## INDEPENDENT AUDITOR'S REPORT

To the Wesleyan School Board of Trustees and participants of the Wesleyan School Retirement Plan

### **Scope and Nature of the ERISA Section 103(a)(3)(C) Audit**

We have performed audits of the financial statements of the Wesleyan School Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements (the financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from the qualified institutions as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### **Opinion**

In our opinion, based on our audits and the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of the report,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

## **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current Plan instrument, including all Plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of the accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Other Matter – Supplemental Schedule Required by ERISA**

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

## Notes to Financial Statements

December 31, 2024 and 2023

### 1. Description of the Plan

The following description of the Wesleyan School Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document, copies of which are available from the plan administrator, for a more complete description of the Plan's provisions.

#### General

The Plan is a defined contribution 403(b) plan formed by Wesleyan School, Inc., (the Sponsor) in 1996, and covers substantially all employees of the Sponsor, except those employees who normally work less than 20 hours per week. Employees are immediately eligible to participate in the Plan but must have completed one year of service (1,000 hours) to receive matching contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

#### Contributions

Participants may make pre-tax and/or Roth contributions up to 100% of eligible compensation not to exceed \$23,000 in 2024 plus additional catch-up contributions described below. The Sponsor makes a matching contribution to eligible participants ranging from 5% to 9% of eligible compensation, as determined by years of service.

All eligible participants, age 50 or older by the end of the Plan year, may elect to contribute catch-up contributions of \$7,500. Participants who have been employed by the Sponsor for at least fifteen years may elect to make a special 403(b) contribution in the amount equal to the smallest of: \$3,000; \$15,000 minus the amount of special 403(b) contributions made in the previous years; or \$5,000 multiplied by the years of service minus total deferrals made while employed by the Sponsor, as defined by the IRS 15-Year Rule. If participants are eligible for both catch-up and special 403(b) contributions, such participant contributions are first allocated as special 403(b) contributions.

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

Effective January 1, 2024, the Plan was amended to allow Roth contributions.

#### Participant Accounts

Each participant's account is credited with the participant's contributions, rollovers, the Sponsor's contribution, and earnings and losses on the investments in their account, and is charged with certain administrative expenses. Upon enrollment in the Plan, a participant may direct any contributions to any of the investment options offered by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

# Wesleyan School Retirement Plan

## Notes to Financial Statements

December 31, 2024 and 2023

---

Participants may change their investment options on a daily basis; however, certain contracts are subjected to various restrictions. Participants' investment balances, or accumulations, may be transferred among the money market fund, mutual funds, variable annuity contracts, and the TIAA Real Estate Account (REA) without restrictions. Interfund transfers from any fund have a minimum transfer amount of \$1,000 or 100% if the accumulation being transferred is less than \$1,000. Certain contracts in the TIAA Traditional Annuity stipulate that the participant may only transfer TIAA Traditional Annuity accumulations in ten approximately equal annual payments or require 84 monthly installments.

### **Vesting**

Participants vest immediately in their contributions and the Sponsor's matching contributions and actual earnings and losses thereon.

### **Notes Receivable from Participants**

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the balance of their vested account balance. A participant may have up to three loans outstanding at any time. The loans are secured by the balance in a participant's account and bear a rate of interest of the Prime Rate plus 1%. During 2024, notes had fixed rates ranging from 4.25% to 9.50%, for the term of the note, not to exceed 5 years unless used for the purchase of the participant's primary residence. Principal and interest are paid through payroll deductions or by ACH payments directly by the participant. Notes become due and payable immediately when a participant terminates employment with the Sponsor.

### **Plan Loans**

Prior to 2020, loans to participants were permitted from the assets of the qualified institutions, Teacher's Insurance and Annuity Association (TIAA) and College Retirement Equities Fund (CREF). All Plan loan repayments and interest are paid to TIAA and CREF directly by the participant on a monthly or quarterly basis. At December 31, 2024, loans had fixed rates of 4.22% for the term of the Plan loan, not to exceed 5 years. The total outstanding Plan loan balance as of December 31, 2024 and 2023, was \$3,254 and \$9,089, respectively. For all outstanding loans, participant account investments of 110% of the loan balance are pledged as collateral. The collateral is held in the TIAA Traditional Annuity. Management does not believe that these Plan loans are prohibited transactions. New Plan loans are no longer permitted in the Plan.

