Independent Auditor's Report

Plan Administrator
Semblex Corporation Employee Profit Sharing & 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Semblex Corporation Employee Profit Sharing & 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental Schedule H, line 4i—schedule of assets (held at end of year), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Semblex Corporation Employee Profit Sharing & 401(k) Plan

Notes to Financial Statements

Note 1. Description of Plan

The following description of the Semblex Corporation Employee Profit Sharing & 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General: The Plan, as most recently amended October 18, 2024, is a contributory, defined contribution plan maintained for the benefit of all eligible employees, as defined by the Plan, of Semblex Corporation (the Sponsor). The Sponsor is the Plan Administrator.

The Plan conforms to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended, and has been approved as being exempt by the Internal Revenue Service (IRS).

Fidelity Management Trust Company (Fidelity) is the trustee, custodian, and record keeper for the Plan.

Eligibility: Employees become eligible to participate in participant-directed contributions (pre-tax and Roth deferrals), employer discretionary matching contributions and qualified discretionary contributions to the Plan upon reaching age 21 and completing three months of service. Once eligibility conditions are met, the Plan provides immediate entry to eligible employees to make participant-directed contributions and share in employer discretionary matching contributions and qualified discretionary contributions. The Plan provides automatic enrollment for eligible employees at a deferral rate of 6% of compensation unless an employee affirmatively elects otherwise. Plan participants must be employed by the Sponsor on the last day of the plan year to be entitled to receive discretionary nonelective employer contributions. The Plan's investments are 100% participant-directed.

Contributions: Contributions from Plan participants and the contributions from the Sponsor are recorded in the year in which the employee contributions are withheld from compensation. The Plan provides for the following contributions which are to be maintained in separate accounts for each participant:

Participant-directed contributions: Each year, participants may contribute to the Plan annual compensation, as defined in the Plan, up to the maximum amount allowed by the Internal Revenue Code (IRC), limited to \$23,000 in 2024.

The Plan allows catch-up contributions for participants who are age 50 and older.

Employer discretionary matching contributions: The Sponsor may, but is not required to, make matching contributions on behalf of participating employees. For 2024, the Sponsor matched 50% of each participant's deferral contributions, up to 6% of the participant's eligible compensation.

Qualified discretionary contributions: The Sponsor may, but is not required to, make contributions for nonhighly compensated employees in order to assure that the Sponsor satisfies certain statutory nondiscrimination testing requirements. In each year that a qualified discretionary contribution is made, each eligible employee will receive a contribution equal to a uniform percentage of each eligible individual's compensation. There were no qualified discretionary contributions for the year ended December 31, 2024.

Discretionary nonelective employer contributions: The Sponsor may, but is not required to, make a discretionary nonelective employer contribution on behalf of eligible participants in a ratio that each eligible participant's compensation bears to the total compensation paid to all eligible participants for the contribution period. There were no discretionary nonelective employer contributions for the year ended December 31, 2024.

Semblex Corporation Employee Profit Sharing & 401(k) Plan

Notes to Financial Statements

Note 1. Description of Plan (Continued)

Participant rollovers: The Plan provides for participant rollovers to be made by the employee from amounts distributed or transferred from other qualified deferred compensation plans.

Vesting: Participants are immediately vested in their participant contribution accounts and employer discretionary matching and qualified discretionary contribution accounts and earnings thereon. Vesting of the discretionary nonelective employer contribution account and earnings thereon is based on years of continuous service, with 20% vesting for each year of service, after two years of service.

Forfeiture accounts: Participants are automatically fully vested upon normal retirement, death, or permanent disability. In the event of termination of employment before full vesting, the nonvested portion is immediately forfeited. The amount of the participant's account forfeited will be reinstated providing the participant resumes employment prior to incurring a break in service (as defined). Amounts forfeited during the year are first used to restore any prior forfeitures in the event of a former participant's return to employment. Forfeitures are retained in the Plan and may first be used to pay administrative expenses, and any remaining amounts will be used to reduce future matching employer contributions. At December 31, 2024 and 2023, there were no forfeited nonvested amounts. In 2024, a total of approximately \$1,800 of nonvested amounts were forfeited which were used to reduce employer discretionary contributions.

