Independent Auditors' Report

Plan Administrator
Sun State International Trucks, LLC 401(k) Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of Sun State International Trucks, LLC 401(k) Retirement Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024, and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2024, and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditors’ Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors’ Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors’ report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SUN STATE INTERNATIONAL TRUCKS, LLC 401(K) RETIREMENT PLAN

Notes to Financial Statements

December 31, 2024 and 2023

(1) Description of the Plan

The following description of the Sun State International Trucks, LLC 401(k) Retirement Plan (the “Plan”) provides only general information. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

(a) General

The Plan is a defined contribution plan covering all employees of Horton Holdings, LLC, Sun State International Trucks, LLC and Sun State International Trucks of Central Florida, LLC (together the “Company”) who have completed certain required months of service and are age eighteen or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

The Plan operates under an agreement with Empower Trust Company, LLC (“Empower”), who serves as trustee of the Plan.

(b) Contributions

Each year, participants may contribute up to 100% of annual compensation as pre-tax or Roth contributions, as defined in the Plan, subject to limitations of the Internal Revenue Code. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Plan also provides for “catch-up” contributions subject to Internal Revenue Service limitations.

The Plan has adopted automatic enrollment processes in which eligible personnel on or after the effective date of the Plan amendment are automatically enrolled at 4% of compensation. Current participants who had not previously entered into a deferral election or elected to opt-out of the Plan were also automatically enrolled in the Plan. Contributions are automatically increased by 1% up to a maximum of 10% each January 1st. Participants are able to opt-out of the automatic enrollment by contacting the trustee directly.

The Company may elect to make a discretionary matching contribution equal to a specified percentage of the participant’s eligible compensation or participant contributions, as defined. The percentage of the discretionary matching contribution shall be determined by the Company. For the year ended December 31, 2024, the discretionary matching contribution was equal to 50% of the first 6% of base compensation that a participant contributed to the Plan. Additionally, the Company may elect to make a discretionary profit-sharing contribution to participants employed by the Company on the last day of the year. The Company did not elect to make a discretionary profit-sharing contribution for the year-ended December 31, 2024.

(c) Participant Accounts

Each participant’s account is credited with the participant’s contributions, rollover contributions from other qualified retirement plans, allocations of the Company’s discretionary matching and profit-sharing contributions and plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account balance.

(d) Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the discretionary Company matching and profit-sharing contribution portion of their accounts plus actual earnings thereon is based on a six-year graded vesting schedule as follows:

<u>Total Number of Years of Continuous Service</u>	<u>Vested Interest</u>
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years or more	100%

(e) Forfeitures

Forfeitures related to the Plan are used to reduce Company contributions. There were forfeitures of approximately \$22,000 and \$13,700 available for reduction of future Company contributions as of December 31, 2024, and 2023, respectively. During 2024, approximately \$11,500 of forfeitures were used to reduce employer contributions receivable as of December 31, 2023 as included within the statement of net assets available for benefits.

(f) Administrative Expenses

All reasonable expenses related to plan administration are paid by the Plan. Plan expenses include all reasonable costs, charges and expenses incurred by the custodians in connection with the administration of the Plan. All reasonable additional administrative expenses incurred to affect investment elections, could be either charged to the individual making the election or charged in accordance with nondiscriminatory rules as the plan administrator deems appropriate. The account of an individual participant can also be charged with a reasonable amount to offset the cost of making a distribution to the participant, beneficiary or alternative payee.

(g) Investment Options

Upon enrollment in the Plan, participants may direct their contributions and the Company contributions, in increments of one percent, in any of the available funds as offered by Empower, the trustee of the Plan. Participants should reference prospectus information for detailed fund information.

The Plan invests in mutual funds which are stated at fair value based on the quoted market prices of shares held by the Plan at year end. Purchase and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

(c) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts in the statements of net assets available for benefits and changes in net assets available for benefits and related disclosures. Actual results could differ from those estimates.

(d) Contributions

Contributions from Plan participants and the matching contributions from the Employer are recorded in the year in which [the employee contributions are withheld from compensation.

(3) Information Prepared and Certified by the Trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Empower, the Plan's trustee, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Total investments and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2024 and 2023;
- Total investment income, net appreciation in fair value of investments, and related investment activity, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2024;
- The Schedule of Assets (Held at End of Year) as of December 31, 2024 included in the supplemental schedule.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in these financial statements.

(4) Fair Value Measurements

The Plan applies provisions of Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurement*, in measuring fair value. ASC Topic 820 establishes a three-tier fair value hierarchy which prioritizes the inputs used in measuring fair value as follows:

Level 1: Inputs to the valuation methodology are unadjusted quotes prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- (a) Quoted prices for similar assets or liabilities in active markets;
- (b) Quoted prices for identical or similar assets or liabilities in inactive markets;
- (c) Inputs other than quoted prices that are observable for the asset or liability;
- (d) Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

(4) Fair Value Measurements - Continued

Level 3: Valuation is based on unobservable inputs for the asset or liability and relies on management's own assumptions about the assumptions that market participants would use in pricing the asset or liability.

Mutual Funds

Mutual funds are valued based on quoted market prices at year end, and are classified as Level 1 investments.

As of December 31, 2024, the Plan's investments measured at fair value were as follows:

<u>Description</u>	<u>Fair Value Measurements at December 31, 2024 Using</u>			
	Assets Measured at Fair Value at December 31, 2024	Observable Inputs (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	\$ <u>10,687,357</u>	<u>10,687,357</u>	<u>-</u>	<u>-</u>

As of December 31, 2023, the Plan's investments measured at fair value were as follows:

<u>Description</u>	<u>Fair Value Measurements at December 31, 2023 Using</u>			
	Assets Measured at Fair Value at December 31, 2023	Observable Inputs (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	\$ <u>9,057,640</u>	<u>9,057,640</u>	<u>-</u>	<u>-</u>

(5) Plan Termination

Although it has not expressed an intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, the accounts of affected participants will become 100% vested and non-forfeitable.

(6) Transactions with Parties-in-Interest

Certain plan investments may be managed and held by Empower. Additionally, notes receivable from participants are managed by Empower. Empower is the trustee of the Plan, and therefore, these transactions qualify as party-in-interest transactions. During 2024, the Plan paid Empower approximately \$45,000 for services performed for the Plan. While these transactions qualify as party-in-interest transactions as defined in Section 3(14) of ERISA, they are expressly exempted from the prohibited transaction rules.

(7) Risks and Uncertainties

The Plan provides for various investment options in any combination of investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(8) Income Tax Status

The Plan adopted the pre-approved plan document of Empower Retirement, LLC, which received an opinion letter dated November 14, 2022, in which the Internal Revenue Service stated that the pre-approved plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The pre-approved plan document has been amended since receiving the opinion letter; however, the plan administrator and Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Plan management has analyzed tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress.

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2024 and 2023 to Schedule H of Form 5500:
