**REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS**

Plan Administrator  
Neuberger Berman Group 401(k) Plan

**Scope and nature of the ERISA Section 103(a)(3)(C) audit**

We have performed audits of the financial statements of Neuberger Berman Group 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

**Opinion**

- In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section
- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**Basis for opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

**Responsibilities of management for the financial statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

**Auditor's responsibilities for the audit of the financial statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

**Other matter - supplemental schedule required by ERISA**

The supplemental schedule of assets (held at end of year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## NEUBERGER BERMAN GROUP 401(k) PLAN

Notes to the Financial Statements  
December 31, 2024 and 2023

---

### (1) Description of the Plan

#### (a) Organization

The Neuberger Berman Group 401(k) Plan (the Plan) is a profit-sharing plan that provides for an Internal Revenue Code Section 401(k) feature. The Plan was established by Neuberger Berman Group LLC, a Delaware limited liability company (NBG), effective as of January 1, 2010 as an individually designed plan, and was subsequently amended and restated effective as of June 1, 2011 in the form of the Adoption Agreement No. 001 to the Fidelity Volume Submitter Defined Contribution Plan – Basic Plan Document Number 14 (the Volume Submitter Plan). The Plan was again amended and restated in the form of an individually designed plan effective as of December 31, 2014, with certain changes effective as of earlier dates. The Plan had multiple amendments with the last amendment effective as of January 1, 2024. The Plan and its related trust are intended to qualify under Section 401(a) of the Internal Revenue Code of 1986, as amended (IRC), and to be exempt from federal income taxation under IRC Section 501(a).

All capitalized terms not otherwise described herein shall have the meanings ascribed to them in the Plan document.

#### (b) General

The following description of the Plan provides only general information regarding the Plan's terms as of December 31, 2024. Members (as hereinafter defined) in the Plan should refer to the Plan document for a more complete description of the Plan's provisions.

The Plan provides for employee compensation deferral contributions, as well as a discretionary matching and/or a profit-sharing contribution by NBG (any such matching or profit-sharing contribution, a Profit-Sharing Contribution). The Plan covers all employees of NBG and its U.S. subsidiaries (NBG and such subsidiaries, collectively the Company) who meet the applicable eligibility requirements described in the Plan (Eligible Employees). Leased employees, nonresident aliens with no U.S. source income, and employees who are covered by a collective bargaining agreement (unless the agreement expressly provides for the inclusion of an employee) are not Eligible Employees and are not eligible to participate in the Plan. Temporary employees hired on or after January 1, 2015, while not treated as Eligible Employees under the Plan for their first 90 days of employment, will be treated as Eligible Employees on their 91st day of employment. For the 2024 and 2023 Plan Years, Eligible Employees were able to participate in the Plan, for all purposes other than eligibility for Profit-Sharing Contributions, if any, as of the first day of the commencement of their employment. For the 2024 and 2023 Plan Years, Eligible Employees were eligible to be credited with Profit-Sharing Contributions, if any, after completion of one Hour of Service, provided that the Eligible Employee was employed by the Company as of the last day of the Plan Year, and as otherwise provided in the Plan. Commencing with the 2016 Plan Year, employees who are classified as Program Analysts and Program Associates are not eligible to receive Profit-Sharing Contributions.

Eligible Employees who are eligible to participate in the 401(k) component and/or the Profit-Sharing Contribution component of the Plan are hereafter referred to collectively as "Participants", and individually as a "Participant". Participants, retired Participants, terminated Participants and transferred Participants are hereafter referred to as "Members". An Eligible Employee is not required to contribute to the 401(k) component of the Plan in order to be eligible to participate in the Profit-Sharing Contribution component of the Plan, if any, provided that such Eligible Employee meets the applicable eligibility requirements with respect to the Plan's Profit-Sharing Contribution component. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA), as well as the IRC.

---

## NEUBERGER BERMAN GROUP 401(k) PLAN

Notes to the Financial Statements  
December 31, 2024 and 2023

---

The Plan accepts eligible rollover contributions from Eligible Employees. If an Eligible Employee has been a participant in another qualified plan, such Eligible Employee may transfer his or her eligible account balance into the Plan.

### ***(c) Plan Administration***

The plan administrator is NBG (the Plan Administrator). The Plan Administrator has delegated its power and authority with respect to the general administration of the Plan to the Administrative Committee under the Plan, which is comprised of certain members of management of the Company. Fidelity Management Trust Company (FMTC) serves as the record keeper and trustee to the Plan (the Trustee).