Participants' accounts: Each participant's account is credited with participant contributions, the employer discretionary matching, qualified discretionary and discretionary nonelective employer contributions, if any, and plan earnings or losses. Allocations are based on the participant's earnings or account balances, as defined. Allocation of administrative expenses of the Plan is based on participant account balances or certain individual transactions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's accounts.

Participant investment options: Upon enrollment in the Plan, a participant directs their account balances to be invested in selected funds as made available and determined by the Plan Administrator. Participants are allowed to change their investment options on a daily basis.

Notes receivable from participants: Notes receivable from participants are made in accordance with ERISA regulations, whereby interest is segregated and allocated to the individual participant. The minimum note amount is \$1,000 and the maximum amount to the lesser of (a) \$50,000 reduced by the highest outstanding loan balance in the participant's account during the prior 12-month period or (b) one-half the participant's account balance. The notes are secured by the balance in the participant's account and bear interest at market rates ranging from 5.25% to 10.50% at December 31, 2024. Notes' terms range from one to five years but may be up to 10 years if used for the purchase of a primary residence. Principal and interest are paid through payroll deductions. A participant is allowed to take out two loans.

Payment of benefits: Benefits under the Plan are payable to participants or their beneficiaries upon death, retirement, disability, or severance of employment. Benefits are payable in a lump-sum or in installments. Participants may make withdrawals from their account upon reaching normal retirement age or at the participant's request when determination that a financial hardship exists, as defined. If a participant's vested account balance does not exceed \$5,000, the participant must receive the value of the vested interest in his or her account as a lump-sum distribution.

At December 31, 2024, there were no amounts owed to former participants whose employment had been terminated and who requested payouts of their account balances.

Notes to Financial Statements

Note 1. Description of Plan (Continued)

Revenue-sharing income: The Plan has a revenue-sharing arrangement with Fidelity, whereby Fidelity agrees to deposit recordkeeping revenue in excess of the agreed-upon compensation. The Company may direct the trustee to use the amounts held in the revenue credit account to reimburse the Company for fees and expenses associated with services provided to the Plan, or pay such vendors, including the trustee or third parties, directly. During 2024, the Plan received approximately \$3,900 from this arrangement which is recorded within administrative expenses on the statement of changes in net assets available for benefits. As of December 31, 2024 and 2023, the balance in the revenue-sharing account amounted to approximately \$6,800 and \$2,900, respectively. During 2024, the Plan did not use the revenue-sharing account to pay administrative expenses.

Administrative costs: Some administrative costs of the Plan are paid for by the Plan with the remainder paid by the Plan's Sponsor.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

Valuation of investments: The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Board of Directors determines the Plan's valuation policies using information provided by the investment custodians and insurance company. See Note 3 for discussion of fair value measurements.

Income recognition: Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Delinquent participant notes are reclassified as distributions based upon the terms of the plan document.

Administrative expenses: Administrative expenses of the Plan are charged against earnings except to the extent the expenses are paid by the Company.

Payment of benefits: Benefit payments to participants are recorded upon distribution.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Note 3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Shares of registered investment companies: Valued at the daily closing price as reported by the fund. Registered investment companies held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The registered investment companies held by the Plan are deemed to be actively traded (Level 1 inputs).

