income, dividend income, realized gains and losses and unrealized gains and losses depending on the composition of the underlying investments. Contributions made by the Employer shall be applied or invested in accordance with participant directed allocations.

5. Plan Termination

Although it has not expressed any intent to do so, the employer has the right under the Plan to discontinue its contribution at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their entire account.

6. Tax Status

The Plan has not requested a determination letter from the Internal Revenue Service (IRS) regarding the Plan's exemption from federal income tax under Section 401(a) of the IRC. However, effective January 1, 2022, the Plan adopted a non-standardized pre-approved profit sharing plan sponsored by FIS Business Systems, LLC. The pre-approved profit sharing plan has received an opinion letter from the IRS as to the plan's qualified status. The pre-approved profit sharing plan opinion letter has been relied upon by the Plan. The plan administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC, and as such, no provision for income tax has been included in the Plan's financial statements.

American Integrity 401(k) Plan

Notes to Financial Statements

7. Accounting for Uncertainty in Income

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2020.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Related Party Transactions and Party In Interest Transactions

Certain Plan investments are managed by Empower, the Plan's custodian and recordkeeper. Transactions involving this investment are considered to be party in interest transactions. Total fees paid to Empower amount to \$96,302 for the year ended December 31, 2024. Additionally, administrative expenses of \$14,433 and \$49,123 were paid to Retirement Solutions Specialist, third party administrator, and UBS Financial Services, investment advisor, respectively, for the year ended December 31, 2024.

The Plan also entered into a revenue-sharing agreement with Empower. Therefore, these transactions are considered to be party in interest transactions. The amount received by the Plan under the revenue-sharing agreement was \$62,351 during the year ended December 31, 2024, and is included in other income in the statement of changes in net assets available for benefits.

10. Information Certified by Empower Retirement, LLC

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation (depreciation) in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2024, was obtained from management and agreed to or derived from information certified as complete and accurate by Empower (the custodian and recordkeeper of the Plan), a qualified institution.
