## Independent Auditor's Report

To The Board of Trustees  
Printing Industry and Union Consolidated Pension Plan  
Printing Industry Association of Western Pennsylvania  
Carnegie, Pennsylvania

### Opinion

We have audited the accompanying financial statements of Printing Industry and Union Consolidated Pension Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net deficit in assets available for benefits as of January 4, 2025 and 2024, the related statements of changes in net deficit in assets available for benefits for the years then ended, the statement of accumulated plan benefits as of January 4, 2024, the related statement of changes in accumulated plan benefits for the year then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net deficit in assets available for benefits and the changes in net deficit in net assets available for benefits of Printing Industry and Union Consolidated Pension Plan as of January 4, 2025 and 2024, the statement of accumulated plan benefits and the related statement of changes in accumulated plan benefits for the year ended January 4, 2024, in accordance with accounting principles generally accepted in the United States of America.

### Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Printing Industry and Union Consolidated Pension Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Printing Industry and Union Consolidated Pension Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Printing Industry and Union Consolidated Pension Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about Printing Industry and Union Consolidated Pension Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

### A. Description of Pension Plan

The following brief description of the Printing Industry and Union Consolidated Pension Plan (Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

*General.* The Plan, which was established on January 5, 1959, is a multiemployer, defined benefit pension plan sponsored by a Board of Trustees (Trustees) created by a trust agreement between the Trustees and the Printing Industry Association of Western Pennsylvania (Association) and the following unions:

Pittsburgh Typographical Union No. 7  
Pittsburgh Printing Pressmen and Assistants Union Local No. 64  
Graphic Arts International Union No. 24M

Effective January 4, 1997, the Printing Industry Basic and Typo Pension Plans were merged to form the Printing Industry and Union Consolidated Pension Plan. As a result of the merger, the Consolidated Plan preserves the benefit structures of both prior plans, but assets from both prior plans are now available to pay all benefits of the Consolidated Plan.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Typo Plan was frozen to new members, effective February 1, 1978. Members eligible prior to February 1, 1978 are eligible to receive pension benefits.

*Pension Benefits (Basic).* Employees with 10 or more years (5 years or more for non-union employees) of continuous service are entitled to annual pension benefits beginning at normal retirement age (65). The Plan permits early retirement at ages 60-64, at a reduced benefit of .006 for each month early. Benefits are expressed by a formula which includes a dollar multiplier. The dollar multiplier which applies to an employee depends on when the employee retires and how many cents per hour the employer contributed. At the present time, benefit levels are set as follows: If at least \$.10 per hour has been contributed to the Plan on an employee's behalf, the amount of the employee's pension (assuming normal retirement) will be based upon (A) multiplied by (B):

- (A)(1) If an employee retired before November 1, 1969, \$2.00;
- (A)(2) On November 1, 1969 \$5.00 per month was added to all existing pensioners;
- (A)(3) If an employee retired after November 1, 1969, \$2.50 - Multiplied by:
- (B) Employee's years of credited service up to a maximum of 30 years.

**A. Description of Pension Plan (Continued)**

If the contribution level for an employer's group of participants is greater than \$.10 per hour, the Trustees have set greater benefits levels as specified in the table below. However, a minimum of six months must elapse between the start of these higher contributions and the date greater benefits may be paid.

Summary of Current Benefit Levels:

<u>Local Number</u>	<u>Cents Per Hour Contribution</u>	<u>Dollar Multiplier</u>	<u>Maximum Monthly Pension</u>
64 (Frediani)	\$ .55	\$ 5.50	\$ 165.00
24M (Graphic Arts Color)	.38	5.00	150.00
24M (Geyer)	.95	9.00	270.00
7	.18	2.50 *	75.00

\*For service prior to January 5, 1986, the Local No. 7 Dollar Multiplier is \$3 and the maximum monthly pension is \$90 if 30 or more years were credited prior to January 5, 1986.

Employees may elect to receive their pension benefits under the following different forms:

1. Single Life Annuity
2. Joint and Two-Thirds Survivor Annuity
3. Any other form that may be authorized and available under the rules adopted by the Trustees.

*Pension Benefits (Typo).* Employees with 10 or more years of service with one or more employers eligible to participate in the Plan are entitled to pension benefits at normal retirement age (60) of \$41 per month. The Plan has no provision for early and disability retirement. Employees may elect to receive their pension benefits in the form of a joint and two-thirds survivor annuity.

*Death Benefits.* A monthly spouse's benefit equal to two-thirds of the joint and survivor benefit payable to the participant assuming the participant had retired or terminated the day before death and made that election. Benefit is payable upon the normal retirement eligibility date of the participant.

*Disability Benefits (Basic Only).* Active employees who become totally disabled, at the later of age 50 or 15 years of continuous service, receive annual disability benefits that are equal to the normal retirement benefits they have accumulated as of the time they become disabled.

#### B. Summary of Significant Accounting Policies

The following are the significant accounting policies followed by the Plan:

*Basis of Accounting.* The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

*Employer Withdrawal Liability Receivable.* Employer withdrawal liability receivable is stated at the amount the Trustees expects to collect from outstanding balances. An allowance for credit losses has been established in the amount of \$1,350,104 as of January 4, 2025 and \$1,353,104 as of January 4, 2024. The Trustees provide for probable uncollectible amounts through a charge to uncollectible contributions and a credit to a valuation allowance based on the Trustees' assessment of the credit history with employers having outstanding balances and the current relationships with them. Balances that are still outstanding after the Trustees have used reasonable collection efforts are written off through a charge to the valuation allowance and a credit to employer withdrawal liability receivable.

