## **INDEPENDENT AUDITOR'S REPORT**

To the Board of Directors  
Kappler, Inc. Employee Stock Ownership Plan  
Guntersville, Alabama

### **Opinion**

We have audited the accompanying financial statements of Kappler, Inc. Employee Stock Ownership Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of November 30, 2024 and December 31, 2023 (in liquidation), the related statement of changes in net assets available for benefits for the period ended November 30, 2024 (in liquidation) and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Kappler, Inc. Employee Stock Ownership Plan as of November 30, 2024 and December 31, 2023 (in liquidation), and the changes in its net assets available for benefits for the period ended November 30, 2024 (in liquidation), in accordance with accounting principles generally accepted in the United States of America.

### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Kappler, Inc. Employee Stock Ownership Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing

standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Kappler, Inc. Employee Stock Ownership Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

## **KAPPLER, INC. EMPLOYEE STOCK OWNERSHIP PLAN**

Notes to Financial Statements

November 30, 2024 and December 31, 2023

### **NOTE 1 - DESCRIPTION OF PLAN**

#### **Nature of the Plan**

The following description of the Kappler, Inc. Employee Stock Ownership Plan (the “Plan”) provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan’s provisions.

#### **General**

Kappler, Inc. (the “Company” or “Plan Sponsor”) established the Plan effective January 1, 2001 and amended and restated the Plan effective January 1, 2014. As of the effective date, the Plan operates as a leveraged Employee Stock Ownership Plan (“ESOP”) and is designed to comply with Section 4975(e)(7) of the Internal Revenue Code (hereinafter referred to as the “Code”). In addition, in accordance with Section 54.4975-11(a)(5) of the Treasury Regulations, this Plan also forms a portion of the Plan which is a Stock Bonus Plan, which is intended to qualify under Section 401(a) of the Code. This Plan reflects the applicable provisions of the Economic Growth and Tax Relief Reconciliation Act of 2001 (“EGTRRA”) and the guidance issued thereunder.

Effective June 1, 2006, the Plan was frozen. Beginning June 1, 2006, no additional employees were eligible to participate in the Plan until a permanent determination occurred regarding the status of the Plan. All participants in the Plan became 100% vested as of June 1, 2006. By vote of the Board of Directors, the Plan Sponsor chose to un-freeze the Plan effective January 1, 2011. During the period of the freeze (June 1, 2006 to December 31, 2010), participants’ accounts were retained and distributed, if applicable, according to the terms of the Plan.

Effective August 1, 2022, the Company adopted an amendment to terminate the Plan. Additionally, as a result of the amendment, the Plan excluded any employees who were not already a Plan participant as of August 1, 2022 from participating in the Plan. See Note 3.

#### **Participant Accounts**

Each participant’s account is credited with an allocation of the Plan Sponsor’s contribution, Plan earnings, and forfeitures of terminated participants’ nonvested accounts. Allocations are based on the proportion that each participant’s covered compensation, as defined in the Plan Document, for that year bears to the total covered compensation of all participants. The benefit to which a participant is entitled is the benefit that can be provided from that participant’s account.

(Continued)

### **NOTE 1 - DESCRIPTION OF PLAN - Continued**

#### **Employer Contributions**

Employer contributions to the Plan, as determined by the Plan Sponsor's Board of Directors, are discretionary and based on the Plan Sponsor's financial performance and condition. Contributions may be made in cash, stock of the Plan Sponsor, or a combination of both. During the freeze period (June 1, 2006 to December 31, 2010), no contributions were made. Employer contributions resumed on January 1, 2011. As of August 1, 2022, all employer contributions were ceased and no additional contributions were allowed to be made on account of service rendered on or after August 1, 2022.

#### **Vesting**

All participant accounts became fully vested due to the termination of the Plan in 2022.

#### **Payment of Benefits**

Upon termination of service, participants are entitled to receive the vested percentage of their account balance in cash or stock with a "put" option. For accounts paid in cash whose value is \$5,000 or less, benefits are paid in a lump-sum distribution. Benefits on accounts valued at \$5,000 to \$210,000 are paid in the form of equal annual installments over a period of two years. For accounts whose value exceeds \$210,000, the term of the distribution shall increase by one year for each \$210,000 (but not more than five additional years) by which the value exceeds \$1,050,000. If separation from service with the Plan Sponsor is for reasons other than death, disability, or retirement, the payment of benefits is the same as above except benefits on accounts valued at \$5,000 to \$210,000 are paid in the form of equal annual installments over a period of three years.

