INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of the John Deere Tax Deferred Savings Plan for Wage Employees:

Opinion

We have audited the financial statements of the John Deere Tax Deferred Savings Plan for Wage Employees (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of October 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended October 31, 2024, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of October 31, 2024 and 2023, and the changes in its net assets available for benefits for the year ended October 31, 2024, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of October 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

JOHN DEERE TAX DEFERRED SAVINGS PLAN FOR WAGE EMPLOYEES

NOTES TO FINANCIAL STATEMENTS AS OF OCTOBER 31, 2024 AND 2023 AND FOR THE YEAR ENDED OCTOBER 31, 2024

1. DESCRIPTION OF PLAN

The following is a general description of the John Deere Tax Deferred Savings Plan for Wage Employees (the “Plan”). This description applies to each of the years for which financial statements are presented and provides only general information. For a more complete description of the Plan’s provisions, participants should refer to the Plan document.

Deere & Company (the “Company”) maintains two defined contribution plans in the U.S. for the benefit of its employees. The investment assets of these plans are commingled and held in the John Deere Savings Plans Master Trust (the “Master Trust”). These plans are the John Deere Savings and Investment Plan and the John Deere Tax Deferred Savings Plan for Wage Employees. Each of the participating plans has an interest in the net assets of the Master Trust and changes therein.

Presentation of Amounts

All amounts are presented in thousands of dollars, unless otherwise specified.

General

The Plan was established September 1, 1987 by the Company for certain eligible employees of the Company and its subsidiaries. The purpose of the Plan is to provide employees with a tax advantaged method of savings and investment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Deere & Company 401(k) Benefits Committee is the administrator of the Plan (“Administrator”). Fidelity Management Trust Company, Boston, Massachusetts, is the Plan trustee (“Trustee”), and Fidelity Investments Institutional Operations Company, Inc., an affiliate of the Trustee, is the recordkeeper (collectively, “Fidelity”).

Eligibility

Employees are eligible to participate in the Plan immediately upon hire if they are hourly employees on the U.S. payroll of the Company or its participating subsidiaries. Certain non-bargained hourly employees on the U.S. payroll are participants in the John Deere Savings and Investment Plan.

Contributions

An eligible employee may elect to become a participant in the Plan by contacting Fidelity to authorize the Company to withhold contributions from his or her compensation during the period of participation. Participant contributions and investment elections are processed through Fidelity using a voice-response system, online through NetBenefits, or through a Fidelity representative. Participant contributions can range from one percent to 75 percent of compensation, as elected by the participant, as limited by the Internal Revenue Code (“IRC”). Participants may amend or revoke their elections as of the next occurring payroll period. The Plan accepts Roth elective contributions, as well as Roth catch-up contributions, made on behalf of eligible participants, which are allocated to a separate account source. Participants can rollover balances from conduit individual retirement accounts and qualified plans of former employers. All contributions are considered tax deferred under section 401(a) of the IRC, with the exception of Roth elective deferrals, which are made on an after-tax basis.

The Plan provides for automatic enrollment and annual increase programs as follows:

- International Union, United Automobile, Aerospace and Agricultural Implement Works of America collective bargaining agreement (UAW) – employees hired on or after October 1, 1997 not contributing at least six percent as of January 1, 2022 and new hires and rehires on or after January 1, 2022 are enrolled at six percent. This group of employees are also enrolled in the annual increase program where the employee's deferral percentage is increased by one percent every January 1 until their deferral percentage reaches 12 percent or the employee opts out.
- John Deere Horicon Works (Horicon) – new hires or rehires are enrolled at two percent and deferral rates automatically increase by one percent every January 1 until changed by the employee.
- John Deere Commercial Products (Commercial Products) – new hires are enrolled at six percent and deferral rates are automatically increased by one percent every January 1 until changed by the employee.

