Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2024 Financial Statements

We have performed audits of the financial statements of Knowles Corporation 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2024, and for the year then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2024 Financial Statements

In our opinion, based on our audits and the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2024 Financial Statements section of our report:

- The amounts and disclosures in the accompanying 2024 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying 2024 financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2024 Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2024 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion on the 2024 financial statements.

Responsibilities of Management for the 2024 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2024 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2024 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2024 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2024 financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of the Year) as of December 31, 2024, presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the

supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2023 Financial Statements

We have audited the 2023 financial statements, and in our report dated June 18, 2024, we expressed an unmodified opinion on those 2023 financial statements.

Knowles Corporation 401(k) Plan

Notes to Financial Statements

1. Description of the Plan

The following description of the Knowles Corporation 401(k) Plan (the Plan) provides only general information. This description of the provisions of the Plan is governed in all respects by the detailed terms and conditions contained in the Plan itself. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established to encourage and facilitate retirement savings and investment by eligible employees of Knowles Corporation and its U.S. subsidiaries (Knowles). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Empower Trust Company, LLC (formerly Great-West Trust Company, LLC) (the Trustee) has been granted authority by the Knowles Corporation Benefits & Investment Committee to purchase and sell securities.

Eligibility

All full-time and part-time employees of Knowles who have reached age 18 are immediately eligible to participate in the Plan.

Automatic Enrollment

The Plan has an automatic enrollment feature for all new employees. Eligible employees are enrolled automatically in the Plan at a 5% pre-tax contribution rate unless they formally opt-out of the Plan or elect to contribute at a higher or lower rate. Pre-tax contributions of participants who are automatically enrolled in the Plan will be invested in the appropriate Vanguard Target Retirement Funds based on the participant's date of birth unless the participant elects other investments permitted under the Plan.

On the first day of each Plan year, all participants who have an elective deferral of 0% will be automatically updated to a pre-tax deferral rate of 5%, except to the extent an affected participant makes an affirmative contrary election within the 31 days prior to the date that automatic contributions are to commence. All participants may complete a salary reduction agreement at any time to select an alternative deferral amount or to elect not to defer under the Plan in accordance with the deferral procedures of the Plan.

Contributions

Participant

Eligible employees of Knowles that have been enrolled or elected to participate in the Plan may make pre-tax and after-tax contributions to the Plan. Participants' pre-tax and after-tax deferrals are voluntary. Eligible compensation generally includes salary and wages, commissions, and certain bonuses. Generally, a participant may elect to exclude from 1% to 75% (in whole percentages) of his or her eligible compensation (Participant Contribution) from current taxable income by having such amount contributed to his or her account in the Plan. The amount contributed by a participant is subject to applicable Internal Revenue Code (IRC) limits. Employees may not exceed \$28,750 of

Knowles Corporation 401(k) Plan

Notes to Financial Statements

after-tax contributions in any Plan year. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions not to exceed \$8,000. Catch-up contributions are subject to applicable IRC limits. Each participant has the right to roll over into the Plan certain distributions from other tax-qualified plans or appropriate individual retirement accounts. Participants may make In-Plan Roth rollovers, which allows a participant to elect to change the tax treatment of all or some of their pre-tax accounts.

Employer

The Plan provides a fixed per-payroll matching contribution (Employer Matching Contribution) equal to 100% of the participant's elective deferrals, not to exceed the lesser of 5% of the participant's compensation or IRC limits. Knowles may also elect to make profit-sharing contributions for a Plan year with respect to its employees who have satisfied the eligibility requirements set forth above. No profit-sharing contributions were provided to the Plan in 2024 and 2023. Such contributions are allocated in proportion to the compensation of participants who are employed by Knowles and are employees on the last day of the Plan year whether or not they have deferred any of their compensation into the Plan. Profit-sharing contributions are invested consistent with participants' investment fund elections. If a participant has not made an investment fund election, profit-sharing contributions are invested in the age-based Vanguard Target Retirement Funds based on the participant's date of birth.

