## INDEPENDENT AUDITORS' REPORT

To the Trustees and Administrators of the Catalyst Medical Group, PLLC Retirement Plan

### **Scope and Nature of the ERISA Section 103(a)(3)(C) Audit**

We have performed audits of the financial statements of Catalyst Medical Group, PLLC Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the Statement of Net Assets Available for Benefits as of December 31, 2024 and 2023, the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Catalyst Medical Group, PLLC Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### **Opinion**

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Catalyst Medical Group, PLLC Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

**Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Catalyst Medical Group, PLLC Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

**Auditors' Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal controls. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an

opinion on the effectiveness of the Catalyst Medical Group, PLLC Retirement Plan's internal controls. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Catalyst Medical Group, PLLC Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

#### **Other Matter—Supplemental Schedule Required by ERISA**

The supplemental schedule is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### **Auditors' Report on the 2023 Financial Statements**

Predecessor auditors performed an audit of the 2023 financial statements of the Catalyst Medical Group, PLLC Retirement Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the Plan that were certified by a qualified institution. Their report dated September 17, 2024 indicated that (a) the amounts and disclosures in the 2023 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with U.S. GAAP, and (b) the information in the 2023 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2023 supplemental schedules, other than the information in the 2023 supplemental schedules that agreed to or is derived from the certified investment information, was presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2023 supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

**Notes to Financial Statements**

**December 31, 2024 and 2023**

**NOTE 1 – DESCRIPTION OF THE PLAN**

The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

**General** – The Catalyst Medical Group, PLLC Retirement Plan (the Plan) became effective December 1, 2018 as a retirement plan for employees of the Catalyst Medical group, PLLC (the Sponsor). The Plan is a defined contribution plan covering all eligible employees of the Sponsor who are 21 years of age or older and have completed one year of service in which they worked 1,000 hours, as defined in the Plan agreement. Employees are automatically enrolled to defer 6% of their compensation unless another election is made. This amount will also be increased 1% every year until reaching 10% unless another election is made. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

**Plan Administration** – The Company is the administrator of the Plan and, as such, carries out the duties imposed by ERISA. The Company has delegated certain responsibilities for the operation and administration of the Plan. Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company, and Principal Life Insurance Company (Principal), and as agent for Principal Global Investors Trust Company (collectively, the Custodians) are responsible for the custody and management of the Plan's assets. Principal maintains participant accounts and transactions related to participant-initiated activity.

**Contributions** – Participants are permitted to contribute up to 92% of their annual compensation on a pre-tax or after-tax Roth basis, as defined by the Plan. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions up to the annual limit determined by the Internal Revenue Code (IRC). Participants may also contribute amounts representing distributions from other qualified retirement plans and may direct the investment of their contributions into various options offered by the Plan.

The Company may make discretionary Safe Harbor matching contributions to the Plan. For the year ended December 31, 2024, the discretionary matching contribution was equal to 100% of the employee's elective salary deferral up to 3% of the employee's eligible compensation. The Company may also make non-elective discretionary contributions; however, none were made in 2024.

**Participants' Accounts** – Each participant's account is credited with the participant's contribution and Plan earnings. The accounts are set up in participant-directed, individual accounts administered by the Plan trustee. Contributions and earnings or losses are credited to the accounts as the amounts are received by the trustee. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

**Vesting** – Participants are immediately vested in their accounts attributable to salary deferrals and rollover contributions, plus actual earnings thereon. Vesting in profit sharing contributions and any qualified non-elective contributions that may be made by the Company are based upon years of continuous service as follows:

---

***See Independent Auditors' Report and the notes to financial statements***

**Catalyst Medical Group, PLLC Retirement Plan**  
**Notes to Financial Statements**

**December 31, 2024 and 2023**

---

<u>Years of Service</u>	<u>Percent Vested</u>
Less than 2 years	0%
2 years of service	20%
3 years of service	40%
4 years of service	60%
5 years of service	80%
6 years of service	100%

**Investment Options** – Participants direct the investment of their contributions into selected investment products offered by the Plan custodian. The investment options include fixed income accounts and various income, growth, value, blend, and international mutual fund accounts. Participants may change their investment options daily.

**Payment of Benefits** – Benefits are payable to participants or designated beneficiaries upon retirement, death, disability, or termination of employment, and are entitled to receive a lump-sum amount equal to the value of the participant’s vested interest in their account. Benefits may also be distributed in the event of a participant’s immediate and heavy financial need. Such distributions, which are considered hardship withdrawals, cannot exceed the amount required to relieve the financial need.

**Participant Loans** – The Plan allows participants to borrow from their fund accounts a minimum of \$1,000 up to a maximum amount equal to the lesser of: (1) \$50,000 minus the highest outstanding balance of loans in the past 12 months, or (2) one-half the present value of the participant’s account balance, subject to approval of the loan application. The interest rate is based on rates available for similar loans from commercial lending institutions as determined by the Plan administrator. Loans are repaid through payroll deductions within a five-year period, unless the loan was made to acquire a primary residence, in which case the loan may be repaid over a 30-year period, consistent with commercial lending practices.

**Forfeitures** – If a participant terminates employment and is less than 100% vested in Employer matching contributions, the participant will forfeit the non-vested portion of the account. These accounts may be used to reduce future Employer contributions or pay Plan administrative expenses. As of December 31, 2024 and 2023, the forfeiture balance was \$36,117 and \$8,739, respectively.

