## INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Participants  
**Amplify Credit Union Defined Benefit Plan**

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Amplify Credit Union Defined Benefit Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of October 21, 2024 (in liquidation) and December 31, 2023 (ongoing), the related statements of changes in net assets available for benefits for the period ended October 21, 2024 (in liquidation) and the year ended December 31, 2023 (ongoing), and the statement of accumulated plan benefits as of December 31, 2023, and the related statement of changes in accumulated plan benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the period ended October 21, 2024 and as of and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).

- The information in the accompanying financial statements related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Emphasis of Matter – Termination and Use of Liquidation Basis of Accounting**

As further discussed in Note 1, 2 and 6 to the financial statements, the Board of Directors of Amplify Credit Union, made a decision to terminate the Plan effective July 31, 2024. The Plan's valuation as of January 1, 2024 was the final valuation done for the Plan. All assets related to the Plan have been distributed as of October 21, 2024. As a result, in accordance with GAAP, Amplify Credit Union Defined Benefit Plan has changed its basis of accounting from the ongoing basis of accounting used in presenting the 2023 financial statements to the liquidation basis of accounting used in presenting the 2024 financial statements. Our opinion is not modified with respect to this matter.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditor's Responsibilities for the Audits of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing audits in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

### Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of reportable transactions is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

## NOTES TO FINANCIAL STATEMENTS OCTOBER 21, 2024 AND DECEMBER 31, 2023

---

### Note 1 – Description of the Plan

The following description of the Amplify Credit Union Defined Benefit Plan (the Plan) is provided for general information purposes only. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

#### General

The Plan is a noncontributory defined benefit plan that covers any eligible employee of Amplify Credit Union (the Credit Union) who has attained age 21 and have completed one year of service. Participants enter the Plan on the first day of the month following completion of the eligibility requirements. The Plan provides for retirement, disability, and survivor death benefits and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective May 1, 2020, the Plan was amended such that no additional employees will become participants.

The Plan executed a retro-active amendment on November 9, 2021, effective January 1, 2019, to comply with the final determination of an IRS examination. The purpose of the amendment was to correct certain actuarial assumptions included in the original plan document. The Plan's actuary has represented that the impact of the amendment to the current and past periods is trivial. The Plan's qualification status did not change as a result of the IRS examination, which formally concluded in May 2022.

The Credit Union's Board of Directors approved a resolution to terminate the Plan effective July 31, 2024, and all assets related to the Plan have been distributed as of October 21, 2024.

#### Administration

The Plan Sponsor and named Plan Administrator is the Credit Union. The Plan Administrator is responsible for oversight of the Plan. The Plan Administrator has formed a committee made up of Credit Union officers and members of the human resources department. The committee determines the appropriateness of the Plan's investment offerings and monitors investment performance and fees. The Plan's Trustees are officers of the Credit Union. The Plan's Investment Custodian is Standard Insurance Company. The Investment Custodian holds all of the Plan's assets and executes all of the Plan's transactions.

#### Plan Termination

The Plan was terminated effective July 31, 2024, and liquidated as of October 21, 2024. As a result, in accordance with accounting principles generally accepted in the United States of America (GAAP), the financial statements are presented on the liquidation basis of accounting for the period ended October 21, 2024 (see Note 2).

On September 18, 2024, the Plan executed an annuity contract with United of Omaha Life Insurance Company for a premium of approximately \$7,243,000. All assets were liquidated as of October 21, 2024.

#### Vesting

A participant is 100% vested after 5 years of credited service. Participants also become 100% vested in employer contributions when termination of employment is the result of attaining retirement age and upon death, while still employed.

# AMPLIFY CREDIT UNION DEFINED BENEFIT PLAN

## NOTES TO FINANCIAL STATEMENTS OCTOBER 21, 2024 AND DECEMBER 31, 2023

---

Effective June 30, 2020, all active participants are 100% vested.

### Pension Benefits

Effective June 30, 2020, the Regular Benefit Amount is frozen.

Benefits for retired or terminated employees or their beneficiary and the accumulated benefits for active employees are based on 40% of the average of the employee's compensation as defined in the plan document reduced pro-rata for service less than 25 years. Normal retirement for salaried employees is the later of age 65 and the 5th anniversary of plan participation. A participant is eligible for early retirement upon attaining the age of 55 and completing a minimum of 10 years of service. Those participants who elect early retirement will receive a reduced monthly pension benefit.

