Independent Auditor's Report

Administrative Committee
Profit Sharing Plan for Employees of Gessler Clinic, P.A.:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Profit Sharing Plan for Employees of Gessler Clinic, P.A., an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Profit Sharing Plan for Employees of Gessler Clinic, P.A.'s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Profit Sharing Plan for Employees of Gessler Clinic, P.A. and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audits evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Profit Sharing Plan for Employees of Gessler Clinic, P.A.'s ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Profit Sharing Plan for Employees of Gessler Clinic, P.A.'s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Profit Sharing Plan for Employees of Gessler Clinic, P.A.'s ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

PROFIT SHARING PLAN FOR EMPLOYEES OF GESSLER CLINIC, P.A.

Notes to Financial Statements

December 31, 2024 and 2023

(1) Description of Plan

(a) General

Profit Sharing Plan for Employees of Gessler Clinic, P.A. (the “Plan”) is a defined contribution plan covering all eligible employees of Gessler Clinic Professional Association (the Company or Gessler).

Effective January 1, 1996, the Plan was amended primarily to appoint Fidelity Management Trust Company (Fidelity) as trustee and to adopt the provisions of the Fidelity Prototype 401(k) Plan. Employees of the Company are eligible to become participants in the Plan upon completion of one year of service.

Gessler was sold to an unrelated third party on December 1, 2023. Accordingly, the Plan was terminated as of the close of business on December 31, 2023.

(b) Contributions

Through December 1, 2023, eligible participants could elect to contribute up to 12% of their annual compensation for the year, not to exceed \$22,500 (plus a catch-up contribution limited to \$7,500 for individuals age 50 or older). The Company provided a matching contribution as approved by the Plan in an amount equal to 50% of the employee contribution. In addition, the Employer could make annual discretionary profit sharing contributions in an amount determined by the Board of Directors. The Plan provided a social security integration feature wherein participants with compensation in excess of the social security taxable wage base up to \$330,000 could also receive a contribution on the excess amount equal to the lesser of the Board determined profit sharing contribution percentage or 5.7%. Employees elect the investment vehicle(s) with the trustee of the Plan in which their funds, employer matching contributions and profit sharing distributions are invested.

No employee or employer contributions were made during the year ended December 31, 2024, resulting from the Plan’s termination in 2023.

(c) Participant Accounts

Each participant’s account is credited with the participant’s contribution and allocations of (a) the Company’s contribution and, (b) Plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

(1) **Description of Plan, Continued**

(d) **Payments of Benefits**

Upon termination of service, a participant may receive the value of the participant's vested interest in his or her account in a lump-sum amount or in installments.

(e) **Participant Notes Receivable**

Through December 1, 2023, the participants could borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Loan transactions have been treated as a transfer from the investment fund to the participant notes fund. The term of the loan did not generally exceed five years. The loans were secured by the balance in the participant's account and bear interest at a reasonable rate determined by the plan administrator. Principal and interest was paid ratably through payroll deductions.

All participant notes receivable as of December 31, 2023, were extinguished during the year ended December 31, 2024.

(f) **Vesting**

The rights to participant, employer matching and employer discretionary contributions are vested immediately.

(g) **Termination**

Upon termination of the Plan, the account of each participant became fully vested in accordance with the terms of the Plan document.

(h) **Subsequent Events**

In preparing these financial statements, the Plan has evaluated subsequent events and transactions for potential recognition and disclosure through August 15, 2025, which is the date the financial statements were available to be issued.

(2) **Summary of Significant Policies**

(a) **Basis of Accounting**

The accompanying financial statements have been prepared on an accrual basis of accounting and present the net assets available for benefits and changes in those assets.

(2) **Summary of Significant Policies, Continued**

(a) **Basis of Accounting, Continued**

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The statement of net assets available for benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value, as applicable.

(b) **Valuation of Investments/Participant Notes Receivable**

Investments are stated at fair market value determined by quoted market prices or their equivalent at the balance sheet date with the exception of certain stable value investment contracts which are stated at contract value. Changes in the aggregate market or contract value of the investments are charged or credited to net investment income for the year.

Participant notes receivable are valued at their unpaid principal balance plus any accrued but unpaid interest. As of December 31, 2023, no allowance for credit losses was recorded. If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document. Financial instruments that potentially subject the Plan to concentrations of credit risk consist principally of investments which amount to approximately \$750 as of December 31, 2024. Investments and participant notes receivable have been monitored monthly by both the trustee and management of the Plan and are not subject to collateralization.

(c) **Payment of Benefits**

Benefits are recorded when paid.

(d) **Tax Status**

The Plan has received a favorable IRS determination letter dated September 2003. The Plan Administrator believes the Plan is operating in accordance with its provisions and is exempt from federal income tax.

(2) **Summary of Significant Policies, Continued**

(d) **Tax Status, Continued**

Accounting principles generally accepted in the United States of America require the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

(e) **Use of Estimates**

Management of the Company has made certain estimates and assumptions relating to the reporting of assets and liabilities and the disclosure of contingent assets and liabilities to prepare these financial statements in conformity with generally accepted accounting principles. Actual results could differ from those estimates.

(f) **Fair Value Measurement**

The fair value of financial instruments is presented based upon a hierarchy of levels that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The three levels of the fair value hierarchy are described as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 - Inputs to the valuation methodology that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities. If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

(4) Information Prepared and Certified by the Custodian

The following information included in the accompanying financial statements and supplemental schedule was obtained from data prepared and certified to as complete and accurate by Fidelity Management Trust Company as of and for the year ended December 31, 2024.

Cash	\$	-
Registered investment companies		-
Common collective trust		750
Participant loans		-
Interest and dividends		152,336
Net appreciation in value	\$	4,254,574

(5) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