The Company provides matching contributions to employees as follows:

- UAW
 - Traditional PLUS – employees hired on or after October 1, 1997 that did not elect the Choice PLUS option receive a match of 60 percent on their contributions up to six percent of eligible compensation.
 - Choice PLUS – employees hired on or after November 1, 2021 that elected this option or failed to make an election within 30 days of hire, rehire, or transfer and employees that were hired on or after October 1, 1997 that elected participation in this option are provided with a noncontributory employer contribution of five percent that is fully vested and non-forfeitable and a match of 100 percent on their contributions up to six percent of eligible compensation. The matching contributions are determined each calendar year based on the prior fiscal year's profit-sharing performance metric.
- Horicon
 - Pre-1998 – employees hired prior to October 1, 1998 receive a match of 60 percent of their contributions up to six percent of eligible compensation.
 - Post-1998 – employees hired on or after October 1, 1998 and prior to July 1, 2015 receive a match of 65 percent of their contributions up to six percent of eligible compensation.
 - Post-2015 – employees hired on or after July 1, 2015 are provided with a noncontributory employer contribution of five percent that is fully vested and non-forfeitable and a match of 100 percent on their contributions up to six percent of eligible compensation. The matching contributions are determined each calendar year based on the prior fiscal year's profit-sharing performance metric.
- Commercial Products – employees receive a noncontributory employer match of three percent that is fully vested and non-forfeitable and a match of 80 percent of their contributions up to six percent of eligible compensation.

Contributions are sent to Fidelity as soon as practicable following each payroll period and are invested by Fidelity in funds as specified by the participants. Funds will be held and invested by Fidelity in a BlackRock Lifepath Index Fund closest to the employee's 65th birthday (the default investment option) until designated investments have been elected by the participant.

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions, employer contributions, Plan earnings/losses (based on each participant's investment elections) and charged with withdrawals and administrative expenses. Participants are immediately vested in their contributions and allocated earnings or losses. The Company contributory matching contributions and allocated earnings or losses related to matching are vested after a participant has three years of service with the Company. The benefit to which a participant is entitled is one that can be provided from the participant's vested account balance.

Forfeited Accounts

At October 31, 2024 and 2023, forfeited nonvested accounts totaled \$289 and \$161, respectively. These accounts will be used to reduce future Company contributions. During the year ended October 31, 2024, Company contributions were reduced by \$800 from forfeited nonvested accounts.

Fund Elections

Participants in the Plan direct the investment of their account balances into one or more investment funds, which include the following as of October 31, 2024:

- Blended Interest Fund
- Deere & Company Common Stock Fund*
- International Equity Fund
- U.S. Equity Fund
- Any of 23 Common Collective Trust Funds

*Participants may not invest more than 20 percent of their future contributions in the Deere & Company Common Stock Fund or make an exchange into the Deere & Company Common Stock Fund that would result in the participant's Deere & Company Common Stock Fund holdings exceeding 20 percent of their holdings after the exchange. This fund includes a dividend payout feature whereby participants may elect to receive dividends in their vested shares of Company common stock in either cash or as a reinvestment in Company common stock. If no election is made, the default option is reinvestment in Company common stock.

In addition, participants have access to Fidelity BrokerageLink, which is a self-directed brokerage account. Through this account, a participant has access to several thousand open-ended mutual funds from a variety of fund families.

Loans

Employees who participate in the Plan are eligible to borrow against their account balances. Loans must be at least \$1,000 and are limited to the lesser of \$50,000 (reduced by the participant's highest outstanding loan balance during the immediately preceding one year period) or 50 percent of their vested account balances on the effective dates of the loans, and the term of a loan may not exceed five years (ten years if the loan proceeds are used to purchase a primary residence). The loans are secured by the balance in the participant's account and interest is assessed at a rate which is determined based on the published prime interest rate. Repayment for actively employed participants is intended to be made via payroll deductions. A participant with an outstanding loan at the time of unpaid leave of absence, retirement, or separation from service may opt to continue making loan payments through the financial institution of their choice, which sends payments to Fidelity via Automated Clearing House transfers. A minimum of one payment must be made each quarter (equal to all payments due for the quarter) to keep the loan current. The entire loan must be repaid within five years of the effective date of the loan, unless the loan proceeds were used to purchase a primary residence, or the original loan term, whichever is less. Failure by the participant

