Part I	Asset and Liability Statement
---------------	--------------------------------------

1 Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. **Round off amounts to the nearest dollar.** MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Trustees
STS 401(k) Retirement Plan and Trust

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We have performed audits of the financial statements of STS 401(k) Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of October 31, 2024 and December 31, 2023, and the related statement of changes in net assets available for benefits for the period from January 1, 2024 through October 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of October 31, 2024 and December 31, 2023, and for the period from January 1, 2024 through October 31, 2024 stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

STS 401(k) Retirement Plan and Trust

NOTES TO FINANCIAL STATEMENTS

October 31, 2024 and December 31, 2023

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the STS 401(k) Retirement Plan and Trust (the “Plan”) provides general information only. Participants should refer to the Plan Document for a more complete description of the Plan’s provisions. The Plan is a defined contribution plan established for the benefit of the employees of STS Holdings, its subsidiaries and certain related companies (the “Company”).

General

The Plan is a defined contribution plan originally effective January 1, 2009. The Plan has been amended throughout the years to comply with tax legislation and most recently amended effective October 8, 2024. The Plan excludes nonresident aliens and employees covered by a collective bargaining agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 as amended (“ERISA”). The Plan administrator, along with the Administrative Committee, are responsible for oversight of the Plan, including the monitoring of Plan investment options and performance.

Eligibility

With the exception of nonresident aliens and employees covered by a collective bargaining agreement, all employees are eligible to participate in the Plan after the completion of one year of service or 1,000 hours. The Plan does not offer an automatic enrollment provision and employees may enroll in the Plan on a semi-annual basis on the first day of the first and seventh month of the Plan year, coinciding with or next following satisfaction of the Plan eligibility requirements.

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation as defined in the Plan. Additionally, the Plan allows participants to make Roth 401(k) deferrals to the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans (Rollovers). Balances rolled over to the Plan do not require the participant to satisfy the Plan’s eligibility requirements but will be subject to the provisions of the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company may elect to make discretionary matching contributions to participants, which is determined by management on an annual basis. During the period from January 1, 2024 through October 31, 2024 and year ended December 31, 2023, the employer matching contributions funded to the Plan were approximately \$21,000 and \$70,000, respectively.

Participant Accounts

Each participant’s account is credited with the participant’s contribution, the Company’s matching contribution, as well as allocations of Plan earnings and/or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. Income is allocated daily based on the shares in the participant’s account. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are immediately vested in their own contributions plus actual earnings thereon. Participants also become fully vested in their account in the event of death, disability, or upon attaining the Plan’s normal retirement age, as defined in the Plan document.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

October 31, 2024 and December 31, 2023

Vesting in the Company's contribution portion of their accounts is based on years of continuous service. Participants vest in their share of the Company's contributions based on the following schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
1 year	0%
2 years	25%
3 years	50%
4 years	75%
5 years	100%

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance and may not exceed more than one loan outstanding at any time. Loan terms range from one to five years or up to ten years for the purchase of a primary residence. The loans are secured by the balance in the participant's account. The loan interest rate, determined quarterly, is set at 2% above the prime rate, as defined. The interest rates charged on all participant loans outstanding ranged from 5.25% to 8.5% for the period from January 1, 2024 through October 31, 2024 and year ended December 31, 2023, respectively. Principal and interest are paid ratably through payroll deductions. As of October 31, 2024, there were no outstanding balances. Refer to Note - Plan Merger, for additional information.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant (or the participant's beneficiary) may elect to receive a lump-sum distribution of an amount equal to the value of the participant's vested interest in his or her account. The Plan allows in-service distributions when a participant attains the early retirement age of 59½ or hardship distributions subject to Plan provisions. If a participant terminates employment and the participant's account balance does not exceed \$5,000, the Plan administrator will authorize the benefit payment without the participant's consent.

Forfeited Accounts

Forfeited non-vested accounts may be used to reduce employer contributions or pay administrative expenses, at the discretion of the Company. Forfeited non-vested accounts as of October 31, 2024 and December 31, 2023 totaled \$1,136 and \$95, respectively. There were no forfeitures used to reduce employer contributions or pay administrative expenses for the period January 1, 2024 through October 31, 2024.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the participants would become 100% vested in their employer contributions.

Administrative Expenses

Except for fees associated with participant distributions and loans, all administrative expenses of maintaining the Plan are paid by the Company and are therefore excluded from these financial statements. Investment-related expenses are included in the net appreciation of investments. Fees related to the

administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses.

