## INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator  
Scull Construction 401(k) Savings Plan  
Rapid City, South Dakota

### ***Scope and Nature of the ERISA Section 103(a)(3)(C) Audit***

We have performed audits of the financial statements of Scull Construction 401(k) Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

### ***Opinion***

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements were available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

***Auditor's Responsibilities for the Audit of the Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures related to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain other internal control-related matters that we identified during the audit.

***Other Matter – Supplemental Schedule Required by ERISA***

The supplemental schedule of Assets Held at End of Year is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **SCULL CONSTRUCTION 401(k) SAVINGS PLAN**

### **NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023**

#### **(1) Summary of Significant Accounting Policies**

##### **Nature of Business of Plan Sponsor**

Scull Construction Service, Inc. and related companies are engaged primarily in construction activity in western South Dakota and North Dakota. The employees of Scull Construction Service North Dakota Inc., Site Work Specialists, Inc. and Site Work Specialists North Dakota Inc., entities related through common ownership, are eligible to participate in the Plan.

##### **Method of Accounting**

The financial statements of Scull Construction 401(k) Savings Plan (the Plan) are prepared using the accrual method of accounting.

##### **Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the amounts and disclosures reported in the financial statements. Actual results may differ from those estimates.

##### **Risks and Uncertainties**

The Plan provides for various investment options. Investments are exposed to various risks, such as interest, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Market volatility of equity-based investments may substantially impact the value of such investments at any given time. It is possible that the value of the Plan's investments, both in total and in individual participant accounts, has changed significantly since December 31, 2024.

##### **Contributions**

Contributions from Plan participants and the Plan Sponsor are recorded in the year in which the employee contributions are withheld from compensation.

##### **Investment Valuation and Income Recognition**

Empower Trust Company, LLC and Empower Life and Annuity Insurance Company of New York (collectively, the Custodian) of the Plan and hold the Plan's investments. The Plan's investments include pooled separate accounts stated at fair value on a recurring basis, as well as a guaranteed investment contract stated at contract value. Valuation is determined by the Custodian (Note 4). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales are recorded on a trade-date basis. Interest income is recorded when received. Dividends are recorded on the ex-dividend date.

## SCULL CONSTRUCTION 401(k) SAVINGS PLAN

### NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

#### (1) Summary of Significant Accounting Policies

##### Net Change in Fair Market Value of Investments

The net appreciation (depreciation) in fair market value of investments is composed of the realized gains and losses in securities that were sold or otherwise disposed of during the year and the unrealized gains and losses in securities held at the end of the year.

##### Participant Notes Receivable

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

##### Payment of Benefits

Benefits are recorded when paid.

##### Subsequent Events

The Plan has evaluated subsequent events through August 5, 2025, the date which the financial statements were available to be issued.

#### (2) Description of the Plan

The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

##### General and Eligibility

The Plan is a defined contribution plan covering all employees of the following companies: Scull Construction Service, Inc., Scull Construction Service North Dakota Inc., Site Work Specialists, Inc. and Site Work Specialists North Dakota Inc. (collectively, the Company or Plan Sponsor). To be eligible for the Plan and for discretionary employer matching contributions, an employee must be 18 years of age and complete 90 days of service during the Plan year. Upon meeting the Plan's eligibility requirements, employees may enter the Plan quarterly. The Plan is intended to satisfy all requirements of a qualified retirement plan under the appropriate provisions of the Internal Revenue Code (IRC). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

##### Contributions

Each year, participants may contribute up to the lesser of certain Plan or lawful limits of pretax annual compensation. The Plan allows for discretionary match and profit-sharing contributions by the Company. The Plan Sponsor's matching contribution was equal to 100 percent of the participant's deferrals up to 1.5 percent of eligible compensation for the year ended December 31, 2024. Participants must be employed on the last day of the plan year to be eligible for the match contribution. The Company made no profit-sharing contributions during the year ended December 31, 2024. Participants may roll over amounts representing distributions from other qualified defined benefit or contribution plans.

## SCULL CONSTRUCTION 401(k) SAVINGS PLAN

### NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

#### **(2) Description of the Plan**

##### **Contributions**

The Plan allows Roth elective deferrals. Contributions to Roth accounts are made on an after-tax basis and contributions to a Roth account are included in the participant's gross contributions. Future distributions of Roth elected contributions and earnings thereon will not be taxed, if certain criteria are met. Roth elective deferrals to the Plan are permanently designated as Roth elective deferrals in participant accounts. The participant's Roth deferrals and gains and losses attributable to such deferrals are accounted for separately.

##### **Participant Accounts**

Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's discretionary match contribution, (b) the Company's profit-sharing contribution, and (c) Plan earnings or losses less expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

##### **Forfeitures**

Forfeited, nonvested account balances totaled \$56 and \$550 at December 31, 2024, and 2023, respectively. The Plan allocates forfeitures to reduce future employer contributions. Forfeitures used to reduce employer contributions received by the Plan totaled \$1,613 during the year ended December 31, 2024.

##### **Vesting**

Participants are immediately vested in their contributions plus actual earnings thereon. The portion of the participant's account attributable to the Company's match and profit-sharing contributions becomes 100 percent vested over five years of credited service at a rate of 20 percent per year, or if less than five years, upon reaching normal retirement age, disability, death, or upon termination of the Plan.

##### **Investment Options**

Upon enrollment in the Plan, a participant may direct their account balance to the investments offered by the Plan. Participants may change their investment options daily. Participants may elect to discontinue contributions at any time.

