INDEPENDENT AUDITOR'S AND ACCOUNTANT'S COMPILATION REPORT

To the Participants, Plan Administrator, and Those Charged with Governance
MC Medical LLC 401(k) Profit Sharing Plan and Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2024 Financial Statements

We have performed an audit of the financial statements of MC Medical LLC 401(k) Profit Sharing Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The 2024 financial statements comprise the statement of net assets available for benefits as of October 31, 2024 (in liquidation), the related statement of changes in net assets available for benefits for the period from January 1, 2024 through October 31, 2024 (in liquidation), and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2024 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution, as of October 31, 2024, and for the period from January 1, 2024 through October 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2024 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2024 Financial Statements section:

- The amounts and disclosures in the accompanying 2024 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Emphasis of Matter – Plan Termination and Liquidation Basis

As discussed in Note 1 to the financial statements, the Plan sponsor elected to terminate the Plan effective August 30, 2024, and management determined liquidation is imminent. As a result, the Plan has changed

its basis of accounting from the going concern basis accounting used in presenting the 2023 financial statements to the liquidation basis of accounting used in presenting the 2024 financial statements. Our opinion is not modified with respect to this matter.

Basis for Opinion on the 2024 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2024 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2024 Financial Statements

Management is responsible for the preparation and fair presentation of the 2024 financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of 2024 financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the 2024 financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2024 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2024 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the 2024 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the 2024 financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the 2024 financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2024 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2024 financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Accountant's Compilation Report on the 2023 Financial Statements

Management is responsible for the accompanying 2023 financial statement of the Plan, which comprises the statement of net assets available for benefits as of December 31, 2023, and the related notes to the 2023 financial statement, in accordance with accounting principles generally accepted in the United States of America. We have performed our compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the financial statements, nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by management. Accordingly, we do not express an opinion, a conclusion, nor provide any form of assurance on the statement of net assets available for benefits as of December 31, 2023.

MC MEDICAL LLC 401(K) PROFIT SHARING PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

October 31, 2024 and December 31, 2023

Note 1 – Description of the Plan

MC Medical LLC (the Company or Employer) sponsored the MC Medical LLC 401(k) Profit Sharing Plan and Trust (the Plan). The following description provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was a defined contribution plan established for the benefit of the Company's employees, except for nonresident aliens and residents of Puerto Rico. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan management was responsible for the oversight of the Plan. Reliance Trust Company (the Trustee) served as the trustee of the Plan and held the Plan assets. ADP, LLC maintained the records of the participant data.

Effective August 30, 2024, the Plan was terminated, and liquidation was deemed imminent. All Plan assets were liquidated, and benefits were paid to participants as of October 31, 2024, when termination was completed.

Eligibility

Nonexcluded employees who had reached 21 years of age and had completed six months of service were eligible to participate in the Plan. Participants were automatically enrolled in the Plan on the first day of the month after satisfying eligibility requirements.

Contributions

Participants could contribute up to 90% of their compensation, as defined in the Plan document, as either pretax or Roth deferrals. Participants who had attained age 50 before the end of the Plan year were eligible to make catch-up contributions. Participants could also contribute amounts representing distributions from other qualified plans.

Eligible employees were automatically enrolled in the Plan with a 3% deferral rate. For those participants subject to auto-enrollment, participant deferrals increased annually by 1% up to a maximum of 6%. Eligible employees who did not wish to participate in the Plan could affirmatively elect to opt out, or they could elect a different deferral percentage.

The Plan also provided for Employer safe harbor matching contributions of 100% of deferrals up to 6% of a participant's compensation. Employer safe harbor matching contributions were based on deferrals made each payroll period.

Additional amounts could be contributed by the Employer under the Plan's nonelective provisions at the discretion of the Employer. Unless termination was due to death, disability, or retirement, participants were required to be employed on the last day of the Plan year to receive an allocation of the Employer nonelective

contributions. Allocations of Employer nonelective contributions were based on the proportion of each participant's compensation to the total of all eligible participants' compensation. There were no Employer nonelective contributions for the period from January 1, 2024 through October 31, 2024.

