INDEPENDENT AUDITORS' REPORT

To the Plan Sponsor of Northern Valley Indian Health, Inc. 401(k) Profit Sharing Plan
Willows, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Northern Valley Indian Health, Inc. 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year then ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Northern Valley Indian Health, Inc. 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Northern Valley Indian Health, Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Northern Valley Indian Health, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Northern Valley Indian Health, Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Northern Valley Indian Health, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule of H, Line 4i – Schedule of Assets (Held at End of Year) and Schedule H, Line 4a – Schedule Delinquent Participant Contributions as of December 31, 2024 are presented for purposes of additional analysis and are not required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

NOTE 1: DESCRIPTION OF PLAN

The following description of the Northern Valley Indian Health, Inc. 401(k) Profit Sharing Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a participant directed defined contribution plan covering all eligible employees of Northern Valley Indian Health, Inc., Enloe's Children's Health Center, and Chapa De Indian Health Program (collectively, the Company) with retirement benefits in accordance with section 401(k) of the Internal Revenue Code (the IRC). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was established on January 1, 2008.

Eligibility

To be eligible to participate in the Plan, employees must have reached 21 years of age and have completed 2 months of service with the Company. To be eligible for Company non-elective contributions, employees must have completed 1 year of service with the Company. Union employees, nonresident aliens, residents of Puerto Rico and employees currently participating in the Company's 403(b) Plan are excluded from participation in the Plan. Eligible employees shall enter the Plan on the first day of the calendar month coincident with or next following the date the eligibility requirements are met.

Contributions

Participant Contributions: Participants elect to have amounts withheld from their paychecks and contributed to the Plan by the Company. Participants may contribute up to 100% of their plan compensation in pretax deferrals or Roth deferrals as defined in the Plan and by the Internal Revenue Service. Participants may also contribute rollover amounts representing distributions from other qualified defined benefit or contribution plans. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

Employer Contributions:

- *Traditional Safe Harbor Matching Contributions:* The Company makes traditional enhanced matching safe harbor contributions in an amount equal to 100% of the participant's elective deferrals that are not in excess of 4% of the participant's eligible compensation. To receive an allocation of Company traditional safe-harbor contributions, participants must attain the age of twenty-one and complete one year of service with the Company during the Plan year. The Company has made safe harbor matching contributions in the amount of \$817,932 during 2024.

DECEMBER 31, 2024 AND 2023

NOTE 1: DESCRIPTION OF PLAN (CONTINUED)

Contributions (Continued)

- *Non-Elective Contributions:* The Company may also make discretionary non-elective contributions as determined by the Company's grouping method. Each participant constitutes as a separate classification.

All of the foregoing contributions are subject to limits as set by federal law.

Investment Options

Participants may direct the investment of all contributions into various investment options offered by the Plan and Standard Insurance Company (The Standard).

Participant Accounts

Each participant's account is credited with the participant's own contributions and an allocation of net earnings from investments and changes in investment values. Allocations are based on each participant's contributions, earnings, or account balances, as defined by the Plan agreement. The benefit to which a participant is entitled is limited to the benefit that can be provided from the participant's account. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or may elect to take partial payments or installment payments if the participant is receiving required minimum distributions. Terminated participants whose balances are less than \$5,000 will be automatically distributed. For such balances exceeding \$5,000, subject to certain requirements, participants may leave their account balance in the Plan. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Participants may request withdrawal from their contribution accounts for financial hardship or after attaining the normal retirement age. The distribution of the participant's account must commence no later than April 1 following the calendar year in which the participant attains age 73.

Vesting

Participants are always fully vested in their own contributions, Safe harbor contributions, and all earnings thereon. Participants vest in Company non-elective contributions at the rate of 20% for each year of service until fully vested, beginning on the second year of credited services. Participants are fully vested in Company contributions after six years of credited service.

NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

NOTE 1: DESCRIPTION OF PLAN (CONTINUED)

Forfeitures

Forfeitures of nonvested employer contributions, if any shall be used to reduce employer contributions and can be applied to reduce administrative expenses charged to the Plan, for the plan year in which they occurred or thereafter.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions which affect the reported amounts of net assets available for benefits at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investment contracts held by a defined contribution plan are required to be reported at fair value except for fully benefit-responsive investment contracts, which are reported at contract value. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by its investment advisors, custodians, and insurance company. See Note 4 for a discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis.

Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Payment of Benefits

Benefits are recorded when paid.

NOTE 3: INFORMATION CERTIFIED BY THE CUSTODIAN (UNAUDITED)

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA. Accordingly, The Standard, the custodian of the Plan, have certified as being complete and accurate the following information as of December 31, 2024 and 2023, and for the year ended December 31, 2024.

