INDEPENDENT AUDITOR'S REPORT

To the Administrator of Fox Valley Molding, Inc. Employee 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Fox Valley Molding, Inc. Employee 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Fox Valley Molding, Inc. Employee 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note D to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Fox Valley Molding, Inc. Employee 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Fox Valley Molding, Inc. Employee 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if

there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- exercise professional judgement and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Fox Valley Molding, Inc. Employee 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about Fox Valley Molding, Inc. Employee 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule, Schedule of Assets Held at End of Year as of December 31, 2023, is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental

schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Fox Valley Molding, Inc.
Employee 401(k) Profit Sharing Plan
Notes to Financial Statements

NOTE A – DESCRIPTION OF PLAN

The following description of the Fox Valley Molding, Inc. ("Company") Employee 401(k) Profit Sharing Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all employees of the Company, except for those employees who are subject to collective bargaining and/or employees who are non-resident aliens, who are age twenty-one or older, and who have completed three months of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Each year, participants may contribute pretax annual compensation up to the maximum allowable under the Internal Revenue Code, as defined in the Plan. Participants may also make Roth deferral contributions to the Plan. Participants may also contribute amounts representing distributions for other qualified defined benefit or defined contribution plans. The Company will make safe harbor basic match contributions to the Plan and may make discretionary additional match contributions to the Plan. Eligibility to share in safe harbor basic match contributions and discretionary additional match contributions requires three months of service and attainment of age twenty-one. The Company may make discretionary profit sharing contributions to the Plan that are not limited to profits. Eligibility to share in discretionary profit sharing contributions require three months of service, attainment of age twenty-one, 1,000 hours of service during the year, and be employed by Fox Valley Molding, Inc. at the Plan year end. For the plan years ended December 31, 2023 and 2022, the Company did not make discretionary non-elective or discretionary additional match contributions.

Participant Accounts: Each participant's account is credited with the participant's contributions, allocation of company contribution, and allocation of Plan earnings, and reduced by an allocation of administrative expenses. Safe harbor basic match contributions are allocated to each participant by matching \$1.00 of each \$1.00 the participant defers into the plan on the first 3% of compensation, plus \$.50 of each \$1.00 deferred on the next 2% of compensation. Company discretionary profit sharing contributions are allocated to each participant in the same ratio as his compensation bears to the total compensation of all participants in his/her respective class. The three classifications are: 1) more than 5% owners; 2) officers; and 3) all other employees. Company discretionary additional match contributions are allocated to eligible participants in a discretionary manner as determined by the Employer. Plan earnings are allocated based on the investment options chosen by each employee and his/her proportionate share of that investment option. Any administrative expenses remaining after forfeited accounts have been applied are allocated in the same proportion that each participant's account bears to the total of all accounts.

Vesting: Participants are immediately vested in their contributions and also employer safe harbor basic match contributions plus actual earnings thereon. Both employer discretionary profit sharing and employer discretionary additional match contributions, if any, vest at 20% per year after two years of service. Service is defined as 1,000 hours during the plan year.

NOTE A – DESCRIPTION OF PLAN (continued)

Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the Participant Loan fund. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid at least quarterly on the basis of level amortization.

Payment of Benefits: On termination of service due to disability or retirement, a participant may elect to receive the value of his/her vested interest in his/her accounts either as a lump sum, in installments, as ad hoc distributions, or under various annuity options. A beneficiary, in the event of a participant's death, may elect to receive the participant's vested balance either as a lump sum, in installments, or as ad hoc distributions. Participants may also receive in-service distributions prior to termination of employment. To receive an in-service distribution, participants must have either: 1) attained age 62; 2) incurred a disability; or 3) incurred a financial hardship based on conditions outlined in the Plan. In-service distributions cannot exceed the vested amounts in the participant's distributing account(s). Hardship distributions can only be taken from the vested portion of participant pre-tax contribution and participant Roth contribution accounts.

Forfeited Accounts: For plan years ended December 31, 2023 and 2022, amounts forfeited in participant accounts due to non-vesting totaled \$0 and \$0, respectively. Forfeited non-vested accounts are first used to reduce Plan expenses. Any remaining match forfeitures are to be used to reduce the following year's match contribution. Any remaining nonelective forfeitures are to be used as additional nonelective contribution for the current year. Forfeitures in the amount of \$747 and \$0 were used to reduce Plan expenses for the plan years ended December 31, 2023 and 2022, respectively. At December 31, 2023 and 2022, the balance of the forfeitures account was \$0 and \$747 respectively.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2023 and 2022, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment Valuation and Income Recognition: Investments are stated at fair value (except for the fully benefit-responsive contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits: Benefits are recorded when paid.

