INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
Ellijay Telephone Company Profit Sharing Plan
Ellijay, Georgia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Ellijay Telephone Company Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Ellijay Telephone Company Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certification from a qualified institution as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note G to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Ellijay Telephone Company Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical

requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Ellijay Telephone Company Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Ellijay Telephone Company Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Ellijay Telephone Company Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of plan assets held for investment as of or for the year ended December 31, 2024 is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ELLIJAY TELEPHONE COMPANY PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. **BASIS OF PRESENTATION** - The financial statements of the plan were prepared using the accrual method of accounting. Contributions and investment earnings are allocated upon receipt to each participants account.

Investment contracts held by a defined-contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

2. **ESTIMATES** - The preparation of financial statements in conformity with accounting principals generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of plan assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

3. **INVESTMENT VALUATION AND INCOME RECOGNITION** - Investments are reported at fair value, except for fully benefit-responsive investment contracts. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrative Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company.

Interest income is recognized when earned. Dividend income is recorded on the ex-dividend date. Realized gains and losses on investments are recognized upon the sale of the related investments and unrealized appreciation or depreciation is recognized at period end when the carrying values of the related investments are adjusted to their estimated fair market value. Purchase and sales of securities are reflected on a trade-date basis.

Earnings on investments are allocated on a pro rata basis to individual participant accounts based on the type of investment and the ratio of each participant's individual account balance to the aggregate of participant account balances.

4. **PAYMENT OF BENEFITS** -The Plan records benefit payments to withdrawing participants when paid. Under the rules for preparation of Form 5500, the Plan's Form 5500 will reflect an accrual for the amount to be paid to participants who withdrew from the Plan prior to year-end, and who had requested a distribution which was approved but not yet paid at period end, if any. There were no unpaid distributions at December 31, 2024 or 2023.

5. **CONCENTRATION OF CREDIT RISK** - Financial instruments that potentially subject the Plan to concentrations of credit risk are part of the holdings in Plan investments. Management believes that the Custodian maintains the Plan's investments with high credit quality institutions and attempts to limit credit exposure to any particular investment.

6. **OPERATING EXPENSES** - Administrative expenses incurred by the Plan include benefit distributions fees charged directly to the participants accounts and investment management, commissions, and audit fees charged against the Plan's investments.

7. **DATE OF MANAGEMENT'S REVIEW** - Subsequent events were evaluated through June 17, 2025, which is the date the financial statements were available to be issued.

ELLIJAY TELEPHONE COMPANY PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

B. DESCRIPTION OF PLAN

The following description of the Ellijay Telephone Company Profit Sharing Plan provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

1. **GENERAL** - The Plan is a defined contribution plan covering substantially all employees of Ellijay Telephone Company who have completed at least one year of entry service (minimum 1,000 hours worked). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).
2. **CONTRIBUTIONS** - Participants may contribute up to the maximum percentage allowable of pretax annual compensation, as defined in the Plan. The Company may, at its discretion, make a discretionary contribution to the Plan. The amount of the discretionary contribution percentage is determined annually by the employer. Effective 9/15/2017, the Company amended the Plan to provide for both a matching and fixed percentage component to its discretionary contribution. Effective January 1, 2019, the Company increased the fixed percentage from 3% to 5% along with a match of 1% of employee elective deferrals.
3. **PARTICIPANT ACCOUNTS** - Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings, and charged with an allocation of management and administrative expenses. Allocation of the Company's discretionary contribution, if any, is based upon the ratio of the participant's compensation to the total of such compensation of all participant's in their allocation group. Allocation of Plan earnings and administrative expenses is based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
4. **INVESTMENT OPTIONS** - Participants must direct their salary deferral and company discretionary contributions to selected investments as made available and determined by the Plan Administrator. Participants may change their investment options throughout the year. The Plan's investment options are as follows:

Principal Pooled Separate Accounts - Investments are held in pooled separate accounts in which the assets of two or more unrelated plans at an insurance company are pooled for investment purposes. The plan can obtain greater diversification of investments and lower brokerage and administrative fees by investing its assets in pooled separate accounts instead of investing the assets in separate trusts. The assets underlying a pooled separate account are the insurance company's property, with each of the two or more unrelated participating plan's units of participation representing rights to the assets underlying the separate account.

Principal Fixed Income Guaranteed Option - A group annuity contract issued by Principal Life Insurance Company. The contract rate is fully guaranteed and the contract provides assurance that the rate will not be less than zero.

Electronic Linkage Access Funds - These are investments in mutual funds.

5. **PAYMENT OF BENEFITS** - On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or an annuity.
6. **FORFEITED ACCOUNTS** - Forfeited nonvested amounts totaled \$2,899 in 2024 and \$5,111 in 2023. These amounts may first be used to pay administrative expenses. Any remaining balance is then used to reduce future employer contributions. During 2024 and 2023, employer contributions were reduced by \$3,881 and \$5,053, respectively, from forfeited nonvested accounts.

