INDEPENDENT AUDITORS' REPORT

To the Participants and the Plan Administrator
SimiTree Healthcare Consulting, LLC 401(k) Plan
King of Prussia, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of SimiTree Healthcare Consulting, LLC 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024 stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

INDEPENDENT AUDITORS' REPORT

(Continued)

Opinion (Continued)

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

INDEPENDENT AUDITORS' REPORT (Continued)

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

INDEPENDENT AUDITORS' REPORT
(Continued)

Auditors' Responsibilities for the Audit of the Financial Statements (Continued)

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

INDEPENDENT AUDITORS' REPORT
(Continued)

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SIMITREE HEALTHCARE CONSULTING, LLC 401(k) PLAN NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the SimiTree Healthcare Consulting, LLC 401(k) Plan (the "Plan"), sponsored by Simitree Acquisition LLC (the "Company"), provides general information only. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all full-time employees of the Company who are age 21 or older. Eligibility for the employer qualified safe harbor contribution is 90 days of service and being age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The custodian of the Plan is John Hancock Trust Company, LLC.

Contributions - Participants may elect to contribute to the Plan a portion of their compensation, as defined by the Plan, on a pre-tax or after-tax basis, subject to Internal Revenue Service ("IRS") and other limitations. Additionally, participants may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover contribution). Catch-up contributions are permitted for participants who are 50 or older during the Plan year.

The Company makes qualified safe harbor matching contribution to the Plan, calculated as 100% of the participant's deferral less than or equal to 2%, plus 75% of the participant's deferral up to an additional 4% of compensation. The Company may also elect to make discretionary profit-sharing contributions. There were no discretionary profit-sharing contributions made during the year ended December 31, 2024.

The Plan includes an auto-enrollment provision whereby all new participants are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated fund until changed by the participant. The Plan also provides for an auto escalation of the automatic deferral percentage of 1% per year to a cap of 10% of eligible compensation.

Participant Accounts - Each participant's account in the Plan is credited with the participant's contribution, an allocation of any Employer contribution and the Plan's earnings and charged with benefit payments and an allocation of the Plan's losses and administrative expenses. Plan earnings and losses are allocated based upon account balances while contributions are credited based upon elective deferrals and compensations, as defined. Administrative expenses are charged directly to the accounts of the participant who incur those fees. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - The Plan provides that participants shall be fully vested in their employee contributions at all times. Qualified safe harbor contributions are subject to a 2 year cliff vesting. Employer non-safe harbor contributions are subject to a graded vesting schedule in which the participant is fully vested after 6 years of service or immediately upon disability.

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

Payment of Benefits - Participants or their beneficiaries are entitled to receive the entire amount of their interest in the Plan upon retirement, death, disability, employment termination, reaching age 59 ½ or qualifying for a “Hardship Distribution” as defined in the Plan. A terminated employee may elect to receive the balance in his/her account in the form of a single lump-sum payment or a direct rollover. For accounts with less than \$7,000, the Company can pay the participant in a lump sum at any time after the participant leaves the Company.

Hardship Withdrawals - The Plan allows for “hardship” withdrawals in accordance with the Internal Revenue Service regulations as specified within the Plan.

Plan Expenses - The Company absorbs a significant part of the administrative costs for the Plan, including professional fees for accounting, auditing and Plan administration, contract charges and servicing fees. Administrative fees paid by the Company are excluded from these financial statements.

Participant requested transactions such as loan origination and distribution fees are paid by the participants of the Plan. Investment management fees charged to the Plan for investments in the various funds are deducted from income earned and are reflected as a component of net depreciation in the fair value of investments on the statement of changes in net assets available for benefits.

Forfeited Accounts - In accordance with the Plan document, forfeitures of terminated participants' nonvested accounts can be used to reduce the Company's matching contribution at year end or to pay Plan expenses. Forfeitures are created when participants terminate employment before becoming entitled to their full benefit under the vesting provisions of the Plan. At December 31, 2024 and 2023, there were no unallocated forfeitures. During the year ended December 31, 2024, the Plan used \$41,458 of forfeitures to fund matching contributions.

