REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

The Retirement Plan Committee
KQED Inc. Tax Sheltered Annuity Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We have performed audits of the financial statements of KQED Inc. Tax Sheltered Annuity Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter - supplemental schedule required by ERISA

The supplemental schedule of Schedule H, Line 4(i) Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in

accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

KQED Inc. Tax Sheltered Annuity Plan

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

NOTE 1 - DESCRIPTION OF THE PLAN

The following brief description of the KQED Inc. Tax Sheltered Annuity Plan (the Plan) provides only general information. Participants should refer to the Plan document for more complete information.

General

The Plan is a defined contribution plan that is sponsored and administered by KQED Inc. (the Corporation or Employer) to provide benefits to eligible employees, as defined in the Plan document. The Plan is a combination of an annuity contract plan and a custodial account plan. The Plan Administrator believes that the Plan is currently designed and operated in compliance with the applicable requirements of the Internal Revenue Code (the Code) and provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Plan Amendments

The Plan is a defined contribution plan that was established July 1, 1964, restated effective August 1, 2009, and subsequently amended with its last amendment effective August 21, 2023. The latest amendment modified the Plan for the required changes required by the SECURE Act, which includes allowing for birth/adoption distributions, allowing for delayed required minimum distributions until age 73 applying the 10-year rule for beneficiary required minimum distributions, and increase cap on payroll contributions for qualified automatic contribution arrangements.

Eligibility

All regular employees who are scheduled to work a minimum of 20 hours per week are eligible to make pre-tax compensation deferrals to or into the Plan on the first day following the date of employment. To be eligible to participate in the employer matching contributions, a participant must have attained the age of 21 and completed six months of service.

Employees who normally work less than 20 hours per week may be eligible under other service crediting conditions. A year of service is defined as 1,000 hours of service within the Plan year. Employees will become eligible to participate once they have 1,000 hours in a Plan year.

Contributions

Participants may make salary deferral contributions up to the maximum amount allowable under current income tax regulations to the Plan. Participants may rollover amounts representing distributions from other qualified plans. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

The Corporation contributes a matching contribution to the Plan on behalf of each participant who contribute up to 3% of their monthly salary.

Participant Accounts

Each participant's account is credited with the participant's contribution, the participant's qualified rollover contribution, and allocations of the employer contribution, Plan earnings or losses and charged with administrative expense allocations. Allocations are based on participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

KQED Inc. Tax Sheltered Annuity Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2024 and 2023

Vesting

Participants' contributions, including rollover of funds from other qualified retirement plans and earnings thereon are immediately 100% vested. The portion of the participants' accounts attributable to the Corporation's contributions are vested 100% immediately upon participation.

Participant Investment Options

Upon enrollment in the Plan, participants may direct their contributions and the Corporation's contribution to any of the investments permitted under the Plan. Participants may change their investment options at any time throughout the year.

Notes Receivable from Participants

Participant loans are available to active employees. The loan amount available may not be less than \$1,000 and up to the lesser of 50% of a participant's vested account balance or \$50,000 reduced by a participant's loan balance within the preceding 12-month period. General purpose loans may have up to five-year maturities and principal residence loans may have up to 10-year maturities. The loans are secured by the balance in the participant's account. Participants are allowed two outstanding loans at any given time. Principal and interest is paid ratably through payroll deductions. In 2024 and in 2023, the loan interest rates were ranging between 4.25% and 9.50%, maturity dates ranging through 2031 and 2028, respectively. Interest rates are set at the Prime Rate, as stated in the Wall Street Journal, plus 1%.

Payment of Benefits

Benefit payments are made in the form of participant directed lump-sum withdrawals upon severance from employment, retirement, death, or disability, upon attainment of age 59½, or upon hardship, as applicable. Upon termination of service due to death, disability, termination of employment or retirement, a participant may elect to receive a lump-sum amount, installment payments or a combination of both. Benefits may be paid in cash, rolled over to another qualified retirement plan or IRA, or remain in the Plan until the participant chooses to take a distribution. For vested account balances less than \$5,000 and greater than \$1,000, benefits may, at the option of the participant, be paid as a cash distribution, rolled over to another qualified retirement plan or IRA, or if no election is made transferred to an individual IRA. Vested account balances less than \$1,000 will be paid to the individual as a cash distribution.

Hardship distributions to employees are permitted from a participant's elective deferral contribution account balance if certain conditions are met. After withdrawal, participants may not make deferral contributions to the Plan for at least six months after receipt of the hardship distribution.

Withdrawals after age 59½ can be made at any time of an amount that is equal to any whole percentage (not exceeding 100%) of vested account balances attributable to elective deferral contributions and rollover contributions, including earnings. Employer contributions are not available for in-service withdrawals.

