INDEPENDENT AUDITOR'S REPORT

The Plan Administrator of Lanakila Pacific 401(k) Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Lanakila Pacific 401(k) Retirement Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974, as amended (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of October 18, 2024 and June 30, 2024, and the related statements of changes in net assets available for benefits for the period ended October 18, 2024 and the year ended June 30, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of October 2, 2024 and June 30, 2024, and for the period ended October 2, 2024 and the year ended June 30, 2024, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (U.S. GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Plan Merger

As further discussed in Note A to the financial statements, the Board of Directors of Lanakila Pacific approved the adoption of the SimplicityHR 401(k) Retirement Savings Plan (new Plan) in March 2024. All assets were transferred to the new Plan on October 2, 2025.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (continued)

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental schedules of Form 5500, Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the period ended October 18, 2024 and Form 5500, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of October 18, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Other Matters (continued)

In our opinion

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

LANAKILA PACIFIC 401(k) RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

For the Period Ended October 18, 2024 and Year Ended June 30, 2024

NOTE A – DESCRIPTION OF PLAN

The Lanakila Pacific 401(k) Retirement Plan (Plan) was established on July 1, 2007 and amended and restated effective July 1, 2021 for the Coronavirus Aid, Relief and Economic Stability (CARES) Act amendments. The following is a description of the Plan that provides only general information. Participants should refer to the plan agreement for a complete description of the Plan's provisions.

In March 2024, the Board of Directors of the Plan approved the merger of the Plan with the SimplicityHR 401(k) Retirement Savings Plan (new Plan) to be effective July 1, 2024. As of July 1, 2024, all plan contributions were made to the new Plan. The assets of the Plan were transferred to the new Plan on October 2, 2024.

General

The Plan was a voluntary defined contribution plan covering employees of Lanakila Pacific (Organization), except for union employees, nonresident aliens, leased employees, and employees classified as "Trainee". Employees working at least 500 hours during each of three consecutive 12-month periods were eligible to contribute to the Plan. Eligible employees could contribute to the Plan upon completion of 90 consecutive calendar days of employment, with no minimum work hour requirement and no minimum age requirement. Participants were eligible for employer discretionary contributions after one year of service of at least 1,000 hours and attaining 18 years of age, and must be employed on the last day of the Plan year. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). Effective January 1, 2019, Service Contract Act employees became eligible to participate in the Plan. Effective July 1, 2019, highly compensated employees became eligible to participate in the Plan.

Contributions

Participants could make employee salary deferral contributions to the Plan up to the lesser of 100% of eligible compensation or \$23,000 in 2024, adjusted annually for the cost of living, plus an additional \$7,500 in 2024, for employees age 50 and over. The Organization made prevailing wage contributions in accordance with the McNamara-O'Hara Service Contract Act (SCA) for participants who perform an hour or more of service under a public contract subject to the Davis-Bacon Act. Such contributions amounted to \$0 and \$135,629 for the period ended October 18, 2024 and year ended June 30, 2024, respectively. The Organization could also elect on a year-to-year basis to make discretionary contributions determined by the Board of Directors. During the period ended October 18, 2024 and year ended June 30, 2024, there were no discretionary contributions. Total contributions to each employee's account could not exceed the lesser of \$69,000, or \$76,500 if age 50 and over, in 2024, or 100% of annual compensation, as defined. Excess contributions were refunded in accordance with provisions of the Internal Revenue Code (Code).

Participant Accounts

Each participant's account was credited with the participant's contributions; plus an allocation based on participant earnings or account balances of the Organization's discretionary contributions and the Plan's net earnings; less an allocation of administrative expenses. The benefit to which a participant was entitled was the benefit that can be provided from the participant's account.

LANAKILA PACIFIC 401(k) RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS (Continued)

For the Period Ended October 18, 2024 and Year Ended June 30, 2024

NOTE A – DESCRIPTION OF PLAN (Continued)

Vesting

Participants were 25% vested in employer contributions and earnings thereon after one year of continuous service, 50% after two years of continuous service, 75% after three years of continuous service, and 100% after four years of continuous service. Participant voluntary contributions and earnings thereon were always 100% vested.

Forfeitures

Termination of employment for reasons other than retirement, disability, or death resulted in a forfeiture of the nonvested portion of the participant's account balance. Forfeitures could be applied to the administrative expenses of the Plan, allocated as additional employer contributions, or used to reduce other employer contributions. At October 18, 2024 and June 30, 2024, forfeited nonvested accounts totaled \$0 and \$4,596, respectively. For the period ended October 18, 2024 and year ended June 30, 2024, forfeited accounts totaling \$0 and \$62, respectively, were used to reduce administrative expense.

Payment of Benefits

The vested amount in each participant's account was payable upon normal retirement (age 65), disability, death, or termination of employment. Participants could receive the entire value of their accounts in a single lump-sum payment. Participants could make withdrawals from the vested portion of their accounts to satisfy a financial hardship, as defined, subject to the approval of the plan administrator. Active participants could withdraw all or a portion of their vested account balance as in-service distributions after attaining age 59 ½. Hardship withdrawals were strictly regulated by the Internal Revenue Service (IRS). For participant account balances of less than \$5,000, unless the balance was rolled over to an IRA or qualified retirement plan, the amount was distributed in a lump-sum less applicable income tax withholdings.