### ***(d) Eligible Employees' Contributions - 401(k) Account***

Eligible Employees may begin contributing to the 401(k) component of the Plan immediately upon commencement of employment with the Company. Contributions are made through payroll deductions which, in the employees' discretion, may range from 1% to 100% (subject to IRC limitations) of such employee's compensation (as defined in the Plan) on a before-tax basis, an after-tax basis, or a combination thereof (Salary Reduction Contributions). Participants who are at least age 50 or older during a Plan Year are automatically enrolled to make an additional "catch-up contribution" equal to a specified dollar amount on a before-tax basis, an after-tax basis, or a combination thereof (subject to IRC limitations) unless the Participant stops contributing.

Unless and until otherwise elected by an Eligible Employee, an Eligible Employee who fails to make an affirmative election with regard to participation in the Plan will be automatically enrolled and deemed to have made an election to make Salary Reduction Contributions equal to three percent (3%) of compensation (the Initial Automatic Enrollment Percentage), which will commence as soon as administratively feasible on or after 45 days following an Eligible Employee's first day of employment as an Eligible Employee (as defined in the Plan). The Initial Automatic Enrollment Percentage is increased by one percent (1%) each January 1 following the date of automatic enrollment to a maximum of six percent (6%) of compensation (as defined in the Plan). Any Salary Reduction Contributions or any Profit-Sharing Contributions will be invested in the default investment fund designated by the Investment Committee unless and until such time as the Eligible Employee otherwise makes an investment election in accordance with the Plan's provisions.

### ***(e) Company Contributions***

An Eligible Employee will be credited with a Profit-Sharing Contribution (if the Company elects to make a discretionary contribution) provided that the Eligible Employee has (i) completed one Hour of Service, and either (ii) have been employed by the Company on the last day of the applicable Plan Year, or (iii) have died or become disabled during the applicable Plan Year.

An Eligible Employee who meets the applicable eligibility requirements to receive a profit-sharing contribution is a "Profit-Sharing Participant".

For the 2024 and 2023 Plan Year, the Company made a Profit-Sharing Contribution to the Plan of \$61.4 million and \$57.7 million, respectively. Each Profit-Sharing Participant was credited with a Profit-Sharing Contribution based on the applicable formula set forth below:

- All eligible Profit-Sharing Participants – 15% of compensation (subject to IRC limitations);

## NEUBERGER BERMAN GROUP 401(k) PLAN

Notes to the Financial Statements  
December 31, 2024 and 2023

---

The Profit-Sharing Contribution amounts for each Plan Year were credited to the Profit-Sharing Participant's profit-sharing account under the Plan, regardless of such employee's participation in, or contributions to the 401(k) component of the Plan. Profit-Sharing Contributions were immediately fully vested.

### ***(f) Excess Contributions***

Excess contributions, if any, represent net amounts in excess of the IRC limitations and in accordance with the provisions of the Plan that were withheld from Eligible Employees' accounts and refunded subsequent to year end. These amounts are recorded as a liability in the Plan's Statements of Net Assets Available for Benefits.

### ***(g) Vesting***

Participants are always fully vested in the 401(k) contributions they make to the Plan and the earnings thereon. Each Participant who is entitled to receive Profit-Sharing Contributions, if any, is fully vested in all such contributions, if any, made to the Plan on the Participant's behalf (plus actual earnings thereon).

### ***(h) Member Accounts***

A Member's account under the Plan is valued on a daily basis based on quoted or calculated prices. Each account is credited with the Member's respective compensation deferral contributions, net investment earnings (losses), administrative expenses and previously made Profit-Sharing Contributions and rollover contributions, if any. The benefit to which a Member is entitled is the benefit that can be provided from the Member's vested account.

### ***(i) In-Service Distribution and Hardship Withdrawals***

Participants have the right to receive in-service distributions from the vested portion of their account on or after attainment of age fifty-nine and one-half. A Participant has the right at any time to withdraw any or all after-tax amounts or any or all amounts that were rolled over into the Plan.

A Participant has the right to make hardship withdrawals, as defined in the Plan document, by applying vested assets held in any of his or her Plan accounts to pay for certain expenses, including specified medical expenses incurred by the Participant, the Participant's Spouse or dependents, the Primary Beneficiary, or the Primary Beneficiary's Spouse or dependents, purchase by the Participant of a principal residence, tuition payment for post-secondary education for the Participant, the Participant's spouse or dependents, the Primary Beneficiary, or the Primary Beneficiary's Spouse or dependents, payments to prevent the Participant's eviction from a primary residence, burial or funeral expenses for the Participant's deceased parent, Spouse, children, dependents or the Primary Beneficiary or the Primary Beneficiary's deceased dependent, casualty losses to a Participant's principal residence and expenses and losses (including loss of income) incurred by the Participant on account of a disaster declared by the Federal Emergency Management Agency (FEMA).

