INDEPENDENT AUDITOR'S REPORT

To the 401(k) Plan Committee
LPi Retirement Savings Plan
New Berlin, WI

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of LPi Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of LPi Retirement Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note B to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of LPi Retirement Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about LPi Retirement Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of LPi Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about LPi Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4i – Schedule of assets (held at end of year) and Schedule H, Line 4a – Schedule of delinquent participant contributions as of December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE A -- Description of plan and significant accounting policies

The following brief description of LPi Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions. LPi Digital, LLC, (the employer) has adopted the OneAmerica Financial Partners Inc.'s Pre-Approved Profit Sharing Plan effective July 1, 2022. The initial effective date of the Plan was January 1, 1985.

General

The Plan was established to provide retirement benefits to eligible employees of the employer. The Plan is a defined contribution plan covering all employees who are 19 years of age and have completed 30 days of employment for all contribution types. Participants meeting eligibility requirements may enter the Plan on the first day of each month. The Plan is subject to the provisions of the Employee Retirement Income Security Act (ERISA). The Plan's 401(k) Plan Committee oversees governance of the Plan, determines the appropriateness of the Plan's investment offerings and monitors investment performance.

The Plan's federal identification number is 39-1160869, and the Plan's number is 001.

Contributions

Each year, participants may contribute any combination of pre-tax and Roth deferrals up to 100% of annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment feature whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate, with a default deferral rate set at 6% of eligible employees' compensation and an automatic deferral rate increase of 1% per year, up to a maximum of 10% of compensation. Contributions are automatically invested in a designated balanced fund until changed by the participant.

The employer may make a discretionary matching contribution equal to a uniform percentage or dollar amount of participant elective deferrals. The matching criteria is updated at the discretion of the employer each year. The employer made discretionary matching contributions of 50% of the first 6% of the participant's eligible compensation for the year ended December 31, 2024. Additional employer non-elective contributions may be contributed at the discretion of the employer's Board of Directors. No non-elective contributions were made for 2024. Annual contributions from all sources are subject to certain limitations defined by the Internal Revenue Service (IRS).

Contributions receivable

Contributions receivable are written off when they are determined to be uncollectible. The allowance for credit losses is estimated based on expected credit losses considering the Plan's historical losses, existing economic conditions, and the financial stability of the employer.

NOTE A -- Description of plan and significant accounting policies (Continued)

Participant accounts and “rollovers”

Each participant’s account is credited with the participant’s contribution and allocations of (a) the employer’s discretionary contribution, (b) Plan earnings and (c) charged with an allocation of administrative expenses. Allocations of Plan earnings are based on participant account balances, as defined, and allocations of employer contributions are based on participant compensation, as provided in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account. The Plan permits the rollover of funds from other qualified plans to a participant’s account.

Vesting

Participants are immediately vested in their contributions and employer non-elective contributions, plus actual earnings thereon. For purposes of employer discretionary matching contributions, any employee hired prior to January 1, 2022, will be 100% vested. Any employee hired on or after January 1, 2022, will vest based on continuous years of service: 33% vested after 1 year of service, 66% vested after 2 years of service, and 100% vested after 3 years of service.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant’s account and bear interest at a rate between 3.25% and 8.50%. Principal and interest is paid ratably through bi-weekly payroll deductions.

Benefits

On termination of service due to death, disability or retirement (age 65), a participant may receive an amount equal to the value of the participant’s vested interest in his or her account. A participant with an account valued at less than \$5,000 shall receive a lump-sum distribution. For accounts exceeding \$5,000, the participant may elect a lump-sum distribution, installments, or an annuity. The Plan permits in-service distributions at age 59½. In addition, hardship distributions are permitted if certain criteria are met.

Forfeited accounts

At December 31, 2024 and 2023, forfeited nonvested accounts totaled \$2,938 and \$1,512, respectively. These accounts will be used to reduce Plan expenses first, and then to discretionary matching contributions. In 2024, Plan expenses were reduced by \$35,454 from forfeited nonvested accounts.

A summary of significant accounting policies follows:

Basis of accounting

The financial statements of the Plan are prepared in conformity with accounting standards generally accepted in the United States of America (U.S. GAAP) under the accrual method of accounting.

Cash

The Plan maintains its cash in bank deposit accounts, which, at times, may exceed federally insured limits. The Plan has not experienced any losses in such accounts. Management believes it is not exposed to any significant credit risk on cash.

LPI RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2024

NOTE A -- Description of plan and significant accounting policies (Continued)

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

The Plan's investments are stated at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The 401(k) Plan Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and asset custodian. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as those held during the year.

Payment of benefits

Benefits are recorded when paid. At December 31, 2024 and 2023, amounts for distributions to participants who have requested a distribution from the Plan prior to the Plan year end but were not yet paid at the Plan year end were \$26,000 and \$0, respectively.

Administrative expenses

The Plan pays for the major administrative expenses including external audit, advising and recordkeeping fees. The employer pays some of the administrative and recordkeeping fees of the Plan, which are excluded from these financial statements.

Notes receivable from participants

Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2024 and 2023, no allowance for credit losses has been recorded.

