INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Phoenix Closures West 401(k) Plan
Aurora, Illinois

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Phoenix Closures West 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income and Securities Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Phoenix Closures West 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note D to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Phoenix Closures West 401(k)

Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Phoenix Closures West 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore there is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than the one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Phoenix Closures West 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Phoenix Closures West 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures related to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rule and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Phoenix Closures West 401(k) Plan
NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023

NOTE A--DESCRIPTION OF PLAN

The following description of the Phoenix Closures West 401(k) Plan (the "Plan") provides only general information. Users should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is sponsored by Phoenix Closures, Inc. (the "Company") for employees that meet specific eligibility requirements, as defined in the Plan's provisions. The Plan, designated as a defined contribution plan, was originally established on July 1, 2000. Effective February 1, 2017, the Plan was amended and restated to cover all eligible employees of the Company who have completed three months of service. Eligible employees are defined as employees who are not salaried employees and are not covered under collective bargaining agreements. The Plan has been most recently restated June 30, 2020, with an amendment effective April 6, 2022. The Plan provides for contributions to be made under salary deferral agreements pursuant to Section 401(k) of the Internal Revenue Code (the "Code"). Employees of the Company are eligible to participate on the first day of the month after completing three months of service.

The Plan is subject to the provisions of the Employee Retirement Income and Security Act of 1974 ("ERISA"). The Plan Administrator and Plan Trustees are responsible for oversight of the Plan, determining the appropriateness of investment offerings and monitoring investment performance.

Contributions

Eligible participants may elect to contribute Roth and pre-tax deferred compensation to the Plan by means of a salary deferral agreement up to the maximum limit permitted by law. Contributions are, thus, subject to limitations as provided in the Code and as described in the Plan's provisions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollover) in accordance with Plan provisions.

The Plan includes an auto-enrollment provision, whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3 percent of eligible compensation and their contributions invested in the investment option designated from time to time by the Plan Trustees as the default investment, until changed by the participant.

The Company shall make matching contributions in an amount equal to 50% of elective deferral contributions up to 6% of eligible compensation.

Matching contributions are calculated based on elective deferral contributions and compensation for the payroll period. Matching contributions shall be made for all persons who were active participants at any time during that payroll period.

The Company may make an annual discretionary employer contribution to the Plan in accordance with the Plan provisions. The Company's discretionary contributions are allocated as of the last day of the Plan year and is based on a ratio of each participant's annual pay to total annual pay of all participants getting a share of the discretionary contribution. Participants must be active employees on the last day of the plan year to receive a discretionary contribution. For the year ended December 31, 2024, the Company made a discretionary contribution of \$1,307,598.

NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023

NOTE A--DESCRIPTION OF PLAN-continued

Participant Accounts

Each participant's account is credited with the participant's contribution, if any, and the Company's discretionary contributions, if any, as well as allocations of (a) Plan earnings or losses, (b) forfeitures of terminated participants' non-vested accounts, and (c) administrative expenses paid by the Plan. Allocations are based on participant account balances or compensation or specific participant transactions, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Upon enrollment in the Plan, participants may elect the way in which contributions are invested in a variety of investment choices within the Plan as more fully described in the Plan's literature. The investment elections will apply to both participant and employer contributions. Participants may change their investment options at any time. During any period in which there is no participant direction on file with the Trustees as to the investment of a participant's account, 100 percent of that participant's account will be invested in the investment option designated from time to time by the Trustees as the default investment. The Plan currently offers various registered investment companies, pooled separate accounts, and a guaranteed investment contract as investment options for participants.

Vesting

Participants are immediately vested in their contributions and the discretionary match plus actual earnings thereon. Vesting in the Company's discretionary profit-sharing contributions portion of their accounts plus actual earnings thereon is based on years of credited service, as presented below. Participants who attain the normal retirement age of 65 or who terminate employment due to death or disability become 100 percent vested in their account balances.

<u>Years of Credited Service</u>	<u>Vested Percentage</u>
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5 or more	100%

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested interest in the Plan, reduced by the participant's highest outstanding loan balance in the previous twelve months and any existing loan balance. Loan terms may not exceed five years from the date of the loan. The loans are collateralized by the participant's account balance and bear interest at a reasonable rate commensurate with local prevailing rates as determined by the Plan Administrator. The interest rates applied to current loans outstanding are 3.25 to 8.50 percent. Principal and interest are paid ratably through payroll deductions.

Phoenix Closures West 401(k) Plan
NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023

NOTE A--DESCRIPTION OF PLAN-continued

Payment of Benefits

Upon termination of employment due to death, disability, normal retirement age of sixty-five, or Plan termination, a participant is entitled to 100 percent of their account balance. Upon termination of employment due to early retirement age of sixty, a participant is entitled to 100 percent of the participant's contributions and discretionary matching contributions and subject to the Plan's vesting provisions in their discretionary profit-sharing contributions. For termination of employment for other reasons, a participant is entitled to 100 percent of the participant's contributions and the vested portion of the Company's contributions based upon the Plan's vesting provisions in a lump sum. In-service and hardship withdrawals, subject to certain restrictions, are also permitted.

Account balances in excess of \$5,000 (not including rollover account balances) will be made as soon as administratively feasible following the date the Plan Administrator receives a written request for distribution.

Mandatory distributions of less than \$5,000 (not including rollover account balances) will be paid in a single lump-sum payment. The Plan will make the distribution as a direct rollover for any amounts greater than \$1,000. These distributions will be made if a participant does not elect to have such distribution paid directly to an eligible retirement plan specified by the participant in a direct rollover or does not elect to receive the distribution directly.