### ***(j) Benefit Payments***

Generally, a Member's account balance under the Plan may be distributed upon termination of employment in one of two ways: lump-sum distribution, or, if the Participant has reached 73 years of age, in periodic installments over the Participant's life expectancy, as elected (subject to limits imposed by the IRC), subject in certain cases to spousal consent. Solely with respect to Participants who transferred amounts to the Plan from the Neuberger Berman, LLC Pension Plan, a Participant may elect to receive his or her

---

account balance under the Plan in form of a qualified joint and 50% survivor annuity or joint and 75% survivor annuity.

Participants are required to take minimum distributions by April 1 of the calendar year following the later of:

- The calendar year in which the Participant attains 73 years of age; or
- The calendar year in which the Participant terminates employment from the Company.

Upon death, disability, or termination of employment, a Participant (or the Participant's beneficiary) with \$1,000 or less in vested benefits will receive a lump-sum distribution from the Plan equal to the Participant's vested account balance.

### ***(k) Notes Receivable from Participants***

A Participant may borrow from the vested portion of his or her account under the Plan a minimum of \$1,000 up to a maximum amount equal to the lesser of (i) \$50,000 reduced by the Participant's highest outstanding loan balance under the Plan (or any other plan maintained by the Company) during the prior twelve months, or (ii) 50% of the Participant's vested account balance at the time any such loan is made. Loans for the purchase of a principal residence must be repaid in one to ten years, at the Participant's option. Loans for all other purposes must be repaid in one to five years, at the Participant's option. Loans are collateralized by the balance in the Participant's account and bear interest at the prime rate plus 1% at the time of loan origination. No more than two loans from the Plan to a Participant are permitted at any time. All principal and interest payments made by the Participant are credited back to the Participant's account. As of December 31, 2024, notes receivable from Participants had loan maturity dates ranging from January 2025 to September 2034.

### ***(l) Investment Management Fees and Administrative Expenses***

Certain investment management fees are netted with investment income. Administrative expenses are paid by the Company. Participants who take a loan from the Plan incur a one-time fee for establishing the loan. A quarterly loan administration fee is also charged by the Trustee for each outstanding loan. These costs, which are borne by the Participants, are reported on the Statements of Changes in Net Assets Available for Benefits as Loan administrative expenses and totaled \$24,980 and \$21,444 for 2024 and 2023, respectively.

### ***(m) Investment Elections***

Each Member may direct his or her account balance into one or more of the investment options offered by the Plan, or into the many other options available through BrokerageLink, a self-directed brokerage account offered through Fidelity Investments; provided, however, that the maximum amount that a Member may invest through BrokerageLink is 100% of his or her account balance. BrokerageLink provides Members access to Fidelity's Funds Network, including in excess of two thousand funds inside and outside the Fidelity Fund Family. Allocations among the Plan investment options and BrokerageLink must be in increments of 1% of each contribution. A Participant may change such allocation and may transfer all or a portion of the value of his or her account in increments of 1% among the fund options (and BrokerageLink, up to maximum of 100%) at any time.

### **(2) Summary of Significant Accounting Policies**

#### ***(a) Basis of Presentation and Use of Estimates***

The accompanying financial statements have been prepared on the accrual basis in conformity with U.S. generally accepted accounting principles (GAAP). GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, disclosure of contingent assets and liabilities at the date of the financial statements. Although these estimates and assumptions are based on the best available information, actual results could differ from those estimates.

#### ***(b) Investment Valuation***

Investments are reported at fair value and include registered investment companies based on various equity and fixed income strategies, money market funds and exchange traded funds, as well as collective investment trusts. See footnote 4.

#### ***(c) Notes Receivable from Participants***

Notes receivable from Participants are reported at their unpaid principal balance plus any accrued but unpaid interest. Delinquent Participant loans are reported as taxable distributions based upon the terms of the Plan document.

#### ***(d) Income Recognition***

The net appreciation (depreciation) resulting from changes in market value (or fair value) of the investments consists of the net realized gains (losses) from the sale of investments and the unrealized appreciation (depreciation) of the market value for the investments remaining in the Plan. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade date basis.

#### ***(e) Payment of Benefits***

Benefits are recorded when paid.

#### ***(f) Risks and Uncertainties***

The Plan provides for various investment options in a combination of different investment instruments (as described in footnote 1(m) above). The Plan's investment options, and other options available through BrokerageLink are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in risks could materially affect Members' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statements of Changes in Net Assets Available for Benefits.

