## Independent Auditor's Report

Plan Administrator  
Baptist Health 401(a) Plan  
Little Rock, Arkansas

### ***Opinion***

We have audited the financial statements of Baptist Health 401(a) Plan (Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2024 and 2023 and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance

and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### ***Supplemental Schedule Required by ERISA***

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

## **Note 1. Description of the Plan**

The following description of Baptist Health 401(a) Plan (Plan) provides only general information. Participants should refer to the plan document and *Summary Plan Description* for a more complete description of the Plan's provisions, which are available from the plan administrator.

### **General**

The Plan is a defined contribution plan sponsored by Baptist Health (Company) for the benefit of its employees and related participating employers.

The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). Milliman, Inc., serves as the recordkeeper of the Plan, while Charles Schwab Trust Bank serves as the Plan's trustee.

### **Contributions**

The Plan permits employees, through a salary deferral election, to have the Company make annual pre-tax, Roth, or after-tax contributions of up to 75% of eligible compensation. This will be maxed at the annual IRS contribution limit. Participants who have attained the age of 50 or over by the end of the plan year are eligible to make catch-up contributions.

The plan document includes an automatic deferral feature, whereby a participant is treated as electing to defer 4% of eligible compensation unless the participant made an affirmative election otherwise. This is reviewed by the retirement committee annually. Effective December 1, 2023, the Plan was amended to increase the automatic enrollment percentage for withholding for new participants to 6% of eligible earnings. Effective January 1, 2024, the Plan was amended to automatically escalate all employee contributions to 6% of eligible earnings. Effective January 1, 2024, participants are allowed to convert to Roth contributions for contributions that were previously vested-matching contributions and employer profit-sharing contributions.

Employees of certain other participating employers are eligible to make employee contributions to Baptist Health 403(b) Plan, while employer-matching contributions for these employees are made to Baptist Health 401(a) Plan.

For employer-matching contributions, the Company will match 50% of participant elective deferrals, Roth elective deferrals, and catch-up contributions that do not in total exceed 8% of the participant's compensation.

The Company, in its discretion, is eligible to make a profit-sharing contribution annually. The employer profit-sharing contribution formula is a discretionary amount set by the Company and allocated by participant groups. For December 31, 2024 and 2023, the Company contributed 3% of eligible participant's compensation across all groups, except for certain employees who received 6% of eligible compensation through June 30, 2023.

### **Participant Investment Account Options**

Investment account options available include various mutual funds and a personal choice retirement account (self-directed brokerage). Each participant has the option of directing contributions into any of the investment account options selected by the Plan and may change the allocation to the extent permitted by the individual agreements.

### **Participant Accounts**

Each participant's account is credited with the participant's contribution, the Company's employer-matching contribution, profit-sharing contribution, and plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**Baptist Health 401(a) Plan  
Notes to Financial Statements  
December 31, 2024 and 2023**

---

***Vesting***

Participants are immediately vested in their voluntary contributions plus earnings thereon. Participants are vested in their employer contributions plus earnings thereon after three years of service.

Effective January 1, 2024, participants who were employed with Drew Memorial Hospital, Inc. on December 2, 2023 will have previous years of service counted towards current vesting with the Plan.

***Forfeited Accounts***

At December 31, 2024 and 2023, forfeited nonvested accounts totaled \$1,299,438 and \$767,150, respectively. These accounts will be used to reduce Company contributions or pay certain plan expenses. Also, in 2024 and 2023, employer contributions were reduced by \$2,069,950 and \$1,844,690, respectively, from forfeited nonvested accounts.

***Notes Receivable From Participants***

The plan document includes provisions authorizing loans from the Plan to active eligible participants. Loans are made to any eligible participant demonstrating a qualifying need. The minimum amount of a loan shall be \$1,000. The maximum amount of a participant's loan is determined by the available loan balance restricted to the lesser of \$50,000, or 50% of the participant's vested account balance. All loans are covered by demand notes and are repayable over a period not to exceed five years, except for loans for the purchase of a principal residence, through payroll withholdings unless the participant is paying the loan in full. Interest on the loans is based on local prevailing rates as determined by the plan administrator.

***Payment of Benefits***

Upon termination of service, an employee may elect to receive a lump-sum amount equal to the value of their account, a rollover to an eligible retirement plan, or a partial distribution limited to one per year.

Effective January 1, 2024, participants may take a hardship withdrawal up to \$3,500 and hardship withdrawals will be limited to three in a plan year.

