INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees of the
United Food and Commercial Workers' Union
Local 1459 Education, Safety and Industry Trust Plan

Opinion

We have audited the financial statements of the United Food and Commercial Workers' Union Local 1459 Education, Safety and Industry Trust Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of October 31, 2024 and 2023 and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of October 31, 2024 and 2023, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Report on Supplemental Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets Held at End of Year, referred to as “supplemental information,” is presented for the purpose of additional analysis and is not a required part of the financial statements. The supplemental Schedule of Assets Held at End of Year represents supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, as amended. Supplemental information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America.

In forming our opinion on the supplemental information, we evaluated whether the supplemental information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS

OCTOBER 31, 2024 AND 2023

NOTE 1. DESCRIPTION OF THE PLAN

The following description of the United Food and Commercial Workers’ Union Local 1459 Education, Safety and Industry Trust Plan (the Plan) is provided for general information only. Participants should refer to the Plan Trust Agreement and benefit Plan booklet for more complete information.

General - The Plan was established in June 2011 as part of the collective bargaining agreements between the United Food and Commercial Workers Local 1459 (the Union) and the participating employers. The Plan is jointly administered, collectively bargained, noncontributory plan for benefit of eligible employees. The purpose of the Plan is to improve communications among workers and their employers, improve labor-management relationships, improve job security and improve organizational effectiveness with the respective industries represented by the Union. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - Contributions are made in amounts set forth in each employer’s collective bargaining agreement. Contributions are accounted for as exchange transactions. No contributions were required to be made in 2024 and 2023.

Benefits Programs - The benefit programs of the Plan include programs as determined by the Board of Trustees to promote the purpose for the community at large, as contemplated for a Labor Management-Cooperation Act of 1978, Act of 1978, 29 U.S.C. Section 175a, and Section 302(a)(9) of the National Labor Relations Act, 29 U.S.C. Section 186 (c)(9). Benefit programs provided by the Plan include the publication of a quarterly newsletter, scholarships, annual educational seminar for Union stewards and market share defense campaigns.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The accompanying financial statements are prepared using the accrual basis of accounting.

Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Cash - The Plan maintains its cash on deposit with one bank. The Federal Deposit Insurance Corporation (FDIC) insures cash balance up to \$250,000 per depositor, per bank. Amounts in excess of the FDIC limits are uninsured. As of October 31, 2024 the Plan did not hold cash with one bank in excess of \$250,000.

Investments Valuation and Income Recognition - The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Investments consist of a business money market account.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investment bought and sold as well as held during the year.

See Note 3 for a discussion of fair value measurements.

NOTE 3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Basis of Fair Value Measurement:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE 3. FAIR VALUE MEASUREMENTS (continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets and liabilities measured at fair value, as well as the general classification of such assets and liabilities pursuant to the valuation hierarchy. There have been no changes in the methodologies used at October 31, 2024 and 2023:

Business Money Market Account: Fair value is estimated to approximate the cost basis of the money market account balance, based upon the liquidity of the account and the credit quality of the issuer.

Because of the inherent uncertainty of the valuations of the investments noted above, the estimated values may differ significantly from the values that would have been used had a ready market for these investments existed, and the difference could be material.

The following table presents assets and liabilities measured at fair value on a recurring basis at October 31, 2024:

	Fair Value Measurements at October 31, 2024			
	Total	Level 1	Level 2	Level 3
Money market account	\$ 130,540	\$ 130,540	\$ -	\$ -

The following table presents assets and liabilities measured at fair value on a recurring basis at October 31, 2023:

	Fair Value Measurements at October 31, 2023			
	Total	Level 1	Level 2	Level 3
Money market account	\$ 166,077	\$ 166,077	\$ -	\$ -

NOTE 4. TAX STATUS

The Plan obtained its latest determination letter dated February 19, 2002, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code, and was, therefore, exempt from Federal income taxes under Section 501(c)(9). The Plan has been amended since receiving the determination letter. The Plan's Trustees and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

NOTE 4. TAX STATUS (continued)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the U.S. Federal, state, or local taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Typically, plan tax years will remain open for three years; however, this may differ depending upon the circumstances of the Plan.

NOTE 5. RELATED PARTY

On March 14, 2024, the Local 1459 Education Fund paid the premium for fiduciary liability insurance on behalf of the Local 1459 Legal Fund due to a clerical error. This resulted in the Local 1459 Education Fund having a Due from Legal Fund receivable on the Financial Statements of \$2,998 as of October 31, 2024.

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the contributing employers, and certain others. The Plan pays fees for professional services and certain office and administrator expenses, which qualify as party-in-interest transactions.

NOTE 6. PLAN TERMINATION

Although they have not expressed any intent to do so, the Trustees of the Plan have the right to terminate, suspend, withdraw, amend or modify the Plan in whole or in part, at any time.

In the event the Plan is terminated, the Trustees shall determine the disposition of the assets, provided that any distribution be made solely for the benefit of the former participants and for the purposes set forth in the Trust Agreement, in accordance with the Employee Retirement Income Security Act of 1974 (ERISA).

NOTE 7. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through July 17, 2025, the date the financial statements were available to be issued, and they have been evaluated in accordance with relevant accounting standards.
