INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees of Rural Iowa Community Health Alliance Benefits Trust

We have audited accompanying the financial statements of Rural Iowa Community Health Alliance Benefits Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statement of net assets available for benefits and statement of plan benefit obligations as of December 31, 2024, and the related statement of changes in net assets available for benefits and statement of changes in plan benefit obligations for the period from inception (January 1, 2024) through December 31, 2024, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits and plan benefit obligations of Rural Iowa Community Health Alliance Benefits Trust as of December 31, 2024, and the changes in nets assets available for benefits and plan benefit obligations for the period from inception (January 1, 2024) through December 31, 2024, in accordance with accounting principles generally accepted in the United States of America.

Basis of Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Rural Iowa Community Health Alliance Benefits Trust and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Rural Iowa Community Health Alliance Benefits Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatements, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Rural Iowa Community Health Alliance Benefits Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Rural Iowa Community Health Alliance Benefits Trust's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of Schedule H, line 4i - Schedule of Assets Held at End of Year and Schedule G, Part III - Nonexempt Transactions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the supplemental schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

The following description of the Rural Iowa Community Health Alliance Benefits Trust (the Plan) provides only general information about the Plan's provisions. Participants should refer to the Plan agreement for a complete description of the Plan's provisions, copies of which may be obtained from the Plan sponsor.

General - On January 1, 2024, the Plan began to provide health benefits to eligible employees of certain hospitals that are located in rural Iowa who are participating employers in the Plan. The participating employers determine eligibility requirements for Plan benefits for their employees which may include retirees. The participating employers must be members of Rural Iowa Community Health Alliance Inc, the Plan Sponsor. Premiums are paid to the Plan by the participating Plan members. The Plan is a defined benefit health and welfare plan established as a multi-employer welfare arrangement (MEWA) to provide group health insurance.

The Plan is a voluntary employees' beneficiary association (VEBA) trust. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Benefits - The Plan is a self-funded MEWA providing health benefits (medical and prescription drugs). The Plan also provides continuation of certain benefits upon termination of employment through the Consolidated Omnibus Budget Reconciliation Act (COBRA).

Experience-rated Contracts - Certain insurance contracts are subject to experience-rating adjustments. Experience ratings are calculated as the difference between premiums paid and the total of claims paid and fees charged by the insurance company. The experience ratings are determined by the insurance company in the following year and may result in a premium surplus or deficit.

Stop-Loss Coverage - The Plan has entered into a stop-loss insurance arrangement in an effort to limit its exposure for self-insured health benefits and prescription drugs. Individual claims over \$250,000, as well as aggregate claims in excess of 120% of expected paid claims are covered by the stop-loss arrangement.

Self-insured Benefits - The Plan is self-insured for medical and prescription drug claims. The claims for self-insured benefits are processed by the Plan's third-party claims processors under administrative services only (ASO) arrangements. The claims processors pay claims directly to or on behalf of participants and are then reimbursed by the Plan's VEBA trust. Despite the Plan's utilization of third-party claim's processors, ultimate responsibility for payments to providers and participants is retained by the Plan.

The Plan utilizes a pharmacy benefit manager which periodically makes refunds to the Plan based on the Plan's actual utilization pattern of specific drugs.

NOTE B - SUMMARY OF ACCOUNTING POLICIES

Contributions - In addition to deductibles and copayments, employers and participants contribute specified amounts based on applicable monthly premiums for their respective benefit elections. Contribution levels are determined by each of the participating members.

At inception of the Plan on January 1, 2024, each participating hospital contributed funds to set up the statutorily required surplus of \$500,000. In December 2024, an additional capital contribution was made from a participating hospital joining the Plan effective January 1, 2025 for a total of \$231,260.

Basis of Accounting and Use of Estimates - The accompanying financial statements have been prepared using the accrual basis of accounting. The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, benefit obligations and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Concentration of Credit Risk - Financial instruments, which potentially subject the Plan to concentration of credit risk, consist primarily of cash deposits. The Plan maintains deposit accounts at financial institutions where at times the account balances exceed the federally insured limits. Balances in excess of federally insured limits at December 31, 2024 totaled approximately \$5,575,000. The risk is managed by maintaining all deposits in high quality financial institutions.

Plan Benefit Obligations - Iowa Insurance Division (IID) regulations require the Plan to maintain minimum surplus net assets above the claims incurred but not reported (IBNR) equal to the greater of \$500,000 or 10% of annual premiums (calculated in the annual report due to the commissioner of insurance each March covering the preceding calendar year). Management, with the assistance of the Plan's actuary, has determined that total net assets required as of December 31, 2024 was \$500,000. Net assets available for benefits exceeded the combined IBNR and statutorily required surplus at December 31, 2024.

Payment of Benefits - Claim payments are recorded when paid by the third-party claims processor.

Amounts due to claims processors that have yet to be reimbursed by the Plan are recorded as claims payable on the Statement of Plan Benefit Obligations and amounts due to the Plan from claims administrator related to claims deposits in excess of claims incurred are recorded as a receivable in the Statement of Net Assets Available for Benefits.

Experience-rated Contracts - For experience-rated contracts, premium surpluses are recorded as a receivable from the insurance company. If the insurance company requires payment of additional premiums due to a premium deficit, an obligation for the additional premiums is included in benefit obligations. There were no premium surpluses or additional premiums due at December 31, 2024.