Units of collective investment trusts: Valued based on the NAV of units of the common/collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 3. Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024:

	Level 1	Level 2	Level 3	Total
Shares of registered investment companies	\$ 25,766,204	\$ -	\$ -	\$ 25,766,204
Total assets in the fair value hierarchy	<u>\$ 25,766,204</u>	<u>\$ -</u>	<u>\$ -</u>	25,766,204
Investments measured at NAV (a)				2,922,011
Investments at fair value				<u>\$ 28,688,215</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023:

	Level 1	Level 2	Level 3	Total
Shares of registered investment companies	\$ 21,026,883	\$ -	\$ -	\$ 21,026,883
Total assets in the fair value hierarchy	<u>\$ 21,026,883</u>	<u>\$ -</u>	<u>\$ -</u>	21,026,883
Investments measured at NAV (a)				2,857,935
Investments at fair value				<u>\$ 23,884,818</u>

(a) In accordance with Subtopic 820-10, certain investments that are measured at NAV per share (or its equivalent) are not classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table sets forth additional disclosure of the Plan's investments whose fair value is estimated using NAV per share (or its equivalent) as of December 31, 2024 and 2023:

Investment Type	Fair Value		Unfunded Commitment		Redemption Frequency	Redemption Notice Period
	2024	2023	2024	2023		
Units of collective investment trusts	\$ 2,922,011	\$ 2,857,935	\$ -	\$ -	Immediate	None

Changes in fair value levels: To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Plan Administrator evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2024, there were no transfers in or out of Level 3.

Note 4. Information Certified and Provided by Fidelity

The following is a summary of the Plan's asset and income information as of December 31, 2024 and 2023, and for the year ended December 31, 2024, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information certified and provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets and income is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets and income.

	2024	2023
Shares of registered investment companies	\$ 25,766,204	\$ 21,026,883
Units of collective investment trusts	2,922,011	2,857,935
Notes receivable from participants	1,035,088	857,630
Net appreciation in fair value on shares of registered investment companies	2,327,108	
Interest and dividends on shares of registered investment companies	949,624	
Interest on units of collective investment trusts	61,145	
Interest income on notes receivable from participants	77,837	

Note 5. Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their accounts.

Note 6. Tax Status

Effective November 29, 2021, the Plan adopted a volume submitter benefit plan sponsored by Fidelity Management & Research Company. The volume submitter plan received an opinion letter from the IRS as to the Plan's qualified status dated June 30, 2020. The volume submitter opinion letter has been relied upon by the Sponsor. The Plan Administrator believes the Plan, as subsequently amended, is designed and is being operated in compliance with the applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2021.

Notes to Financial Statements

Note 7. Related-Party and Party-In-Interest Transactions

The Plan's investments are held and invested by Fidelity, the trustee. Fidelity also performs administrative and recordkeeping services for the Plan. Fidelity receives fees for its services to the Plan which are paid by the Plan. Fees incurred to Fidelity were \$44,803 for the year ended December 31, 2024. Participants pay fees for certain participant driven transactions. PNC and Strategic Advisors are the Plan's advisors. PNC and Strategic Advisors receive fees for their services to the Plan which are paid by the Plan. Fees incurred to PNC and Strategic Advisors were \$42,092 and \$8,139, respectively, for the year ended December 31, 2024.

Certain employees of the Sponsor provide administrative services for the Plan and are not reimbursed from the Plan for their services. Certain other administrative expenses are paid by the Plan.

Note 8. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 at December 31, 2024 and 2023:

	2024	2023
Net assets available for benefits per the financial statements	\$ 29,723,303	\$ 24,742,448
Notes receivable from participants	(1,035,088)	(857,630)

Value of interest in collective investment trusts	(173,226)	(126,477)
Net assets available for benefits per Form 5500	<u>\$ 29,550,077</u>	<u>\$ 24,579,752</u>

The following is a reconciliation of the change in net assets available for benefits per the financial statements to Form 5500 for the year ended December 31, 2024:

Change in net assets available for benefits per the financial statements	\$ 4,980,855
Net appreciation in fair value on shares of registered investment companies	(1,776)
Interest and dividends on shares of registered investment companies	(253)
Interest on units of collective investment trusts	(8,755)
Interest income on notes receivable from participants	(558)
Interest on interest bearing cash	253
Administrative expenses	559
Change in net assets available for benefits per Form 5500	<u>\$ 4,970,325</u>

Note 9. Risks, Uncertainties and Subsequent Events

The Plan provides for various investment options. These investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the statements of net assets available for benefits.

