## INDEPENDENT AUDITOR'S REPORT

To the Plan Administrative Committee  
Ukpeaġvik Iñupiat Corporation Employees' Retirement Plan  
Anchorage, Alaska

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Ukpeaġvik Iñupiat Corporation Employees' Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of DOL Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## INDEPENDENT AUDITOR'S REPORT, CONTINUED

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

## INDEPENDENT AUDITOR'S REPORT, CONTINUED

### **Auditor's Responsibilities for the Audit of the Financial Statements, continued**

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Supplemental Schedules Required by ERISA**

The supplemental schedules of Schedule H, Line 4a - Schedule of Delinquent Participant Contributions and Schedule H, Line 4i - Schedule of Assets (Held at End of Year), as of and for the year ended December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by DOL Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with DOL Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with DOL Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## Notes to Financial Statements

December 31, 2024 and 2023

---

### Note 1 - Description of the Plan

The following description of the Ukpeaġvik IŃupiat Corporation Employees' Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

#### General

The Plan is a defined-contribution plan established by Ukpeaġvik IŃupiat Corporation and its subsidiaries (the Corporation or Companies) under the provisions of Section 401(a) of the Internal Revenue Code (IRC), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Corporation. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

#### Eligibility

Employees are eligible to participate in the Plan if the employee is not covered by a collective bargaining agreement, unless otherwise negotiated, and is not a nonresident alien. Employees may begin participating for purposes of elective contributions as soon as administratively feasible. Employees are eligible for employer contributions if they are an eligible employee and are age 18 or older.

#### Plan Administration

The Plan is administered by the Plan Administrative Committee, which consists of certain employees of the Corporation. Principal Financial Group are the Trustees of the Plan.

#### Contributions

Each year, participants may contribute up to 100% of pretax and after-tax annual compensation, subject to limits of the tax law as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined-benefit or contribution plans. Eligible participants who have attained age 50 may elect an additional catch-up contribution, subject to certain limitations under the IRC. Participants may also contribute amounts representing distributions from other qualified defined-benefit or contribution plans. The Corporation provides a matching contribution equal to 100% of each participant's contribution up to a maximum of 3% of compensation. Contributions for employees working on projects covered by a prevailing rate schedule are based on the appropriate fringe benefit rates, as determined by the Corporation. The Corporation made \$3,307,392 in prevailing wage contributions in 2024.

The Companies, at their discretion, may contribute an additional discretionary profit-sharing contribution. Employees must be actively employed on the last day of the Plan year and have worked at least 1,000 hours during the year to share in the employer discretionary contributions. There were no discretionary contributions for the years ended December 31, 2024 and 2023.

#### Excess Contributions Payable

Excess contributions payable represent amounts withheld from participants in excess of IRC limitations that were refunded to participants subsequent to year-end.

#### Participant Accounts

Participants' accounts are valued on a daily basis. Each participant's account is credited with the participant's and employer contributions, an allocation of net investment earnings on a daily valuation basis, and administrative expenses. Allocations of employer's contributions are based on both participant's contributions and participant's compensation, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

#### Vesting

Participants are fully vested in all contributions to their accounts.

### Note 2 - Summary of Significant Accounting Policies

#### Benefits

On termination of service due to death, disability, or retirement, a participant or beneficiary may elect to receive a lump-sum distribution, or alternatively, installment payments over a fixed period not exceeding the life expectancy of the participant or designated beneficiary.

While the Plan document technically permits annuity forms of distribution in certain cases, such options are not offered in practice and are only available if required under legacy account provisions or qualified plan-to-plan transfers from plans subject to survivor annuity rules.

For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Terminated participants whose vested account balance is between \$1,000 and \$7,000 are subject to the automatic rollover provisions. Participants with balances less than \$1,000 are automatically distributed in a lump sum.

#### Hardship Withdrawals

Under certain conditions, participants, while still employed by the Corporation, may take hardship withdrawals in a single sum from the vested portion of their account, including employee elective deferrals and, to the extent permitted by the Plan, vested matching, discretionary, and wage rate contributions.

Eligible hardship events include unreimbursed medical expenses, purchase of a principal residence, tuition expenses, foreclosure or eviction prevention, funeral or burial costs, and certain federally declared disaster-related expenses, in accordance with IRS safe harbor criteria.

#### Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years, or up to 15 years for the purchase of a principal residence. Principal and interest is paid ratably through payroll deductions. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with rates charged by commercial lenders for loans made under similar circumstances. The interest rates were 5.25% to 10.50% for the years ended December 31, 2024 and 2023.

#### Administrative Expenses

Certain investment management fees are netted with investment income. These fees are charged directly to the individual participants' accounts. The Plan pays for certain administrative expenses, which include professional and investment services. Participants pay loan and withdrawal fees. All other administrative expenses are paid by the Corporation.

#### Investment Elections

Each participant may direct their account balance into one or more of the investment options offered by the Plan or a self-directed investment option. Investment options are held and managed by Principal Investment Company. Self-directed investment options allow a participant to invest in other mutual funds and common stocks and other investments, which are not part of the general Plan investment options. Participants may change their investment elections and make transfers between investment options daily.

#### Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

## Notes to Financial Statements

December 31, 2024 and 2023

---

### Note 2 - Summary of Significant Accounting Policies, continued

#### Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

#### Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2024 and 2023. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

#### Investments Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

#### Payments of Benefits

Benefits are recorded when paid.

#### Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

#### Subsequent Events

The Plan has evaluated subsequent events through July 30, 2025, the date the financial statements were available to be issued.

### Note 3 - Information Certified by Trustee

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of DOL Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal Trust Company has certified as of December 31, 2024 and 2023, and for the year ended December 31, 2024, that the following information is complete and accurate:

- Investments, at fair value
- Notes receivable from participants
- Net appreciation in fair value of investments
- Interest and dividends
- Interest on notes receivable from participants

# UKPEAGVIK IÑUPIAT CORPORATION EMPLOYEES' RETIREMENT PLAN

### Note 4 - Fair Value Measurements

Fair value is the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. When determining the fair value measurements for assets and liabilities required to be recorded at fair value, the Plan considers the principal or most advantageous market in which it would transact and considers assumptions that market participants would use when pricing the asset or liability, such as inherent risk, transfer restrictions, and risk of nonperformance.

The Plan follows a fair value hierarchy to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. A financial instrument's categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement. Three levels of inputs may be used to measure fair value:

Level 1 - quoted prices in active markets for identical assets or liabilities.

Level 2 - inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

#### *Registered Investment Companies (Mutual Funds)*

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. Mutual funds held by the Plan are deemed to be actively traded.

#### *Common Collective Trust Fund*

Valued at NAV of units of a common collective trust fund. The NAV is calculated and published daily and is the basis for current transactions.

#### *Self-Directed Brokerage Accounts*

Valued at the closing price reported on the active market on which the individual securities are traded.

December 31, 2023	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Stable value collective trust fund	\$13,710,768	N/A	Daily	12 months

### Note 5 - Common Collective Trust

The Galliard Stable Return Fund PN (the Fund), formerly the Wells Fargo Stable Value Fund N, is a fully benefit-responsive common collective trust (CCT). The majority of the Fund's assets are invested in fixed income portfolios that are wrapped by stable value contracts which allow fund participants to transact at book value. The Fund holds cash in order to maintain sufficient liquidity and may also invest in traditional Guaranteed Investment Contracts (GIC). The Fund utilizes high credit quality stable value contract issuers, with an emphasis on diversification. The Fund is managed by Galliard Capital Management, LLC.

The Fund deposits a lump sum with the issuer and receives a guaranteed interest rate for a specified period. Interest is accrued on either a simple or fully compounded basis and is paid either periodically or at the end of the contract term. The issuer guarantees that all qualified participant withdrawals will be at contract value (principal plus accrued interest). The fair value of the fund at December 31, 2024 and 2023, was \$13,862,104 and \$13,710,768 respectively.

# UKPEAGVIK IÑUPIAT CORPORATION EMPLOYEES' RETIREMENT PLAN

## Notes to Financial Statements

December 31, 2024 and 2023

---

### Note 5 - Common Collective Trust, continued

A security-backed contract is an investment contract (also known as a synthetic GIC or a separate account GIC) issued by an insurance company or other financial institution, backed by a portfolio of bonds. The bond portfolio is either owned directly by the Fund or owned by the contract issuer and segregated in a separate account for the benefit of the Fund. The portfolio underlying the contract is maintained separately from the contract issuer's general assets, usually by a third-party custodian. The interest crediting rate of a security-backed contract is based on the contract value, and the fair value, duration, and yield to maturity of the underlying portfolio. These contracts typically allow for realized and unrealized gains and losses on the underlying assets to be amortized, usually over the duration of the underlying investments, through adjustments to the future interest crediting rate, rather than reflected immediately in the net assets of the Fund. The issuer guarantees that all qualified participant withdrawals will be at contract value. In the case of a full liquidation event, the issuer is responsible for covering any amount by which the contract value exceeds fair value of the underlying portfolio.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. Risks arise when entering into any investment contract due to the potential inability of the issuer to meet the terms of the contract. In addition, security-backed contracts have the risk of default or the lack of liquidity of the underlying portfolio assets. The credit risk of each issuer is evaluated and monitored through credit analysis. The credit analysis includes, but is not limited to, asset quality and liquidity, management quality, surplus adequacy, and profitability.

### Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Corporation has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

### Note 7 - Tax Status

The Plan adopted a Non-Standardized Pre-Approved Profit Sharing Plan with CODA sponsored by Principal Life Insurance Company with a cash or deferral arrangement, which received a favorable opinion letter from the Internal Revenue Service (IRS) on June 30, 2020, which stated that the Plan is designed in accordance with applicable sections of the IRC. The Plan has been amended since receiving the opinion letter. The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC, and therefore, no provision for income taxes is included in the Plan's financial statements.

U.S. GAAP require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

### Note 8 - Party-in-Interest Transactions

Principal Financial Group provides custodial services to the Plan. UBS Financial Services, Inc., Principal Life Insurance Company, and Aldrich CPAs + Advisors LLP provide other professional services. Transactions with these entities qualify as party-in-interest transactions and are exempt from the prohibited transaction rules under ERISA.
