## INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator  
Global Overview 401(k) Plan  
Minnetonka, Minnesota

### **Scope and Nature of the ERISA Section 103(a)(3)(C) Audit**

We have performed audits of the accompanying financial statements of the Global Overview 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023 and the related statement of changes in net assets available for benefits for the year then ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Global Overview 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

(Continued)

## **Opinion**

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Global Overview 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Global Overview 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Global Overview 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Global Overview 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

## Supplementary Schedule Required by ERISA

The supplementary schedule of assets (held at end of year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplementary schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplementary schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplementary schedule, we evaluated whether the supplementary schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplementary schedule, other than the information in the supplementary schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplementary schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

# GLOBAL OVERVIEW 401(K) PLAN

## NOTES TO THE FINANCIAL STATEMENTS

As of December 31, 2024 and 2023 and  
For the Year Ended December 31, 2024

### 1. DESCRIPTION OF THE PLAN

The following description of the Global Overview 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan adoption agreement for a more complete description of the Plan's provisions.

**General** - The Plan was adopted effective February 1, 2021. The Plan is a single-employer, defined contribution, safe harbor 401(k) plan covering substantially all full-time employees of Global Overview, LLC, (the Employer) that are age twenty-one or older. An employee enters the Plan the first day of the month following the date the eligibility requirements are met. The Plan excludes part-time, temporary or seasonal employees whose regularly scheduled service is less than 1,000 hours annually.

Global Overview, LLC is the Plan Sponsor and Plan Administrator. Hand Benefits & Trust Company is the Plan's trustee. Benefit Plans Administrative Services, Inc. (BPAS) provides recordkeeping services for the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Investments held with Hand Benefits & Trust Company are invested in mutual funds and a common/collective trust fund.

**Contributions** - Participants are allowed to make elective pre-tax and Roth deferral contributions of up to 100% of eligible wages, subject to Internal Revenue Code limitations. The Plan allows participants age 50 and older to make catch up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollover contributions).

# GLOBAL OVERVIEW 401(K) PLAN

## NOTES TO THE FINANCIAL STATEMENTS

As of December 31, 2024 and 2023 and  
For the Year Ended December 31, 2024

### 1. DESCRIPTION OF THE PLAN (Continued)

The Employer makes safe harbor matching contributions to the Plan equal to 3% of the participant's eligible compensation. A participant must complete 3 months of service during the Plan year in order to be eligible for the safe harbor matching contribution. The Plan allows for additional qualified non-elective contributions in amounts determined at the sole discretion of the Employer. A participant must complete 1,000 hours of service during the Plan year and be employed on the last day of the Plan year in order to be eligible for the qualified non-elective contribution, unless the participant terminates employment because of death, disability, or attainment of early or normal retirement age (65). Any participant who has attained age 59 1/2 and is 100% vested will share in contributions regardless of hours or employment status. There were no additional qualified non-elective contributions made to the Plan for the year ended December 31, 2024.

**Participant Accounts** - Each participant's account is credited with the participant's contributions and allocations of (a) the Employer's safe harbor matching contributions plus the Employer's additional qualified non-elective contributions, if any, and (b) Plan earnings and increases or decreases in the value of investments, net of expenses. Allocations are based on account balances, participant earnings, or specific participant transactions as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**Vesting** - The participant's elective deferral and the Employer's safe harbor matching contributions and earnings thereon are always 100% vested. For the Employer's additional qualified non-elective contributions and earnings thereon, vesting is based on years of service. A participant is 100% vested after actual time rules have been met for six years of service. An employee must be age 18 or older and annually complete at least 1,000 hours of service during a Plan year to receive credit for a year of service. A participant reaches early retirement age upon the later of attaining age 59 1/2 or the date the participant reaches the fifth anniversary of the first day of the Plan year in which the participant commenced participation in the Plan. A participant becomes fully vested upon reaching the early retirement age. Notwithstanding the above, a participant's account will be fully vested upon death, disability, or reaching age 65.

**Payment of Benefits** - If a participant's employment is terminated and the participant's account value is less than \$5,000, the balance is automatically distributed in a single lump sum payment. If the participant's account value exceeds \$5,000, the Plan allows for single lump-sum payment, installment payments, and partial withdrawals. The Plan also allows for in-service withdrawals and hardship withdrawals subject to Plan provisions.

# GLOBAL OVERVIEW 401(K) PLAN

## NOTES TO THE FINANCIAL STATEMENTS

As of December 31, 2024 and 2023 and  
For the Year Ended December 31, 2024

### 1. DESCRIPTION OF THE PLAN (Continued)

**Notes Receivable from Participants** - Participants may borrow from their Plan accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at fixed rates of prime plus 2% determined at note inception. The interest rates on notes outstanding at December 31, 2024, were 6.00% to 10.50%. Principal and interest are paid ratably through payroll deductions.

