Independent Auditor's Report

Board of Trustees
Plan A Health Care Plan

Opinion

We have audited the financial statements of Plan A Health Care Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits and plan benefit obligations as of October 31, 2024 and 2023, the related statements of changes in net assets available for benefits and changes in plan benefit obligations for the year ended October 31, 2024, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits and plan benefit obligations of the Plan as of October 31, 2024 and 2023, and the changes in its net assets available for benefits and changes in plan benefit obligations for the year ended October 31, 2024, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA
Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of October 31, 2024, and schedule of reportable transactions for the year ended October 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules are fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1. Plan Description

The following description of the Plan A Health Care Plan (the Plan), provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a self-insured benefit program funded by the employers and participants within the Plan. Participants in the Plan are current and certain former employees of the following sponsors: Community Living Options, Inc., Frances House, Inc., Unlimited Development, Inc., Achievement Unlimited, Inc., Pinnacle Opportunities, Inc., Pioneer Concepts, Inc., Residential Alternatives of Illinois, Inc., Desert Health Care Facilities, Inc. and LTC Support Services, LLC. Desert Health Care Facilities, Inc. sold its operations in April 2024 and no longer participates in the Plan, as all employees were transferred to the new owner. Plan assets are held in a voluntary employees' benefit association (VEBA) trust. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Eligibility: Eligible employees include active full-time employees, as defined in the related Plan Sponsors' personnel policy, who have completed 60 continuous days of employment.

The purpose of the Plan is to provide medical, short-term disability and death benefits for eligible employees and their dependents that voluntarily elect to participate in the Plan. The Plan also provides continuation of certain benefits upon termination of employment through the Consolidated Omnibus Budget Reconciliation Act (COBRA).

The Plan is self-insured for medical coverage; however, individual stop-loss insurance has been purchased for losses in excess of $260,000 per fiscal year with an unlimited maximum reimbursement per policy period. The lifetime maximum benefit coverage is unlimited per individual. Payments made by stop loss insurance coverage consist of hospitalization, surgical, medical and maternity. The Plan is self-insured for short-term disability coverage. The Plan purchases insurance for death benefits. The Plan also reimburses insurance premiums for certain participants that elect to obtain medical coverage through a state exchange market.

The Plan utilizes a pharmacy benefit manager (PBM) which periodically makes refunds to the Plan based on the Plan's actual utilization pattern of specific drugs.

The Plan also provides eligible full-time employees the opportunity through payroll deductions to pay eligible reimbursable medical care expenses, medical insurance premiums and dependent care expenses. The portion of salary set aside for benefits is not subject to social security or income tax withholding.

Benefits:

- Major Medical Expense Coverage for eligible employees and their spouses and dependents who voluntarily elect to participate in the Plan and who do not have other health plan coverage:

  Eligible charges are covered after a $1,000 deductible effective January 1, 2022, per calendar year (three deductible maximum per family). The Plan then pays 80% (100% after $3,000 per person, $6,000 per family) or 85% if the provider is part of a specific network, of other eligible charges for covered services. Physician medical office visits are payable in full at applicable charges after a $35 co-pay.

- Medical Reimbursement Expense Coverage for employees who are covered by another employer sponsored group health plan:

  The benefits cover deductibles, co-pays or coinsurance amounts not covered by the other group medical plan or other prescription drug plan.

Note 1. Plan Description (Continued)

- Prescription Drug Coverage for eligible employees and their dependents who voluntarily elect to participate in the Plan and who do not have other health plan coverage:

  Eligible drugs are covered after co-pays of $40 for brand name formulary drugs, $55 for brand name non-formulary drugs and $25 for generic equivalents. If brand drugs are purchased when generic is available, participant pays the difference in cost of brand over generic, plus the brand co-pay. The greater of a 90-day supply or 100 units of maintenance drugs may be obtained for two co-pays per drug.

- Minimum Value Expense Coverage for eligible employees and their dependents who voluntarily elect to participate in the Plan and who do not have other health plan coverage:

  Eligible charges are covered at 60% (100% after $6,500 per person, $13,000 per family) and hospital inpatient charges are limited to 15 days per admission and do not include the prescription drug coverage offered with the other major medical coverage but may file prescription receipts and receive reimbursement at 60%. Preventative care and ER services are covered in full without coinsurance.

