Independent Auditor's Report

To the Board of Trustees of
Canton Electrical Welfare Fund

Opinion

We have audited the financial statements of Canton Electrical Welfare Fund, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of October 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of Canton Electrical Welfare Fund as of October 31, 2024 and 2023, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Canton Electrical Welfare Fund and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Canton Electrical Welfare Fund's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore there is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that,

individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Canton Electrical Welfare Fund's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate that raise substantial doubt about Canton Electrical Welfare Fund's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of administrative expenses as of October 31, 2024 and 2023 is presented for purposes of additional analysis and is not a required part of the financial statements. The supplemental schedules of assets held for investment and reportable transactions as of October 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Canton Electrical Welfare Fund

Notes to the Financial Statements

October 31, 2024 and 2023

NOTE A - DESCRIPTION OF FUND

The following description of the Canton Electrical Welfare Fund (the "Plan") provides only general information. Participants should refer to the Plan Agreement and/or Summary Plan Description for a more complete description of the Plan's provisions.

- (1) **General** - The Plan provides medical, vision, dental, disability, life insurance and accidental death and dismemberment benefits to all eligible members, and dependents of eligible members, of Local Union No. 540 International Brotherhood of Electrical Workers (IBEW) of Canton, Ohio. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) as amended.
- (2) **Benefits** - The Plan provides benefits to all members who meet certain eligibility requirements based upon hours worked. In addition, effective July 1, 2019 members who stop working may continue to be eligible for an additional fifteen-month period making monthly self-payments of \$1,040 less the amount of credit hours that remain in the member's reserve hour bank. Concurrent with COBRA provisions, members may purchase coverage for an additional eighteen-month period. The Plan also provides benefits to certain retired participants who contribute their portion of the cost ranging from \$265 to \$872 per month depending on age, marital status and type of coverage. Effective January 1, 2024, The Plan adopted a health reimbursement account for which employers may make contributions on the participants' behalf at a current HRA rate as periodically established by the board of trustees in its sole and complete discretion.

The Trustees have full authority to vary benefits or contributions if they determine it to be necessary to maintain the financial viability of the Plan, consistent with a prudent funding policy.

- (3) **Contributions** - The Plan is financed by employer contributions as specified in the applicable collective bargaining agreements between IBEW and the North Central Chapter of the National Electrical Contractors Association (NECA), as well as by investment earnings. The contribution rate for teledata journeyman and apprentices was \$6.70 per hour from August 26, 2024 through October 31, 2024, \$6.60 per hour from August 28, 2023 through August 25, 2024, and \$6.50 per hour from November 1, 2022 through August 27, 2023. The contribution rate for inside journeyman, foreman and apprentices was \$6.70 per hour from January 1, 2024 through October 31, 2024, \$6.60 per hour from December 26, 2022 through December 31, 2023, and \$6.50 per hour from November 1, 2022 through December 25, 2022. The contribution rate for residential wiremen and apprentices was 20% of gross wages from November 1, 2022 through January 28, 2024, and \$6.20 per hour effective January 29, 2024 through October 31, 2024. The Plan opened a Health Reimbursement Account for participants during the plan year ended October 31, 2024. For teledata journeyman and apprentices, employers began contributing \$0.25 per hour effective August 26, 2024 through October 31, 2024. For residential journeyman, employers began contributing \$0.25 per hour effective January 29, 2024 through October 31, 2024. For inside journeyman and apprentices, employers began contributing \$0.25 per hour effective January 1, 2024 through October 31, 2024.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