Participants could direct the investment of their contributions into various investment options offered by the Plan. Contributions were subject to certain limitations of the Internal Revenue Code (the Code).

Participant accounts

Each participant's account was credited with participant contributions, Employer safe harbor matching contributions, and allocations of Employer nonelective contributions and Plan earnings. Participant accounts were charged with an allocation of administrative expenses that were paid by the Plan. Allocations were based on participant earnings, account balances, or specific participant transactions, as defined in the Plan document. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account.

Vesting

Effective August 30, 2024, all participants became fully vested in their account balances. Prior to August 30, 2024, participants were vested immediately in their contributions and Employer safe harbor matching contributions plus actual earnings thereon. Vesting in Employer nonelective contributions was based upon years of continuous service as follows:

<u>Years of service</u>	<u>Vesting percentage</u>
Less than two years	0%
Two, but less than three	20%
Three, but less than four	40%
Four, but less than five	60%
Five, but less than six	80%
Six years or more	100%

Participants automatically become 100% vested upon normal retirement (attainment of age 65), disability, or death. Participants who terminate for any other reason are entitled to the vested amount of their accounts.

Notes receivable from participants

Participants could borrow from their vested accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000, reduced by the excess of the highest outstanding loan balance during the preceding 12-month period over the loan balance on the date of the loan, or 50% of their vested account balance. The loans were secured by the balance in the participant's account and bore interest at rates that ranged from 8.5% to 10.5%, which was based on prime rate plus 2% on the date of origination. Participants could only have two loans outstanding at any given time. Terms ranged from one to five years or up to 30 years for the purchase of a primary residence. Principal and interest was paid ratably through payroll deductions.

Payment of benefits

Upon retirement, termination, disability, or death, a participant, or his or her beneficiary in the event of death, could elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Additionally, participants could take in-service distributions upon reaching age 59½. Upon termination, automatic distributions were required for balances of less than \$7,000. Automatic distributions above \$1,000 made without the participant's consent were rolled into an individual retirement account

designated by the Plan administrator. The Plan allowed hardship withdrawals, subject to account balance limits and applicable laws.

Participants who were automatically enrolled in the Plan had the option to withdraw their deferrals without penalty within 90 days of their automatic enrollment date.

Forfeitures

Forfeitures were first used to restore participant balances previously forfeited, then could be used to pay Plan administrative expenses, and lastly to reduce Employer contributions. The Plan had no unallocated forfeitures as of October 31, 2024. The Plan had \$2,098 in unallocated forfeitures as of December 31, 2023. For the period from January 1, 2024 through October 31, 2024, forfeitures in the amount of \$4,349 and \$2,168 were reallocated to participant accounts and used to reduce Employer contributions, respectively.

Administrative expenses

The Plan allowed certain administrative expenses to be paid from Plan assets. Investment expenses netted against investment income represented amounts associated with the net expense ratios of the investments in the Plan's fund lineup.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting

Due to the decision to terminate the Plan effective August 30, 2024, the financial statements for the period from January 1, 2024, through October 31, 2024, were prepared using the liquidation basis of accounting. The 2023 financial statements were prepared as a going concern on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of estimates

The preparation of the financial statements in conformity with U.S. GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determined the valuation policies utilizing information provided by the Trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities were recorded on a trade-date basis. Dividends were recorded on the liquidation basis. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the period from January 1, 2024 through October 31, 2024.

Notes receivable from participants

Notes receivable from participants were measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income was recorded on the accrual basis. No allowance for delinquent notes receivable from participants was recorded as of October 31, 2024 and December 31, 2023. Delinquent notes receivable from participants were recorded as a distribution based upon the terms of the Plan document.

Contributions

Participant contributions and the related Employer safe harbor matching contributions were recorded in the period in which the participant deferrals were withheld from compensation. Employer nonelective contributions were recorded as contributions once approved by the Employer for the respective Plan period.

Payment of benefits

Benefit payments were recorded when paid. There were no benefits requested before October 31, 2024 and December 31, 2023, that were not paid.

