## INDEPENDENT AUDITOR'S REPORT

To the Participants and Trustees of  
East Bay Drayage Drivers Security Fund:

### Opinion

We have audited the financial statements of East Bay Drayage Drivers Security Fund, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits and benefit obligations as of October 31, 2024 and 2023, and the related statements of changes in net assets available for benefits and benefit obligations for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits and benefit obligations of East Bay Drayage Drivers Security Fund as of October 31, 2024 and 2023, and the changes in its net assets available for benefits and benefit obligations for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

### Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the East Bay Drayage Drivers Security Fund and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the East Bay Drayage Drivers Security Fund's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the East Bay Drayage Drivers Security Fund's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the East Bay Drayage Drivers Security Fund's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

## Notes to Financial Statements

### October 31, 2024 and 2023

---

#### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

##### **Method of Accounting**

The accompanying financial statements of East Bay Drayage Drivers Security Fund (the “Plan”) are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

##### **Investment Valuation, Transactions and Income Recognition**

*General* - Investments are carried at fair value, which is determined, presented and disclosed in accordance with Financial Accounting Standards Board Accounting Standards Codification (FASB ASC) 820, *Fair Value Measurements and Disclosures*. Under FASB ASC 820, fair value is defined as the price that would be received to sell an asset or paid to transfer a liability (i.e., the “exit price”) in an orderly transaction between market participants at the measurement date.

FASB ASC 820 establishes a fair value hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs be used when available. Observable inputs are those that market participants would use in pricing the asset or liability based on market data obtained from sources independent of the Plan. Unobservable inputs reflect the Plan’s assumptions about inputs that market participants would use in pricing the investments developed based on the best information available in the circumstances. The fair value hierarchy is categorized into three levels, based on the inputs, as follows:

*Level 1* - Valuations based on quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access.

*Level 2* - Valuations based on quoted prices in markets that are not active, quoted prices for similar investments in active markets or model-based valuations for which all significant assumptions are observable and can be corroborated by observable market data.

*Level 3* - Valuations based on unobservable inputs that are supported by little or no market activity and are significant to the overall fair value measurement. Values are determined using proprietary pricing models, discounted cash flow models that include the investment entities’ own judgments and estimations, or some other pricing method using unobservable inputs.

*Inputs and Valuation Methods* - In determining fair value, FASB ASC 820 allows various valuation approaches. The specific methods used for each of the Plan’s investment classes are presented below.

*Mutual funds and exchange-traded funds*: The fair value of mutual funds and exchange-traded funds is generally based on quoted prices in active markets (Level 1).

*Short-term investments*: The fair value of the short-term investments is based on the value of all of the securities held using the amortized cost method. The funds seek to maintain a net asset value of \$1.00 (Level 2).

*Valuation Methods, Consistency* - The valuation techniques used in the accompanying financial statements have been consistently applied.

*Transactions and Income Recognition* - Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the gains and losses on investments bought and sold as well as held during the year.

## Notes to Financial Statements

### October 31, 2024 and 2023

---

#### **Contributions Receivable**

Employer contributions due but not received at year-end are recorded as employer contributions receivable. Contributions due as a result of payroll audits have been recorded net of an allowance equal to the amount due because collectability is uncertain. Therefore, delinquent contributions are recorded when received.

#### **Rebates**

Stop-loss recoveries and prescription drug rebates due to the Plan are recorded when earned. Refunds due at year-end are recorded as a receivable on the statements of net assets available for benefits. Recoveries and rebates earned during the year are recorded on the statements of changes of net assets available for benefits.

#### **Payment of Benefits**

Premiums paid are recorded as premium payments in the accompanying statements of changes in net assets available for benefits. Claim payments are recorded when submitted to the Plan by the third-party claim processor for reimbursement.

#### **Deferred Revenue**

Deferred revenue represents contributions from retirees and from members electing Consolidated Omnibus Budget Reconciliation Act (COBRA) coverage received prior to year-end for eligibility after year-end.

#### **Claims Payable and Incurred but Not Reported**

Estimated claims payable and incurred but not reported includes an estimate of claims incurred prior to year-end but paid after that date. These estimates were calculated by the Plan's administrator based on claims experience subsequent to year-end.

#### **Premiums Payable**

Benefit premiums due but not paid at year-end are recorded as premiums payable in the statement of changes in benefit obligations.

#### **Accumulated Eligibility Credits**

The Plan provides eligibility for benefits in the month following the month in which an employee works the required number of hours for a contribution to be made on his/her behalf; for example, hours worked in October provide November eligibility. Accumulated eligibility credits are estimated by the Plan's administrator based on one month's cost of benefits and administrative expenses, excluding retiree benefit costs.