Plan Merger

In 2024, STS Holdings, LLC executed an amendment to merge the STS 401(k) Retirement Plan and Trust into Aon Pooled Employer Plan (the "Aon PEP") effective November 1, 2024. Effective October 31, 2024, net assets available for benefits totaling \$10,570,355 were transferred out of the Plan and into the Aon PEP as a result of an amendment to merge the STS 401(k) Retirement Plan and Trust. All participants transferred from the Aon PEP were 100% vested with respect to their participant contributions.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments held by a defined contribution plan are required to be reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussions of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments consists of the realized and unrealized gains and losses on those investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. Delinquent notes receivable are reclassified as distributions based upon the terms of the Plan document. No allowances for credit losses have been recorded as of October 31, 2024 or December 31, 2023.

Benefit Payments

Benefit are recorded when paid.

STS 401(k) Retirement Plan and Trust

NOTE 3 - FAIR VALUE OF MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820 are described as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement. The assets or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at October 31, 2024 and December 31, 2023.

- Pooled separate accounts: Valued at the net asset value "NAV" or equivalent based on units of the pooled separate accounts. The NAV, as provided by the Custodian, is used as a practical expedient to estimate fair value. The NAV is generally based on the fair value of the underlying investments held by the pooled separate account less its liabilities. This practical expedient is not used when it is determined to be probable that the pooled separate account will sell the investment for an amount different than the reported NAV.
- Guaranteed interest accounts: Contributions under a group annuity contract can be allocated to guaranteed interest accounts, which are not, by definition, an investment contract, but rather are an investment option offered under the John Hancock group annuity contract. Such contributions are held in the John Hancock general account. Each participant may have multiple guaranteed accounts earning different composite interest rates, each maturing at a different contract year end. These accounts are not fully benefit responsive, and fair market value is determined by the trustee, John Hancock. Under Statement of Position No. 94-4-1, issued by the American Institute of Certified Public Accountants, investment contracts that are not fully benefit responsive are to be reported at fair value and not contract value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different estimate of fair value at the reporting date.

NOTE 4 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits. The concentration of credit risk with pooled separate accounts managed by John Hancock is reduced as a result of the diversity of the underlying investments.

NOTE 5 - CERTIFIED INVESTMENTS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at October 31, 2024 and December 31, 2023, and net appreciation in fair value of investments, dividend and interest income, and interest income on notes receivables from participants for the period from January 1, 2024 through October 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by the Trustee, John Hancock.

NOTE 6 - TAX STATUS

The Internal Revenue Service ("IRS") issued an opinion letter dated June 6, 2020, that the volume submitter plan, as adopted by the Plan, and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of October 31, 2024 and December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan's policy is to recognize interest and penalties as a component of administrative expenses and there were no interest and penalties recognized during the period from January 1, 2024 through October 31, 2024 and year ended December 31, 2023. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

During 2023, management identified an operational error for certain eligible contributions that resulted in under contributions for certain participants from 2020-2023. Plan management is currently in the process of working with their recordkeeper and consultant to resolve the issue. Management does not believe this error will impact the plans qualified tax status and plans to do what is necessary to remediate the error and maintain the plans tax status. There is no material impact to the financial statements as a result of this error in 2024 or 2023.

NOTE 7 - PLAN ADMINISTRATION

The Plan is administered by an Administrative Committee (the "Committee") consisting of four individuals appointed by the Company's management. Administrative expenses are paid directly by the Company or reimbursed by the Company if paid by the Plan. Investment management fees are paid by the Company.

STS 401(k) Retirement Plan and Trust

NOTES TO FINANCIAL STATEMENTS - CONTINUED

October 31, 2024 and December 31, 2023

NOTE 8 - PARTIES-IN-INTEREST TRANSACTIONS

Recordkeeping services are provided by John Hancock Life Insurance Company. John Hancock is the custodian as defined by the Plan, and therefore, the fees for these services qualify as party-in-interest transactions. There were \$58,946 in fees paid by the Plan for recordkeeping services for the period from January 1, 2024 through October 31, 2024. Additionally, certain Plan investments are issued and managed by the Custodian or affiliates which qualify as party-in-interest transactions. Notes receivable from participants are also considered party-in-interest transactions because they are transacted with plan participants.

NOTE 9 - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events of the Plan through August 15, 2025, which is the date these financial statements were available to be issued.

REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

STS 401(k) Retirement Plan and Trust

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We have performed audits of the financial statements of STS 401(k) Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of October 31, 2024 and December 31, 2023, and the related statement of changes in net assets available for benefits for the period from January 1, 2024 through October 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of October 31, 2024 and December 31, 2023, and for the period from January 1, 2024 through October 31, 2024 stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

NOTES TO FINANCIAL STATEMENTS

October 31, 2024 and December 31, 2023

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the STS 401(k) Retirement Plan and Trust (the “Plan”) provides general information only. Participants should refer to the Plan Document for a more complete description of the Plan’s provisions. The Plan is a defined contribution plan established for the benefit of the employees of STS Holdings, its subsidiaries and certain related companies (the “Company”).

General

The Plan is a defined contribution plan originally effective January 1, 2009. The Plan has been amended throughout the years to comply with tax legislation and most recently amended effective October 8, 2024. The Plan excludes nonresident aliens and employees covered by a collective bargaining agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 as amended (“ERISA”). The Plan administrator, along with the Administrative Committee, are responsible for oversight of the Plan, including the monitoring of Plan investment options and performance.

Eligibility

With the exception of nonresident aliens and employees covered by a collective bargaining agreement, all employees are eligible to participate in the Plan after the completion of one year of service or 1,000 hours. The Plan does not offer an automatic enrollment provision and employees may enroll in the Plan on a semi-annual basis on the first day of the first and seventh month of the Plan year, coinciding with or next following satisfaction of the Plan eligibility requirements.

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation as defined in the Plan. Additionally, the Plan allows participants to make Roth 401(k) deferrals to the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans (Rollovers). Balances rolled over to the Plan do not require the participant to satisfy the Plan’s eligibility requirements but will be subject to the provisions of the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company may elect to make discretionary matching contributions to participants, which is determined by management on an annual basis. During the period from January 1, 2024 through October 31, 2024 and year ended December 31, 2023, the employer matching contributions funded to the Plan were approximately \$21,000 and \$70,000, respectively.

Participant Accounts

Each participant’s account is credited with the participant’s contribution, the Company’s matching contribution, as well as allocations of Plan earnings and/or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. Income is allocated daily based on the shares in the participant’s account. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are immediately vested in their own contributions plus actual earnings thereon. Participants also become fully vested in their account in the event of death, disability, or upon attaining the Plan’s normal retirement age, as defined in the Plan document.

STS 401(k) Retirement Plan and Trust

NOTES TO FINANCIAL STATEMENTS - CONTINUED

October 31, 2024 and December 31, 2023

Vesting in the Company's contribution portion of their accounts is based on years of continuous service. Participants vest in their share of the Company's contributions based on the following schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
1 year	0%
2 years	25%
3 years	50%
4 years	75%
5 years	100%

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance and may not exceed more than one loan outstanding at any time. Loan terms range from one to five years or up to ten years for the purchase of a primary residence. The loans are secured by the balance in the participant's account. The loan interest rate, determined quarterly, is set at 2% above the prime rate, as defined. The interest rates charged on all participant loans outstanding ranged from 5.25% to 8.5% for the period from January 1, 2024 through October 31, 2024 and year ended December 31, 2023, respectively. Principal and interest are paid ratably through payroll deductions. As of October 31, 2024, there were no outstanding balances. Refer to Note - Plan Merger, for additional information.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant (or the participant's beneficiary) may elect to receive a lump-sum distribution of an amount equal to the value of the participant's vested interest in his or her account. The Plan allows in-service distributions when a participant attains the early retirement age of 59½ or hardship distributions subject to Plan provisions. If a participant terminates employment and the participant's account balance does not exceed \$5,000, the Plan administrator will authorize the benefit payment without the participant's consent.

Forfeited Accounts

Forfeited non-vested accounts may be used to reduce employer contributions or pay administrative expenses, at the discretion of the Company. Forfeited non-vested accounts as of October 31, 2024 and December 31, 2023 totaled \$1,136 and \$95, respectively. There were no forfeitures used to reduce employer contributions or pay administrative expenses for the period January 1, 2024 through October 31, 2024.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the participants would become 100% vested in their employer contributions.

Administrative Expenses

Except for fees associated with participant distributions and loans, all administrative expenses of maintaining the Plan are paid by the Company and are therefore excluded from these financial statements. Investment-related expenses are included in the net appreciation of investments. Fees related to the

administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses.

Plan Merger

In 2024, STS Holdings, LLC executed an amendment to merge the STS 401(k) Retirement Plan and Trust into Aon Pooled Employer Plan (the "Aon PEP") effective November 1, 2024. Effective October 31, 2024, net assets available for benefits totaling \$10,570,355 were transferred out of the Plan and into the Aon PEP as a result of an amendment to merge the STS 401(k) Retirement Plan and Trust. All participants transferred from the Aon PEP were 100% vested with respect to their participant contributions.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments held by a defined contribution plan are required to be reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussions of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments consists of the realized and unrealized gains and losses on those investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. Delinquent notes receivable are reclassified as distributions based upon the terms of the Plan document. No allowances for credit losses have been recorded as of October 31, 2024 or December 31, 2023.