The Plan also provides for minimum required distributions per Internal Revenue Service (IRS) regulations by April 1 of the calendar year following the later of the calendar year in which the participant reaches age 73.

Plan Custodian

Effective April 4, 2022, the former custodian and recordkeeper Prudential Bank & Trust, F.S.B (Prudential) was acquired by Empower Annuity Insurance Company of America (Empower). In the acquisition Empower retained Prudential's recordkeeping and custodian services; there has been no change in custodial operations. As of December 31, 2024, all of the Plan's assets are held by the custodian, Empower.

Forfeited Accounts

At December 31, 2024 and 2023, forfeited non-vested accounts totaled \$22,738 and \$2,465, respectively. Forfeitures may be used to reduce the employer contributions or to offset Plan expenses. For the year ended December 31, 2024, there were \$0 of forfeitures used to reduce employer contributions, and \$35,580 used to offset Plan expenses.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (US GAAP).

Investment Valuation and Income Recognition

Investments of the Plan are held by the Custodian and invested based solely upon instructions received from participants. The Plan's investments in registered investment companies (mutual funds) are valued at fair value as of the last day of the Plan year, as measured by quoted market prices. Participant loans are valued at amortized cost, which approximates fair value. Fair value is the price that would be received to sell assets or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments in mutual funds are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is accrued on the ex-dividend date. The market volatility of equity-based investments may substantially impact the value of such investments at any given time.

Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, such management fees and operating expenses are reflected as a reduction of net appreciation in fair value of investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the Plan document.

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Benefits to Participants

Benefits to participants are recorded when paid.

NOTE 3 - INFORMATION CERTIFIED BY EMPOWER (CUSTODIAN)

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Empower Annuity Insurance Company of America, the custodian, has certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate.

- Investments, at fair value and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2024 and 2023.
- Net investment income and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2024.
- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2024.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 4 - FAIR VALUE MEASUREMENTS

Accounting Standards Codification 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1 - Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs that are unobservable inputs for the asset or liability.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2024 and 2023

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Registered investment companies - mutual funds: The Plan's investments in mutual funds are valued at the net asset value of shares held by the Plan at year end based upon quoted market prices and are classified within Level 1 of the fair value hierarchy.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy the Plan's assets at fair value as of December 31, 2024 and 2023:

	December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 104,525,168	\$ -	\$ -	\$ 104,525,168
Investments, at fair value	<u>\$ 104,525,168</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 104,525,168</u>
	December 31, 2023			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 91,966,296	\$ -	\$ -	\$ 91,966,296
Investments, at fair value	<u>\$ 91,966,296</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 91,966,296</u>

Gains and losses (realized and unrealized) included in changes in net assets for the period above are reported in net appreciation in fair value of investments in the statement of changes in net assets available for benefits.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

For the years ended December 31, 2024 and 2023, there were no transfers in or out of Level 1, 2 or 3.

NOTE 5 - ADMINISTRATIVE EXPENSES

Administrative expenses which represent the Custodians' fees are paid by the Plan. However, certain administrative functions are performed by officers or employees of the Corporation. No such officer or employee receives compensation from the Plan.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2024 and 2023

Management fees and operating expenses charged to the Plan for investments in mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of net appreciation in fair value of investments.

NOTE 6 - PARTY-IN-INTEREST

All Plan investments in mutual funds are managed by Empower Annuity Insurance Company of America, as of December 31, 2024 and 2023. Such an arrangement, while considered a party-in-interest transaction under ERISA regulations, is permitted under the provisions of the Plan and is specifically exempt from the prohibition of party-in-interest transactions under ERISA. Notes receivable from participants also qualify as party-in-interest transactions.

NOTE 7 - TAX STATUS

The Plan adopted the Volume Submitter 403(b) Plan (403(b) Plan) as amended, effective July 1, 2020. The 403(b) Plan obtained an advisory letter from the Internal Revenue Service (IRS), dated September 21, 2022, regarding its acceptability under Section 403(b) of the Internal Revenue Code (IRC). The Plan Administrator believes that the Plan and related trust are being operated in compliance with the applicable requirements of the IRC.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that is more likely than not would be sustained upon examination. Management evaluated the Plan's tax positions and concluded that as of December 31, 2024 and 2023, the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 - PLAN TERMINATION

Although the Corporation has not expressed any intent to do so, the Corporation has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. All participants are currently 100% vested in their entire account.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan provides various investment options in any combination of the mutual funds offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuations and credit risks. Due to the nature of risks associated with investment securities, it is at least reasonably possible that changes in the level of risk in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

NOTE 10 - SUBSEQUENT EVENTS

The Plan evaluated its financial statements for subsequent events through July 30, 2025, the date the financial statements were available to be issued. The Plan is not aware of any subsequent events which would require recognition or disclosure in the financial statements.