#### **Post-Retirement Benefit Obligations**

Post-retirement benefit obligations include future benefits expected to be paid to or for (1) currently retired or terminated employees and their beneficiaries and dependents, and (2) active employees and their beneficiaries and dependents after retirement from service with the participating employers. The post-retirement benefit obligation is computed as the net cost to the Plan and considers future contributions to be received from current participants during their remaining active service and post-retirement periods. This obligation was estimated by the Plan's actuary.

#### **Estimates**

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures in the financial statements. Actual results could differ from those estimates.

## Notes to Financial Statements

### October 31, 2024 and 2023

---

#### **Risks and Uncertainties**

Post-retirement benefit obligations are calculated based on certain assumptions pertaining to future contributions, participant demographics, interest rates and other assumptions, all of which are subject to change. Due to the inherent uncertainty of the assumption process, it is at least reasonably possible that changes in these assumptions in the near term would be material to the post-retirement benefit obligations.

The Plan invests in mutual funds and exchange-traded funds, and other investment securities. Such investments are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investments and the level of uncertainty with respect to changes in the value of investments, it is at least reasonably possible that changes in risks in the near term would materially affect the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

#### **Recently Adopted Accounting Standards**

##### *Credit Losses*

In June 2016, the Financial Accounting Standards Board issued an Accounting Standards Update 2016-13, Financial Instruments – Credit Losses (Topic 326) amending the accounting for credit losses on financial statements. This methodology replaced the incurred loss methodology with the expected credit losses using a wide range of reasonable and supportable information. The amendment affects loans, debt securities, trade receivables, net investments in leases, off-balance-sheet credit exposure and other financial instruments recorded at amortized cost.

The Plan adopted the new standard effective November 1, 2023, using the modified retrospective approach. Upon adoption, there was no cumulative effect adjustment to the opening balance of net assets.

## **2. DESCRIPTION OF THE PLAN**

East Bay Drayage Drivers Security Fund was established during 1952 as a result of collective bargaining. The Plan provides medical, dental, prescription drug, vision, life, and accidental death and disability benefits for eligible participants and their dependents. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

General eligibility rules under the Plan are as follows:

- a. Initial eligibility requires a certain number of hours to be worked, based on the collective bargaining agreement, during three calendar months.
- b. To maintain eligibility, an employee must work a certain number of hours, based on the collective bargaining agreement, in the preceding month, provided that employer contributions are made on the employee's behalf.

Self-funded medical and dental benefits are administered by the Plan's third-party administrator. Participants also have the option of medical benefits through service agreements with Kaiser Foundation Health Plan, Inc.; Anthem Blue Cross; and United American Insurance Company and of dental benefits through a service agreement with Delta Dental. Vision benefits are self-funded through a contract with Vision Service Plan, Inc. Prescription drug benefits are self-funded through a contract with Elixir.

The Plan holds a stop-loss insurance policy under the terms of which certain medical benefits are paid. If the claims paid on behalf of an eligible participant or dependent exceed the deductible of \$300,000 effective January 1, 2024 and 2023, the carrier will reimburse the Plan for the excess in accordance with the terms of the stop-loss insurance arrangement. During the years ended October 31, 2024 and 2023, the Plan earned \$1,624,891 and \$2,329,002, respectively, under the stop-loss insurance policy.

### **Notes to Financial Statements**

#### **October 31, 2024 and 2023**

---

Certain benefits provided to retirees, reflected in the statements of benefit obligations, are being funded by current employer contributions and monthly co-payments from retirees. Although these benefits were provided by the Plan for the current fiscal year, they are not guaranteed, and the Board of Trustees reserves the right to change or discontinue these benefits or to increase the contributions and/or co-payments required to fund these benefits.

Continuation of health care benefits to persons who would otherwise lose those benefits due to certain events, as mandated by COBRA, has been adopted by the Plan.

Participants should refer to the summary plan description for more complete information.

### **3. PRIORITIES UPON TERMINATION**

It is the intent of the Trustees to continue the Plan in full force and effect; however, to safeguard against any unforeseen contingencies, the right to discontinue the Plan is reserved to the Trustees. In the event of termination, the Trustees shall first satisfy, or make provisions to satisfy, the obligations of the Plan. Any remaining Plan assets will be distributed in such manner as will, in the opinion of the Trustees, bring about the purpose of the Plan. Termination shall not permit any part of the Plan to be used for, or diverted to, purposes other than the exclusive benefit of the participants.

### **4. TAX STATUS**

The Plan obtained its latest determination letter in 1957 in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of Section 501(c)(9) of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan's administrator and the Plan's counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the Plan was qualified and the related trust was tax exempt as of the financial statement date.

The Plan's administrator has analyzed the tax positions taken by the Plan and has concluded that, as of October 31, 2024 and 2023, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by the taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

### **5. FUNDING POLICY**

The Plan is financed by contributions from employers, retired participants, and participants electing COBRA coverage. The monthly contribution rates are established annually by the Board of Trustees based, in part, upon studies and recommendations by the Plan's consultant, subject to the terms of the applicable collective bargaining agreements.