## NEUBERGER BERMAN GROUP 401(k) PLAN

Notes to the Financial Statements  
December 31, 2024 and 2023

### (3) Financial Information Certified by Trustee

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

The following information, which is included in the financial statements and supplemental schedule, was provided and certified by the Trustee as complete and accurate and was not subject to auditing procedures by the Plan's independent auditor:

- Investments at fair value (excluding level designation in footnote 4)
- Notes receivable from participants
- Interest and dividend income
- Net appreciation (depreciation) in fair value of investments
- Interest on notes receivable from participants
- Schedule of assets (held at end of year) – December 31, 2024

### (4) Fair Value Measurements

GAAP provides a framework for measuring fair value that prioritizes the inputs to valuation techniques used in connection with determining such valuation. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices that the Plan has the ability to access for identical assets or liabilities in active markets.
- Level 2 – Inputs to the valuation methodology include:
  - Quoted prices for similar assets or liabilities in active markets;
  - Quoted prices for identical or similar assets or liabilities in inactive markets;
  - Inputs other than quoted prices which are observable for the specified asset or liability;
  - Inputs derived principally from or corroborated by observable market data by correlation or other means.
- Level 3 – Inputs to the valuation methodology are unobservable, but are significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is determined by the lowest level of any input that is most significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of non-observable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2024 and 2023.

## NEUBERGER BERMAN GROUP 401(k) PLAN

Notes to the Financial Statements

December 31, 2024 and 2023

Money market funds – the money market funds are valued based on published net asset values (“NAV”) and are included in Level 1 of the valuation hierarchy.

Exchange-traded funds and common stock – the exchange-traded funds and common stock are generally valued using unadjusted quoted market prices and are included in Level 1 of the valuation hierarchy.

Registered investment company funds – the Plan utilizes the daily NAV value reported by the registered investment funds. The NAV value is an unadjusted quoted price on an active market and classified within Level 1 of the fair value hierarchy.

Collective investment trusts – the collective investment trusts are valued based on the NAV, calculated daily and reported by each fund and are included in Level 1 of the valuation hierarchy.

The methods described above may produce a fair value calculation that is valid on the date of determination, but might not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate, in accordance with current guidance and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There were no changes in valuation methodology used as at December 31, 2024 and 2023 and there were no transfers between any levels for the years ended December 31, 2024 and 2023.

The following tables set forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31, 2024 and 2023:

### (5) Related Party Transaction

The Plan provides Participants with the option to invest in certain registered investment companies managed by an affiliate of FMTC, the Trustee of the Plan. The Plan also provides Participants with the option to invest in certain registered investment companies and collective trusts managed by subsidiaries of NBG. The Trustee and NBG are parties in interest as defined in ERISA. Accordingly, the transactions in which the Plan engages with the registered investment companies and collective investment trusts managed by affiliates of the Trustee and NBG are deemed party in interest transactions and generally would be prohibited under ERISA; however, due to certain class exemptions granted by the Department of Labor such transactions are deemed exempt.

### (6) Tax Status

The initial Plan, which was effective as of January 1, 2010, was established as an individually designed plan and received a favorable determination letter from the IRS in November 2012.

As described in footnote 1, effective as of June 1, 2011, the Plan was amended and restated pursuant to an Adoption Agreement with respect to the Fidelity Volume Submitter Defined Contribution Plan. The Fidelity Volume Submitter Defined Contribution Plan received an opinion letter from the Internal Revenue Service dated March 31, 2008 (the Opinion Letter) stating that such Plan qualifies under Section 401(a) of the IRC. Although the Volume Submitter Plan was amended to include an additional provisions addendum to the Adoption Agreement to the Fidelity Volume Submitter Defined Contribution Plan, the Company believes that the Plan continued to operate in compliance with the applicable requirements of the IRC and that it could continue to rely on the Opinion Letter through the date of the Plan's subsequent amendments and restatements.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

### **(7) Plan Termination**

The Plan has no termination date and it is NBG's current intention to continue the Plan indefinitely. However, NBG may terminate, amend, modify or suspend the Plan at any time subject to the applicable provisions of ERISA. In the event of a Plan termination, the rights of all Members to benefits accrued under the Plan as of the date of such termination, to the extent then funded, would be non-forfeitable and the Plan assets would be distributed in accordance with the terms of the Plan.

### **(8) Subsequent Events**

In connection with the preparation of these financial statements, the Plan Administrator evaluated events occurring subsequent to the date of the financial statements through August 7, 2025, the date that the financial statements were available to be issued.

**REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS**

Plan Administrator  
Neuberger Berman Group 401(k) Plan

**Scope and nature of the ERISA Section 103(a)(3)(C) audit**

We have performed audits of the financial statements of Neuberger Berman Group 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

**Opinion**

- In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section
- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**Basis for opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

**Responsibilities of management for the financial statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

**Auditor's responsibilities for the audit of the financial statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

**Other matter - supplemental schedule required by ERISA**

The supplemental schedule of assets (held at end of year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## NEUBERGER BERMAN GROUP 401(k) PLAN

Notes to the Financial Statements  
December 31, 2024 and 2023

---

### (1) Description of the Plan

#### (a) Organization

The Neuberger Berman Group 401(k) Plan (the Plan) is a profit-sharing plan that provides for an Internal Revenue Code Section 401(k) feature. The Plan was established by Neuberger Berman Group LLC, a Delaware limited liability company (NBG), effective as of January 1, 2010 as an individually designed plan, and was subsequently amended and restated effective as of June 1, 2011 in the form of the Adoption Agreement No. 001 to the Fidelity Volume Submitter Defined Contribution Plan – Basic Plan Document Number 14 (the Volume Submitter Plan). The Plan was again amended and restated in the form of an individually designed plan effective as of December 31, 2014, with certain changes effective as of earlier dates. The Plan had multiple amendments with the last amendment effective as of January 1, 2024. The Plan and its related trust are intended to qualify under Section 401(a) of the Internal Revenue Code of 1986, as amended (IRC), and to be exempt from federal income taxation under IRC Section 501(a).

All capitalized terms not otherwise described herein shall have the meanings ascribed to them in the Plan document.

#### (b) General

The following description of the Plan provides only general information regarding the Plan's terms as of December 31, 2024. Members (as hereinafter defined) in the Plan should refer to the Plan document for a more complete description of the Plan's provisions.

The Plan provides for employee compensation deferral contributions, as well as a discretionary matching and/or a profit-sharing contribution by NBG (any such matching or profit-sharing contribution, a Profit-Sharing Contribution). The Plan covers all employees of NBG and its U.S. subsidiaries (NBG and such subsidiaries, collectively the Company) who meet the applicable eligibility requirements described in the Plan (Eligible Employees). Leased employees, nonresident aliens with no U.S. source income, and employees who are covered by a collective bargaining agreement (unless the agreement expressly provides for the inclusion of an employee) are not Eligible Employees and are not eligible to participate in the Plan. Temporary employees hired on or after January 1, 2015, while not treated as Eligible Employees under the Plan for their first 90 days of employment, will be treated as Eligible Employees on their 91st day of employment. For the 2024 and 2023 Plan Years, Eligible Employees were able to participate in the Plan, for all purposes other than eligibility for Profit-Sharing Contributions, if any, as of the first day of the commencement of their employment. For the 2024 and 2023 Plan Years, Eligible Employees were eligible to be credited with Profit-Sharing Contributions, if any, after completion of one Hour of Service, provided that the Eligible Employee was employed by the Company as of the last day of the Plan Year, and as otherwise provided in the Plan. Commencing with the 2016 Plan Year, employees who are classified as Program Analysts and Program Associates are not eligible to receive Profit-Sharing Contributions.

Eligible Employees who are eligible to participate in the 401(k) component and/or the Profit-Sharing Contribution component of the Plan are hereafter referred to collectively as "Participants", and individually as a "Participant". Participants, retired Participants, terminated Participants and transferred Participants are hereafter referred to as "Members". An Eligible Employee is not required to contribute to the 401(k) component of the Plan in order to be eligible to participate in the Profit-Sharing Contribution component of the Plan, if any, provided that such Eligible Employee meets the applicable eligibility requirements with respect to the Plan's Profit-Sharing Contribution component. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA), as well as the IRC.

---

## NEUBERGER BERMAN GROUP 401(k) PLAN

Notes to the Financial Statements  
December 31, 2024 and 2023

---

The Plan accepts eligible rollover contributions from Eligible Employees. If an Eligible Employee has been a participant in another qualified plan, such Eligible Employee may transfer his or her eligible account balance into the Plan.

### ***(c) Plan Administration***

The plan administrator is NBG (the Plan Administrator). The Plan Administrator has delegated its power and authority with respect to the general administration of the Plan to the Administrative Committee under the Plan, which is comprised of certain members of management of the Company. Fidelity Management Trust Company (FMTC) serves as the record keeper and trustee to the Plan (the Trustee).