- Maxi Plan II Expense Coverage for eligible employees who voluntarily elect to participate in the Plan and have other health plan coverage which covers the employee and their spouse, pay secondary to the Plan, and is not an employer sponsored plan:

  These benefits cover 100% of all covered expenses under the Major Medical Expense Coverage described in the first bullet above, except it does not cover inpatient or outpatient hospital bills, ER charges, oncology expenses or prescription drugs other than co-pays from another health plan.

- Affordable Care Expense Coverage for eligible employees who voluntarily elect to purchase insurance through a state exchange market:

  These benefits cover the premiums for the coverage, less any federal government subsidy the participant is eligible to receive and also reimburses for all deductibles, co-pays and coinsurance for the medical and prescription benefits under the other plan.

- Short-term disability benefits:

  Eligible employees are covered at $100 a week up to a maximum of 13 weeks for disabilities due to non-occupational accidents and illnesses.

- Basic life:

  Eligible employees under the age of 70 are covered at $25,000. Employees between the ages of 70 and 74 are covered at $12,500. Employees age 75 and older are covered at $5,000. Death benefits are covered by a group-term policy.

- Reimbursable Medical and Dependent Care benefits for employees who voluntarily elect to participate in the Plan:

  These benefits cover eligible medical care and dependent care expenses as determined under Section 125 of the Internal Revenue Code. The maximum benefit is limited to the amount withheld by the participant for the calendar year, but in no event can be greater than $5,000 for dependent care coverage and $3,200 for medical care coverage.

Claims relating to the above benefits are processed by unrelated third-party administrators contracted by the Plan.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The accompanying financial statements are prepared using the accrual basis of accounting.

Accounting estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, benefit obligations and changes therein, incurred but not reported (IBNR), claims payable and disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from these estimates.

Investment valuation and income recognition: Investments in exchange traded funds are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Trustees determine the Plan's valuation policies utilizing information provided by the investment custodian. See Note 9 for discussion of fair value measurements. Interest bearing bank deposit accounts and certificates of deposit are reported at cost.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/(depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions: The sources of contributions to the Plan are from the employers and the participants. The contributions for medical insurance premiums are based on estimated funding requirements determined by the Plan Administrator each fiscal year. The employers and participants contribute a percentage of the estimated funding requirement based on the participants' years of service and type of coverage. Participants contribute their portion of the estimated funding requirement through payroll deductions. Any additional funding requirements of the Plan are contributed by the Plan Sponsors based on respective percentage of participants. Participants not employed by the Plan Sponsors identified in the general plan description make direct contributions to the Plan. The contributions for eligible reimbursable medical care and dependent care expenses are made by participants through payroll deductions and are determined by participant elections.

Payments of benefits: Premiums paid by the Plan are recorded as premium payments in the accompanying statement of changes in net assets available for benefits. Claim payments are recorded when paid by the third-party claims processor. Amounts due to claims processors that have not been reimbursed by the Plan are recorded as payable to claims administrators in the accompanying statements of net assets available for benefits.

Plan obligations: Plan obligations at October 31, which include health care claims incurred by participants but not reported at that date and potential benefits to be provided to COBRA participants, are estimated by plan management. Such estimated amounts are reported in the statements of plan benefit obligations.

Stop loss: Premiums for stop loss insurance are included in premium payments in the accompanying statement of changes in net assets available for benefits. There were no stop loss refunds that were netted with claims paid in the accompanying statement of changes in net assets available for benefits for the year ended October 31, 2024.

Refunds: Refunds due from the Plan's PBM are recorded when earned. Refunds due as of the financial statement date have been reported as a receivable, with the offset being netted against claims paid. Pharmacy rebates totaling approximately $346,000 have been netted with claims paid in the accompanying statement of changes in net assets available for benefits for the year ended October 31, 2024. Refunds due of approximately $209,000 and $161,000 as of October 31, 2024 and 2023, respectively, have been recorded in the accompanying statements of net assets available for benefits.

Note 2. Summary of Significant Accounting Policies (Continued)

Subsequent events: Plan management has evaluated subsequent events through August 14, 2025, the date the financial statements were available to be issued.