Stop Loss - Premiums for stop loss insurance are shown separately in the accompanying Statement of Changes in Net Assets Available for Benefits. Stop loss refunds are shown separately in the accompanying Statement of Changes in Net Assets Available for Benefits.

NOTE B - SUMMARY OF ACCOUNTING POLICIES - Continued

Refunds - Refunds due from the Plan's pharmacy benefit manager are recorded when earned. Refunds due as of the financial statement date have been reported as a receivable, with the offset presented as pharmacy rebates in the accompanying Statement of Changes in Net Assets Available for Benefits.

Subsequent Events - Management has evaluated subsequent events through June 19, 2025, the date the financial statements were available to be issued.

NOTE C - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

Interest bearing cash is valued at the closing price reported on the active market on which the cash is traded. The investments held by the Plan are valued using level 1 inputs. There have been no changes in the methodologies used for valuation during the year ended December 31, 2024.

Total Plan investments measured at fair value as of December 31, 2024 includes interest bearing cash of \$5,825,087. The interest-bearing account earns interest at a rate of 3.30% per annum.

Interest income earned on investments for the year ended December 31, 2024, was \$57,676 and is included in interest income on the Statement of Changes in Net Assets Available for Benefits.

NOTE D - RESERVE ALLOCATIONS OF NET ASSETS AVAILABLE FOR BENEFITS

Following is a summary of the allocations of net assets available for benefits at December 31, 2024:

Total plan benefit obligations	\$ 4,126,403
Designated surplus	500,000
Total reserves	<u>4,626,403</u>
Unreserved net assets	1,813,064
Net assets available for benefits	<u>\$ 6,439,467</u>

NOTE E - CLAIMS INCURRED BUT NOT REPORTED

Plan obligations at December 31, 2024 for claims incurred but not reported (IBNR) are estimated by the Plan's actuary using actuarial methods that use historical trend information developed through studies of medical claim lag patterns. Factors are then applied to paid claims amounts to estimate claims incurred but not reported at year-end. The final trend rates used for the year ending December 31, 2024 was 3.6% for medical and 14.5% for prescription drugs. These amounts are paid by the Plan only if claims are submitted and approved for payment.

NOTE F - ADMINISTRATIVE EXPENSES

The Plan pays administrative expenses that consist primarily of administrative fees paid to third-party claims administrators, actuary, legal and accounting fees. These expenses are reported on the Statement of Changes in Net Assets Available for Benefits as administrative expenses.

NOTE G - TAX STATUS

The VEBA trust funding the benefits of the Plan has applied for an exemption from the Internal Revenue Service for the trust to be tax-exempt under the provisions of Section 501(c)(9) of the Internal Revenue Code (IRC). The Internal Revenue Service has not responded to the application as of June 19, 2025. The Plan trustees believe the Plan is operating in accordance with the provisions of 501(c)(9) and will file the related tax returns accordingly. Unrelated business income tax, if any, would be recorded as an administrative expense of the Plan. No federal or state income taxes have been recorded in the fiscal year ending December 31, 2024 for unrelated business taxable income.

In addition, the Plan and the trust are required to operate in conformity with the IRC to maintain the tax-exempt status of the trust. The Plan Administrator believes that the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate income tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods.

NOTE H - TERMINATION OF THE PLAN

Although it has not expressed any intention to do so, the Plan trustees have the right under the Plan to modify the benefits provided to, and the contributions required of participants, and to discontinue its contributions at any time subject to the provisions of ERISA. The Plan trustees and/or all of the participating employers have the right to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, remaining assets will be applied in a uniform and nondiscriminatory manner toward the provision of benefits for or on account of the participants. No assets of the Plan may revert to the participating employers or be used for purposes other than for the exclusive benefit of the Plan's participants.

NOTE I - RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

As described in Notes A and F, the Plan has several arrangements with service providers. These transactions are party-in-interest transactions under ERISA.

During the year ended December 31, 2024, a participating employer was mistakenly reimbursed for expenses which occurred outside the provisions of the Plan totaling \$82,449. The transaction was considered a nonexempt prohibited transaction under Section 406 of ERISA and Section 4975 of the IRC. After the erroneous reimbursement was discovered, the participating employer reimbursed the Plan within 41 days, resulting in a net \$-0- effect to the Plan's financial statements.

NOTE J - RISKS AND UNCERTAINTIES

The actuarial present value of benefit obligations is reported based on certain assumptions pertaining to historical claims data, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

NOTE K - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

Net assets available for benefits per the financial statements	\$ 6,439,467
Other obligations for current benefit coverage	<u>(4,126,403)</u>
Net assets available for benefits per the Form 5500	<u>\$ 2,313,064</u>
Change in net assets available for benefits per the financial statements	\$ 5,708,207
Change in other obligations for current benefit coverage	<u>(4,126,403)</u>
Change in net assets available for benefits per the Form 5500	<u>\$ 1,581,804</u>

Claims that have been processed and approved for payment at year-end, but not paid and claims incurred but not reported are not considered liabilities on the Statement of Net Assets Available for Benefits under GAAP and are not presented as liabilities or claims paid in the accompanying financial statements. These amounts are recorded as liabilities on the Form 5500.