**Plan Termination** – Although it has not expressed any intent to do so, the Sponsor has the right, under terms of the Plan, to terminate the Plan subject to the provisions of ERISA.

**NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Basis of Accounting** – The financial statements are prepared on the accrual basis of accounting and in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

---

*See Independent Auditors’ Report and the notes to financial statements*

**Catalyst Medical Group, PLLC Retirement Plan**  
**Notes to Financial Statements**

**December 31, 2024 and 2023**

---

**Use of Estimates in the Preparation of Financial Statements** – The preparation of financial statements in conformity with U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

**Investment Valuation and Income Recognition** – The Plan’s investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an ordinary transaction between market participants at the measurement date. Contract value represents contributions made under contract, plus interest, less withdrawals and administrative expenses. The Plan designates contract value as the only required measure for fully benefit-responsive investment contracts and eliminates fair value measurement and certain disclosures.

Registered investment company funds held by the Plan are valued at fair value based on the daily closing price as reported by the funds. All of the registered investment company funds are open-ended and are registered with the Securities and Exchange Commission (SEC). These registered investment company funds are required to publish their daily net asset value (NAV) and to transact at that price. The common/collective trusts are valued at the NAV of units held by the Plan. The NAV, as provided by the trustees, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net increase (decrease) includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

**Plan Administration Costs** – Administrative expenses of maintaining the Plan may be paid by the Company or the Plan, as provided by the Plan document. Expenses that are paid directly by the Sponsor are excluded from these financial statements. Certain administrative fees are charged directly to the participant’s account and are included in administrative expenses. Investment related expenses are included in net increase of fair value of investments.

**Notes Receivable from Participants** – Notes receivable from participants are measured at their unpaid principal balance plus any accrued unpaid interest. If a participant ceases to make loan repayments and the Plan administrator deems the loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

**Payment of Benefits** – Benefits are recorded when paid.

**Subsequent Events** – Management has evaluated, for potential recognition or disclosure in the financial statements, subsequent events that have occurred through August 14, 2025, which is the date that the financial statements were available to be issued.

**NOTE 3 – INFORMATION PREPARED AND CERTIFIED BY THE PLAN TRUSTEE**

The Plan administrator, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of ERISA. Accordingly, the Custodians, determined to be qualified institutions by the Plan administrator, have certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying Statement of Net Assets Available for Benefits as of December 31, 2024.
- Net appreciation in fair value of investments, dividends and interest, and interest income on notes receivable from participants as shown in the accompanying Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2024.
- Investments and notes receivable from participants reflected on the Schedule of Assets (held at end of year) as of December 31, 2024.

Accordingly, as requested by the Plan administrator, the Plan's independent auditor performed no procedures on the certified information other than to agree the certified information to the related information included in the financial statements and supplemental schedule.

**NOTE 4 – INCOME TAX STATUS**

The Plan has adopted the non-standardized pre-approved profit-sharing plan with CODA sponsored by Principal (the pre-approved plan). The IRS informed Principal by a letter dated June 30, 2020, that its pre-approved plan is designed in accordance with the applicable sections of the IRC and is appropriate for use by employers for the benefit of their employees. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and is tax exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

**NOTE 5 – FAIR VALUE MEASUREMENTS**

Fair value accounting guidance establishes a framework for measuring fair value, which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

---

***See Independent Auditors' Report and the notes to financial statements***

**Catalyst Medical Group, PLLC Retirement Plan**  
**Notes to Financial Statements**

**December 31, 2024 and 2023**

---

- Level 1** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plans have the ability to access.
- Level 2** Inputs to the valuation methodology other than quoted prices included in Level 1 are observable for the asset or liability, each directly or indirectly, and include:
- Quoted prices for similar assets or liabilities in active markets.
  - Quoted prices for identical or similar assets or liabilities in inactive markets.
  - Inputs other than quoted prices that are observable for the asset or liability.
  - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3** Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Below is a description of the valuation methodologies used for assets measured at fair value.

**Common and Collective Trusts (CCTs)** – Investments in the collective investment fund are valued at the NAV of units of a bank collective trust. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund, less fees and expenses, divided by the number of outstanding units. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan was to initiate a full redemption of the collective investment fund, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidation is carried out in an orderly business manner. The collective investment funds have no unfunded commitments and can be redeemed daily.

**Registered Investment Company Funds** – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

There have been no changes in the methodologies used at December 31, 2024. The methods described above could produce a fair value calculation that is not indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan administrator believes these valuation methods are appropriate, the use of different methodologies or assumptions could result in different fair value measurements at the reporting date.

**NOTE 6 – RISKS AND UNCERTAINTIES**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

**NOTE 7 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS**

ERISA defines party-in-interest similar to a related party under U.S. GAAP, except that ERISA's definition is broader and includes all entities and individuals that provide services to the Plan; however, these entities may not necessarily be related parties. Plan management did not identify any related parties to the Plan that were not also considered to be parties-in-interest. The Plan did not enter into any material related party transactions during the Plan year related to compensation, arrangements, expense allowances or similar items.

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, and an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association or relatives of such persons.

The Company pays certain fees and expenses on behalf of the Plan. These transactions qualify as party-in-interest transactions. The Plan has included in its investment fund options certain funds managed by the Custodians or one of the Custodians' affiliates. Transactions in these funds are considered party-in-interest transactions under ERISA. Such transactions are permitted under provisions of the Plan and are specifically exempt from prohibition of party-in-interest transactions under ERISA.