Subsequent events

These financial statements have not been updated for subsequent events occurring after August 5, 2025, which is the date these financial statements were available to be issued. The Plan has no responsibility to update these financial statements for events and circumstances occurring after this date.

NOTE B -- Information certified by the trustee and asset custodian

Certain information related to cash, investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedules, including investments, cash, and notes receivable from participants held at December 31, 2024 and 2023, and interest, dividends, net appreciation, other income, and interest income on notes receivable from participants for the year ended December 31, 2024, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Matrix Trust Company (Matrix), the asset custodian and trustee of the Plan.

NOTE C -- Fair value measurements

The Plan's investments are reported at fair value in the accompanying Statements of Net Assets Available for Benefits.

	Fair value measurements at reporting date using:

Investments at fair value	<u>\$ 36,929,264</u>	<u>\$ 34,616,034</u>	<u>\$ 0</u>	<u>\$ 0</u>

¹ In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

U.S. GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs were only used when Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 2 or Level 3 inputs for the periods presented.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

- Registered investment companies. Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

LPI RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2024

NOTE C -- Fair value measurements (Continued)

- Collective trust fund. A stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the net asset value of units of collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value.

Gains and losses (realized and unrealized) included in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2024 are reported in net appreciation in fair value of investments.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2024 and 2023, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2024	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Reliance Trust Company Stable Value Fund	\$2,431,294	n/a	Daily	n/a

December 31, 2023	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Reliance Trust Company Stable Value Fund	\$2,313,230	n/a	Daily	n/a

NOTE D -- Party-in-interest transactions

Matrix is the trustee and asset custodian of the Plan during the year ended December 31, 2024, and is therefore designated as a fiduciary and party-in-interest.

Certain Plan investments are managed by OneAmerica. OneAmerica is the recordkeeper for the Plan, and therefore, these transactions qualify as party-in-interest transactions.

OneAmerica provided certain administrative services to the Plan pursuant to a Master Plan Services Agreements (MSA) between the Company and OneAmerica. OneAmerica received revenue from mutual fund service providers for services they provided to the funds. This revenue was used to offset certain amounts owed to them for their administrative services to the Plan.

LPI RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2024

NOTE D -- Party-in-interest transactions (Continued)

If the revenue received by each party from such mutual fund service providers exceeded the amount owed, they remit the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. During 2024, excess amounts totaled \$18,324. The Plan or plan sponsor may make a payment to each party for administrative expenses not covered by revenue sharing.

Fees were also paid by the Plan during the year for advisory and auditing services rendered to Spectrum Investment Advisors, Inc. and SVA CPAs, respectively. These transactions also qualify as party-in-interest transactions.

NOTE E -- Tax status

The OneAmerica Financial Partners Inc. Pre-Approved Profit Sharing Plan, referred to in Note A, that the Plan has adopted effective July 1, 2022, obtained its latest opinion letter on August 19, 2020, in which the Internal Revenue Service stated that the prototype plan, as then designed, was acceptable under Section 401 of the Internal Revenue Code for use by employers for the benefit of their employees. The Plan has been amended since the date of the opinion letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

NOTE F -- Plan termination

Although it has not expressed any intent to do so, the employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their allocated discretionary employer matching contributions.

NOTE G -- Concentration of market risk

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that these changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

NOTES TO FINANCIAL STATEMENTS

December 31, 2024

NOTE H -- Reconciliation of financial statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2024 and 2023, to Form 5500:

	<u>2024</u>	<u>2023</u>
Net assets available for benefits per the financial statements	\$ 43,867,921	\$ 37,403,980
Participant loans reduced by deemed distributions	<u>(681)</u>	<u>(681)</u>
Net assets available for benefits per the Form 5500	<u>\$ 43,867,240</u>	<u>\$ 37,403,299</u>

NOTE I -- Plan amendments

The Plan has made certain elections for the Secure Act 2.0 provisions effective prior to January 1, 2025, which laws address, among others, involuntary cash-out distribution's limits, employer matching contributions for student loan payments, and eligibility requirements for long-term part-time employees. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.

Effective December 20, 2024, the Plan was amended to change the name of the plan, as well as the name of the employer and plan administrator, and make other administrative changes.

NOTE J -- Delinquent participant contributions

In 2023, the plan sponsor did not comply with Department of Labor Regulation 2510.3-102 requiring the deposit of employee deferrals into the Plan trust as soon as the contributions can reasonably be segregated from the employer's general assets, but no later than 15 business days following the month in which the deferrals were withheld from the employees, a nonexempt transaction with a party-in-interest (prohibited transaction). The plan sponsor contributed \$254 to the Plan on January 4, 2024, in order to correct for the lost earnings to the participants calculated as a result of the prohibited transaction related to the year ended December 31, 2023. A summary of the delinquent contributions is presented in the supplemental Schedule H, Line 4a - Schedule of Delinquent Participant Contributions.

NOTE K -- Subsequent event

Effective January 1, 2025, Voya Financial (Voya) acquired the OneAmerica Financial full-service retirement plan business. As part of the transition, Voya purchased OneAmerica Retirement Services LLC and OneAmerica Investment Advisory Services. The plan will transition to Voya in October 2025.
