Report of Independent Auditors

The Plan Administrator of
Agilent Technologies, Inc. Deferred Profit-Sharing Plan

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Agilent Technologies, Inc. Deferred Profit-Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of October 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended October 31, 2024, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of Agilent Technologies, Inc. Deferred Profit-Sharing Plan as of October 31, 2024 and 2023, and the changes in its net assets available for benefits for the year ended October 31, 2024, in accordance with accounting principles generally accepted in the United States of America (GAAP).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Agilent Technologies, Inc. Deferred Profit-Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Agilent Technologies, Inc. Deferred Profit-Sharing Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Agilent Technologies, Inc. Deferred Profit-Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Agilent Technologies, Inc. Deferred Profit-Sharing Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of October 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Agilent Technologies, Inc. Deferred Profit-Sharing Plan

Notes to Financial Statements

NOTE 1 – DESCRIPTION OF PLAN

Establishment of the Plan – On March 2, 1999, Hewlett-Packard Company (HP) announced its intention to launch a new company, subsequently named Agilent Technologies, Inc. (Agilent or the Company), through a distribution of Agilent's common stock to the stockholders of HP in the form of a tax-free spin-off. On June 2, 2000, HP distributed its remaining interest in Agilent to its stockholders of record on May 2, 2000.

Agilent's eligible participants, who were participants in the Hewlett-Packard Company Deferred Profit-Sharing Plan (the HP DPS Plan), continued to participate in the HP DPS Plan through April 30, 2000. Effective May 1, 2000, Agilent's eligible participants began participating in the Agilent Technologies, Inc. Deferred Profit-Sharing Plan (the Plan). The assets of those Agilent participants with account balances in the HP DPS Plan were substantially transferred from the HP DPS Plan to the Plan, effective May 1, 2000, in accordance with an Employee Matters Agreement dated August 12, 1999, with a final, minor amount being transferred in fiscal year 2001. No new participants were permitted in the Plan after this transfer.

Organization and Plan benefits – The Plan is a frozen defined contribution profit-sharing plan that provides lump sum or annuity benefits after an eligible participant's termination, retirement, or death. The Plan is closed to new participants, existing participants are 100% vested, and there are no anticipated future contributions. Participants should refer to the Plan document for a more complete description of the Plan's provisions. Also, see Note 3 for a description of the coordination of benefits paid by the Plan and benefits earned by eligible participants in the Agilent Technologies, Inc. Retirement Plan (the Agilent Retirement Plan).

The Plan is administered by Fidelity Workplace Services, LLC (Fidelity). Bank of New York Mellon, N.A. (Mellon) is the trustee and custodian of the Plan's assets, which were entirely included in a Group Trust prior to November 1, 2003. Effective November 1, 2003, the majority of the assets in the Group Trust were moved to a Master Trust, which includes only the assets of the Plan and the Agilent Retirement Plan. See Note 5 for additional information about the Group Trust and the Master Trust. The Plan is currently designed to be qualified under the applicable requirements of the Internal Revenue Code (the Code) and the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Vesting – All participant interests in the Plan are 100% vested and non-forfeitable in the Plan.

Participants' interest – Earnings from the Plan's assets are allocated monthly among the participants based on each individual participant's interest in the Plan as of the previous fiscal year end relative to the aggregate of all participants' interests as of the previous fiscal year end, excluding any participant accounts which have been distributed.

Plan termination – The Plan is frozen to new participants as described above. Benefits for existing participants will continue to be distributed after the participants' termination, retirement, death, or permanent disability. A trustee will continue in its capacity until all of the Plan's net assets available for benefits have been distributed to participants.

Notes to Financial Statements

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting – The financial statements of the Plan have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP), using the accrual method of accounting.

Use of estimates – The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment valuation – The Plan's investments, including the Plan's interests in the net assets of the Master Trust and the Group Trust, are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements.