The normal form in which employees will receive their pension benefits is a 10 Year Certain 50% Joint and Survivor Life Annuity, with the following exception. Employees with \$5,000 or less in accumulated pension benefits who terminate employment prior to retirement, death or disability will receive a lump-sum or rollover distribution equal to the present value of their accumulated pension benefits. Employees with more than \$5,000 in accumulated pension benefits who terminate employment prior to retirement, death or disability will receive a deferred vested retirement benefit payment upon reaching normal retirement age (employees who have 10 years of service can begin to receive benefit payments at age 55). However, employees who terminate with less than five years of service will forfeit the right to receive their accumulated pension benefits.

Upon commencement of their retirement, an employee may elect one of several types of annuities depending on if they wish to have their spouse or beneficiary to continue to receive payments upon their death after retirement.

### Death Benefits

If a participant dies prior to commencement of their retirement, the participant's surviving spouse will be eligible for a Preretirement Survivor Annuity. Payment of a Preretirement Survivor Annuity to a participant's surviving spouse shall commence as of the later of December 31<sup>st</sup> of the calendar year immediately following the calendar year in which the participant died or December 31<sup>st</sup> of the calendar year in which the participant would have attained age 70 1/2. Payment to any other designated beneficiary shall commence no later than December 31<sup>st</sup> of the calendar year immediately following the calendar year in which the participant died.

## **Note 2 – Summary of Significant Accounting Policies**

### Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting. Income from investments is recorded when it is earned. Employer contributions are recorded when authorized. Expenses are recorded in the accounting period in which they are incurred. Effective July 31, 2024, the Credit Union's Board of Directors approved a resolution to terminate the Plan. As a result, the Plan's financial statements as of October 21, 2024, and for the period then ended, have been prepared on the liquidation basis, in accordance with accounting principles generally accepted in the United States of America (GAAP). There were no material changes to the 2024 financial statements as a result of the change under the liquidation basis of accounting.

## NOTES TO FINANCIAL STATEMENTS OCTOBER 21, 2024 AND DECEMBER 31, 2023

---

### Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's

investment committee determines the Plan's valuation policies utilizing information provided by the investment Custodian and investment advisers. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

### Fees and Expenses

Professional fees incurred to operate the Plan, such as attorney and audit fees are paid directly by the Plan Sponsor and are excluded from these financial statements. Other fees and expenses relating to the day-to-day plan operations are paid by the Plan. These fees are recorded when paid. Investment related expenses are included in the net appreciation in fair value of investments.

### Estimates

The preparation of financial statements in accordance with generally accepted accounting principles in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

### Payment of Benefits

Benefit payments to participants and beneficiaries are recorded at the time of distribution.

### Actuarial Present Value of Accumulated Benefits

Accumulated benefits are those estimated future periodic payments that are attributable under the Plan's provisions to services rendered by the employees to the valuation date. Accumulated benefits include benefits to be paid to retired or terminated employees or their beneficiaries, and current employees or their beneficiaries.

Actuaries from Standard Retirement Services, Inc. estimated the actuarial present value of accumulated benefits, which is the amount that results from applying actuarial assumptions to adjust the accumulated benefits earned by the participants to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment. The significant actuarial assumptions used in the valuations as of December 31, 2023 were: (a) life expectancy of participants (Pri-2012 White Collar Dataset Amount-Weighted Mortality with SOA MP-2021), (b) retirement age assumptions (the assumed average age was age 65) and (c) the investment returns assumptions. The interest rate used to discount the obligation was 6.5% for 2023. The computations of the actuarial present value of accumulated Plan benefits were made as of January 1, 2023, the final valuation date. The Plan was terminated July 31, 2024, and all assets related to the Plan have been distributed as of October 21, 2024.

# AMPLIFY CREDIT UNION DEFINED BENEFIT PLAN

## NOTES TO FINANCIAL STATEMENTS OCTOBER 21, 2024 AND DECEMBER 31, 2023

---

Interest rates used for actuarial calculations to measure the funding target are based on a modified yield curve. Benefit obligations expected to be paid in the next five years are discounted with a short-term corporate bond rate. Obligations expected to be paid more than five years but less than 20 years from now are discounted using an intermediate corporate bond rate. Obligations expected to be paid more than 20 years from now are discounted with a long-term bond rate. For the year ended December 31, 2023, those three interest rates were 4.75%, 4.87%, 5.59% for short-term, intermediate-term and long-term, respectively.

### Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including August 15, 2025, is the date the financial statements were available to be issued.

