INDEPENDENT AUDITOR'S REPORT

To the Board of Directors of
the Comcare, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Comcare, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of June 30, 2024 and 2023, and the related statement of changes in net assets available for benefits for the years ended June 30, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Comcare, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of June 30, 2024 and 2023, and for the year ended June 30, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP);
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of Comcare, Inc. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Comcare, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Comcare, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Comcare, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matters – Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Comcare, Inc. 401(k) Plan
Notes to Financial Statements
June 30, 2024 and 2023

NOTE 1 – Description of Plan

The following description of the Comcare, Inc. 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

- a) **General** – The Plan is a defined contribution plan covering all full-time employees of the Organization who have one year (1,000 hours) of service and are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).
- b) **Contributions** – Participants may make rollover contributions to the Plan. The Plan will accept direct and indirect rollover distributions from a qualified plan described in Code Section 401(a) or 403(b), an annuity contract described in Code Section 403(b), or an eligible plan under Code Section 457(b) that is maintained by a state, political subdivision of a state, or any agency or instrumentality of a state or political subdivision of a state. The Plan will accept rollover contributions from an individual retirement account or annuity described in Code Section 408(a) or 408(b). The Plan also accepts transfer contributions. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Effective July 1, 2013, the Plan was amended to include an automatic enrollment provision. Participants will be automatically enrolled in the Plan with a 6% pre-tax deferral in the initial year plus increases of 1% per year up to a maximum of 10%. The employee must complete a change form if electing not to participate in the Plan, to decrease the deferral percentage, or change from pre-tax to Roth deferrals. The Organization may make profit sharing contributions equal to a discretionary percentage to be determined from year to year. The determination will be made at the end of the fiscal year. During the year ended June 30, 2024 and 2023, the Company elected to contribute 2.5 percent and 2.5 percent, respectively, of employee earnings. The allocation to each qualifying participant is in the same ratio that each qualifying participant's compensation for the Plan year bears to the total of compensation of all qualifying participants for the Plan year. The Company may also make Qualified Non-elective Contributions on behalf of non-highly compensated employees under a compensation-based allocation ratio. During the years ended June 30, 2024 and 2023, there were discretionary or qualified non-elective contributions. Participants direct the investment of all employer contributions into various investment options offered by the Plan. Contributions are subject to certain limitations.
- c) **Participant Accounts** – Each participant's account is credited with the allocations of (a) the Company's contribution and, (b) earnings on participant directed investments, and charged with an allocation of administrative expenses and individual investment account fees. Allocations are based on participant individual investment account earnings, account balances and a pay formula, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
- d) **Vesting** – Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service. A participant also becomes fully vested if the participant dies, incurs a disability, or satisfies the conditions for early retirement age.

NOTE 1 – Description of Plan (Continued)

- e) **Notes Receivable from Participants** – Participants may borrow from their fund accounts a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the vested balance in the participant's individual account and bear interest at rates ranging from 4.25% to 9.50%, which are based upon the prime rate published by the Wall Street Journal plus 1%. Principal and interest are paid ratably through payroll deductions. Loans may not exceed five years unless obtained to purchase the participant's principal residence.
- f) **Payment of Benefits** – On termination of service due to retirement or termination, a participant will receive a lump-sum cash amount equal to the value of the participant's vested interest in his or her account as soon as administratively feasible, at the Participant's election. Regardless of the vesting schedule, upon death, disability, or satisfaction of early retirement conditions, a participant becomes fully vested. Hardship distributions and in-service distributions are permitted. Employees may withdraw their rollover and transfer contributions to the Plan at any time.
- g) **Forfeited Accounts** – At June 30, 2024 and 2023, forfeited non-vested accounts totaled \$11,687 (\$10,023 for Transamerica and \$1,664 for TIAA CREF) and \$3,786 (\$2,665 for Transamerica and \$1,122 for TIAA CREF), respectively. These accounts will be used to reduce employer contributions or administrative expenses. During the years ended June 30, 2024 and 2023, employer contributions were reduced from forfeited non-vested accounts in the amount of \$0 and \$2,549, respectively. During the years ended June 30, 2024 and 2023, administrative expenses were reduced from forfeited non-vested accounts in the amount of \$36 and \$3, respectively.