### ***(d) Eligible Employees' Contributions - 401(k) Account***

Eligible Employees may begin contributing to the 401(k) component of the Plan immediately upon commencement of employment with the Company. Contributions are made through payroll deductions which, in the employees' discretion, may range from 1% to 100% (subject to IRC limitations) of such employee's compensation (as defined in the Plan) on a before-tax basis, an after-tax basis, or a combination thereof (Salary Reduction Contributions). Participants who are at least age 50 or older during a Plan Year are automatically enrolled to make an additional "catch-up contribution" equal to a specified dollar amount on a before-tax basis, an after-tax basis, or a combination thereof (subject to IRC limitations) unless the Participant stops contributing.

Unless and until otherwise elected by an Eligible Employee, an Eligible Employee who fails to make an affirmative election with regard to participation in the Plan will be automatically enrolled and deemed to have made an election to make Salary Reduction Contributions equal to three percent (3%) of compensation (the Initial Automatic Enrollment Percentage), which will commence as soon as administratively feasible on or after 45 days following an Eligible Employee's first day of employment as an Eligible Employee (as defined in the Plan). The Initial Automatic Enrollment Percentage is increased by one percent (1%) each January 1 following the date of automatic enrollment to a maximum of six percent (6%) of compensation (as defined in the Plan). Any Salary Reduction Contributions or any Profit-Sharing Contributions will be invested in the default investment fund designated by the Investment Committee unless and until such time as the Eligible Employee otherwise makes an investment election in accordance with the Plan's provisions.

### ***(e) Company Contributions***

An Eligible Employee will be credited with a Profit-Sharing Contribution (if the Company elects to make a discretionary contribution) provided that the Eligible Employee has (i) completed one Hour of Service, and either (ii) have been employed by the Company on the last day of the applicable Plan Year, or (iii) have died or become disabled during the applicable Plan Year.

An Eligible Employee who meets the applicable eligibility requirements to receive a profit-sharing contribution is a "Profit-Sharing Participant".

For the 2024 and 2023 Plan Year, the Company made a Profit-Sharing Contribution to the Plan of \$61.4 million and \$57.7 million, respectively. Each Profit-Sharing Participant was credited with a Profit-Sharing Contribution based on the applicable formula set forth below:

- All eligible Profit-Sharing Participants – 15% of compensation (subject to IRC limitations);

## NEUBERGER BERMAN GROUP 401(k) PLAN

Notes to the Financial Statements  
December 31, 2024 and 2023

---

The Profit-Sharing Contribution amounts for each Plan Year were credited to the Profit-Sharing Participant's profit-sharing account under the Plan, regardless of such employee's participation in, or contributions to the 401(k) component of the Plan. Profit-Sharing Contributions were immediately fully vested.

### ***(f) Excess Contributions***

Excess contributions, if any, represent net amounts in excess of the IRC limitations and in accordance with the provisions of the Plan that were withheld from Eligible Employees' accounts and refunded subsequent to year end. These amounts are recorded as a liability in the Plan's Statements of Net Assets Available for Benefits.

### ***(g) Vesting***

Participants are always fully vested in the 401(k) contributions they make to the Plan and the earnings thereon. Each Participant who is entitled to receive Profit-Sharing Contributions, if any, is fully vested in all such contributions, if any, made to the Plan on the Participant's behalf (plus actual earnings thereon).

### ***(h) Member Accounts***

A Member's account under the Plan is valued on a daily basis based on quoted or calculated prices. Each account is credited with the Member's respective compensation deferral contributions, net investment earnings (losses), administrative expenses and previously made Profit-Sharing Contributions and rollover contributions, if any. The benefit to which a Member is entitled is the benefit that can be provided from the Member's vested account.

### ***(i) In-Service Distribution and Hardship Withdrawals***

Participants have the right to receive in-service distributions from the vested portion of their account on or after attainment of age fifty-nine and one-half. A Participant has the right at any time to withdraw any or all after-tax amounts or any or all amounts that were rolled over into the Plan.

A Participant has the right to make hardship withdrawals, as defined in the Plan document, by applying vested assets held in any of his or her Plan accounts to pay for certain expenses, including specified medical expenses incurred by the Participant, the Participant's Spouse or dependents, the Primary Beneficiary, or the Primary Beneficiary's Spouse or dependents, purchase by the Participant of a principal residence, tuition payment for post-secondary education for the Participant, the Participant's spouse or dependents, the Primary Beneficiary, or the Primary Beneficiary's Spouse or dependents, payments to prevent the Participant's eviction from a primary residence, burial or funeral expenses for the Participant's deceased parent, Spouse, children, dependents or the Primary Beneficiary or the Primary Beneficiary's deceased dependent, casualty losses to a Participant's principal residence and expenses and losses (including loss of income) incurred by the Participant on account of a disaster declared by the Federal Emergency Management Agency (FEMA).

