Independent Auditors' Report

To the Plan Administrator and Management Breeze Aviation Group 401(k) Team Member Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of the Breeze Aviation Group 401(k) Team Member Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in assets available for benefits for the year ended December 31, 2024, and the related notes to financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section—

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

1. Description of the Plan

The following description of the Breeze Aviation Group 401(k) Team Member Plan (the Plan) provides only general information. Participants should refer to the Plan document, adoption agreement, and summary plan description for a complete description of the Plan's provisions.

General

The Plan was created on February 14, 2020, and most recently amended September 1, 2023, and is a defined contribution plan covering eligible employees of Breeze Aviation Group, Inc. (the Company, Employer or Plan Sponsor) who are not covered by another plan. All employees who are not part of specifically excluded groups, who are at least 18 years of age, and who have completed 3 months of service are eligible to participate in the Plan. The Plan is intended to be a qualified retirement plan under the Internal Revenue Code (IRC) and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

Contributions to the Plan include: (i) salary reduction contributions authorized by participants, (ii) safe harbor matching contributions made by the Company, (iii) discretionary profit-sharing contributions made by the Company, and (iv) participant rollovers from other plans.

Participants may elect to contribute a percentage of their eligible compensation, as defined by the Plan document, to the Plan each year, subject to the limitations of the IRC. Regular 401(k) contributions are excluded from the participant's taxable income for federal income tax purposes until received as a withdrawal or distribution from the Plan. Roth 401(k) contributions are not excluded from the participant's taxable income for federal income tax purposes, but withdrawals of contributions and earnings thereon at retirement are tax free. Participants who have attained age 50 before the end of the year are eligible to make catch-up contributions.

The Company makes a safe harbor matching contribution to each participant's account equal to 100% of employee contributions up to 6% of compensation.

Additional profit-sharing amounts may be contributed at the discretion of the Company's Board of Directors. During the year ended December 31, 2024, the Company did not make a profit-sharing contribution to the Plan.

Participants may also contribute to the Plan amounts representing distributions from other qualified defined benefit or defined contribution plans.

Participant Accounts

Individual accounts are maintained for each participant of the Plan. Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit-sharing contribution and Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. Participants may direct the investment of their account balance into various investment options offered by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants are immediately 100% vested in their contributions and in the Company's safe harbor matching contributions. Discretionary profit-sharing contributions, and qualified non-elective contributions, vest 20% per year each year from years 2 through 6.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of one-half of the vested account balance or \$50,000. The loans are secured by an assignment of a participant's vested interest in the Plan, and bear interest at a rate commensurate with local prevailing rates at the time funds are borrowed as determined by the Plan Administrator. Principal and interest are paid ratably through payroll deductions or as a lump sum for the outstanding loan

balance. Loan terms range from one to five years. As of December 31, 2024, participant loans had maturities through 2029 at interest rates ranging from 4.25% to 9.5%.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

Participants are also eligible to make hardship withdrawals from their deferred contributions in the event of certain financial hardships.

Forfeitures

When certain terminations of participation in the Plan occur, the nonvested portion of the participant's account represents a forfeiture. The Plan document permits the use of forfeitures to either reduce future Employer contributions or pay Plan administrative expenses. As of December 31, 2024 and 2023, forfeited nonvested accounts totaled \$0.

Administrative Expenses

Plan administrative expenses may be charged directly to the Plan or paid by the Employer. During the year ended December 31, 2024, the Plan paid \$135,479 of administrative expenses. Investment related expenses are included in net appreciation (depreciation) in the fair value of investments.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested in their accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (US GAAP).

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires Plan management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Risks and Uncertainties

The Plan provides for investments in securities that are exposed to various risks, such as interest rate, currency exchange rate, credit, and the overall fluctuation in the market. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of assets available for benefits.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the guaranteed investment contract, which is reported at contract value). Investments in mutual funds are stated at fair value based upon quoted market prices. Investments in pooled separate accounts are stated at net asset value (NAV) per share as a practical expedient, which is based on the fair value of the underlying investments. The guaranteed investment contract is recorded at contract value, which is calculated as contributions plus earnings, less participant withdrawals and administrative expenses, minus early withdrawal charges, which charges are contractually defined.