Participant Accounts

Each participant's account is credited with the participant's contributions and employer matching contributions as well as allocations of profit-sharing contributions, if applicable, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participant contributions, employer matching contributions, and employer profit-sharing contributions for all participants, plus earnings thereon, vest immediately.

Distributions

A participant's vested account balance in the Plan is distributable following the participant's retirement, death, or other termination of employment.

Hardship withdrawals are permitted for any participants who are active employees and demonstrate a financial hardship which meets IRC regulations to be considered an "immediate and heavy financial need." The hardship withdrawal amount is limited to the amount "necessary" to satisfy the financial need, plus income taxes that the participant is expected to incur on the amount of the withdrawal.

Distributions from the Plan are generally made in the form of a single lump-sum payment or installment payments over a period of not more than a participant's assumed life expectancy. For distributions that include Knowles stock, the participant may elect to receive whole shares of Knowles stock "in-kind" and the remaining fractional share in cash. In-service distributions are permitted from a participant's account balance, provided the participant has attained the age of

Knowles Corporation 401(k) Plan

Notes to Financial Statements

59 ½. Participants may delay the distribution of their account balance following their termination; however, distributions are required to begin no later than April 1st following the end of the year in which a participant reaches the age of 72 (73 if the participant reached age 72 after December 31, 2023).

Notes Receivable from Participants

A participant may borrow up to 50% of their vested account balance, up to \$50,000, with a minimum loan amount of \$1,000 from the vested portion of their account. A participant may have only one loan outstanding at any time. The notes receivable are secured by the balances in the participant's accounts. Each note receivable carries a reasonable rate of interest determined by the Plan Administrator to be commensurate with the prevailing interest rate charged on similar commercial loans made within the same locale and time period. Principal and interest is paid ratably through payroll deductions. Notes receivable outstanding as of December 31, 2024 bear interest at rates between 3.25% and 8.50%.

Allocation Provisions

Each participant has the right to direct the entire amount of his or her Plan account to be invested in one or more of the available investment funds in multiples of 1%. In addition, the Plan offers a self-directed brokerage account option that allows participants to invest in a wide array of securities including but not limited to mutual funds, exchange traded funds, bonds, certificates of deposit, and money market funds at their discretion. Each participant has the right during any business day to transfer all or any portion of the amount in his or her account among the investment funds.

Administrative Expenses

Certain administrative expenses of the Plan related to the Trustee, recordkeeping, legal, and audit fees are paid by the Plan, unless otherwise paid by Knowles. Such administrative expenses are charged to the participants on a quarterly basis. Fees related to participant-initiated transactions are charged directly to the participant's account.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements were prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Investments - Valuation

The Plan's investments are reported at fair value (see Note 3). Investments in common stock are valued at the closing market price on the last business day of the Plan year based on quotations from a national securities exchange. The fair value of investments in registered mutual funds and exchange traded funds are valued at the net asset value (NAV) of shares held by the Plan at year end, which is obtained from an active market. Self-directed brokerage accounts are comprised of mutual funds, exchange traded funds, common stocks, and cash and cash equivalents. The individual investments in the self-directed brokerage accounts are valued on the basis of readily determinable market prices.

Knowles Corporation 401(k) Plan

Notes to Financial Statements

The fair value of units held in collective funds are based on the net asset values as of the last business day of the Plan year as determined by their respective investment managers and transactions occurring as of or close to the financial statement date. The NAV, as provided by the trustees of the collective funds, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the collective fund less its liabilities. This practical expedient is not used when it is determined to be probable that the collective fund will sell for an amount different than the reported NAV. There are no unfunded commitments or redemption clauses.

The Knowles stock fund is tracked on a unitized basis. At December 31, 2023, the Knowles stock fund consists of common stock of Knowles Corporation and a money market fund that are sufficient to meet the daily cash needs. Unitization of the Knowles stock fund allows for daily trades. The value of a unit reflects the combined market value of the common stock and the money market fund. As of December 12, 2024 the Plan no longer invested in the Knowles stock fund.

Investments - Transactions and Income Recognition

Purchases and sales of investment securities are reflected on a trade-date basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the Plan year. Dividend income is recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest. Repayments of principal and interest are received through payroll deductions. The notes are collateralized by the participants' account balances. Interest income is recorded as earned.