The Company has evaluated subsequent events for potential recognition and/or disclosure through July 29, 2025, the date the financial statements were issued.

Independent Auditor's Report

Plan Administrator
Semblex Corporation Employee Profit Sharing & 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Semblex Corporation Employee Profit Sharing & 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental Schedule H, line 4i—schedule of assets (held at end of year), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Semblex Corporation Employee Profit Sharing & 401(k) Plan

Notes to Financial Statements

Note 1. Description of Plan

The following description of the Semblex Corporation Employee Profit Sharing & 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General: The Plan, as most recently amended October 18, 2024, is a contributory, defined contribution plan maintained for the benefit of all eligible employees, as defined by the Plan, of Semblex Corporation (the Sponsor). The Sponsor is the Plan Administrator.

The Plan conforms to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended, and has been approved as being exempt by the Internal Revenue Service (IRS).

Fidelity Management Trust Company (Fidelity) is the trustee, custodian, and record keeper for the Plan.

Eligibility: Employees become eligible to participate in participant-directed contributions (pre-tax and Roth deferrals), employer discretionary matching contributions and qualified discretionary contributions to the Plan upon reaching age 21 and completing three months of service. Once eligibility conditions are met, the Plan provides immediate entry to eligible employees to make participant-directed contributions and share in employer discretionary matching contributions and qualified discretionary contributions. The Plan provides automatic enrollment for eligible employees at a deferral rate of 6% of compensation unless an employee affirmatively elects otherwise. Plan participants must be employed by the Sponsor on the last day of the plan year to be entitled to receive discretionary nonelective employer contributions. The Plan's investments are 100% participant-directed.

Contributions: Contributions from Plan participants and the contributions from the Sponsor are recorded in the year in which the employee contributions are withheld from compensation. The Plan provides for the following contributions which are to be maintained in separate accounts for each participant:

Participant-directed contributions: Each year, participants may contribute to the Plan annual compensation, as defined in the Plan, up to the maximum amount allowed by the Internal Revenue Code (IRC), limited to \$23,000 in 2024.

The Plan allows catch-up contributions for participants who are age 50 and older.

Employer discretionary matching contributions: The Sponsor may, but is not required to, make matching contributions on behalf of participating employees. For 2024, the Sponsor matched 50% of each participant's deferral contributions, up to 6% of the participant's eligible compensation.

Qualified discretionary contributions: The Sponsor may, but is not required to, make contributions for nonhighly compensated employees in order to assure that the Sponsor satisfies certain statutory nondiscrimination testing requirements. In each year that a qualified discretionary contribution is made, each eligible employee will receive a contribution equal to a uniform percentage of each eligible individual's compensation. There were no qualified discretionary contributions for the year ended December 31, 2024.

Discretionary nonelective employer contributions: The Sponsor may, but is not required to, make a discretionary nonelective employer contribution on behalf of eligible participants in a ratio that each eligible participant's compensation bears to the total compensation paid to all eligible participants for the contribution period. There were no discretionary nonelective employer contributions for the year ended December 31, 2024.

Note 1. Description of Plan (Continued)

Participant rollovers: The Plan provides for participant rollovers to be made by the employee from amounts distributed or transferred from other qualified deferred compensation plans.

Vesting: Participants are immediately vested in their participant contribution accounts and employer discretionary matching and qualified discretionary contribution accounts and earnings thereon. Vesting of the discretionary nonelective employer contribution account and earnings thereon is based on years of continuous service, with 20% vesting for each year of service, after two years of service.

Forfeiture accounts: Participants are automatically fully vested upon normal retirement, death, or permanent disability. In the event of termination of employment before full vesting, the nonvested portion is immediately forfeited. The amount of the participant's account forfeited will be reinstated providing the participant resumes employment prior to incurring a break in service (as defined). Amounts forfeited during the year are first used to restore any prior forfeitures in the event of a former participant's return to employment. Forfeitures are retained in the Plan and may first be used to pay administrative expenses, and any remaining amounts will be used to reduce future matching employer contributions. At December 31, 2024 and 2023, there were no forfeited nonvested amounts. In 2024, a total of approximately \$1,800 of nonvested amounts were forfeited which were used to reduce employer discretionary contributions.