Note 3. Estimated Obligations for Claims Incurred But Not Reported, Claims Currently Payable and Postemployment Benefits

Plan obligations for claims incurred but not reported are estimated based on a review of direct claims paid during the year and subsequent to year-end, including the average monthly claims paid and the normal lapsed time between the date incurred and the date reported. Since the reported obligation is based on estimates, the ultimate obligation may be more or less than reported. As of October 31, 2024 and 2023, the estimated obligations were approximately $1,295,000 and $1,741,000, respectively.

Claims currently payable to or for participants, beneficiaries and dependents are claims reported and approved during the plan year and unpaid at year-end. As of October 31, 2024 and 2023, claims currently payable were approximately $149,000 and $156,000 and are included in plan benefit obligations as of October 31, 2024 and 2023, respectively.

Postemployment benefits for participants are covered under COBRA. These benefits are available to participants generally after employment ceases or another qualifying event, as defined by the Act. The Plan recorded an obligation for potential benefits to be provided in the future of approximately $5,000 and $4,000 as of October 31, 2024 and 2023, respectively. Estimated costs were based on historical data and estimated premiums were based on actual historical data and projected future contributions.

Note 4. Income Tax and Tax Matters

The VEBA trusts established under the Plan to hold the Plan's assets are qualified pursuant to Section 501(c)(9) of the Internal Revenue Code, and accordingly, the trusts' net investment income is exempt from income taxes. The current trust obtained its exemption letter on February 20, 2020, from the Internal Revenue Service and the Plan Sponsors believe that the trust, as amended, continues to qualify and to operate in accordance with applicable provisions of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if it has taken an uncertain position that more likely than not would be sustained upon examination. Management has evaluated the Plan's tax positions and concluded that the Plan has maintained its tax-exempt status and has taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 5. Concentration of Credit Risk

The Plan maintains its cash and investments in bank deposit accounts which, at times, may exceed federally insured limits. During the years ended October 31, 2024 and 2023, certain checking accounts and investments on deposit with a commercial bank exceeded the federally insured limits. The Plan has not experienced any losses in such accounts and believes it is not exposed to any significant credit risk on cash.

Note 6. Plan Termination

Although it has not expressed any intention to do so, the Plan Sponsors have the right under the Plan to modify the benefits provided to, and contributions required of, participants, to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, remaining assets will be applied in a uniform and nondiscriminatory manner toward the provision of benefits for or on account of the participants. No assets of the Plan may revert to the Plan Sponsors or be used for purposes other than for the exclusive benefit of the Plan's participants.

Note 7. Transactions With Related Parties and Parties-in-Interest

RFMS, Inc. (an administrative services company contracted by the Plan Sponsors) provides certain accounting and administrative services for which no fees are charged to the Plan.

The Plan holds demand deposit and certificates of deposit accounts with Illini State Bank, for which no significant fees were charged.

Mutual Medical Plans, Inc. provides claims administrative services, for which approximately $412,000 of fees were charged for the year ended October 31, 2024.

The following parties provided services to the Plan, of which fees of approximately $131,000 were charged and paid by the Plan for the year ended October 31, 2024:

- Benefit Planning Consultants, Inc.—claims administrative services
- Chard Snyder—claims administrative services
- Express Scripts, Inc.—claims administrative services
- RSM US LLP—auditing services
- Benjamin F. Edwards & Co—investment services
- Elias, Meginnes & Seghetti, P.C.—legal services
- Law Offices of Norwood, Marcus & Berk.—legal services

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Note 9. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

Note 9. Fair Value Measurements (Continued)

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of October 31, 2024 and 2023.

***Interest bearing cash and certificate of deposit*:** Valued at cost which approximates fair value.

***Exchange-traded funds*:** Valued at the quoted market prices which represents the Net Asset Value (NAV) of shares held by the Plan at year-end. The funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine that fair value of certain financial instruments could result in a different fair value measurement as of the reporting date.

The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended October 31, 2024, there were no transfers of assets between levels of the fair value hierarchy.

Note 9. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of October 31, 2024 and 2023:

	2024			
	Level 1	Level 2	Level 3	Total