Notes Receivable from Participants

Participants could borrow up to 50% of their vested account balance, and the total amount outstanding as a loan during any 12-month period may not exceed \$50,000. The minimum loan allowed was \$1,000, and participants could not have more than two loans outstanding at any time. The loan repayment period generally could not extend beyond five years with payback through payroll deductions. Primary residence loans were allowed with a payback term of 15 years. The notes were secured by the participants' account balances. Interest rates were based on the prime interest rate, at the time of the loan, plus one percentage point. During the period ended October 18, 2024 and year ended June 30, 2024, the interest rates on the notes ranged from 4.25% to 9.50% with various maturity dates through June 2029.

NOTES TO THE FINANCIAL STATEMENTS (Continued)

For the Period Ended October 18, 2024 and Year Ended June 30, 2024

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires the plan administrator to make estimates and assumptions that affect reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates, it is reasonably possible that such estimates may change in the near term, and such differences could be material to the financial statements.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Net appreciation of the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year. The fair value of the Plan's investments and the related net appreciation in the fair value of investments are determined by the qualified institution of the Plan, Empower Trust Company (Empower). See Note D for discussion of the fair value measurements. Interest income is recorded when earned. Dividends are recorded on the ex-dividend date.

Notes Receivables from Participants

Notes receivables from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Interest income is recorded as earned. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of October 18, 2024 and June 30, 2024.

Employer and Participant Contributions Receivable

Contributions receivable are recognized for amounts due from the Organization or participants that were remitted to the qualified institution after year-end. Contributions from plan participants and employer SCA contributions from the Organization are recorded in the year in which the employee contributions are withheld from compensation.

Payments of Benefits

Benefit payments to participants are recorded when paid.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Administrative Expenses

The Plan's administrative expenses are paid from plan assets, unless paid by the Organization. Expenses are recognized when the related liability is incurred. Fees incurred by the Plan for investment management services are included in net appreciation of fair value of investments.

NOTE C – CERTIFICATIONS FROM QUALIFIED INSTITUTIONS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedules, including investments and notes receivable for participants held at October 2, 2024 and June 30, 2024, and net appreciation in fair value of investments, interest, and dividends, for the period ended October 2, 2024 and year June 30, 2024, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Empower, the qualified institution of the Plan, as of October 2, 2024 and June 30, 2024.

NOTE D – FAIR VALUE MEASUREMENTS

U.S. GAAP provides a fair value hierarchy that prioritizes the inputs to valuation methodology used to measure fair value. There are three fair value levels of inputs to the valuation methodology. Level 1 inputs consist of unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. Level 2 inputs include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability. Level 3 inputs are unobservable and significant to the fair value measurement. The fair value measurement level of an asset or liability within the hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation methodologies used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

At June 30, 2024, the Plan's investments in mutual funds were valued using quoted market prices and investments in money market funds are valued using stated value, both Level 1 inputs. The stated value of the money market funds were based on the net asset value of the underlying assets, which generally approximate \$1 per share. There were no investments requiring Level 2 or 3 inputs. The methods described above may produce a fair value that may not be indicative of net realizable value or reflective of future fair value.

NOTE E – TAX STATUS

The Plan was a volume submitter profit sharing plan that received a favorable opinion letter from the IRS dated November 30, 2020, which states that the Plan was acceptable under section 401 of the Code for use by employers for the benefit of their employees. The Plan was required to operate in conformity with the Code to maintain its tax qualified status. Management is not aware of any course of action or series of events that have occurred that might adversely affect the Plan's qualified status and believes the Plan was designed as was being operated in compliance with applicable provisions of the Code.

U.S. GAAP requires uncertain tax positions to be recognized in the financial statements if they are more likely than not to fail upon regulatory examination. The plan administrator has evaluated the Plan's tax positions as of October 18, 2024 and June 30, 2024 and for the period ended October 18, 2024 and the year ended June 30, 2024, and determined that the Plan had no uncertain tax positions required to be reported in accordance with U.S. GAAP. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any open tax periods.

NOTE F – RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

The Plan's assets were administered by and in the custody of Empower until October 2, 2024, and, therefore, these transactions qualify as party-in-interest transactions.

NOTE G – ADMINISTRATION OF THE PLAN

The determination of the amount, timing, and type of contributions were made by each participant. Certain administrative functions were performed by officers or employees of the Organization, who receive no compensation from the Plan. Expenses that were paid by the Organization are excluded from these financial statements.

NOTE H – RISK AND UNCERTAINTIES

The Plan invested in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

The Plan and the Organization operate in the State of Hawaii. Local, national, and international events can have severe, adverse effects on economic conditions in Hawaii. These financial statements do not include the adjustments that would result if the Plan was to account for future losses or asset impairments, as the effects on the financial statements of the Plan from such changes in economic conditions are not presently determinable.
