Report of Independent Auditors

The Northwestern Memorial HealthCare Retirement Committee

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Northwestern Memorial Employee 401(k) Pre-Tax Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes (collectively referred to as the “financial statements”).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor’s Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023 (referred to as the "supplemental schedule"), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in

accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Northwestern Memorial Employee 401(k) Pre-Tax Savings Plan

Notes to Financial Statements

December 31, 2023

1. Description of the Plan

The Northwestern Memorial Employee 401(k) Pre-Tax Savings Plan (the Plan), established September 1, 2000, is a defined contribution plan covering eligible employees, age 18 or older, of Northwestern Memorial HealthCare (NMHC) and participating related employers (collectively, the Employer). Employees are eligible to participate upon their hire date. Eligible employees are enrolled automatically in the Plan unless they affirmatively decline to participate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Effective January 1, 2021, NMHC acquired Palos Community Hospital and affiliates. As a result of the acquisition, the former employees of Palos Community Hospital and affiliates became eligible to participate in the Plan effective September 1, 2021. Effective September 1, 2021, the Palos Health 401(a) Plan merged into the Plan.

The following is a general description of the Plan. Participants should refer to the plan document and summary plan description for a more complete description of the Plan's provisions.

Contributions

Participants may make pre-tax or Roth contributions, as defined by the Plan, not to exceed the maximum limit imposed by the Internal Revenue Service (IRS). If automatically enrolled, a participant's deferral is set at 3% of eligible compensation until changed by the participant. Additionally, those automatically enrolled at 3% will have their deferral increased by 1% annually until a 6% deferral is reached. Participants who are age 50 or over during the plan year are allowed to make catch-up contributions per the IRS Age 50 Catch-Up Limit. These catch-up contributions are eligible for employer matching contributions. Participants may also contribute amounts representing distributions (rollovers) from other qualified defined benefit or defined contribution plans.

The Employer matches 100% of the participant's contribution, up to 6% of a participant's compensation, every pay period.

Participants direct the investment of their contributions into various investment options offered by the Plan, including a self-directed brokerage feature. Employer contributions are invested in the same manner as that of the participants' contributions. All contributions are subject to certain limitations of the Internal Revenue Code (the Code).

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Participant Accounts

Each participant's account is credited with the participant's contributions, the Employer's contributions, and an allocation of the Plan's earnings or losses. Plan earnings are allocated based on the participant's share of net earnings or losses of their respective elected investment options. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Employer's contributions is based on years of continuous service. A participant is 100% vested in matching contributions after one year of credited service and nonelective contributions after three years of credited service. Other vesting schedules apply to certain employer contributions transferred in from other plans. Regardless of these vesting schedules, a participant employed by the Employer will become 100% vested in the event of death, disability, or if the participant reaches normal retirement age.

Participant Loans

Participants may borrow from their accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from 1 to 5 years or up to 15 years for the purchase of a primary residence. The \$50,000 limit is reduced by the participant's highest outstanding loan balance during the preceding 12-month period. A participant may not have more than one loan outstanding at any point in time. Loans bear interest at a rate commensurate with local prevailing rates at the date of issuance as determined quarterly by the plan administrator. Loans outstanding at December 31, 2023, bear interest at annual rates that range from 4.25% to 9.50%. Principal and interest are paid ratably through biweekly payroll deductions or automated clearinghouse payments. Upon the participant's default, death, or disability, the entire outstanding principal and accrued interest will be immediately due and payable. If participants terminate employment with the Employer, they may continue to make loan payments through an automatic deduction from their checking account or a pre-authorized check agreement. If a loan is not repaid after three months, it will automatically be treated as a distribution to the participant.

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Payment of Benefits

In the event of death, disability, attainment of age 59 1/2, or termination of service for other reasons, participants may receive distributions of their accounts. Distributions of vested balances are made in cash, generally in the form of a single lump-sum distribution. A portion of a participant's contributions may be withdrawn for financial hardship, as defined in the Plan.

Forfeited Accounts

Forfeited balances of terminated participants' non-vested accounts are used to reduce the Employer's future contributions or to pay eligible plan administrative expenses. Unallocated forfeited balances as of December 31, 2023 and 2022, were \$267,824 and \$382,924, respectively. During 2023, forfeitures of \$1,471,635 were used to reduce employer contributions and forfeitures of \$1,201 were used to pay administrative expenses. During 2022, forfeitures of \$891,238 were used to reduce employer contributions and forfeitures of \$109,614 were used to pay administrative expenses.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles (GAAP) requires the plan administrator to make estimates that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

Northwestern Memorial Employee 401(k) Pre-Tax Savings Plan

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Contributions

Contributions from the participants of the Plan and the matching contributions from the Employer are recorded in the year in which the employee contributions are withheld from compensation.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable From Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 or 2022. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 3 for further discussion and disclosures related to fair value measurements.

Northwestern Memorial Employee 401(k) Pre-Tax Savings Plan

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses

The Employer pays substantially all administrative expenses of the Plan. Loan fees are assessed to and paid by participants who take out a loan. Investment management fees and certain other fees are charged to the Plan.

3. Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below.

Level 1 – Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

Level 2 – Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability.

Level 2 inputs include the following:

- Quoted prices for similar assets and liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in markets that are not active
- Observable inputs other than quoted prices that are used in the valuation of the asset or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals)
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

Northwestern Memorial Employee 401(k) Pre-Tax Savings Plan

Notes to Financial Statements (continued)

3. Fair Value Measurements (continued)

Level 3 – Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management’s own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

Following is a description of the valuation techniques and inputs used for each general type of investment measured at fair value by the Plan.

Mutual funds: Shares of mutual funds are valued at quoted market prices.

Common/collective trust funds: Valued at the net asset value provided by the administrator of the fund.

Self-directed brokerage accounts: Accounts primarily consist of mutual funds and common stock. Mutual funds are valued at quoted market prices. Common stock is valued at the closing price reported in the active market in which the individual securities are traded.

The following tables present the financial instruments measured at fair value on a recurring basis:

	December 31, 2023			
	Level 1	Level 2	Level 3	Total

4. Investments

Certain investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants at December 31, 2023 and 2022, and interest and dividends, net appreciation (depreciation) in fair value of investments, and interest income on notes receivable from participants for the years then ended, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company (Fidelity), the trustee and recordkeeper for the Plan.

5. Plan Termination

Although it has not expressed any intent to do so, the plan administrator has the right under the Plan to discontinue its contributions and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, participants will become 100% vested in their accounts.

6. Tax Status

The underlying pre-approved plan has received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the written form of the underlying pre-approved document is qualified under Section 401 of the Code. Any employer adopting this form of the plan will be considered to have a plan qualified under Section 401 of the Code, and, therefore, the related trust is tax-exempt. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Notes to Financial Statements (continued)

7. Related-Party and Party-in-Interest Transactions

Certain of the Plan's investments are shares of mutual funds managed by Fidelity, the trustee and recordkeeper of the Plan. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transaction rules under ERISA.

8. Subsequent Events

Management evaluated subsequent events for the Plan through June 7, 2024, the date the financial statements were available to be issued.

During this period, there were no subsequent events requiring recognition in the financial statements and no unrecognized subsequent events requiring disclosure.