B. DESCRIPTION OF PLAN (Continued)

7. VESTING - Participants are immediately vested in their contributions plus actual earnings thereon. Vesting of discretionary profit sharing contributions is based on years of continuous service. Upon reaching two years of service the participant becomes 20% vested. Vesting increases an additional 20% with each additional year of service up to 100% vesting after six years of continuous service.

C. TAX STATUS

The Plan adopted a non-standardized form of a prototype plan sponsored by Principal Life Insurance Company. The Plan has received its latest opinion letter dated March 31, 2008 from the Internal Revenue Service as to the Plan's qualified status under Section 401 of the Internal Revenue Code. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the applicable taxing authorities. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2021.

D. FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefit.

D. FAIR VALUE MEASUREMENTS (Continued)

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. The plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Level 2 Fair Value Measurements

The fair value of the Pooled Separate Accounts for which quoted market prices are not available are valued based on the market value of its underlying investments that comprise the accounts at year-end. The Pooled Separate Accounts are made up of a wide variety of underlying investments such as equities, preferred stock, bonds, real estate and mutual funds.

Level 3 Fair Value Measurements

The Fixed Income Guaranteed Return Account, Pension Builder Account, and the U.S. Property Pooled Separate Account are not actively traded and significant other observable inputs are not available. Thus, the fair value of the Fixed Income Guaranteed Return Account and Pension Builder Account is determined by the amount plan participants would receive if they were to withdraw or transfer funds within the Plan prior to their maturity, and the fair value of the U.S. Property Pooled Separate Account is based on independent real estate appraisals. The following table provides further details of the Level 3 fair value measurements.

<u>December 31, 2024</u>	Fixed Income Guaranteed Return Account	Pension Builder Account	U.S. Property Pooled Separate Account	Total

Level 3 gains and losses (realized and unrealized) included in changes in net assets available for benefits for the years ended December 31, 2024 and 2023 are reported as interest income and net appreciation/(depreciation) in fair value of investments. Transfers into and out of Level 3 assets are a result of participant initiated transfers between plan funds.

E. CONCENTRATION OF CREDIT RISK AND FINANCIAL RISK

All the Plan's investments are exposed to concentrations of credit risk. Special factors associated with mutual funds and retirement trust investments include market risk, liquidity risk, derivatives risk, options and futures risk, interest rate risk and foreign securities risk.

Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits. Because these risks are within the various funds it is not practical to estimate the risk amount.

F. INVESTMENT CONTRACT WITH INSURANCE COMPANY

For the years ended December 31, 2024 and 2023, the Plan entered into a benefit-responsive investment contract that guarantees principal and provides a stated crediting rate of interest backed by the Principal Life Insurance Company called the Principal Fixed Income Guaranteed Return Account. The Composite Crediting Rate is determined by the Guaranteed Interest Balances. Changes in future interest crediting rates will not effect the amount reported as an adjustment from fair value to contract value on the statement of net assets available for benefits for the portion of net assets attributable to fully benefit responsive investment contracts. The Composite Crediting Rate is currently reset on a semiannual basis and will never be less than the Guaranteed Minimum Interest Rate of 1.45% before the deduction of fees for administrative and recordkeeping services provided to the plan.

Certain events limit the Plan's ability to transact at contract value with Principal Life. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) bankruptcy of the plan sponsor, (c) the failure to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974. The Plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with Plan participants is probable. There are no reserves against contract value for credit risk on the contract issuer or otherwise.

Based on actual earnings	1.25%	1.14%
Based on interest credited to participants	1.25%	1.14%

G. INFORMATION CERTIFIED BY THE CUSTODIAN OF THE PLAN

The Company has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Principal Life Insurance Company, except for comparing such information certified by the custodian to information included in the Plan's financial statements and supplemental schedule.

The following table presents fair value of the investments in this Plan that were certified by Principal Life Insurance Company. Single investments representing more than 5% of the Plan's net assets as of December 31, 2024 and 2023 are separately identified.

	<u>2024</u>	<u>2023</u>
Lifetime 2030 Pooled Separate Account	\$ 5,765,935	\$ 5,564,649
Janus Henderson Forty Institutional Fund	3,520,475	2,845,244

Total Investments	<u>\$ 48,178,430</u>	<u>\$ 42,913,353</u>

Principal Life Insurance Company also certified to the completeness and accuracy of \$6,523,777 of net appreciation in fair value of investments, \$3,128 of interest from investments, and \$131,894 of dividend income from investments for the year ended December 31, 2024 and \$6,615,455 of net appreciation in fair value of investments, \$11,106 of interest from investments, and \$128,024 of dividend income from investments for the year ended December 31, 2023.

H. RELATED PARTY TRANSACTIONS

Plan investments include shares of pooled separate accounts and a common collective trust managed by Principal Life Insurance Company. Principal Life Insurance Company is the custodian of the plan assets and, therefore, these transactions qualify as party-in-interest transactions. In addition to indirect fees consisting of sales commissions, sales loads, redemption charges, etc., Principal Life Insurance Company receives direct administrative and investment advisory fees for services rendered on behalf of these accounts. Fees paid by the Plan for these investment management and administrative services amounted to \$41,646 for 2024 and \$39,383 for 2023.

I. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.