to make a quarterly payment or pay the loan off within five years of inception or the original loan term, whichever is less, will result in the outstanding loan balance becoming a taxable distribution to the participant. If an eligible participant elects to take full distribution of their account balance and a loan balance remains, the entire loan balance remaining will be taxable. The loans bear interest ranging from 5.25 percent to 10.50 percent.

Payment of Benefits

Distributions while the participants are employed by the Company may be subject to an IRS-imposed penalty unless the distribution meets certain legal requirements, or the participant has reached age 59-1/2. Participants who have terminated employment with the Company or retired may elect an immediate single lump-sum distribution or elect to receive periodic withdrawals. Retired and separated participants with vested balances of \$1,000 or less are required to take full distribution of their account. Participants also have the option to leave their vested account balances in the Plan, subject to certain limitations and required minimum distribution rules. The beneficiary of a participant who died may elect a deferred distribution payable no later than five years after the participant's death. Distributions from the Deere & Company Common Stock Fund may be in cash or whole shares and residual cash. Distributions from all other funds are in cash.

Employees are subject to federal income taxes on the pre-tax distributions from their accounts in the calendar year in which such distributions are received from Fidelity.

Hardship Withdrawals

Participants in the Plan, under IRS guidelines, may request hardship withdrawals for heavy and immediate financial needs which cannot be reasonably met from other resources of the participant. Only one hardship withdrawal is allowed in a 12-month period.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan's financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Contributions

Employee and employer contributions are recorded in the year in which the employer makes the payroll deductions from the participant's earnings.

Risks and Uncertainties

The Plan utilizes various investment instruments, including mutual funds, common collective trusts, common stock, fixed income securities, and investment contracts. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Market risks include global events which could impact the value of investment securities. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the value of the participants' account balances, and the amounts reported in the financial statements.

The Plan's exposure to a concentration of credit risk is limited by the diversification of investments across participant-directed fund elections. Additionally, the investments within each investment fund option are further diversified into varied financial instruments, with the exception of the Deere & Company Common Stock Fund. The Deere & Company Common Stock Fund represents 9 and 12 percent of the Master Trust total investments at fair value at October 31, 2024 and 2023, respectively. The Fidelity Growth Fund represents 18 percent and 17 percent of the Master Trust total investments at fair value at October 31, 2024 and 2023, respectively. The S&P 500 Stock Index Class F Fund represents 11 percent of the Master Trust total investments at fair value at October 31, 2024.

Valuation of Investments

Investments are stated at fair value except for the Blended Interest Fund, which is recorded at contract value.

Deere & Company Common Stock Fund – Fair value is based on the closing sales price reported on recognized securities exchanges on the last business day of the fiscal year. The Deere & Company Common Stock Fund is maintained on a unit value basis and includes a money market fund for liquidity purposes. Therefore, the net asset value of the fund (the “unit price”) will, generally, be different from the closing price of the underlying stock on the New York Stock Exchange. The individual assets of the stock fund are considered separately for accounting, auditing, and financial statement reporting purposes. The number of units and related net asset value per unit in dollars as of October 31, 2024 and 2023 for the fund are as follows:

	Master Trust Units Outstanding	Plan Units Outstanding	Net Asset Value Per Unit
October 31, 2024	1,930,209	412,454	\$ 576.83
October 31, 2023	2,160,888	446,023	\$ 520.96

Mutual Funds – The mutual funds are valued at quoted market prices which represent the net asset value of shares held by the Plan on the last business day of the fiscal year.