Administrative Expenses: Expenses paid by the Plan during the years ended December 31, 2023 and 2022 were \$8,192 and \$7,092, respectively. Expenses related to third party expense agreements are netted against income.

NOTE C – FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are used only when Level 1 or Level 2 inputs were not available.

Level 2 Fair Value Measurements: The fair value of the separate investment accounts through Sentry Insurance Company are calculated based on the net assets of the underlying pool of securities.

The preceding method(s) described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE C – FAIR VALUE MEASUREMENTS (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

	<u>Fair Value</u>	<u>Quoted Prices in Active Markets for Identical Assets (Level 1)</u>	<u>Significant Other Observable Inputs (Level 2)</u>	<u>Significant Unobservable Inputs (Level 3)</u>

NOTE D – CERTIFICATION OF INVESTMENT INFORMATION

The Plan received from the Sentry Insurance Company a certification of financial information and data as being complete and accurate in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The data certified includes: 1) Investments and notes receivable from participants as of December 31, 2023 and December 31, 2022; 2) Investment income (loss) and net interest income on notes receivable from participants for the years ended December 31, 2023 and December 31, 2022.

NOTE E – GROUP ANNUITY CONTRACT

The Plan assets are invested in a group annuity contract with Sentry Insurance Company that allows contributions to be allocated among investment options which include the Guaranteed Fund and Separate Accounts at the discretion of the participant. It is the understanding of Sentry Insurance Company that the contract issued to the Plan is a "benefit responsive investment contract." The Guaranteed Fund is recorded at contract value in the investment statements.

NOTE E – GROUP ANNUITY CONTRACT (continued)

The Guaranteed Fund provides a guaranteed rate of return at the rate and for a specified duration that is communicated to the participants. The assets held in the Guaranteed Fund may be subject to surrender charges or a market value adjustment upon withdrawal as described in the contract.

The guaranteed rate of return is based on the performance of investments held by Sentry Insurance Company which may consist primarily of fixed return instruments such as corporate bonds. The guaranteed interest rate set by Sentry Insurance Company is discretionary. The Guaranteed Fund is designed to offer a fixed rate of return with no risk of loss of principal except as subject to charges upon withdrawal as described in the contract. The rate could be influenced by the performance of the underlying investments held by Sentry Insurance Company. Corporate bond yields and the return on other possible investments supporting the Guaranteed Fund are subject to forces in the economy. The average yield earned by the Guaranteed Fund was 2.55% and 2.10% for the plan years ended December 31, 2023 and 2022, respectively.

The underlying risks of the Guaranteed Fund are assumed by Sentry Insurance Company who is obligated to support the interest guarantees. The only risks are: (1) Sentry Insurance Company's discretion to set the guaranteed rate of return and (2) Enforcement of surrender charges or market value charges that may be triggered if funds are withdrawn. The contract allows for withdrawals for benefit payments under the company's pension plan without penalty.

NOTE F – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE G – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contribution at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in all of their accounts.

NOTE H – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

NOTE I – TAX STATUS

The Plan is a Sentry Insurance Company Non-standardized 401(k) Plan. The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2020.

NOTE J – UNALLOCATED FUNDS

The investment balance includes \$0 in funds that have not been allocated to the participant accounts.

NOTE K – SUBSEQUENT EVENTS

No events have occurred subsequent to December 31, 2023 that are required to be disclosed in these financial statements. This evaluation was made as of August 19, 2024, the date these financial statements were available to be issued.

NOTE L – RELATED-PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are managed by Sentry Insurance Company. Sentry Insurance Company is the custodian and recordkeeper for the Plan and, therefore, these transactions qualify as party in interest transactions.

Effective January 1, 2015, Sentry Insurance Company provides certain administrative services to the Plan pursuant to a service agreement between the Employer and Sentry Insurance Company. Sentry Insurance Company receives revenue from mutual fund service providers for services Sentry Insurance Company provides to the funds. This revenue is used to offset certain amounts owed to Sentry Insurance Company for its administrative services to the Plan.