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts and disclosures of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for various investment options in any combination of stocks, collective funds, mutual funds, Knowles common stock, and participant self-directed brokerage accounts. Knowles periodically reviews the investment options available in the Plan to ensure that they continue to help participants reach retirement savings goals. Investment securities are exposed to various risks, including, but not limited to, interest rate, market, liquidity, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

At December 31, 2024 and 2023, approximately 0% and 0.6%, respectively, of the Plan's assets were invested in Knowles common stock.

Knowles Corporation 401(k) Plan

Notes to Financial Statements

Distributions to Participants

Distributions to participants are recorded in the Plan's financial statements when paid.

Plan Termination

Although it has not expressed any intent to do so, Knowles has the right under the Plan to discontinue all contributions at any time and to terminate the Plan, subject to the provisions of the Plan, ERISA, and the IRC. As described in Note 1, participants are 100% vested in their Plan accounts.

3. Fair Value Measurements

Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, defines fair value as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. When determining the fair value measurements for assets and liabilities required to be recorded at fair value, the Plan considers the principal or most advantageous market in which it would transact and considers assumptions that market participants would use when pricing the asset or liability, such as inherent risk, transfer restrictions, and risk of nonperformance.

ASC 820 also establishes a fair value hierarchy that requires the Plan to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. A financial instrument's categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement. ASC 820 establishes three levels of inputs that may be used to measure fair value:

Level 1 - This level consists of quoted prices in active markets for identical assets or liabilities.

Level 2 - This level consists of inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - This level consists of unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities or significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

There have been no changes in the methodologies used at December 31, 2024 or 2023. The methods described may produce a fair value calculation which may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Knowles Corporation 401(k) Plan

Notes to Financial Statements

The Plan's financial instruments carried at fair value on a recurring basis by their ASC 820 fair value hierarchy level are as follows (in thousands):

4. Certified Investment Information

Certain information disclosed in the accompanying financial statements and ERISA-required supplemental schedule, related to investments and notes receivable from participants held as of December 31, 2024, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the years then ended, was obtained by management and agreed to or derived from information certified as complete and accurate by the Trustee, Empower Trust Company, LLC, a qualified institution.

5. Related Party and Party-in-Interest Transactions

Certain Plan assets are invested in common stock of Knowles. Knowles, as the Plan sponsor, is a related party. On December 12, 2024 the Plan sold all held shares of Knowles stock. At December 31, 2024 and 2023, the Plan held 0 and 61,359 shares of Knowles stock, respectively. There were no dividends received by the Plan on these shares for the years ended December 31, 2024 and 2023. During the years ended December 31, 2024 and 2023, the Plan

Knowles Corporation 401(k) Plan

Notes to Financial Statements

recorded purchases of Knowles stock totaling \$116,000 and \$79,000 and sales of Knowles stock totaling \$1,330,000 and \$221,000, respectively. Notes receivable from participants held by the Plan are also considered party-in-interest transactions.

Certain administrative functions are performed by employees of Knowles. No such employee receives compensation from the Plan. Certain other expenses relating to the Plan, including legal and consulting services, are paid directly by Knowles and subsequently charged to the Plan. Fees or commissions associated with each of the investment options and certain administrative expenses of the Plan are paid primarily by participants as a deduction from the amount invested or as an offset to investment earnings. The Plan also receives revenue credits from the Trustee.

6. Income Tax Status

The Plan is governed by a pre-approved plan maintained by Empower Retirement LLC. Empower Retirement LLC received an opinion letter from the Internal Revenue Service dated November 14, 2022 concluding that the documents are acceptable under Section 401 of the IRC. Knowles relies upon this letter for the Plan's favorable tax treatment. Although the Plan has been amended since receiving the letter, Knowles believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC in all material respects. Therefore, Knowles believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement dates.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress.

7. Subsequent Events

The Plan evaluated subsequent events from December 31, 2024 through August 6, 2025, the date these financial statements were available to be issued.