Investment transactions and income recognition – The Plan's interest in the investment income, including net realized and unrealized gains/losses of the Master Trust, is reported as one amount under "Beneficial interest in net investment gain of the Master Trust" on the statement of changes in net assets available for benefits. The Plan's interest in the earnings of the Group Trust is reported primarily on the statement of changes in net assets available for benefits under "Net investment gain from investments in the Group Trust." Purchases and sales of securities are reflected on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date.

Cash and investments denominated in foreign currencies held in the Master Trust are translated into U.S. dollars at current exchange rates. Dividend and interest income and realized and unrealized gains and losses from such cash and investments are translated using historical exchange rates at the settlement date. Realized and unrealized exchange gains and losses on foreign denominated cash and investments are included in beneficial interest in net investment gain of the Master Trust.

Payment of benefits – Benefit payments to participants are recorded upon distribution.

Expenses of the Plan – The Plan provides that administrative expenses of the Plan can be paid out of Plan assets. Substantially all expenses incurred for administering the Plan are paid by the Plan.

Risks and uncertainties – The Master Trust and the Group Trust provide for investments in various investment securities which, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investment securities will occur in the near term and those changes could materially affect the amounts reported in the statement of net assets available for benefits.

Subsequent events – The Plan has evaluated subsequent events through August 11, 2025, which is the date the financial statements were available to be issued.

Reclassification – Certain amounts from the prior year summary of net assets held in the Master Trust have been reclassified in order to conform to the current year presentation.

Notes to Financial Statements

NOTE 3 – COORDINATION OF PLANS

For employees of Agilent who were participants in the Hewlett-Packard Company Retirement Plan (the HP Retirement Plan) as of October 31, 1993, the Plan functions in combination with the Agilent Retirement Plan for credited service at HP before November 1, 1993. Participants with total minimum retirement benefits under the Agilent Retirement Plan that exceed the value of their benefits under the Plan are paid that excess from the assets of the Agilent Retirement Plan. If a participant elects the total minimum benefit in the form of an annuity, the participant's vested interest in the Plan is transferred to the Agilent Retirement Plan for the purpose of paying the annuity benefits under the Agilent Retirement Plan's provisions.

NOTE 4 – TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated June 17, 2014, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan fulfills the requirements of a tax-exempt plan and that the Group Trust and the Master Trust established to hold the assets of the Plan are not subject to tax. Accordingly, no provision for federal or state income taxes has been provided in the financial statements.

In accordance with guidance on accounting for uncertainty in income taxes, the Plan administrator has evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 5 – INTEREST IN MASTER TRUST AND GROUP TRUST

Prior to November 1, 2003, the Plan's assets were held with those of the Agilent Retirement Plan, the HP DPS Plan, and the HP Retirement Plan under a group trust agreement in accordance with IRS Ruling 81-100. Effective November 1, 2000, this group trust agreement was amended and renamed the Group Trust Agreement pursuant to the Hewlett-Packard Company Master Trust and the Agilent Technologies, Inc. Master Trust (the Group Trust).

The Agilent Technologies, Inc. Master Trust (the Master Trust) was established November 1, 2003, to hold substantially all of the Plan's assets with those of the Agilent Retirement Plan. In November 2003, the majority of the Plan's and the Agilent Retirement Plan's net assets were transferred from the Group Trust into the Master Trust. The remaining net assets of the Plan in the Group Trust consist of a limited partnership and venture capital investment portfolio and its related cash and short-term investments. These assets will remain in the Group Trust until the limited partnership and venture capital portfolio can be fully liquidated.

The Group Trust may qualify as a 103-12 investment entity under Department of Labor (DOL) Regulation Section 29 CFR 2520.103-12. This investment entity is permitted, but not required, to file a Form 5500 with the DOL as a Direct Filing Entity (DFE). The Group Trust has elected not to file a Form 5500 as a DFE. As a result, each of the participating plans will report its allocable share of the investments and related activities of the Group Trust based on its ownership percentage.