### **Note 3 – Unaudited Investment Information Certified by the Custodian**

Plan management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted under such election, the following information has been certified by Standard Insurance Company as to its completeness and accuracy and was not subjected to any auditing procedures performed by the Plan's independent auditors:

1. All investment balances reflected in the accompanying statements of net assets available for benefits as of October 21, 2024 and December 31, 2023,
2. All investment activity reflected in the statement of changes in net assets available for benefits for the period ended October 21, 2024, and
3. All investment-related information included in the Schedule H, Line 4j - Schedule of Reportable Transactions for the year ended October 21, 2024.

### **Note 4 – Fair Value Measurements**

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of the fair value hierarchy are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified contractual term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

# AMPLIFY CREDIT UNION DEFINED BENEFIT PLAN

## NOTES TO FINANCIAL STATEMENTS OCTOBER 21, 2024 AND DECEMBER 31, 2023

The Plan's investments in pooled separate accounts are valued at fair value based on the fair value of the underlying assets of the pooled separate accounts, using net asset value (NAV) as the practical expedient.

The tables below segregate all financial assets as of December 31, 2023 that are measured at fair value on a recurring basis (at least annually) into the most appropriate level within the fair value hierarchy based on the inputs used to determine the fair value at the measurement date:

	<b>As of December 31, 2023</b>			
	Level 1	Level 2	Level 3	Total
Total assets in the fair value hierarchy	\$ -	\$ -	\$ 7,460,168	\$ 7,460,168
Investments measured at net asset value(a)	-	-	-	23,802,771
Investments, at fair value	\$ -	\$ -	\$ 7,460,168	\$ 31,262,939

(a) In accordance with Subtopic 820-10, the Pooled Separate Accounts were measured at net asset value per share (or its equivalent) as a practical expedient and have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net asset available for benefits.

The following table sets forth additional disclosures for the fair value measurement of investments in certain entities that calculate net asset value (or its equivalent) as of December 31, 2023:

	<b>As of December 31, 2023 Fair Value</b>	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled separate accounts	\$ 23,802,771	None	Daily	Daily

### Level 3 Fair Value Measurements

The Stable Asset Fund A is insurance contracts whose fair value represents contributions made plus accrued income less amounts withdrawn to pay benefits and expenses. The Plan's Stable Asset Fund A is a general liability against Standard Insurance Company and valued in accordance with the investment contract. As such, these funds are classified as Level 3. The use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

# AMPLIFY CREDIT UNION DEFINED BENEFIT PLAN

## NOTES TO FINANCIAL STATEMENTS OCTOBER 21, 2024 AND DECEMBER 31, 2023

The following sets forth a summary of changes in the fair value of the Plan's Level 3 assets as of October 21, 2024 and December 31, 2023:

	<b>As of December 31, 2024</b>
	Stable Asset Fund A
Balance, January 1, 2024	\$ 7,460,168
Purchases	-
Interest income	144,784
Transfer out	(7,604,952)
Sales	-
Balance, October 21, 2024	\$ -

  

	<b>As of December 31, 2023</b>
	Stable Asset Fund A
Balance, January 1, 2023	\$ 7,006,290
Purchases	-
Interest income	180,922
Transfer in	380,483
Sales	(107,527)
Balance, December 31, 2023	\$ 7,460,168

### Note 5 – Stable Asset Fund

The Plan has entered into investment contracts with Standard Retirement Services, Inc. (Standard) with regard to Stable Asset Fund A (SAF). Standard maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for withdrawals and administration expenses. The issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

There are no reserves against the SAF for credit risk of the contract issuer or otherwise. The fair value of the investment contract for Stable Asset Fund A at October 21, 2024 and December 31, 2023 was \$- and \$7,460,168, respectively. The fair value is the amount which is payable on demand on the reporting date. The investment contract is a general liability of Standard Insurance Company and there are no separate identifiable assets.

# AMPLIFY CREDIT UNION DEFINED BENEFIT PLAN

## NOTES TO FINANCIAL STATEMENTS OCTOBER 21, 2024 AND DECEMBER 31, 2023

---

Interest is credited to the SAF using a single portfolio rate approach. Under this methodology, a single interest crediting rate is applied to all contributions made to the product regardless of the timing of those contributions. Such interest rates are set in response to several factors including the totality of investments previously made by participants, their anticipated payout timing requirements, the current investment climate, contractual minimum interest rate guarantees, competitive requirements and required return on invested capital supporting the product. The average yield credited to the Plan for Stable Asset Fund A was approximately 2.52% for 2023.