One of the Plan's contributing employers was required to contribute an additional \$0.24 per hour on all hours worked by full-time employees for the period August 1, 2002 through July 31, 2008, pursuant to their collective bargaining agreement. The Plan has received approximately \$540,000 in additional contributions related to the \$0.24-per-hour contribution. Effective April 1, 2016, the Board of Trustees approved allocating these contributions as a reduction in the monthly self-payment contribution for retirees that met certain eligibility requirements. The Board of Trustees approved allocating net investment earnings to these contributions effective August 1, 2008. As of October 31, 2024 and 2023, contributions and allocated investment earnings less amounts used to reduce self-payment contributions totaled \$673,352 and \$587,531, respectively.

**6. INVESTMENTS AT FAIR VALUE HIERARCHY**

Assets measured at fair value on a recurring basis, based on their fair value hierarchy at October 31, 2024 and 2023, are as follows:

	October 31, 2024	Fair Value Measurements at Reporting Date Using		
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds and exchange-traded funds	\$ 62,679,892	\$ 62,679,892	\$ -	\$ -
Short-term investments	325,703	-	325,703	-
	<u>\$ 63,005,595</u>	<u>\$ 62,679,892</u>	<u>\$ 325,703</u>	<u>\$ -</u>

	October 31, 2023	Fair Value Measurements at Reporting Date Using		
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds and exchange-traded funds	\$ 63,214,441	\$ 63,214,441	\$ -	\$ -
Short-term investments	326,757	-	326,757	-
	<u>\$ 63,541,198</u>	<u>\$ 63,214,441</u>	<u>\$ 326,757</u>	<u>\$ -</u>

**7. CASH CONCENTRATIONS**

The Plan has significant cash balances at a financial institution which throughout the year regularly exceed the federally insured limit of \$250,000. Any loss incurred or a lack of access to such funds could have a significant adverse impact on the Plan's financial condition.

**8. MAJOR EMPLOYERS**

During each of the years ended October 31, 2024 and 2023, the Plan had two employers that together accounted for approximately 67% of employer contributions for each year, respectively. In the event these employers suspended contributions, the Plan would terminate coverage to the employers' participants, as required under the Plan Document. The Plan would retain the risk of current fixed administrative expenses until the appropriate adjustments were made.

**9. POST-RETIREMENT BENEFIT OBLIGATIONS**

The amounts reported as the post-retirement benefit obligations represent the actuarial present value of those estimated future benefits that are attributed by the terms of the Plan to employees' service rendered to the date of the financial statements, reduced by the actuarial present value of contributions, if any, expected to be received in the future from current Plan participants. Post-retirement benefits include future benefits expected to be paid to or for: (1) currently retired or terminated employees and their beneficiaries and dependents, and (2) active employees and their beneficiaries and dependents after retirement from service with the participating employers. Prior to an active employee's full eligibility date, the post-retirement benefit obligation is the portion of the expected post-retirement benefit obligation that is attributed to that employee's service in the industry rendered to the valuation date.

**Notes to Financial Statements**  
**October 31, 2024 and 2023**

---

The actuarial present value of the expected post-retirement benefit obligation is determined by an actuary and is the amount that results from applying actuarial assumptions to historical claims-cost data to estimate future annual incurred claims costs per participant and to adjust such estimates for the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as those for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

The cost of the post-retirement benefit obligations is shared by the Plan's participating employers and retirees. In addition to deductibles and co-payments, the estimated cost of providing post-retirement benefits is partially funded through retiree contributions of 18.1% and 28.0% for the years ended October 31, 2024 and 2023, respectively.

The trend rate assumption has a significant effect on the amounts reported in the accompanying financial statements. If the assumed rates increased by one percentage point in each year, it would increase the post-retirement obligation by \$61,773,977 and \$65,540,413 as of October 31, 2024 and 2023, respectively.

Some of the more significant actuarial assumptions used to calculate the post-retirement benefit obligations at October 31, 2024 and 2023, are as follows:

Mortality rate:

Normal retirees:

2024: PRI-2012 private retirement plans mortality tables with blue collar adjustment for "Employee", "Healthy Annuitant", sex distinct, projected to valuation date using scale MP-2021.

2023: RP-2000 Table for males and females with adjustment for blue collar, projected to 2023.

Discount rate: 5.25% and 6.0% for 2024 and 2023, respectively.

Health trend rates:

Medical: 2024: 5.0% through 2027, then updated every year through year 2083 to 4.04%

2023: 5.0%

Drug: 2024: Included in assumed cost of benefits per member.

2023: 6.0%

Expenses: 2024: Included in assumed cost of benefits per member.

2023: 2.0%

Retirement rates: Various rates ranging from 3.0% at age 49 to 100.0% at age 69 for both 2024 and 2023.

Administrative expenses: Included in assumed cost of benefits per member for 2024, \$146 per retired employee or spouse for 2023.