***Plan Termination***

Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their employer contributions.

**Note 2. Summary of Significant Accounting Policies**

***Basis of Accounting***

The accompanying financial statements are prepared on the accrual method of accounting.

***Use of Estimates***

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

***Investment Valuation and Income Recognition***

Investments are reported at fair value. Quoted market prices, if available, are used to value investments. Mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year-end.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The Plan's interest in Master Trust income (loss) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

***Notes Receivable From Participants***

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

***Payment of Benefits***

Benefit payments to participants are recorded upon distribution.

***Administrative Expenses***

Administrative expenses may be paid by the Company or the Plan at the Company's discretion.

**Note 3. Fair Value Measurements**

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. The hierarchy comprises three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets or liabilities that the entity can access at the measurement level
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities
- Level 3** Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities

**Baptist Health 401(a) Plan  
Notes to Financial Statements  
December 31, 2024 and 2023**

***Recurring Measurements***

The following table presents the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31:

	<b>Fair Value</b>	<b>Fair Value Measurements Using</b>		
		<b>Quoted Prices in Active Markets for Identical Assets (Level 1)</b>	<b>Significant Other Observable Inputs (Level 2)</b>	<b>Significant Unobservable Inputs (Level 3)</b>
<b>2024</b>				
Mutual funds	\$ 523,303,583	\$ 523,303,583	\$ -	\$ -
Self-directed brokerage	12,992,044	12,992,044	-	-
Investments, at fair value	<u>\$ 536,295,627</u>	<u>\$ 536,295,627</u>	<u>\$ -</u>	<u>\$ -</u>
<b>2023</b>				
Mutual funds	\$ 432,801,123	\$ 432,801,123	\$ -	\$ -
Self-directed brokerage	10,606,808	10,606,808	-	-
Investments, at fair value	<u>\$ 443,407,931</u>	<u>\$ 443,407,931</u>	<u>\$ -</u>	<u>\$ -</u>

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the years ended December 31, 2024 and 2023. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

***Investments***

Where quoted market prices are available in an active market, investments are classified within Level 1 of the valuation hierarchy. Level 1 investments include mutual funds and self-directed brokerage accounts. If quoted market prices are not available, then fair values are estimated by using quoted prices of investments with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections, and cash flows. Such investments are classified in Level 2 of the valuation hierarchy. In certain cases where Level 1 or Level 2 inputs are not available, investments are classified within Level 3 of the hierarchy.

**Note 4. Interest in Master Trust**

The Plan's assets are commingled in a Master Trust with the assets of another plan sponsored by the Company. Each participating retirement plan has a divided interest in the Master Trust. The assets of the Master Trust are held by Charles Schwab Trust Bank.

Notes to Financial Statements  
December 31, 2024 and 2023**

The value of the Plan's interest in the Master Trust is based on the beginning of year value of the Plan's interest in the Trust, plus actual contributions and allocated investment income less actual distributions and allocated administrative expenses. Net assets, investment income, and administrative expenses relating to the Master Trust are allocated to the participating plans based upon each plan's relative interest in the assets held in the Master Trust.

The following table presents the net assets of the Master Trust as of December 31:

**Note 5. Related-Party and Party-in-Interest Transactions**

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons.

The Plan paid \$895,514 and \$876,882 of fees to the recordkeeper and trustee during 2024 and 2023, respectively. The Company provides certain administrative services at no cost to the Plan.

Certain plan investments are units of mutual funds managed by Charles Schwab Trust Bank, which is a trustee as defined by the plan agreement. Therefore, these transactions qualify as party-in-interest transactions.

**Note 6. Tax Status**

The Plan operates under an adoption agreement in connection with a volume submitter profit sharing plan with CODA sponsored by Friday, Eldredge & Clark, LLP (volume submitter). The volume submitter plan has obtained an opinion letter from the Internal Revenue Service (IRS) dated March 31, 2014 stating that the volume submitter plan is acceptable under Section 401(a) of the Internal Revenue Code (IRC). The Plan received a determination letter from the IRS dated October 31, 2016, stating that the Plan is designed in accordance with applicable sections of the IRC. The Plan has been amended since receiving the determination letter. However, the Company believes that the Plan is currently being administered in compliance with the applicable requirements of the IRC.

**Note 7. Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the participants' account balances, and the amounts reported in the accompanying statements of net assets available for benefits.