NOTE 2 – Summary of Significant Accounting Policies

- a) **Basis of Accounting** – The financial statements of the Plan are prepared on the accrual basis of accounting.
- b) **Use of Estimates** – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

NOTE 2 – Summary of Significant Accounting Policies (Continued)

- c) **Investment Valuation and Income Recognition** – Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.
- d) **Payment of Benefits** – Benefits are recorded when paid.
- e) **Operating Expenses** – Certain operating expenses, such as administration fees, of the Plan are paid by the sponsor.
- f) **Subsequent Events** – Subsequent events were evaluated through April 15, 2025, which is the date the financial statements were available to be issued.

NOTE 3 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

NOTE 3 – Fair Value Measurements (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Separate Accounts of Insurance Company: The net asset value of each of the separate accounts is calculated in a manner consistent with U. S. GAAP for investment companies and is determinative of their fair value and represents the price at which the Plan would be able to initiate a transaction. The separate accounts are reflected in Level 2. Several of the separate accounts invest in publicly quoted mutual funds or actively managed stocks. Some of the separate accounts also invest in fixed income securities. The fair value of the underlying mutual funds or stock and of the underlying securities, which is based on quoted prices of similar assets, is used to determine the net asset value of the underlying securities, which is based on quoted prices of similar assets, is used to determine the net asset value of the separate account which is not publicly quoted.

Registered Investment Companies – Mutual Funds: The shares of registered investment companies reported on the Plan statements are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan administrator believes the valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4 – Insurance Company General Account

Insurance Company General Account: The TIAA Traditional Annuity and Transamerica Stable Value Core Option are reported at contract value. The contract value of the funds equals the accumulated cash contributions, interest credited to the Plan's contracts, and transfers, if any, less any withdrawals and transfers, if any. The funds are not available for sale or transfer on any securities exchange. Accordingly, transactions in similar investment instruments are not observable. While transactions involving the purchases/sales of individual contracts are not observable in a public marketplace, contract value may provide a good approximation of fair value.

NOTE 5 – Information Certified by the Trustee (Unaudited)

The June 30, 2024 and 2023, Statement of Net Assets Available for Benefits, the investment activities included on the Statement of Changes in Net Assets Available for Benefits for the years ended June 30, 2024 and 2023, and the accompanying notes to the financial statements were prepared in part or entirely from information certified by the custodians, TIAA-CREF on behalf of JPMorgan Chase Bank, and Transamerica Life Insurance Company in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The information certified includes total investments of \$2,929,626 and \$3,395,788 at June 30, 2024 and 2023, respectively, and related income (loss) of \$(452,361) and \$261,155 for the years ended June 30, 2024 and 2023, respectively. The Plan administrator has received from the Trustees certification that the information provided is complete and accurate.

NOTE 6 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 7 – Tax Status

The Company has adopted a pre-approved (prototype) plan document that has received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the form of the pre-approved (prototype) plan document was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since adopting the pre-approved (prototype) plan document, the Plan administrator believes the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Notes to Financial Statements
June 30, 2024 and 2023

NOTE 8 – Risks and Uncertainties

The Plan invests in various investment securities in participant directed investment accounts. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9 – Party-In-Interest Transactions

Plan investments are managed by TIAA-CREF acting on behalf of JPMorgan Chase Bank and Transamerica Life Insurance Company, the custodians of the Plan, which is a Plan fiduciary as defined by the Plan and, therefore, any transactions with this fiduciary qualify as party-in-interest transactions. Amounts paid by the Plan for the participant account withdrawal fees and administrative expenses were \$27,977 and \$31,608, respectively, for the years ended June 30, 2024 and 2023. The Plan fiduciaries have also received compensation directly from the investment funds which off-set recordkeeping and distribution fees of the Plan. All of these party-in-interest transactions are exempt from the prohibited transaction rules under ERISA.
