Board of Trustees and Plan Participants
Sheet Metal Workers Local #112 Annuity Fund

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Sheet Metal Workers Local #112 Annuity Fund, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of October 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Sheet Metal Workers Local #112 Annuity Fund's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended October 31, 2024 and 2023, stating that the certified investment information, as described in Note H to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Sheet Metal Workers Local #112 Annuity Fund and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Sheet Metal Workers Local #112 Annuity Fund's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Sheet Metal Workers Local #112 Annuity Fund's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Sheet Metal Workers Local #112 Annuity Fund's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters--Supplemental Schedule Required by ERISA

The supplemental schedule of assets held for investment purposes at end of year - October 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

OCTOBER 31, 2024 AND 2023

NOTE A: DESCRIPTION OF THE PLAN

The following description of the Sheet Metal Workers Local #112 Annuity Fund (the Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all members of the Local Union 112 Sheet Metal Workers who are Journeymen, which provides annuity and pre-retirement death benefits. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Employers of union members contribute a specified amount per hour of covered employment to the Plan for benefits.

Eligibility and vesting

A union member who earns the classification of Journeyman becomes a participant in the plan immediately upon completing one hour of service. Vesting occurs upon becoming a participant.

Participant accounts

Individual account balances are increased annually by employer contributions and by net earnings of the fund including unrealized appreciation (depreciation) of investments.

Participant notes receivable

Participants may borrow from their accounts for a limited number of events or emergency situations. The loans are secured by the participant's account balance and bear interest at market rates. Participant notes receivable are measured at their unpaid principal balance plus any accrued but unpaid interest.

Benefits

Upon termination of service, a participant may elect to receive either a lump sum distribution equal to the value of their account or an annuity contract which provides for periodic payments and which qualifies under the provision of ERISA. Benefits are determined on the basis of a participant's account balance at the time a participant becomes eligible for benefits. The Plan was amended effective August 1, 2025 to permit in service distributions upon attainment of age 59 ½.

Termination

In the event of a termination of the Plan, the expenses of terminating the plan shall be deducted pro-rata from the balance in each participant's individual account and the remaining balance shall be paid to each participant in one lump sum.

NOTE B: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The financial statements of the Plan are maintained on the accrual basis of accounting.

Contributions receivable and allowance for credit losses

Contributions to the Plan are recorded in the period they are earned. Earned contributions not received are included in employers' contributions receivable. The allowance for credit losses is management's estimate of expected losses over the life of the receivable and is updated at each statement of net assets available for benefits date to reflect any changes in risk since the receivable was initially recorded. An allowance for credit losses is calculated on a pooled basis where similar risk characteristics exist.

The allowance for credit losses is derived from a review of the Plan's historical losses based on contractor size. This estimate is adjusted for management's assessment of current conditions, reasonable and supportable forecasts regarding future events, and any other factors deemed relevant by the Plan. Plan management believes historical loss information is a reasonable starting point in which to calculate the expected allowance for credit losses as the Plan's contractors have remained constant since the Plan's inception. Plan management considers unemployment levels, interest rate risk, and inflation risk, among other economic indicators, in its evaluation of the allowance for credit losses. At October 31, 2024, the Plan calculated its allowance for credit losses and determined it was not material to record in the financial statements.

Equipment

Equipment is recorded on the basis of cost. Depreciation is computed using the straight-line method on a basis considered adequate to depreciate the asset over its estimated useful life of ten years. Repairs and maintenance costs are expensed as incurred.

Investment valuation and income recognition

Investments held by the Plan are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

Expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation of fair value of investments presented in the accompanying statements of changes in net assets available for benefits

OCTOBER 31, 2024 AND 2023

NOTE B: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Cont'd

Use of estimates in the preparation of financial statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Adoption of new accounting standard – credit losses

In June 2016, the FASB issues guidance (FASB ASC 326) which significantly changed how entities will measure credit losses for most financial assets and certain other instruments that aren't measured at fair value through net income. The most significant change in this standard is a shift from the incurred loss model to the expected loss model. Under the standard, disclosures are required to provide users of the financial statements with useful information in analyzing an entity's exposure to credit risk and the measurement of credit losses. Financial assets held by the Plan that are subject to the guidance in FASB ASC 326 were employers' contributions receivable.