Blended Interest Fund – The Blended Interest Fund is invested in synthetic guaranteed investment contracts (“GICs”) as described in Note 3 and is measured at contract value. Contract value represents contributions made to the Fund, plus credited earnings, less participant withdrawals.

Fidelity BrokerageLink Accounts – The BrokerageLink accounts are valued at the closing net asset values of the mutual funds comprising the account.

International Equity Fund – The fund is a separately managed fund for the benefit of the Master Trust only and has an underlying portfolio of multiple Common Collective Trust Funds.

U.S. Equity Fund – The fund is a separately managed fund for the benefit of the Master Trust only and has an underlying portfolio of multiple Common Collective Trust Funds and a separate account that invests in U.S. equity securities.

Common Collective Trust Funds – These funds are valued at redemption price which is based on the fund's net asset value using the asset value per share practical expedient for the units held by the Plan on the last business day of the fiscal year, as determined by the issuers of the funds based on the fair value of the underlying investments.

Purchases and sales of securities are recorded on a trade-date basis.

Income Recognition

Interest on bank and insurance contracts in the Blended Interest Fund and mutual funds is accrued daily and credited to the funds at the end of each month. Dividends are accrued in the Deere & Company Common Stock Fund as of the ex-dividend date and are reflected as an increase in the fund's net asset value on that day. Dividends in other funds are recorded on the ex-dividend date and are allocated to participants' accounts on that day. Earnings, net of management fees and operating expenses, including unrealized appreciation or depreciation in market value of investments, are allocated daily among participants based on the ratio of their respective account balances as of the close of the preceding day.

Net Transfers to Affiliate Plan

Net transfers represent assets transferred to and from the Plan to and from the John Deere Savings and Investment Plan during the year ended October 31, 2024. The Plan permits participants' accounts to transfer as their plan participation and eligibility follows their employment status within the Company.

Payment of Benefits

Benefit payments to participants are recorded upon distribution. Amounts allocated to accounts of persons who have elected to withdraw from the Plan but have not yet been paid were immaterial at October 31, 2024 and 2023.

Loans to Participants

Loans to participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are recorded as distributions based on the terms of the Plan document.

Administrative Expenses

Administrative expenses of \$2.00 per participant are deducted from participant accounts each calendar quarter. Participants also pay administrative costs for loans and qualified domestic relation orders. The Company pays the remaining expenses.

Excess Contributions Payable

The Plan is required to return contributions received during the Plan year in excess of the IRC limits.

3. MASTER TRUST

The investment in the Master Trust represents the Plan's proportionate share of the net assets of the Master Trust which have been accumulated through participant and Company contributions and investment activity of the Master Trust less benefit payments and certain administrative expenses. Use of the Master Trust permits the commingling of the Plan's assets with the assets of the John Deere Savings and Investment Plan for investment and administrative purposes. Although assets of both plans are commingled in the Master Trust, Fidelity, as trustee, maintains supporting records for the purpose of allocating the net assets and net gain or loss of the investment accounts to each of the participating plans. The net earnings or loss of the accounts for each day are allocated by Fidelity to each participating plan investment fund based on the relationship of the interest of each plan to the total of the interests of both participating plans.

The Master Trust net assets and the Plan's interest in the Master Trust net assets at October 31, 2024 and 2023 are summarized as follows:

	2024		2023	
	Master Trust	Plan's Interest in Master Trust	Master Trust	Plan's Interest in Master Trust
Noninterest-Bearing Cash	\$ 640		\$ 673	
Blended Interest Fund at Contract Value	363,818	\$ 76,377	428,497	\$ 82,814

Receivables	7,362	1,520	26,840	5,236
Total Assets	12,727,927	1,735,142	10,035,711	1,357,157
Liabilities	10,076	2,092	26,628	5,188
Net Assets	<u>\$ 12,717,851</u>	<u>\$ 1,733,050</u>	<u>\$ 10,009,083</u>	<u>\$ 1,351,969</u>