*Use of Estimates.* The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

*Expenses.* All expenses of maintaining the Plan, including administrative expenses, are paid directly by the Plan and are included in the financial statements.

*Actuarial Present Value of Accumulated Plan Benefits.* Accumulated plan benefits are those future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to: (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits under the Plan are based on the employees' period of service on the date as of which the benefit information is presented (valuation date). Benefits payable under all circumstances - retirement, death, disability, and termination of employment - are included, to the extent they are deemed attributable to employee service rendered to the valuation date. Benefits to be provided via annuity contracts excluded from Plan assets are excluded from accumulated plan benefits.

The actuarial present value of accumulated plan benefits is determined by an actuary from The Phoenix Benefits Group, Inc. and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as death, disability, withdrawal and retirement) between the valuation date and the expected date of payment.

### **B. Summary of Significant Accounting Policies (Continued)**

The significant actuarial assumptions used in the valuations as of January 4, 2024 are: (a) life expectancy of participants (the PRI-2012 Mortality Table with the blue collar adjustment and future mortality improvement using Scale MP-2020); (b) disability (100% of 1955 UAW disability table); (c) retirement age assumptions (normal retirement age or attained age, if greater); (d) funding method (Unit Credit); (e) asset valuation (Market Value); and (f) investment return. The 2024 valuation included an assumed average rate of return of 6.5%.

*Payment of Benefits.* Benefit payments to participants are recorded upon distribution.

*Date of Trustees Review.* The Trustees have evaluated subsequent events through August 13, 2025, which is the date the financial statements were available to be issued.

### **C. Funding Policy**

The Plan was being funded by contributions made on behalf of active members of unions employed by participating employers. On November 3, 2008, the remaining two employers withdrew from the Plan. Following the withdrawal, the Plan is obligated by ERISA to issue a withdrawal liability assessment to each respective employer (See Note F). The assessment is based on the Plan's unfunded vested benefits as of the end of plan year preceding the withdrawal, that is as of January 4, 2008. Contributions to the Plan (including withdrawal liability payments), which were in compliance with the minimum funding provisions as set in ERISA, were determined by an actuary on the basis of data supplied by the Printing Industry Association of Western Pennsylvania. As the Plan became insolvent in 2010, the Pension Benefit Guarantee Corporation (PBGC) is currently providing financial assistance at the level of guaranteed benefits (Refer to Notes D and E).

### **D. Benefits Guaranteed by PBGC**

Effective November 3, 2008, the Plan was terminated by mass withdrawal of the remaining employers. By unified notice dated November 2, 2009, the Plan notified the PBGC of a mass withdrawal, the consequent plan termination, determination of insolvency, the insolvency benefit level, and an application for financial assistance.

Benefits under the Plan are insured by the PBGC. The PBGC guarantees vested benefits at the level in effect on the date of plan termination. In addition, there is a ceiling on the amount of monthly benefits that PBGC guarantees, which is adjusted periodically. Generally, the PBGC guarantees most vested normal survivor's pensions. However, PBGC does not guarantee all types of benefits under covered plans, and the amount of benefit protection is subject to certain limitations.

#### E. Financial Assistance

If a PBGC-insured multiemployer plan is unable to pay guaranteed benefits when due, the PBGC will provide the plan with financial assistance. This assistance is a loan that allows the plan to pay participants their guaranteed benefits and to pay the plan's reasonable administrative expenses.

During the years ended January 4, 2025 and 2024, the Plan received \$185,300 and \$199,020, respectively, of financial assistance from the PBGC (including waived PBGC insurance premiums), as evidenced by promissory notes bearing interest at the rate in effect under Section 6621(a)(2) of the Internal Revenue Code (8% lowering to 7% in January 2025), compounded daily. Accrued interest due related to these notes amounted to \$1,866,759 and \$1,440,150 at January 4, 2025 and 2024, respectively.

#### F. Employer Withdrawal Liability Receivable

On November 3, 2008, the remaining two employers withdrew from the Plan. The Plan is obligated by ERISA to issue a withdrawal liability assessment to each employer. On June 10, 2009, the Plan assessed Frediani Printing Company \$637,512 and Graphic Arts Color Corporation \$782,876. ERISA permits a withdrawing employer to satisfy its withdrawal liability through installment payments. As there is substantial doubt regarding the collectability of the withdrawal liability assessments, the Trustees have reduced these amounts to their net realizable value.

Annual required installment payments and employer withdrawal liability receivable, allowance for credit losses, and net realizable value are as follows:

	January 4, 2025			
	Annual Required Installment Payments	Assessed Withdrawal Liability Receivable	Allowance for Credit Losses	Net Realizable Value
Frediani Printing Company	\$ 2,616	\$ 597,580	\$ 584,500	\$ 13,080

### **H. Risks and Uncertainties**

The actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

### **I. Tax Status**

The Internal Revenue Service (IRS) has determined and informed the Plan, by a letter dated May 5, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC).

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for the years prior to 2021.

### **J. Related Party Transactions**

The Association charges the Plan a monthly fee, negotiated on an annual basis, to cover the expenses incurred in administering the Plan. The Association is the plan administrator as defined by the Plan and, therefore, these transactions qualify as party-in interest. Clerical services and supplies paid by the Plan amounted to \$53,400 for the years ended January 4, 2025 and 2024.

### **K. Change in Actuarial Assumptions**

During the year ended January 4, 2024, there was one change in the actuarial assumptions used to calculate the present value of accumulated plan benefits. The mortality table was changed from RP-2014 to PRI-2012. This change in actuarial assumptions amounted to a \$6,089 decrease in the present value of accumulated plan benefits during the year ended January 4, 2024.