Subsequent events

The Plan administrator has evaluated subsequent events through August 12, 2025, the date the financial statements were available to be issued.

Note 3 – Information Certified by the Plan's Trustee

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following data included in the accompanying financial statements is complete and accurate:

- Investments and notes receivable from participants as shown on the statement of net assets available for benefits as of October 31, 2024;
- Net investment activity and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the period from January 1, 2024 through October 31, 2024;
- Investment information included in the footnotes as of October 31, 2024.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements.

Note 4 – Fair Value Measurements

Accounting guidance provides a framework for measuring fair value and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1	Unadjusted quoted prices for identical, unrestricted assets or liabilities in active markets that a plan has the ability to access.
---------	---

Level 2	Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means for substantially the full term of the assets or liabilities.
Level 3	Significant unobservable inputs.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used as of October 31, 2024 and December 31, 2023. During the period January 1, 2024 through October 31, 2024, there were no transfers of financial instruments into or out of Level 3. Following is a description of the valuation methodologies used for assets measured at fair value:

Collective trust fund – Stated at fair value as determined by the issuer of the collective trust fund based on the fair market value of the underlying investments, which was valued at the net asset value (NAV) of units of the collective trust fund. The NAV was used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily.

Mutual funds – Valued at quoted market prices, which represent the NAV of shares held by the Plan at year-end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

As of October 31, 2024, there were no assets held by the Plan. Investments measured at fair value on a recurring basis consisted of the following types of instruments as of December 31:

	Fair value measurements as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Mutual funds and total assets in the fair value hierarchy	\$ 2,195,156	\$ -	\$ -	2,195,156
Investments measured at NAV*				4,585
Total investments at fair value				\$ 2,199,741

* In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented on the statements of net assets available for benefits.

Note 5 – Investments Measured Using the NAV per Share as a Practical Expedient

The following table summarizes investments for which fair value was measured using the NAV per share as a practical expedient as of December 31, 2023. There were no participant redemption restrictions for these investments; the redemption notice period was applicable only to the Plan.

Investments	Fair value as of		Unfunded commitments	Redemption frequency (if currently eligible)	Redemption notice period
	October 31, 2024	December 31, 2023			
Collective trust funds	\$ -	\$ 4,585	n/a	Daily	12 months

Note 6 – Related Party and Party-in-Interest Transactions

Certain administrative functions were performed by officers and employees of the Company. No officer or employee received compensation from the Plan for these services. Certain administrative expenses, totaling approximately \$12,600, were paid by the Employer on behalf of the Plan for the period from January 1, 2024 through October 31, 2024. The Employer did not receive reimbursement from the Plan for these expenses.

The Plan held notes receivable from participants. These transactions qualified as party-in-interest transactions.

Certain fees incurred by the Plan were included in net appreciation in fair value of investments. The Plan also made direct payments to service providers.

Note 7 – Tax Status

The Company adopted a preapproved defined contribution plan (the Preapproved Plan) sponsored by ADP, LLC. The Internal Revenue Service has determined and informed the Preapproved Plan sponsor by a favorable opinion letter dated October 6, 2020, that the Preapproved Plan is designed in accordance with the applicable sections of the Code. The Preapproved Plan's opinion letter is being relied on by the Plan. Although the Plan has been amended since receiving the opinion letter, Plan management believes the Plan was designed and was currently being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan was qualified and the related trust was tax-exempt.

Note 8 – Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 as of December 31:

	2024	2023
Net assets available for benefits per the financial statements	\$ -	\$ 2,258,143
Less: Employer contribution receivable	-	(36,611)
Net assets available for benefits per Form 5500	<u>\$ -</u>	<u>\$ 2,221,532</u>

The following is a reconciliation of the change in net assets available for benefits per the financial statements to Form 5500 for the period from January 1, 2024 through October 31, 2024:

Net decrease in net assets available for benefits per financial statements	\$ (2,258,143)
Add: 2023 Employer contribution receivable	<u>36,611</u>
Net loss per Form 5500	<u><u>\$ (2,221,532)</u></u>