### **Payment of Benefits**

At the time of death, disability, termination of service, or retirement, the participant or their beneficiary may elect to receive payment of the vested interest in their account in the following options: lump-sum, partial payments, installment payments, or annuity contract distributions. The participant's contributions may also be withdrawn for certain hardship situations.

# Wesleyan School Retirement Plan

## Notes to Financial Statements

December 31, 2024 and 2023

---

After termination, participants may withdraw vested accumulations as a cash withdrawal for all investments, excluding the non-fully benefit-responsive TIAA Traditional Annuity contracts. All withdrawals and transfers from the non-fully benefit-responsive TIAA Traditional Annuity contracts must be taken in ten approximately equal annual installments or in 84 monthly installments if a lump sum distribution is not taken in a 120-day period following termination of employment. The withdrawal on that contract is subject to a 2.5% surrender charge.

Under the Interest Payment Retirement Option (IPRO), participants between the ages of 55 and 69½ with balances of at least \$10,000 in the TIAA Traditional Annuity investments may elect to receive monthly payments equal to the guaranteed interest rate plus dividends that would otherwise be credited to their TIAA Traditional accumulations. Participants who select the IPRO are required to receive monthly payments for a minimum of 12 months and also to continue such monthly payments until they request a distribution from the TIAA Traditional Annuity investments.

### Administrative Expenses

Expenses for transactions which are specifically attributable to a participant's account, such as distribution fees, are deducted directly from that participant's account. The Plan document permits certain administrative fees to be paid by the Plan. Participants are charged a fee based on the balance in their accounts for investment management and administrative services. These expenses are paid to service providers of the Plan and therefore qualify as party-in-interest transactions. This fee is netted with investment returns in each participant's account. For the year ended December 31, 2024, the total fee netted in investment returns was \$115,441. The Sponsor pays all other administrative expenses. The Sponsor does not expect reimbursement from the Plan for these expenses.

The Plan has an ERISA account where TIAA and CREF deposit revenue sharing payments that are used to pay Plan administrative expenses or allocated to participant accounts. During 2024, a total of \$2,973 was deposited into the account and the account earned interest income of \$105. During 2024, no amounts were used to pay administrative expenses from this account. Deposits to this account, if any, are included in net change in fair value of investments in the accompanying statement of changes in net assets available for benefits. Payments from this account, if any, are included in administrative expenses in the year paid. The account had an available balance of \$3,715 and \$637 as of December 31, 2024 and 2023, respectively, which is included in the money market fund on the statements of net assets available for benefits.

## 2. Summary of Significant Accounting Policies

### Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting.

# Wesleyan School Retirement Plan

## Notes to Financial Statements

December 31, 2024 and 2023

---

### Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates, and such differences may be material to the financial statements.

### Contributions

Participant contributions are considered payable to the Plan upon the withholding of contributions from the participant's paycheck. The Sponsor contributions are considered payable to the Plan when the related participant's contributions are payable to the Plan.

### Valuation of Investments and Income Recognition

The Plan's investments are stated at fair value, except for the non-fully benefit-responsive and fully benefit-responsive TIAA Traditional Annuity investments which are stated at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Net change in fair value of investments includes realized and unrealized gains and losses on investments, interest, dividends, and fees charged for investment management and administrative services on those investments. Interest income is recorded when received.

### Notes Receivable from Participants

Notes receivable from participants are carried at their outstanding balance. Interest income is recognized when received. No allowance for credit losses has been recorded as of December 31, 2024 and 2023. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default the participant loan balance is reduced, and a benefit payment is recorded. Notes receivable from participants also qualify as party-in-interest transactions.

### Payment of Benefits

Benefits are recorded when paid.

### Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through July 28, 2025, which is the date the financial statements were available to be issued.

# Wesleyan School Retirement Plan

## Notes to Financial Statements

December 31, 2024 and 2023

---

### 3. Information Certified by the Qualified Institutions

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants at December 31, 2024 and 2023, and interest income and the net changes in fair and contract value of investments for the year ended December 31, 2024, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by TIAA and CREF (collectively, the qualified institutions).

### 4. Investments

Certain Plan investments are managed by TIAA and CREF, the Plan's qualified institutions. Accordingly, transactions in these investments qualify as party-in-interest transactions.

Investments are exposed to various risks, such as market, currency, interest rate, and credit risks. Market risks include U.S. and global events which could impact the value of Plan investments. Such events would include healthcare crises, such as a pandemic, international conflicts, supply chain disruptions, global monetary policy decisions, significant exogenous economic influences, and significant cybersecurity attacks. It is at least reasonably possible that changes in their fair value will occur in the near term and that such changes could materially affect participants' account balances.

The Financial Accounting Standards Board established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three levels. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities, and the lowest priority to unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 – unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access

Level 2 – other observable data, including quoted prices for identical assets in inactive markets

Level 3 – unobservable inputs

Observable inputs are those based on market data obtained from sources independent of the Plan, and unobservable inputs reflect the Plan's own assumptions based on the best information available. The input levels are not necessarily an indication of the risk or liquidity associated with financial instruments at that level but rather the degree of judgment used in determining those values.

# Wesleyan School Retirement Plan

## Notes to Financial Statements

December 31, 2024 and 2023

---

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Investments in the money market fund and mutual funds are stated at quoted market prices for the identical security in an active market (Level 1).

Variable annuity contracts are investment products offered by insurance companies that operate similar to mutual funds. Investments in the variable annuity contracts are valued daily using their net asset value (NAV) (Level 1). The NAVs are based on fair value of the mutual funds, stocks, debt instruments, and other securities in the accounts. The variable annuity contracts may be traded daily at their NAV.

Investments in the REA include real property, real estate joint ventures, and marketable securities. The real properties are appraised and mortgage loans are valued at least once every calendar quarter. The REA obtains appraisals of its real estate properties throughout the quarter, which is intended to result in valuation adjustments that happen regularly throughout each quarter and not on one specific day in each period. In addition, an estimated daily equivalent of net operating income is taken into consideration and is adjusted for actual transactional activity. The remaining assets in the REA are primarily marketable securities that are priced on a daily basis. Participants can trade the REA daily at the published net asset value but because of the valuation methodologies the investment is considered to be Level 2. Effective June 1, 2015, the Plan no longer offers the REA as an investment option for participants.

The TIAA Traditional Annuity is an unallocated insurance contract with a guaranteed rate of return, which is the general obligation of TIAA. TIAA is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the participants. A portion of the investment contract is considered to be non-fully benefit-responsive and therefore generally accepted accounting principles calls for it to be reported at fair value. A portion of the investment contract is considered to be fully benefit-responsive. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees. Management of the Plan has reported both contracts at contract value and has not made a determination of the fair value of the investment but does not believe the difference in fair value and contract value is material to the financial statements.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The stated interest rates on the non-fully benefit-responsive portion of the TIAA Traditional Annuity investments have a range from 5.25% to 5.50%. The stated interest rate on the fully benefit-responsive portion of the TIAA Traditional Annuity investments is 4.50%.

### 5. Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA.

### 6. Income Tax Status

The Plan uses a volume submitter 403(b) plan created by TIAA, one of the Plan's qualified institutions. TIAA received an opinion letter from the Internal Revenue Service dated August 7, 2017, which states that the volume submitter 403(b) plan satisfies the applicable provisions of the Internal Revenue Code (IRC). Although the Plan has not obtained an individual determination letter and has been amended since receiving the TIAA opinion letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. The plan administrator believes the Plan has no income subject to unrelated business income tax. The Plan's income tax returns for the past three years are subject to examination by taxing authorities and may change upon examination.