- (4) **Plan Termination** - In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by the Trust Agreement, generally to provide the following benefits in the order indicated. First, pay the unpaid expenses and the expenses involved in terminating the Plan. Secondly, pay the premiums on any policies existing at the time to provide one or more of the benefits authorized by the Trust Agreement, as the Trustees determine. Thirdly, provide one or more of the benefits on a fully or partially self-funded basis authorized by the Trust Agreement, as the Trustees determine. Any residual balance shall be donated to a charitable organization selected by the Trustees.
- (1) **Basis of Accounting** - The accompanying financial statements have been prepared using the accrual basis of accounting.
- (2) **Claim Expenses** - Claim expenses include claims incurred and paid during the current period.
- (3) **Subsequent Events** – Management has evaluated subsequent events for the Plan through July 25, 2025, the date the financial statements were available to be issued.
- (4) **Recognition of Contributions** - Employer contributions are generally received by the Plan in the month in which hours are worked by the members. Contributions received for hours worked in October are accrued at year-end and are included in the current year's operations. Contributions revenue for retirees, surviving spouses, office and salary and self-payments are recognized in the month for which coverage is being paid. Any contributions received by the Plan prior to the coverage month are recorded as liabilities. Contributions received after the coverage months are recorded against liabilities.
- (5) **Use of Estimates** - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, benefit obligations and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.
- (6) **Investment Valuation and Income Recognition** – Investments are reported at fair value. Fair value is the price that would be received to sell an asset paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's trustees determine the Plan's valuation policies utilizing information provided by the investment advisers and custodians. See Note E for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.
- (7) **Administrative Expenses** – The Plan's expenses are paid for by the Plan as provided by the plan document. Expenses incurred in connection with the administration of the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits.

NOTE C - INSURANCE AND CLAIMS RECEIVABLE

The Plan maintains stop-loss insurance coverage on each participant for total claims incurred during the year exceeding a certain threshold. The threshold amount from November 1, 2022 through October 31, 2024 was \$200,000. Eligible claims are accrued at year-end and are included in the current year's income. Effective January 1, 2014, there is no longer an annual maximum benefit limit on payment of essential benefits.

NOTE D - INVESTMENTS

The Plan's investments are held in a brokerage account.

NOTE E – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs in to valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has ability to access.

Level 2 – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in active markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If an asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation of the method used for assets measured at fair value. There have been no changes on the methodologies used at October 31, 2024 and 2023.

Money market funds – Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual funds – Valued at the daily closing price reported by the Fund. The funds are open-ended and are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. These funds are deemed to be actively traded.

NOTE G - POSTRETIREMENT BENEFITS

A postretirement benefit obligation has been recognized for retiree medical benefits for eligible participants and their dependents upon retirement. These benefit obligations represent the actuarial present value of the cost of those estimated future benefits that are attributed by the terms of the Plan to employee service rendered to the date of the financial statements, reduced by the actuarial present value of contributions expected to be received in the future from current retirees of the Plan. The obligations represent the amounts that are expected to be funded by contributions from participating employers and from existing assets of the Plan. Postretirement benefits include future benefits expected to be paid to or for (1) currently retired or terminated participants and their beneficiaries and dependents and (2) active participants and their beneficiaries and dependents after retirement from service with the participating employers.

The actuarial present value of the expected postretirement benefit obligation is determined by an actuary and is the amount that results from applying actuarial assumptions to historical claims—cost data to estimate future annual incurred claims costs per participant and to adjust such estimates for the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as those for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

The following assumptions were used in the valuations as of October 31, 2024:

Discount rate:	5.25% per annum (6.25% for 2023)
Postretirement Mortality Table:	The PRI-2012 Blue Collar Mortality Tables for employees and healthy annuitants projected forward using the MP-2021 projection scale. For males, a 105% multiplier was used. For females, a 110% multiplier was used for 2024. The PRI-2012 Blue Collar Mortality Tables for employees and healthy annuitants projected forward using the MP-2021 projection scale. For males, a 105% multiplier was used. For females, a 110% multiplier was used for 2023.

The actuarial cost method used is the projected unit credit method. The weighted-average health care cost method used is the projected unit credit method. The weighted-average health care cost-trend rate assumption has a significant effect on the amounts reported in the accompanying financial statements. If the assumed rates increased by one percentage point, it would increase the obligation as of October 31, 2024 by \$11,321,392 and \$6,932,084 for October 31, 2023. The foregoing assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of the postretirement benefit obligations.