### ***(j) Benefit Payments***

Generally, a Member's account balance under the Plan may be distributed upon termination of employment in one of two ways: lump-sum distribution, or, if the Participant has reached 73 years of age, in periodic installments over the Participant's life expectancy, as elected (subject to limits imposed by the IRC), subject in certain cases to spousal consent. Solely with respect to Participants who transferred amounts to the Plan from the Neuberger Berman, LLC Pension Plan, a Participant may elect to receive his or her

---

account balance under the Plan in form of a qualified joint and 50% survivor annuity or joint and 75% survivor annuity.

Participants are required to take minimum distributions by April 1 of the calendar year following the later of:

- The calendar year in which the Participant attains 73 years of age; or
- The calendar year in which the Participant terminates employment from the Company.

Upon death, disability, or termination of employment, a Participant (or the Participant's beneficiary) with \$1,000 or less in vested benefits will receive a lump-sum distribution from the Plan equal to the Participant's vested account balance.

### ***(k) Notes Receivable from Participants***

A Participant may borrow from the vested portion of his or her account under the Plan a minimum of \$1,000 up to a maximum amount equal to the lesser of (i) \$50,000 reduced by the Participant's highest outstanding loan balance under the Plan (or any other plan maintained by the Company) during the prior twelve months, or (ii) 50% of the Participant's vested account balance at the time any such loan is made. Loans for the purchase of a principal residence must be repaid in one to ten years, at the Participant's option. Loans for all other purposes must be repaid in one to five years, at the Participant's option. Loans are collateralized by the balance in the Participant's account and bear interest at the prime rate plus 1% at the time of loan origination. No more than two loans from the Plan to a Participant are permitted at any time. All principal and interest payments made by the Participant are credited back to the Participant's account. As of December 31, 2024, notes receivable from Participants had loan maturity dates ranging from January 2025 to September 2034.

### ***(l) Investment Management Fees and Administrative Expenses***

Certain investment management fees are netted with investment income. Administrative expenses are paid by the Company. Participants who take a loan from the Plan incur a one-time fee for establishing the loan. A quarterly loan administration fee is also charged by the Trustee for each outstanding loan. These costs, which are borne by the Participants, are reported on the Statements of Changes in Net Assets Available for Benefits as Loan administrative expenses and totaled \$24,980 and \$21,444 for 2024 and 2023, respectively.

### ***(m) Investment Elections***

Each Member may direct his or her account balance into one or more of the investment options offered by the Plan, or into the many other options available through BrokerageLink, a self-directed brokerage account offered through Fidelity Investments; provided, however, that the maximum amount that a Member may invest through BrokerageLink is 100% of his or her account balance. BrokerageLink provides Members access to Fidelity's Funds Network, including in excess of two thousand funds inside and outside the Fidelity Fund Family. Allocations among the Plan investment options and BrokerageLink must be in increments of 1% of each contribution. A Participant may change such allocation and may transfer all or a portion of the value of his or her account in increments of 1% among the fund options (and BrokerageLink, up to maximum of 100%) at any time.

### **(2) Summary of Significant Accounting Policies**

#### ***(a) Basis of Presentation and Use of Estimates***

The accompanying financial statements have been prepared on the accrual basis in conformity with U.S. generally accepted accounting principles (GAAP). GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, disclosure of contingent assets and liabilities at the date of the financial statements. Although these estimates and assumptions are based on the best available information, actual results could differ from those estimates.

#### ***(b) Investment Valuation***

Investments are reported at fair value and include registered investment companies based on various equity and fixed income strategies, money market funds and exchange traded funds, as well as collective investment trusts. See footnote 4.

#### ***(c) Notes Receivable from Participants***

Notes receivable from Participants are reported at their unpaid principal balance plus any accrued but unpaid interest. Delinquent Participant loans are reported as taxable distributions based upon the terms of the Plan document.

#### ***(d) Income Recognition***

The net appreciation (depreciation) resulting from changes in market value (or fair value) of the investments consists of the net realized gains (losses) from the sale of investments and the unrealized appreciation (depreciation) of the market value for the investments remaining in the Plan. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade date basis.

#### ***(e) Payment of Benefits***

Benefits are recorded when paid.