#### **Voting Rights**

Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account and is notified by the Trustee prior to the time that such rights are to be exercised. The Trustee is not permitted to vote any allocated share for which instructions have not been given by a participant. The Trustee is required, however, to vote any unallocated shares on behalf of the collective best interest of Plan participants and beneficiaries.

#### **Put Option**

Under federal income tax regulations, the Company's stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the fair market value of the stock. The Company can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash in exchange of his/her stock.

### **NOTE 1 - DESCRIPTION OF PLAN - Continued**

#### **Diversification**

Diversification is offered to participants who have attained the age of fifty-five (55) and completed ten (10) years of participation under the Plan. Within 90 days after the close of each Plan year, these qualified participants can move no more than 25 percent (50 percent for the six-year qualified election period) of the value of their investment (as limited by the provisions specified in the Plan document) in Plan Sponsor common stock into other investments.

#### **Forfeited Amounts**

Forfeited amounts are reallocated to the other participants' accounts according to the proportion that each participant's covered compensation for that year bears to the total covered compensation of all participants. For the period ended November 30, 2024, no shares of the Company's stock were reallocated to eligible participants.

#### **Administrative Expenses**

All expenses of maintaining the Plan are paid by the Plan unless paid by the Plan Sponsor.

### **NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

#### **Basis of Accounting**

The financial statements of the Plan have been prepared in accordance with accounting principles generally accepted in the United States of America. Management has evaluated subsequent events through July 28, 2025, the date on which the financial statements were available to be issued.

#### **Income Recognition**

The common shares of the Company are valued at fair value. Dividend income is accrued on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on assets bought and sold as well as held during the year.

#### **Use of Estimates**

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

### **NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued**

#### **Cash and Cash Equivalents**

The Company considers all highly liquid investments with original maturities of three months or less to be cash equivalents.

#### **Distribution of Benefits**

Benefit payments to participants are recorded when paid.

#### **Fair Value**

The established framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. Fair value is the price the Plan would expect to receive to sell an asset or pay to transfer a liability in an orderly transaction with a market participant at the measurement date. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

Notes to Financial Statements

November 30, 2024 and December 31, 2023

### NOTE 3 - PLAN ASSET REDEMPTION

The Plan Sponsor of Kappler, Inc. Employee Stock Ownership Plan approved a plan of liquidation on August 1, 2022, and management determined liquidation is imminent. As a result, the Plan has changed its basis of accounting from the going concern basis used in presenting the 2021 financial statements to the liquidation basis used in presenting the 2022 financial statements. The Company repurchased all of the shares held by the ESOP at fair value. The Trustee was directed to make an advance distribution of 75% of the participant balances. All participants became fully vested in their account balance at the time of the Plan termination. As a result of the redemption of assets, the Company discontinued its contributions to the Plan.

The Plan completed distributions of the remaining Plan assets upon receiving an updated determination letter from the IRS and no assets remained in the Plan as of November 30, 2024.

### NOTE 4 - ADMINISTRATION OF PLAN ASSETS

The Plan's assets are held by the Trustee of the Plan. Company contributions are held and managed by the Trustee, which invests cash, shares received, and interest, and makes distributions to participants. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Administrative expenses for the Trustee's fees, audit fees, and for annual valuation of the Company's common shares are paid by the Plan unless paid by the Company.

### NOTE 5 - FAIR VALUE MEASUREMENTS

Money market funds are valued at amortized cost which approximates fair value.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

<u>Investment level</u>	<u>2024</u>	<u>2023</u>
Level 1 investments		
Cash and cash equivalents - money market	\$ -	\$ 524,432
Level 2 investments	-	-

**NOTE 6 - INCOME TAX STATUS**

The Internal Revenue Service has determined and informed the Trustee, in an opinion letter dated September 27, 2024, that the Plan is qualified under the appropriate sections of the Code.

Tax positions are recognized in the financial statements when it is more likely than not that the position will be sustained upon examination by the tax authorities. The Sponsor has concluded that as of November 30, 2024 and December 31, 2023, the Plan had no significant uncertain tax positions or material amounts of unrecognized tax benefits that qualify for either recognition or disclosure in the financial statements for open tax years based on an assessment of many factors including experience and interpretations of tax laws.

**NOTE 7 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500**