NOTE H - OTHER OBLIGATIONS FOR CURRENT BENEFIT COVERAGE

Participants may remain eligible for benefits following cessation of employment by either making self-payments or utilizing the hours accumulated in their reserve hour banks. The liability for accumulated eligibility credits has been estimated by the Plan based upon hours accumulated in a participant's reserve hour bank and the current average cost of providing benefits. The liability for claims incurred but not reported as of October 31, 2024 and 2023 has been estimated by the Plan. Such estimated amounts are reported in the accompanying statement of benefit obligations. Because these liabilities are estimates, it is at least reasonably possible that a change in these estimates will occur in the near term.

NOTE I - BENEFIT OBLIGATIONS

The Plan experienced an decrease in the deficit of net assets available for benefits under benefit obligations as follows as of and for the years ended October 31, 2024 and 2023:

	2024	2023
Net Assets Available for Benefits	\$ 21,119,691	\$ 21,007,563
Total Benefit Obligations	<u>(33,578,625)</u>	<u>(58,744,337)</u>
Net Assets in Deficit of Benefit of Benefit Obligations	<u>\$ (12,458,934)</u>	<u>\$ (37,736,774)</u>
Changes in Net Assets Available for Benefits Under Benefit Obligations:		
Net (Increase) Decrease in Benefit Obligations	\$ 25,165,712	\$ (16,447,063)
Net Increase (Decrease) in Net Assets Available for Benefits	<u>112,128</u>	<u>1,641,030</u>
Net (Increase) Decrease in Net Assets in Deficit Of Benefit Obligations	25,277,840	(14,806,033)
Beginning of Year	<u>(37,736,774)</u>	<u>(22,930,741)</u>
End of Year	<u>\$ (12,458,934)</u>	<u>\$ (37,736,774)</u>

The Plan's deficiency of net assets available for benefit obligations at October 31, 2024 and 2023 relates primarily to the postretirement obligation, the funding of which is not covered by the current agreed upon contribution rate. It is expected that the deficiency will be funded through future increases in the contribution rates.

NOTE K - TAX STATUS

The Trust established under the Plan to hold the Plan's net assets is qualified pursuant to Section (501)(c)(9) of the Internal Revenue Code and, accordingly, the Trust's net investment income is exempt from income taxes. The Sponsor believes that the Plan, as amended, continues to qualify and to operate as designed.

Notes to the Financial Statements

NOTE K - TAX STATUS – Continued

The Plan has adopted the recognition requirements for uncertain income tax positions as required by generally accepted accounting principles, with no cumulative effect adjustment required. Income tax benefits are recognized for income tax positions taken or expected to be taken in a tax return, only when it is determined that the income tax position will more-likely-than-not be sustained upon examination by taxing authorities. The Plan has analyzed tax positions taken for filing with the Internal Revenue Service. The Plan believes that income tax filing positions will be sustained upon examination and does not anticipate any adjustments that would result in a material adverse effect on the Plan's financial condition, results of operations or cash flows. Accordingly, the Plan has not recorded any reserves, or related accruals for interest and penalties for uncertain income tax positions at October 31, 2024.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE L - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 caused by reporting certain plan benefit obligations in accordance with FASB ASC 965:

	<u>2024</u>	<u>2023</u>

Claims paid per Form 5500	<u>\$ 11,927,040</u>	<u>\$ 8,865,896</u>

NOTE M – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Canton Electrical Welfare Fund

Notes to the Financial Statements

October 31, 2024 and 2023

NOTE M – RISKS AND UNCERTAINTIES – Continued

The actuarial present value of benefit obligations is reported based on certain assumptions pertaining to interest rates, health care inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

NOTE N – PARTY IN INTEREST

The Plan has several arrangements with service providers as described in Note B. These transactions are considered party in interest transactions under ERISA.

NOTE O – SUBSEQUENT EVENT

During the plan year ended October 31, 2024, a preauthorization for services was denied by the Plan's insurance provider, however a medical service provider proceeded to provide the service. The medical service provider has since threatened litigation against the Plan if the trustees do not agree to pay the claim of approximately \$310,000.