The net investment income of the Master Trust and the Plan's interest for the year ended October 31, 2024 consisted of the following:

	Master Trust	Plan's Interest in Master Trust
Net appreciation	\$ 2,850,667	\$ 352,330
Interest and dividends	62,606	8,311
Net investment income	<u>\$ 2,913,273</u>	<u>\$ 360,641</u>

Blended Interest Fund

The Blended Interest Fund is a stable value investment option available to participants that includes several synthetic GICs which simulate the performance of guaranteed investment contracts through an issuer's guarantee of a specific interest rate and a portfolio of financial instruments that are owned by the Master Trust. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Contract value represents contributions made to the fund, plus credited earnings, less participant withdrawals. The interest rate of the fund is reset quarterly based on market rates of other similar investments, the current yield of the underlying investments, and the spread between the market value and contract value.

The synthetic GICs include underlying assets consisting of various fixed income securities which are held in a trust owned by the Master Trust and utilize benefit-responsive wrapper contracts issued by JP Morgan Chase, Nationwide Life Insurance Company, Prudential Insurance Company of

America, Transamerica Premier Life, American General Life Company, Metropolitan Life Insurance Company, State Street Bank and Trust Company, Pacific Life Insurance Company, and Massachusetts Mutual Life Insurance Company. The wrapper contracts are designed to allow participants to execute Blended Interest Fund transactions at contract value under most circumstances. The Master Trust's ability to receive amounts due pursuant to the wrapper contracts depends on the issuers' ability to meet their financial obligations under the wrapper contracts, which may be affected by future economic and regulatory developments. In addition, certain events such as Plan termination or a Plan merger initiated by the Company may limit the ability of the Plan to transact at contract value or may allow for the termination of the wrapper contract which may result in transacting at less than contract value. Plan management believes that any events that may limit the ability of the Plan to transact at contract value are not probable.

Fair Value Measurements

The guidance on fair value measurements provides a hierarchy for measuring fair value that prioritizes the inputs to valuation techniques. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The three levels of the fair value hierarchy are described below:

- Level 1 - Quoted prices in active markets for identical assets or liabilities.
- Level 2 - Significant other observable inputs such as quoted prices for similar assets or liabilities in active markets; identical assets or liabilities in inactive markets; observable inputs such as interest rates and yield curves; and other market-corroborated inputs.
- Level 3 - Significant unobservable inputs.

The following tables set forth by level within the fair value hierarchy a summary of the Master Trust's investments measured at fair value on a recurring basis at October 31, 2024 and 2023.

Master Trust Investments Fair Value Measurements at October 31, 2024

	<u>\$ 10,460,085</u>	<u>\$ 7,842,306</u>

4. RELATED PARTY AND EXEMPT PARTY-IN-INTEREST TRANSACTIONS

The Plan held 587,897 and 635,976 shares of common stock of Deere & Company, the sponsoring employer, with a cost basis of approximately \$62 million at October 31, 2024 and 2023. During the year ended October 31, 2024, the Plan recorded dividend income of approximately \$3.5 million from the Company's common stock.

The Plan also holds mutual funds administered by Fidelity Investments Institutional Operations Company, Inc., an affiliate of the Plan trustee, investment manager, and recordkeeper. Fees paid by

the Plan for investment management services were included as a reduction of the return earned on each fund.

The Plan issues loans to participants, which are secured by the vested balances in the participants' accounts.

5. FEDERAL INCOME TAX STATUS

The Plan obtained its latest determination letter dated October 5, 2016, in which the IRS determined that the Plan and related trust were designed in compliance with the applicable regulations of the IRC. The Plan has been amended since receiving the determination letter. The Company and Plan management believe that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC and the Plan and related trust continue to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2021.

6. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of termination of the Plan, account balances would become fully vested and be distributed to participants.