##### **Participant Notes Receivable**

Participant notes receivable are valued at the principal balance of the notes. Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. Loan terms range from 1 to 5 years for general purpose loans and up to 30 years for the purchase of a personal residence. The loans are secured by the balance in the participant's account and bear interest at market rates at the time of application. Principal and interest is paid ratably through payroll deductions.

##### **Administrative Expenses**

Certain administrative functions are performed by officers and employees of the Company. No such officer or employee receives compensation from the Plan. The Company has, at its discretion, absorbed certain other administrative expenses pertaining to the Plan. If not paid by the Company, these administrative expenses become the responsibility of the Plan. Certain loan fees are charged directly to the participant's account.

## SCULL CONSTRUCTION 401(k) SAVINGS PLAN

### NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

#### **(2) Description of the Plan**

##### **Payment of Benefits**

Benefit payments are made as soon as administratively feasible following the date on which a distribution request is made or is otherwise payable. Upon termination of service due to death, disability or retirement, a participant or his or her beneficiary may receive a lump-sum distribution of the participant's account balance. Benefits less than \$1,000 are made as soon as administratively feasible after the participant's termination of employment. A participant with an account balance of greater than \$1,000, but less than \$5,000, may receive a rollover distribution into an individual retirement account set up by the Plan Administrator.

#### **(3) Plan Termination**

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). In the event of the Plan termination, participants will become 100 percent vested in their account.

#### **(4) Investments -- Information Certified by Custodian**

The Plan's investments are held and certified by the Custodian, who performs all accounting functions associated with the Plan's investments. The fair value of investments at December 31, 2024 and 2023, is determined by the Custodian (Note 5). The Plan is administered by the Plan Sponsor. The Plan's investments are in funds held and managed by the Custodian.

In accordance with Section 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator has received certification from the Custodian as to the accuracy and completeness of certain financial information of the Plan as of and for the years ended December 31, 2024 and 2023. The Custodian has certified information contained in the following:

- Statements of Net Assets Available for Benefits (except for receivables and liabilities);
- Statement of Changes in Net Assets Available for Benefits (except for contributions, interest earned on participant notes receivable, administrative expenses and benefits paid to participants);
- Supplemental Schedule of Assets Held at End of Year (except for participant notes receivable)

The Plan primarily invests in pooled separate accounts and a guaranteed investment contract with underlying assets consisting of any combination of stocks, bonds, fixed income securities and other investment securities.

#### **(5) Recurring Fair Value Measurements**

Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. Fair value measurements are formed in a three level hierarchy defined as follows:

- Level One: inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access

**SCULL CONSTRUCTION 401(k) SAVINGS PLAN**

**NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2024 AND 2023**

**(5) Recurring Fair Value Measurements**

- Level Two: inputs include
  - quoted prices for similar assets or liabilities in active markets;
  - quoted prices for identical or similar assets or liabilities in inactive markets;
  - inputs other than quoted prices that are observable for the asset or liability;
  - inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability
- Level Three: inputs to the valuation methodology are unobservable and significant to the fair value measurement

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

*Pooled Separate Accounts:* Fair value represents the value of the fund shares, which is calculated daily based on the valuation of the funds' underlying investments at fair value. The pooled separate accounts invest mainly in mutual funds, domestic stocks, international stocks, and fixed securities.

The following tables present the assets carried at fair value as of December 31, 2024 and 2023 in the accompanying statements of net assets available for benefits by fair value hierarchy. All assets are measured on a recurring basis. No liabilities are measured at fair value on a recurring or nonrecurring basis.

<b>December 31, 2024:</b>	Level One	Level Two	Level Three	Total
Pooled Separate Accounts	\$ -	\$ 8,144,388	\$ -	\$ 8,144,388
<b>December 31, 2023:</b>	Level One	Level Two	Level Three	Total
Pooled Separate Accounts	\$ -	\$ 7,033,247	\$ -	\$ 7,033,247

**(6) Income Tax Status**

The Plan has adopted a non-standardized form of prototype plan sponsored by the Custodian. The prototype plan has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan has been amended since receiving the opinion letter; however, the Plan Administrator believes the Plan is designed and is currently being operated in compliance with the applicable provisions of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Department of Labor or Internal Revenue Service. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

## SCULL CONSTRUCTION 401(k) SAVINGS PLAN

### NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

#### **(7) Participant Withdrawals**

As of December 31, 2024, and 2023, Plan assets include terminated participants with vested account balances totaling approximately \$547,000 and \$566,000 respectively. There were no amounts owed to participants who had elected to withdraw from the Plan but had not been paid as of December 31, 2024 and 2023.

#### **(8) Guaranteed Investment Contract**

The Plan holds a traditional fully benefit-responsive guaranteed investment contract with the Custodian totaling \$31,538 and \$29,925 at December 31, 2024 and 2023, respectively. The Custodian maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1 percent or more than 3 percent. The crediting rate is reviewed on a semi-annual basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by the Custodian, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, and (4) a material amendment to the agreement without the consent of the issuer.

#### **(9) Related Party Transactions**

Fees for legal and professional services rendered to the Plan may be paid by the Company at its discretion. The Plan allows participants to take out loans against their account balances. Certain Plan investments are shares of a guaranteed investment contract managed by the Custodian.

All of these party-in interest transactions are exempt from the prohibited transaction rules of ERISA.