Participants' accounts: Each participant's account is credited with participant contributions, the employer discretionary matching, qualified discretionary and discretionary nonelective employer contributions, if any, and plan earnings or losses. Allocations are based on the participant's earnings or account balances, as defined. Allocation of administrative expenses of the Plan is based on participant account balances or certain individual transactions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's accounts.

Participant investment options: Upon enrollment in the Plan, a participant directs their account balances to be invested in selected funds as made available and determined by the Plan Administrator. Participants are allowed to change their investment options on a daily basis.

Notes receivable from participants: Notes receivable from participants are made in accordance with ERISA regulations, whereby interest is segregated and allocated to the individual participant. The minimum note amount is \$1,000 and the maximum amount to the lesser of (a) \$50,000 reduced by the highest outstanding loan balance in the participant's account during the prior 12-month period or (b) one-half the participant's account balance. The notes are secured by the balance in the participant's account and bear interest at market rates ranging from 5.25% to 10.50% at December 31, 2024. Notes' terms range from one to five years but may be up to 10 years if used for the purchase of a primary residence. Principal and interest are paid through payroll deductions. A participant is allowed to take out two loans.

Payment of benefits: Benefits under the Plan are payable to participants or their beneficiaries upon death, retirement, disability, or severance of employment. Benefits are payable in a lump-sum or in installments. Participants may make withdrawals from their account upon reaching normal retirement age or at the participant's request when determination that a financial hardship exists, as defined. If a participant's vested account balance does not exceed \$5,000, the participant must receive the value of the vested interest in his or her account as a lump-sum distribution.

At December 31, 2024, there were no amounts owed to former participants whose employment had been terminated and who requested payouts of their account balances.

Notes to Financial Statements

Note 1. Description of Plan (Continued)

Revenue-sharing income: The Plan has a revenue-sharing arrangement with Fidelity, whereby Fidelity agrees to deposit recordkeeping revenue in excess of the agreed-upon compensation. The Company may direct the trustee to use the amounts held in the revenue credit account to reimburse the Company for fees and expenses associated with services provided to the Plan, or pay such vendors, including the trustee or third parties, directly. During 2024, the Plan received approximately \$3,900 from this arrangement which is recorded within administrative expenses on the statement of changes in net assets available for benefits. As of December 31, 2024 and 2023, the balance in the revenue-sharing account amounted to approximately \$6,800 and \$2,900, respectively. During 2024, the Plan did not use the revenue-sharing account to pay administrative expenses.

Administrative costs: Some administrative costs of the Plan are paid for by the Plan with the remainder paid by the Plan's Sponsor.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

Valuation of investments: The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Board of Directors determines the Plan's valuation policies using information provided by the investment custodians and insurance company. See Note 3 for discussion of fair value measurements.

Income recognition: Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Delinquent participant notes are reclassified as distributions based upon the terms of the plan document.

Administrative expenses: Administrative expenses of the Plan are charged against earnings except to the extent the expenses are paid by the Company.

Payment of benefits: Benefit payments to participants are recorded upon distribution.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Note 3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Shares of registered investment companies: Valued at the daily closing price as reported by the fund. Registered investment companies held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The registered investment companies held by the Plan are deemed to be actively traded (Level 1 inputs).