### **Note 6 – Related Party Transactions and Party-in-Interest Transactions**

Certain plan investments are managed by Standard Insurance Company, who is the Plan's Custodian. Transactions involving these investments are considered party-in-interest transactions. These transactions are not, however, considered prohibited transactions under 29 CFR 408(b) of the ERISA Regulations. Fees paid by the Plan for certain administrative expenses amounted to approximately \$162,000 and \$73,000 for the period ended October 21, 2024 and year ended December 31, 2023, respectively. Fees paid to the investment advisors, Gallagher Benefit Services and Kestra Investment Services LLC, totaled approximately \$30,000 and \$16,000 for the period ended October 21, 2024 and year ended December 31, 2023, respectively. The majority of these fees are netted against investment income on the statements of changes in net assets available for benefits.

### **Note 7 – Funding Policy**

The Plan Administrator's funding policy is to make annual contributions to the Plan that meet the minimum funding requirement. Pursuant to actuarial computations, there was no contribution required to be remitted to the Plan for both of the years ended October 21, 2024 or December 31, 2023. Accordingly, the Plan Administrator did not contribute to the Plan for the years ended October 21, 2024 and December 31, 2023.

### **Note 8 – Plan Termination**

As described in Note 1, the Plan sponsor terminated the Plan effective July 31, 2024 subject to the provisions of ERISA. As part of the Plan termination, the Plan made approximately \$7,670,000 of lump-sum payments to participants during 2024.

In addition, some benefits are to be provided via annuity contracts under which United of Omaha Life Insurance Company is obligated to pay the benefits. On September 18, 2024, the Plan purchased annuity contracts in the amount of approximately \$7,243,000. Additionally, \$18,398,000 was returned to the Plan Sponsor.

### **Note 9 – Plan Amendment and Tax Status**

The Plan utilizes a non-standardized prototype plan document. This document has been filed with the IRS by the document provider for purposes of obtaining a favorable opinion letter. The most recently obtained opinion letter is dated March 30, 2018. While the plan document has been amended subsequent to this date and has not yet received an updated IRS opinion letter, the Trustees believe that the Plan is currently designed and being operated in compliance with applicable requirements of the Internal Revenue Code and, therefore, the Plan qualifies under Section 401(a) and is tax-exempt as of October 21, 2024.

The Plan was restated effective January 1, 2019, and most recently amended November 9, 2021, as amendment of the volume submitter basic plan document to reflect modifications of lump sum distributions. In addition, the Plan was frozen effective June 30, 2020.

# AMPLIFY CREDIT UNION DEFINED BENEFIT PLAN

## NOTES TO FINANCIAL STATEMENTS OCTOBER 21, 2024 AND DECEMBER 31, 2023

---

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. As of October 21, 2024, the Plan Administrator believes that the Plan has no uncertain tax positions that qualify for either recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, the Plan is currently not being examined. The Plan Administrator believes that the Plan is no longer subject to income tax examinations for years prior to 2018.

### **Note 10 – Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimation and assumption processes, it is at least reasonably possible that changes in these estimates and assumptions in the near term could materially affect the amounts reported and disclosed in the financial statements.

### **Note 11 – Nonparticipant-Directed Investments**

All of the Plan's investments are nonparticipant-directed. Therefore, the information presented within the financial statements at pages 4 and 5 reflects the net assets and significant components of the changes in net assets relating to the nonparticipant-directed investments.

**SUPPLEMENTAL INFORMATION**

## Summary of Principal Plan Provisions (cont.)

**Average Monthly Earnings:** Average monthly earnings means the average compensation paid during the 5 consecutive year period in the final 10 years of service which produces the highest average. If a participant works less than 5 consecutive years, the compensation shall be averaged over the sum of the months the participant was paid.

Average Monthly Earnings are frozen effective June 30, 2020.

**Regular Benefit Amount:** The normal retirement benefit is 40% of average monthly earnings reduced proportionately for less than 25 years of service at retirement.

Effective June 30, 2020, the Regular Benefit Amount is frozen.

**Early Retirement Benefit:** The normal retirement benefit accrued to date is reduced to an actuarial equivalent to compensate for the longer period over which benefits will be paid. The actuarial equivalence reduction is 5% per year or portion thereof for each year preceding normal retirement.