Net appreciation in fair value of investments includes realized and unrealized gains or losses on investments and is recognized in income currently. Amounts invested may earn interest and dividends, which in turn are reinvested. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are recorded as distributions when the participant has a distributable event.

Payment of Benefits

Benefits are recorded when paid by the Plan.

Subsequent Events

Plan management has evaluated events occurring subsequent to year-end through July 28, 2025, which is the date the financial statements were available to be issued.

3. Fair Value Measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Financial Accounting Standards Board established a framework for measuring fair value in the form of a fair value hierarchy, which prioritizes inputs into valuation techniques used to measure fair value into three broad levels. This hierarchy requires assets to be classified by level in their entirety based upon the lowest level of input that was significant to the fair value measurement. The three levels of the fair value hierarchy are as follows:

Level 1: Quoted prices in active markets for identical assets or liabilities.

Level 2: Observable inputs other than Level 1, including quoted prices for similar assets or liabilities, quoted prices in less active markets, or other observable inputs that can be corroborated by observable market data.

Level 3: Unobservable inputs supported by little or no market data for financial instruments whose value is determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant management judgment or estimation.

The following tables summarize the fair value of the Plan's investments and the levels of inputs under which those investments were valued as of December 31:

2024				
Description	Level 1	Level 2	Level 3	Total

4. Guaranteed Investment Contract

The Principal fixed income guaranteed option is a fully benefit-responsive group annuity contract issued by Principal Life Insurance Company (Principal). The contract guarantees a specified rate of return to the participants in the Plan. The guaranteed rate is reset on a semi-annual basis and is never allowed to be set below a guaranteed minimum interest rate established by the contract. The crediting interest rate as of December 31, 2024 was 4.85%. The assets under the contract are backed by the general assets of Principal, and accordingly, the contract is considered to be a traditional guaranteed investment contract.

The Principal fixed income guaranteed option contract is an insurance contract. As a result, the Plan may transact at contract value, according to the terms defined in the contract, at any time. Certain events limit the ability of the Plan to transact at contract value with the issuer of the contract. Such events include the following: (i) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan); (ii) changes to the Plan’s prohibition on competing investment options and (iii) bankruptcy of the Plan Sponsor or other Plan Sponsor events (e.g., divestiture or spin-off of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA). The Plan Administrator does not believe that the occurrence of any event which would limit the Plan’s ability to transact at contract value with participants is probable.

If the Plan Sponsor terminates the contract, Principal will pay out the value of the Plan’s interest in the contract, subject to a surrender charge. Such notification of termination is irrevocable. Termination of a Plan’s interest is made pursuant to the Plan Sponsor’s request. The contract with Principal terminates on the date when 1) no guaranteed interest balances have been established that are accepting deposits and 2) there are no guaranteed interest balances with a value greater than zero under the contract. Provisions relating to annuities in the course of payment will continue to govern payment of such annuities until the final payment under each such annuity is made.

5. Federal Income Tax Status

Effective September 1, 2023, the Plan adopted a prototype plan document sponsored by Principal Life Insurance Company (Principal). Principal received an opinion letter from the Internal Revenue Service (IRS), dated June 30, 2020, which states that the prototype document satisfies the applicable provisions of the Internal Revenue Code (IRC). The Plan itself has not received a determination letter from the IRS. However, Plan management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan’s financial statements.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by tax authorities. The Plan Administrator analyzed the tax positions of the Plan and has concluded that as of December 31, 2024, there were no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits in tax jurisdictions for tax years for which the applicable statutes of limitations have not expired; however, there are currently no audits for any tax periods in progress.

6. Information Certified by the Trustees

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under that election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, the trustee of the Plan as of December 31, 2024 and 2023 and for the year ended December 31, 2024, except for comparing such information certified by the trustees to information included in the Plan's financial statements and supplemental schedules:

- All investment assets held by the Plan
- Notes receivable from participants
- The recording of transactions related to all investment assets and notes receivable from participants, including related earnings (losses) and interest and dividends.

7. Exempt Party in Interest Transactions

Certain Plan investments are managed by Principal and Principal Management Corp who are affiliated with a trustee of the Plan. These balances and related transactions qualify as exempt party-in-interest transactions. The notes receivable from participants are also exempt party-in-interest transactions.