Units of collective investment trusts: Valued based on the NAV of units of the common/collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 3. Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024:

	Level 1	Level 2	Level 3	Total
Shares of registered investment companies	\$ 25,766,204	\$ -	\$ -	\$ 25,766,204
Total assets in the fair value hierarchy	<u>\$ 25,766,204</u>	<u>\$ -</u>	<u>\$ -</u>	25,766,204
Investments measured at NAV (a)				2,922,011
Investments at fair value				<u>\$ 28,688,215</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023:

	Level 1	Level 2	Level 3	Total
Shares of registered investment companies	\$ 21,026,883	\$ -	\$ -	\$ 21,026,883
Total assets in the fair value hierarchy	<u>\$ 21,026,883</u>	<u>\$ -</u>	<u>\$ -</u>	21,026,883
Investments measured at NAV (a)				2,857,935
Investments at fair value				<u>\$ 23,884,818</u>

(a) In accordance with Subtopic 820-10, certain investments that are measured at NAV per share (or its equivalent) are not classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table sets forth additional disclosure of the Plan's investments whose fair value is estimated using NAV per share (or its equivalent) as of December 31, 2024 and 2023:

Investment Type	Fair Value		Unfunded Commitment		Redemption Frequency	Redemption Notice Period
	2024	2023	2024	2023		
Units of collective investment trusts	\$ 2,922,011	\$ 2,857,935	\$ -	\$ -	Immediate	None

Changes in fair value levels: To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Plan Administrator evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2024, there were no transfers in or out of Level 3.

Note 4. Information Certified and Provided by Fidelity

The following is a summary of the Plan's asset and income information as of December 31, 2024 and 2023, and for the year ended December 31, 2024, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information certified and provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets and income is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets and income.

	2024	2023
Shares of registered investment companies	\$ 25,766,204	\$ 21,026,883
Units of collective investment trusts	2,922,011	2,857,935
Notes receivable from participants	1,035,088	857,630
Net appreciation in fair value on shares of registered investment companies	2,327,108	
Interest and dividends on shares of registered investment companies	949,624	
Interest on units of collective investment trusts	61,145	
Interest income on notes receivable from participants	77,837	

Note 5. Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their accounts.

Note 6. Tax Status

Effective November 29, 2021, the Plan adopted a volume submitter benefit plan sponsored by Fidelity Management & Research Company. The volume submitter plan received an opinion letter from the IRS as to the Plan's qualified status dated June 30, 2020. The volume submitter opinion letter has been relied upon by the Sponsor. The Plan Administrator believes the Plan, as subsequently amended, is designed and is being operated in compliance with the applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2021.

Note 7. Related-Party and Party-In-Interest Transactions

The Plan's investments are held and invested by Fidelity, the trustee. Fidelity also performs administrative and recordkeeping services for the Plan. Fidelity receives fees for its services to the Plan which are paid by the Plan. Fees incurred to Fidelity were \$44,803 for the year ended December 31, 2024. Participants pay fees for certain participant driven transactions. PNC and Strategic Advisors are the Plan's advisors. PNC and Strategic Advisors receive fees for their services to the Plan which are paid by the Plan. Fees incurred to PNC and Strategic Advisors were \$42,092 and \$8,139, respectively, for the year ended December 31, 2024.

Certain employees of the Sponsor provide administrative services for the Plan and are not reimbursed from the Plan for their services. Certain other administrative expenses are paid by the Plan.

Note 8. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 at December 31, 2024 and 2023:

	2024	2023
Net assets available for benefits per the financial statements	\$ 29,723,303	\$ 24,742,448

Net assets available for benefits per Form 5500	<u>\$ 29,550,077</u>	<u>\$ 24,579,752</u>

The following is a reconciliation of the change in net assets available for benefits per the financial statements to Form 5500 for the year ended December 31, 2024:

Change in net assets available for benefits per the financial statements	\$ 4,980,855
Net appreciation in fair value on shares of registered investment companies	(1,776)
Interest and dividends on shares of registered investment companies	(253)
Interest on units of collective investment trusts	(8,755)
Interest income on notes receivable from participants	(558)
Interest on interest bearing cash	253
Administrative expenses	559
Change in net assets available for benefits per Form 5500	<u>\$ 4,970,325</u>

Note 9. Risks, Uncertainties and Subsequent Events

The Plan provides for various investment options. These investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the statements of net assets available for benefits.

The Company has evaluated subsequent events for potential recognition and/or disclosure through July 29, 2025, the date the financial statements were issued.