**Termination Benefit:** A terminating participant who has completed five years of service is entitled to receive a vested monthly benefit starting on his normal retirement date. The amount of the benefit is equal to the retirement income earned on the basis of service to date multiplied by the appropriate vested percentage from the following table:

<u>Years of Service</u>	<u>Vested Interest</u>
less than 5	0%
5 or more	100%

A participant will be 100% vested upon attainment of retirement age or death while an active employee.

Effective June 30, 2020, all active participants are 100% vested.

**Normal Form of Benefit:** The normal form of benefit is a monthly income payable for 120-months Certain and Life.

Married participants may elect to receive a fully subsidized joint and survivor annuity. This option matches the 120-month Certain and Life annuity, except that it is supplemented by 50% continuation to a surviving spouse after the 120-month certain period expires.

## Summary of Principal Plan Provisions (cont.)

<b>Optional Benefit Forms:</b>	<p>At the participant's election, retirement income may be paid in any of the optional forms shown below. Election of an optional annuity form may be made at any time before retirement. For any annuity form (other than the subsidized joint and survivor form), the amount of income is adjusted so the cost to the fund is the same as it would have been under the normal annuity form.</p> <ul style="list-style-type: none"><li>➤ Straight Life Annuity.</li><li>➤ 50%, 66-2/3%, 75% or 100% Joint and Contingent Survivor Annuity.</li><li>➤ 60, 120 or 180 months Certain and Life Annuity.</li></ul>
<b>Death Benefits (Pre-Retirement):</b>	<p>If a participant dies prior to the time his benefit payments commence, a qualified preretirement survivor annuity shall be provided to the participant's beneficiary equal to the actuarial equivalency of the participant's accrued benefit.</p>
<b>Death Benefits (Post-Retirement):</b>	<p>None except as provided by the annuity form elected.</p>
<b>Changes Since Last Year:</b>	<p>None.</p>

## Summary of Actuarial Assumptions and Methods

*For attachment to 2024 Schedule SB, Part V – Actuarial Assumptions and Methods  
EIN 74-1592875 / PN 003*

**Funding method:**

Liabilities presented in this report are computed in accordance with the Unit Credit Cost Method. The target normal cost is the present value of all benefits that are expected to accrue during the upcoming plan year. The benefits expected to be accrued include any increase in benefits during the plan year that is a result of any actual or projected increase in compensation even if that increase in benefits is with respect to benefits attributable to service performed in a preceding plan year. The funding target as of the valuation date is the present value of all benefits that have been accrued or earned under the plan as of the valuation date. The benefits considered in determining the funding target and target normal cost are all benefits earned or accrued under the plan, including retirement-type and ancillary benefits.

The determination of the funding target and target normal cost is based on plan provisions that are adopted no later than the valuation date for the plan year and that become effective during the plan year.

**Actuarial value of assets:**

Market value.

**Changes since prior year:**

None.

## Summary of Actuarial Assumptions and Methods (cont.)

The actuarial assumptions summarized below are either prescribed by law, or when not prescribed by law selected by the plan's actuary as the best predictor of future experience, based on all available prior experience and future expectations. For any assumption not prescribed by law or selected by the plan's actuary, the individual organization selecting such assumption is identified separately, and the report will note if the actuary has any disagreement with the appropriateness of the assumption.

**Retirement:** Normal Retirement Age.

**Turnover:** Sample rates (2003 SOA Small Plan):

<u>Age</u>	<u>Male</u>	<u>Female</u>
25	19.50%	19.50%
40	9.40%	9.40%
55	4.20%	4.20%

Given the small plan size (under 200 active participants), there is little credible experience to develop a plan-specific assumption. Therefore, it is reasonable to use the most recent public turnover study above.

**Disability Incidence:** None.

**Marital Status:** 90% of participants are assumed to be married with males three years older than the spouse.

**Assumed Form of Payment:** Participants are assumed to elect the normal form under the Plan.

**Salary Escalation:** Not applicable due to plan freeze.

**Expenses:** Estimated operating expenses paid from plan assets for 2024 are \$4,000.

**Plan Benefits Not Considered:** None.

### Funding Assumptions:

#### For Minimum Funding and AFTAP (ARP Rates)

##### Funding Target Discount Rates:

Years 0 to 5:	4.75%
Years 6 to 20:	4.87%
Years 21 on:	5.59%

**Pre & Post-Retirement Mortality:** IRS 2024 Small Plan Combined Static Mortality.

**Statement by Enrolled Actuary**  
 To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.