- Investments from participants are reflected in the accompanying statements of net assets available for benefits.
- Net appreciation in fair value of investments, interest on investments, and dividends are reflected on the accompanying statement of changes in net assets available for benefits.
- Investments are reflected on the schedule of assets (held at end of year).

NOTE 4: FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC Topic 820 are described as follows:

- Level 1) Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.
- Level 2) Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

NORTHERN VALLEY INDIAN HEALTH, INC. 401(K) PROFIT SHARING PLAN

NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

NOTE 4: FAIR VALUE MEASUREMENTS (CONTINUED)

Level 3) Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used on December 31, 2024 and 2023.

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The valuation methods used by the Plan may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Net appreciation in fair value of investments includes net unrealized and net realized gains and losses on investments during the year and is presented net of investment expenses. Investment income is allocated to individual participant accounts based upon the participant's share of the investment fund.

As of December 31, 2024, assets in the plan, as defined by ASC Topic 820, were as follows:

	<u>Assets at fair value as of December 31, 2024</u>			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Registered investment companies	\$ 21,758,062	-	-	\$ 21,758,062
Total investments, at fair value	\$ 21,758,062	-	-	\$ 21,758,062

As of December 31, 2023, assets in the plan, as defined by ASC Topic 820, were as follows:

	<u>Assets at fair value as of December 31, 2023</u>			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Registered investment companies	\$ 17,721,025	-	-	\$ 17,721,025
Total investments, at fair value	\$ 17,721,025	-	-	\$ 17,721,025

NORTHERN VALLEY INDIAN HEALTH, INC. 401(K) PROFIT SHARING PLAN

NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

NOTE 5: FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS

The Plan has a fully benefit-responsive group annuity contract with The Standard, which is called Standard Stable Value Asset A. The Standard maintains the contributions in a general account, which is credited with earnings and charged for participant withdrawals and administrative expenses. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed from time to time, as determined by the account.

The effective rate of interest is set semi-annually and effective as of the first day of the semi-annual period. The effective rate of interest is established every January 1 and July 1 and is based on the daily balance, at a rate that is the daily equivalent of the effective annual rate of interest applicable for the six-month period. There is no stated minimum or maximum interest rate.

The contract meets the fully benefit-responsive investment criteria and, therefore, is reported at contract value. Contract value is the relevant measurement for fully benefit-responsive investment contracts because it is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by The Standard, represents contributions made under the contract, plus earnings, less participant withdrawals and expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are probable of not occurring.

NOTE 6: PLAN TERMINATION

Although the Company expects to continue the Plan indefinitely, it has the right under the Plan to suspend its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all accounts become fully vested and non-forfeitable. Plan assets would first be used to pay any expenses properly charged to the Plan. The remaining Plan assets would then be distributed to participants.

NORTHERN VALLEY INDIAN HEALTH, INC. 401(K) PROFIT SHARING PLAN

NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

NOTE 7: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 8: PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by The Standard. The Standard is the custodian, as defined by the Plan, and therefore, these transactions qualify as party-in-interest. Any purchase and sale of investments in the custodian are open market transactions at fair market value. Fees incurred by the Plan for investment management services are included in the net appreciation in the fair value of investments. These fees are paid to the investment fund manager and may include certain revenue-sharing fees that are paid to The Standard, other investment custodians, and investment advisors.

Additionally, the Plan Sponsor, Northern Valley Indian Health, Inc., is also party-in-interest to the Plan, however, there were no transactions with the Plan Sponsor other than the funding of contributions to the Plan and payment of certain administrative expenses of the Plan.

NOTE 9: TAX STATUS

The Company has adopted the Standard Retirement Services, Inc., Non-Standardized Pre-Approved Profit Sharing/Money Purchase/CODA. The Internal Revenue Service ("IRS") has informed Standard Retirement Services, Inc. in a letter dated June 30, 2020, that its pre-approved defined contribution plan is designed in accordance with applicable sections of the IRC, and any Plan sponsor adopting this form of the pre-approved defined contribution plan will be considered to have a plan qualified under applicable sections of the IRC. Therefore, the Plan and related trust are tax-exempt, and once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified as a tax-exempt trust.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examination for years prior to 2021.

NOTE 11: NON-EXEMPT TRANSACTIONS

During the Plan year ended December 31, 2024, the Company failed to remit timely to the Plan's custodian certain employee contributions totaling \$3,241 during the period prescribed by the Department of Labor regulations. Delays in remitting contributions to the custodian were due to administrative errors, and subsequent to year end the Company will make contributions to the affected participant's accounts to compensate those participants for potential lost earnings due to the delay.

NOTE 12: SUBSEQUENT EVENTS

Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before the financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of net assets available for benefits but arose after the statement of net assets available for benefits date and before the financial statements are available to be issued.