Benefit Payments

Benefit are recorded when paid.

NOTE 3 - FAIR VALUE OF MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820 are described as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement. The assets or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at October 31, 2024 and December 31, 2023.

- Pooled separate accounts: Valued at the net asset value "NAV" or equivalent based on units of the pooled separate accounts. The NAV, as provided by the Custodian, is used as a practical expedient to estimate fair value. The NAV is generally based on the fair value of the underlying investments held by the pooled separate account less its liabilities. This practical expedient is not used when it is determined to be probable that the pooled separate account will sell the investment for an amount different than the reported NAV.
- Guaranteed interest accounts: Contributions under a group annuity contract can be allocated to guaranteed interest accounts, which are not, by definition, an investment contract, but rather are an investment option offered under the John Hancock group annuity contract. Such contributions are held in the John Hancock general account. Each participant may have multiple guaranteed accounts earning different composite interest rates, each maturing at a different contract year end. These accounts are not fully benefit responsive, and fair market value is determined by the trustee, John Hancock. Under Statement of Position No. 94-4-1, issued by the American Institute of Certified Public Accountants, investment contracts that are not fully benefit responsive are to be reported at fair value and not contract value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different estimate of fair value at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of October 31, 2024 and December 31, 2023:

	2024			Total
	Quoted Prices (Level 1)	Input Other Than Quoted Prices (Level 2)	Significant Unobservable Inputs (Level 3)	
Guaranteed interest accounts	\$ -	\$ -	\$ -	\$ -
Total assets in the fair value hierarchy	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>-</u>
Investments measured at NAV				<u>-</u>
Total assets measured at fair value				<u>\$ -</u>
	2023			
	Quoted Prices (Level 1)	Input Other Than Quoted Prices (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Guaranteed interest accounts	\$ -	\$ -	\$ 69,711	\$ 69,711
Total assets in the fair value hierarchy	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 69,711</u>	<u>69,711</u>
Investments measured at NAV				<u>9,322,097</u>
Total assets measured at fair value				<u>\$ 9,391,808</u>

Reclassifications have been made to prior year amounts to conform to the current year presentation related to investments measured at NAV.

NOTE 4 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits. The concentration of credit risk with pooled separate accounts managed by John Hancock is reduced as a result of the diversity of the underlying investments.

NOTE 5 - CERTIFIED INVESTMENTS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at October 31, 2024 and December 31, 2023, and net appreciation in fair value of investments, dividend and interest income, and interest income on notes receivables from participants for the period from January 1, 2024 through October 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by the Trustee, John Hancock.

NOTE 6 - TAX STATUS

The Internal Revenue Service ("IRS") issued an opinion letter dated June 6, 2020, that the volume submitter plan, as adopted by the Plan, and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of October 31, 2024 and December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan's policy is to recognize interest and penalties as a component of administrative expenses and there were no interest and penalties recognized during the period from January 1, 2024 through October 31, 2024 and year ended December 31, 2023. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

During 2023, management identified an operational error for certain eligible contributions that resulted in under contributions for certain participants from 2020-2023. Plan management is currently in the process of working with their recordkeeper and consultant to resolve the issue. Management does not believe this error will impact the plans qualified tax status and plans to do what is necessary to remediate the error and maintain the plans tax status. There is no material impact to the financial statements as a result of this error in 2024 or 2023.

NOTE 7 - PLAN ADMINISTRATION

The Plan is administered by an Administrative Committee (the "Committee") consisting of four individuals appointed by the Company's management. Administrative expenses are paid directly by the Company or reimbursed by the Company if paid by the Plan. Investment management fees are paid by the Company.

NOTE 8 - PARTIES-IN-INTEREST TRANSACTIONS

Recordkeeping services are provided by John Hancock Life Insurance Company. John Hancock is the custodian as defined by the Plan, and therefore, the fees for these services qualify as party-in-interest transactions. There were \$58,946 in fees paid by the Plan for recordkeeping services for the period from January 1, 2024 through October 31, 2024. Additionally, certain Plan investments are issued and managed by the Custodian or affiliates which qualify as party-in-interest transactions. Notes receivable from participants are also considered party-in-interest transactions because they are transacted with plan participants.

NOTE 9 - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events of the Plan through August 15, 2025, which is the date these financial statements were available to be issued.