#### ***(f) Risks and Uncertainties***

The Plan provides for various investment options in a combination of different investment instruments (as described in footnote 1(m) above). The Plan's investment options, and other options available through BrokerageLink are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in risks could materially affect Members' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statements of Changes in Net Assets Available for Benefits.

### (3) Financial Information Certified by Trustee

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

The following information, which is included in the financial statements and supplemental schedule, was provided and certified by the Trustee as complete and accurate and was not subject to auditing procedures by the Plan's independent auditor:

- Investments at fair value (excluding level designation in footnote 4)
- Notes receivable from participants
- Interest and dividend income
- Net appreciation (depreciation) in fair value of investments
- Interest on notes receivable from participants
- Schedule of assets (held at end of year) – December 31, 2024

### (4) Fair Value Measurements

GAAP provides a framework for measuring fair value that prioritizes the inputs to valuation techniques used in connection with determining such valuation. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices that the Plan has the ability to access for identical assets or liabilities in active markets.
- Level 2 – Inputs to the valuation methodology include:
  - Quoted prices for similar assets or liabilities in active markets;
  - Quoted prices for identical or similar assets or liabilities in inactive markets;
  - Inputs other than quoted prices which are observable for the specified asset or liability;
  - Inputs derived principally from or corroborated by observable market data by correlation or other means.
- Level 3 – Inputs to the valuation methodology are unobservable, but are significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is determined by the lowest level of any input that is most significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of non-observable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2024 and 2023.

## NEUBERGER BERMAN GROUP 401(k) PLAN

Notes to the Financial Statements

December 31, 2024 and 2023

Money market funds – the money market funds are valued based on published net asset values (“NAV”) and are included in Level 1 of the valuation hierarchy.

Exchange-traded funds and common stock – the exchange-traded funds and common stock are generally valued using unadjusted quoted market prices and are included in Level 1 of the valuation hierarchy.

Registered investment company funds – the Plan utilizes the daily NAV value reported by the registered investment funds. The NAV value is an unadjusted quoted price on an active market and classified within Level 1 of the fair value hierarchy.

Collective investment trusts – the collective investment trusts are valued based on the NAV, calculated daily and reported by each fund and are included in Level 1 of the valuation hierarchy.

The methods described above may produce a fair value calculation that is valid on the date of determination, but might not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate, in accordance with current guidance and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There were no changes in valuation methodology used as at December 31, 2024 and 2023 and there were no transfers between any levels for the years ended December 31, 2024 and 2023.

The following tables set forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31, 2024 and 2023:

### (5) Related Party Transaction

The Plan provides Participants with the option to invest in certain registered investment companies managed by an affiliate of FMTC, the Trustee of the Plan. The Plan also provides Participants with the option to invest in certain registered investment companies and collective trusts managed by subsidiaries of NBG. The Trustee and NBG are parties in interest as defined in ERISA. Accordingly, the transactions in which the Plan engages with the registered investment companies and collective investment trusts managed by affiliates of the Trustee and NBG are deemed party in interest transactions and generally would be prohibited under ERISA; however, due to certain class exemptions granted by the Department of Labor such transactions are deemed exempt.

### (6) Tax Status

The initial Plan, which was effective as of January 1, 2010, was established as an individually designed plan and received a favorable determination letter from the IRS in November 2012.

As described in footnote 1, effective as of June 1, 2011, the Plan was amended and restated pursuant to an Adoption Agreement with respect to the Fidelity Volume Submitter Defined Contribution Plan. The Fidelity Volume Submitter Defined Contribution Plan received an opinion letter from the Internal Revenue Service dated March 31, 2008 (the Opinion Letter) stating that such Plan qualifies under Section 401(a) of the IRC. Although the Volume Submitter Plan was amended to include an additional provisions addendum to the Adoption Agreement to the Fidelity Volume Submitter Defined Contribution Plan, the Company believes that the Plan continued to operate in compliance with the applicable requirements of the IRC and that it could continue to rely on the Opinion Letter through the date of the Plan's subsequent amendments and restatements.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

### **(7) Plan Termination**

The Plan has no termination date and it is NBG's current intention to continue the Plan indefinitely. However, NBG may terminate, amend, modify or suspend the Plan at any time subject to the applicable provisions of ERISA. In the event of a Plan termination, the rights of all Members to benefits accrued under the Plan as of the date of such termination, to the extent then funded, would be non-forfeitable and the Plan assets would be distributed in accordance with the terms of the Plan.

### **(8) Subsequent Events**

In connection with the preparation of these financial statements, the Plan Administrator evaluated events occurring subsequent to the date of the financial statements through August 7, 2025, the date that the financial statements were available to be issued.