Agilent Technologies, Inc. Deferred Profit-Sharing Plan Notes to Financial Statements

The Group Trust receives an allocation of income (loss) and distributions based on the Group Trust's ownership in the limited partnership or venture capital fund. Each participating plan has an undivided interest in the Group Trust. At October 31, 2024 and 2023, the Plan's interest in the net assets of the Group Trust was approximately \$1,686,000 (51%) and 1,812,000 (51%), respectively.

The Master Trust was established to achieve certain economies in the management of investments and to maximize the return on investments of participating plans. Each participating plan has a proportional interest in the Master Trust, as more fully described below. Assets of the Master Trust are invested by investment managers in accordance with guidelines established by the Audit and Finance Committee of the Board of Directors of Agilent.

Within the Master Trust, investments were segregated into investment funds based on the ownership and investment objectives of each participating plan, in part to facilitate investment rebalancing.

The Plan's allocated interest in the net assets of the Master Trust at October 31, 2024 and 2023, was approximately \$72,400,000 (13%) and \$79,383,000 (15%), respectively.

The following table presents a summary of the net assets held in the Master Trust at October 31 (in thousands):

NOTE 6 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Agilent Technologies, Inc. Deferred Profit-Sharing Plan Notes to Financial Statements

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques used for Master Trust and Group Trust assets measured at fair value. There have been no changes in the techniques used at October 31, 2024 and 2023.

Registered investment companies (mutual funds and money market fund) – Valued at the daily closing price as reported by the fund. These funds are required to publish its daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission.

Common and preferred stocks – Valued at the closing price reported on the active market on which the individual securities are traded.

Collective trusts – Units held in the collective trusts (CTs) are valued using the NAV practical expedient of the CTs as reported by the CT managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the CTs, minus its liabilities, and then divided by the number of units outstanding. This NAV practical expedient would not be used if it is determined to be probable that the Plan will sell the investment for an amount different from the reported net asset value. The NAV of CTs is calculated based on a compilation of primarily observable market information. There are no redemption restrictions on the Plan's investments in CTs.

Limited partnerships – Valued using the market approach at the NAV practical expedient. NAV practical expedient is used to estimate fair value and which represents the Group Trust's proportionate share of the estimated fair value of the underlying net assets of the limited partnerships. The fair values of the partnerships' underlying assets are determined by each general partner on a monthly, quarterly, or semiannual basis. Values are adjusted for actual contributions and distributions as they occur. Distributions are subject to certain restrictions as described in the partnership agreements.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Notes to Financial Statements

NOTE 7 – FINANCIAL INSTRUMENTS WITH OFF-BALANCE SHEET RISK

In the normal course of operations, assets in the Master Trust are invested in financial instruments that may give rise to off-balance sheet risk. These instruments involve, in varying degrees, elements of credit and market risk in excess of the amounts recognized on the statements of net assets available for benefits. The notional value provides a measure of the Master Trust's involvement in such instruments but is not indicative of potential loss. The intent is to use these financial instruments to reduce, rather than increase, market risk.

NOTE 8 – CAPITAL COMMITMENTS

The Group Trust has entered into various limited partnership agreements, which subject the Group Trust to future capital calls. These capital calls may be made by the general partner at any time. At October 31, 2024, the Group Trust had unfunded capital commitments of approximately \$1,443,000. The Plan's allocable share of these commitments at October 31, 2024, was approximately \$315,000. Capital calls will be funded by liquidating other assets owned by the Plan.

NOTE 9 – PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments held in the Master Trust are managed by the custodian of the Plan. Any purchases and sales of these funds are performed in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

NOTE 10 – RECONCILIATION TO FORM 5500

The Form 5500 has certain items that differ from amounts shown on the accompanying financial statements. These differences relate to classification only and have no effect upon net assets available for benefits for either period.