**Forfeitures** - Forfeitures are first used to pay administrative expenses of the Plan. Any remaining amounts may be used to reduce future employer contributions payable under the Plan. There were no forfeitures at December 31, 2024 and 2023. In 2024, no administrative expenses or employer contributions were paid out of forfeitures.

**Investment Options** - Participants are allowed to direct the investment of their contributions among the various investment options offered by the Plan. Employer contributions are allocated on the same basis as participant contributions.

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

**Basis of Accounting** - The accompanying financial statements have been prepared on the accrual basis of accounting.

**Estimates** - The preparation of any financial statements in accordance with U.S. generally accepted accounting principles may require management to make estimates that affect amounts reported and disclosed in the financial statements. Actual results could differ from such estimates.

### NOTES TO THE FINANCIAL STATEMENTS

As of December 31, 2024 and 2023 and  
For the Year Ended December 31, 2024

#### 2. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**Valuation of Investments and Income Recognition** - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when earned and dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

**Notes Receivable from Participants** - Notes receivable from participants are stated at their unpaid principal balance plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

**Payment of Benefits** - Benefits are recorded when paid.

**Administrative Expenses** - The Employer pays certain administrative expenses on behalf of the Plan. Expenses that are paid from Plan assets are reflected in the statement of changes in net assets available for benefits. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Brokerage fees related to the participant-directed brokerage accounts are charged directly to the participant's account and are included in administrative expenses.

#### 3. INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE

The following information included in the accompanying financial statements was obtained from data that was prepared and certified as to complete and accurate by Hand Benefits & Trust Company, the trustee.

	2024	2023
Mutual funds	\$ 5,399,570	\$ 3,915,492
Common/collective trust fund	34,121	36,299
Self-directed brokerage account	26,864	-
Notes receivable from participants	37,022	40,784
Net investment income	696,449	
Interest on notes receivable from participants	2,021	

In addition, Hand Benefits & Trust Company, the trustee has certified the data used to derive the information included in the supplementary schedule of assets (held at end of year) as of December 31, 2024, to be complete and accurate.

#### 4. INCOME TAX STATUS

The prototype adopted by the Plan obtained its latest opinion letter on June 30, 2020, in which the Internal Revenue Service stated that the prototype, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has not received a determination letter specific to the Plan itself. The Plan has been amended since receiving the opinion letter; however, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. generally accepted accounting principles require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023 there are no uncertain positions taken or expected.

### 5. FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority; Level 2 inputs consist of quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived principally from, or corroborated by, observable market data by correlation or other means; and Level 3 inputs to the valuation methodology are unobservable and significant to the fair value measurement and have the lowest priority.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the methodologies used to measure the fair value of the Plan's investments. There have been no changes in the methodologies used at December 31, 2024 and 2023.

**Mutual funds:** Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

**Common/collective trust fund:** The collective trust fund consists of the MetLife Stable Value Fund for which Reliance Trust Company serves as trustee and investment manager. The Fund invests entirely in the MetLife Group Annuity Contract 25053 which consists of separately managed investment portfolios. The Fund is valued at the net asset value of units of the collective trust. Plan management believes using net asset value as a practical expedient to estimate fair value is appropriate for investments in common/collective trust funds. This practical expedient would not be used if it is determined to be probable that the Plan will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. Withdrawals prompted by certain events (e.g. layoffs, early retirement windows, plan terminations, changes in laws or regulations) may be paid at the market value of the Fund's separate accounts, which may be less than the unit value. The Plan has no unfunded commitments relating to the common/collective trust fund at December 31, 2024.

#### 5. FAIR VALUE MEASUREMENTS (Continued)

The primary investment objective of the MetLife Stable Value Fund is to preserve principal while generating earnings at rates competitive over time with short-term high quality fixed income investments, while maintaining sufficient liquidity to provide participant directed withdrawals at their proportionate share of contract value.

**Self-directed brokerage account:** This account consists of a money market mutual fund and interest-bearing cash. The money market mutual fund is valued at the closing price reported on the active market on which the individual fund is traded. Interest-bearing cash amounts are considered cash equivalents and are valued at face value, which approximates fair value due to the liquid and short-term nature of the deposits. Because these balances are redeemable on demand and observable market inputs are available, they are classified as Level 1 within the fair value hierarchy.

The following tables set forth by level within the fair value hierarchy the Plan's investments at fair value as of December 31, 2024 and 2023:

	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
<b>December 31, 2024:</b>				
Mutual funds	\$ 5,399,570	\$ -	\$ -	\$ 5,399,570

Investments, at fair value				<u>\$ 3,951,791</u>

The common/collective trust fund investments that were measured at net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

#### 6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested in their employer contributions and all of the assets will be distributed to the participants based upon the balances in their respective accounts.