Forfeited Accounts

If a participant is not fully vested upon termination, the non-vested portion of the account is forfeited. Forfeited non-vested accounts may be used to reinstate any previously forfeited amounts of certain former participants who are rehired. The remaining forfeitures may be used to pay administrative expenses of the Plan, as directed by the employer, or used to reduce future employer contributions. At December 31, 2024 and 2023 forfeited non-vested accounts totaled \$6 and \$785, respectively. During the year ending December 31, 2024, the Plan used \$31,450 of the forfeited non-vested accounts to pay plan expenses and employer contributions.

NOTE B--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to use estimates and assumptions that affect reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Phoenix Closures West 401(k) Plan
NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023

NOTE B--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES-continued

Investment Valuation and Income Recognition

Investments are reported at fair value, except for the fully benefit-responsive guaranteed investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Shares of registered investment companies are valued at quoted market prices. Investments in pooled separate accounts are valued at net asset value ("NAV") of units held. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on an accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded at December 31, 2024 and 2023.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable and benefit payments are charged directly to the participant's account and are included in notes receivable from participants and benefits paid to participants. Investment-related expenses are included in the net appreciation (depreciation) of the fair value of investments.

Subsequent Events

Management of the Plan has evaluated subsequent events through August 7, 2025, which is the date the financial statements were available to be issued.

NOTE C--FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTES TO FINANCIAL STATEMENTS

NOTE C--FAIR VALUE MEASUREMENTS-continued

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Should an investment be re-characterized from one level to another level, Plan management would state the basis for the change. Under such circumstances the Plan would report the transfers in and transfers out at the beginning of the Plan quarter when change occurs.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to their fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for Plan assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Registered investment companies: Registered investment companies value mutual funds at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts: Shares of pooled separate accounts are valued at the NAV of units held by the Plan at year end. The NAV is the basis for current transactions and the pooled separate account can be redeemed at NAV as of the measurement date. Participant transactions (sales and purchases) may occur daily, and shares can be redeemed on a daily basis.

NOTE D--INFORMATION CERTIFIED BY TRUSTEES (UNAUDITED)

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments from participants held at December 31, 2024 and 2023, and net appreciation (depreciation) in the fair value and contract value, as applicable, of investments, interest and dividends for the year ended December 31, 2024, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by the Trustees. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to such information certified by Principal Life Insurance Company and Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, the Plan Trustees as of December 31, 2024 and 2023 and for the year ended December 31, 2024.

Except for comparing such information as certified as being complete and accurate by the Trustees to information included in the Plan's financial statements and supplemental schedule, the Plan's independent auditors did not perform any auditing procedures on the certified information.

The following is a summary of information certified by the Trustees as of December 31, 2024 and 2023:

NOTE E--GUARANTEED INVESTMENT CONTRACT

The Plan invests in a benefit-responsive group annuity contract with Principal Life Insurance Company. Principal Trust Company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal at a specified interest rate that is guaranteed to the Plan. The value of the guaranteed investment contract at December 31, 2024 and 2023 is \$510,859 and \$550,976, respectively.

This guaranteed investment contract is fully benefit-responsive; therefore, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Principal Trust Company, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Investments may be redeemed daily without prior notice.

NOTE E--GUARANTEED INVESTMENT CONTRACT-continued

Certain events limit the ability of the Plan to transact at contract value with Principal Trust Company. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan); (2) changes to the Plan's prohibition on competing investment option or deletion of equity wash provisions; (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that the occurrence of any such value event which would limit the Plan's ability to transact at contract value with Plan participants is probable.

This guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

NOTE F--RELATED PARTY TRANSACTIONS

The Plan's investments are held and invested by the Trustees. The Trustees perform administrative and recordkeeping services for the Plan. Additionally, the Plan has contracted with a registered investment advisor to advise the Plan related to the investments of the Plan. These transactions qualify as party in interest transactions. Fees paid by the Plan for legal, accounting, and other professional services were rendered primarily by parties in interest. Administrative expenses paid by the Plan during 2024 totaled \$45,352.

Certain employees of the Company provide administrative services for the Plan and are not reimbursed for their services by the Plan. Certain other administrative expenses are paid by the Company on behalf of the Plan. These amounts are not material to the financial statements.

NOTE G--PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

NOTE H--TAX STATUS

On June 30, 2020, the Internal Revenue Service stated that the prototype plan document, subsequently adopted by the Plan, as then designed, qualified under section 401(k) of the Internal Revenue Code (the "IRC"). The Plan has been amended since receiving the determination letter. The Plan has not received a determination letter specific to the Plan itself; however, the Plan Administrator and the Plan's legal counsel believe that the Plan is qualified, and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken uncertain tax positions that more likely than not would not be sustained upon examination by applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes that the Plan is no longer subject to income tax examinations for years prior to 2021.

NOTE I--TRANSFERS

During 2024, participants with net account balances of \$145,521, were transferred to the Phoenix Closures, Inc. 401(k) Salary Deferral Profit Sharing Plan and Trust, a related plan sponsored by the Company, due to a change in participant classifications.

NOTE J--RISKS AND UNCERTAINTIES

The Plan's assets are invested directly and indirectly in various investment securities. Investments are exposed to various risks such as interest rate, market, and credit risks. The Plan's assets are subject to changes in the value of those underlying investments, including the potential for bankruptcy of one or more of the companies in which they are invested.

Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE K--NONEXEMPT TRANSACTIONS

During 2021, the Plan Sponsor did not remit to the Plan's Trustees, certain employee contributions totaling \$1,864 within the period prescribed by DOL regulations. The employee contributions and amounts representing lost earnings were remitted to the plan during 2023.