The Plan adopted the standard effective November 1, 2023. The impact of adoption was not considered material to the financial statements and primarily resulted in new/enhanced disclosures only.

Subsequent events

The Plan has conducted an evaluation of potential subsequent events occurring after the statement of net assets available for benefits date through August 11, 2025 which is the date the financial statements are available to be issued.

NOTE C: FAIR VALUE MEASUREMENTS

Accounting principles generally accepted in the United States of America provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | Inputs to the valuation methodology include: <ul style="list-style-type: none">- Quoted prices for similar assets or liabilities in active markets;- Quoted prices for identical or similar assets or liabilities in inactive markets;- Inputs other than quoted prices that are observable for the asset or liability;- Inputs that are derived principally from or corroborated by observable market data by correlation or other means. |

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- | | |
|---------|---|
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |
|---------|---|

SHEET METAL WORKERS LOCAL #112 ANNUITY FUND

NOTES TO FINANCIAL STATEMENTS, Cont'd

OCTOBER 31, 2024 AND 2023

NOTE C: FAIR VALUE MEASUREMENTS, Cont'd

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at October 31, 2024 and 2023:

Pooled Separate Accounts: Valued at net asset value, which is based on the fair value of the underlying investments. There are no unfunded commitments for the pooled separate accounts as of October 31, 2024 and 2023. There is no waiting period or other restrictions on redemptions from pooled separate accounts.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of October 31, 2024 and 2023:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
<u>October 31, 2024</u>				
Pooled separate accounts	\$ -	\$ 20,605,572	\$ -	\$ 20,605,572
Total investments at fair value	<u>\$ -</u>	<u>\$ 20,605,572</u>	<u>\$ -</u>	<u>\$ 20,605,572</u>
<u>October 31, 2023</u>				
Pooled separate accounts	\$ -	\$ 16,748,339	\$ -	\$ 16,748,339
Total investments at fair value	<u>\$ -</u>	<u>\$ 16,748,339</u>	<u>\$ -</u>	<u>\$ 16,748,339</u>

NOTE D: GUARANTEED INTEREST ACCOUNT

The plan invests in a guaranteed investment contract, the Guaranteed Interest Account, with Mass Mutual Life Insurance Company. Mass Mutual Life Insurance Company maintains the contributions in a general investment account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 3%. The crediting rate is reviewed on a semi-annual basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan.

NOTES TO FINANCIAL STATEMENTS, Cont'd

OCTOBER 31, 2024 AND 2023

NOTE D: GUARANTEED INTEREST ACCOUNT, Cont'd

Contract value, as reported to the Plan, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

NOTE E: TAX STATUS

The Internal Revenue Service has issued a determination letter dated July 24, 2015 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. Although the plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service or other applicable taxing authorities. The Plan is subject to routine audits by tax jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE F: RELATED-PARTIES AND PARTIES-IN-INTEREST TRANSACTIONS

The Plan pays fees for several arrangements with service providers and affiliated entities. These transactions are considered exempt party-in-interest transactions under ERISA.

The Plan shares common governance and transacts with related organizations including Local Union 112 Sheet Metal Workers, the Contractor Association, the Sheet Metal Workers Local #112 Industry Education Fund, and the Sheet Metal Workers Local #112 Welfare Fund, all of which are tax exempt.

The Plan leases office facilities from the Sheet Metal Workers Local #112 Industry Education Fund on a short-term basis with rent determined periodically by the Board of Trustees. Rent expense amounted to \$1,104 for both of the years ended October 31, 2024 and 2023. The Plan reimbursed the Sheet Metal Workers Local #112 Welfare Fund and the Local Union 112 Sheet Metal Workers for payroll and related costs which amounted to \$28,425 and \$27,683 for the years ended October 31, 2024 and 2023, respectively. Additionally, the Plan reimbursed the Local Union 112 Sheet Metal Workers for administrative expenses of \$37,745 and \$43,743 for the years ended October 31, 2024 and 2023, respectively.