Investment Options - Upon enrollment in the Plan, a participant may elect a number of various investment options consisting mainly of mutual funds and a common collective trust. All investment transactions are participant directed. As such, participants may make transfers among investment funds at their discretion in whole percentages. In addition, participants may elect to change their investment options daily.

Notes Receivables from Participants - All participants may borrow from their participant accounts a minimum of \$1,000 not to exceed a maximum of \$50,000, or 50% of the participant's vested account balance. Participants can only have one loan outstanding at any point in time. The notes are secured by the participant's vested account balances and, except for funds used to acquire a principal residence, must have a repayment period of no greater than five years and bear interest at a rate commensurate with the prime rate as printed in the Wall Street Journal plus 2% at the time the loan is taken. Principal and interest are paid ratably through payroll deductions made on a semi-monthly basis. Upon termination of service or termination of the Plan, the loan becomes due and payable unless directly rolled over to another employer's plan.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation - The Plan financial statements are presented on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2024 and 2023. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits - Benefits are recorded when paid.

Risks and Uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Fair Value Measurements - ASC Topic 820 *Fair Value Measurements* defines fair value, establishes guidelines for measuring fair value, and expands disclosure regarding fair value measurements.

Disclosure of Subsequent Events - Plan management has evaluated subsequent events through July 31, 2025, the date the financial statements were available to be issued.

NOTE 3 - SUMMARY OF CERTIFIED FINANCIAL DATA (UNAUDITED)

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, John Hancock Trust Company, LLC, the Trustee for the Plan, has certified as to the completeness and accuracy of the investments and investment transactions of the Plan as of December 31, 2024 and 2023, and for the year ended December 31, 2024. The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the Trustee:

Statements of Net Assets Available for Benefits:

	2024	2023
Investments, at fair value:		
Mutual funds	\$ 21,315,541	\$ 16,937,029
Common collective trust	135,866	104,402
Money market	65,869	74,539
Notes receivable from participants	126,955	106,425

Statement of Changes in Net Assets Available for Benefits:

	2024
Net appreciation in fair value of investments	\$ 1,912,647
Interest on notes receivable from participants	10,734
Dividend and interest income	426,918

NOTE 4 - FAIR VALUE MEASUREMENTS

ASC Topic 820 provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC Topic 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

SMITREE HEALTHCARE CONSULTING, LLC 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual and money market funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trust: The Plan invests in the John Hancock Stable Asset Fund (the "Fund"), which holds fully benefit-responsive investment contracts that is valued at the net asset value ("NAV") of units of the bank collective trust. The NAV is used as a practical expedient to estimate fair value. There were no unfunded commitments at December 31, 2024 and 2023. Plan participants can redeem their holding in the stable asset fund daily with no notice.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023.

	December 31, 2024			Total
	Level 1	Level 2	Level 3

NOTE 5 - PARTY-IN-INTEREST TRANSACTIONS

John Hancock Trust Company LLC serves as the trustee of the Plan, and therefore, fees and expenses paid to the trustee qualify as party-in-interest transactions as defined under Section 3(14) of ERISA. John Hancock Trust Company LLC serves as the record-keeper of the Plan, and as such, fees paid for loan origination and distribution services qualify as party-in interest transactions. Notes receivable from participants are also considered party-in-interest transactions. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

NOTE 6 - TERMINATION PRIORITIES

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

NOTE 7 - TAX STATUS

The Plan has adopted a prototype non-standardized profit-sharing plan of John Hancock Retirement Plan Services LLC, which obtained a favorable IRS opinion letter as of June 30, 2020, in which the IRS stated that the form of the underlying prototype plan was acceptable under provisions of the Internal Revenue Code (IRC) and that any employer adopting this form of the Plan will be considered to have a plan qualified under the IRC. The Plan itself has not received a determination letter from the IRS.

**SIMITREE HEALTHCARE CONSULTING, LLC 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS**

NOTE 7 - TAX STATUS (Continued)

Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2024 and 2023 to Form 5500:
