## Independent Auditors' Report

To the Trustees of the  
Sunrise Senior Living 401(k) Plan

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Sunrise Senior Living 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for at least one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditors' Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

#### **Other Matter — Supplemental Schedules Required by ERISA**

The supplemental schedules, Schedule H, Line 4(a) - Schedule of Delinquent Participant Contributions for the year ended December 31, 2024 and Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

# SUNRISE SENIOR LIVING 401(K) PLAN

## Notes to the Financial Statements

As of December 31, 2024 and 2023 and for the Year Ended December 31, 2024

### NOTE 1 - DESCRIPTION OF PLAN

The following description of the Sunrise Senior Living 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

**General** - The Plan was established on January 1, 1990, and was restated and amended as of January 1, 2022. The Plan is a defined contribution plan, pursuant to the provisions of Section 401(k) of the Internal Revenue Code (the "IRC"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. The Plan is administered by Sunrise Senior Living, LLC (the "Company" or the "Plan Sponsor"). The trustees and record keepers of the Plan as of December 31, 2024 and 2023, and for the year ended December 31, 2024 were Empower Trust Company, LLC and Empower Annuity Insurance Company (collectively, "Empower"). The plan administrator is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

**Eligibility** - The Plan covers all employees of Sunrise Senior Living, LLC, Sunrise Senior Living Management, Inc., Sunrise Senior Living Services, Inc., Dignity Home Care, Inc., and any successor to the Company, which is a Controlled Group Member, who has met the eligibility requirements of the Plan. Participants are eligible to participate upon employment. The Plan excludes from participation certain leased employees, non-resident aliens with no income from sources within the United States of America, and employees covered under a collective bargaining agreement.

**Automatic Enrollment** - All employees who meet the minimum eligibility requirements to participate in the Plan and rehired employees who met eligibility from their prior service with the Company are automatically enrolled in the Plan 60 days after their entry date unless they opt out of automatic enrollment. A pre-tax elective deferral contribution of 2 percent of gross eligible pay per pay period will be deducted for those employees that participate in the Plan, unless otherwise elected.

**Contributions** - Participating employees may elect to make pretax 401(k) contributions and Roth 401(k) after-tax contributions up to \$23,000 for the year ended December 31, 2024, which applies to all elective deferrals made during the year to the Plan. Qualified distributions from other qualified retirement plans ("Rollover Contributions") also can be contributed to the Plan. Participating employees age 50 and over may elect to make catch-up contributions up to \$7,500 for the year ended December 31, 2024.

The Plan provides for discretionary matching contributions for all employees. For the year ended December 31, 2024, the Company provided a matching contribution of 50 percent of employee deferrals, up to a maximum of 6 percent of eligible compensation, to those employed on the last day of the plan year.

**Participant Accounts** - Individual accounts are maintained for each participant and include the participant's salary-deferral contributions, the Company's discretionary contributions, plan earnings, and an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances as defined. Participants direct all contributions among the various funds made available by the Company through the trustee.

**Vesting** - For the purpose of determining vesting in the employer matching contributions, participants are credited with one year of service for each plan year in which they are compensated for at least 1,000 hours of service. Participants vest in the employer matching contributions at zero percent for less than three years of service and 100 percent for three years of service or more. Participants' salary-deferral and rollover contributions are fully vested and non-forfeitable, but are subject to gains and losses on investments. All participants become fully vested upon retirement, death, permanent or total disability, termination of the Plan, or upon having reached age 59½. Past service credit will be granted to individuals that become employees due to corporation acquisitions, acquisition of management contracts, or similar transactions.

# SUNRISE SENIOR LIVING 401(K) PLAN

## Notes to the Financial Statements

As of December 31, 2024 and 2023 and for the Year Ended December 31, 2024

### NOTE 1 - DESCRIPTION OF PLAN - CONTINUED

**Forfeitures** - The Plan provides that forfeitures may be used to pay administrative expenses, allocated as an additional discretionary matching contribution or used to reduce any employer matching contribution. The Plan had forfeited non-vested account balances of \$633,677 and \$943,720 at December 31, 2024 and 2023, respectively, which were available to be applied in the following year. \$302,000 of the forfeited non-vested account balance as of December 31, 2024 was used to reduce the employer matching contribution funded in 2025.

**Administrative Expenses** - Certain administrative expenses of the Plan may be paid by the Company. For the year ended December 31, 2024, the Company paid \$174,364 for administrative expenses of the Plan. Expenses that are paid by the Company are excluded from the financial statements. For the year ended December 31, 2024, administrative expenses paid by the Plan totaled \$1,692,999 and were for certain administrative, recordkeeping, and trustee fees as well as reimbursing the Plan Sponsor for a percentage of salary proportionate to administrative time. Investment expenses of approximately \$910,000 were assessed by the trustee and paid by the Plan. These investment expenses have been included as an offset to net appreciation in the fair value of investments.

**Payment of Benefits** - Distribution to a participant or their beneficiary shall be made after the occurrence of termination of employment, disability, death, retirement, or plan termination. Upon termination of service, employees with vested contributions may elect to receive their account balance in the form of a lump-sum payment or in a direct rollover to another employer's retirement plan or an individual retirement account (IRA). Participants with a vested account balance of \$1,000 or less will automatically be distributed a single lump-sum payment in cash. If participants with a vested balance greater than \$1,000 but not in excess of \$7,000 fail to give instructions regarding the desired form of distribution within 45 days of the termination date, the vested balance will automatically be rolled over into an IRA. Participants with a vested balance of more than \$7,000 can select when to have their benefit paid within the limits set by the tax laws and the Plan. However, payments must begin no later than age 72. Additionally, employees may elect to receive an in-service distribution, up to the amount in which the employee is fully vested, if they have attained the age of 59½ or in the case of financial hardship. Employees may withdraw any portion of their rollover account at any time.

**Notes Receivable from Participants** - Participants can borrow from \$1,000 up to the lesser of \$50,000 or 50 percent of their vested interest in the Plan. The maximum borrowing amount may be reduced for those participants who had an outstanding loan in the preceding 12-month period. Each participant is permitted to have only one loan outstanding at any time, and no loan may be made to a participant sooner than seven days after the outstanding loan balance of the prior loan has been repaid. The loan interest rate, determined at the time of the loan's origination, is set at the Prime rate plus 1 percent. Principal and interest are paid ratably through monthly payroll deductions. Terms range up to five years or greater for the purchase of a primary residence. As of December 31, 2024 and 2023, notes receivable from participants totaled \$7,089,466 and \$7,133,503, respectively. Interest rates ranged from 4.25 percent to 9.50 percent on loans outstanding as of December 31, 2024 and 2023.

**Investment Options** - As of December 31, 2024 and 2023, Plan assets were invested in mutual funds, common collective trusts, pooled separate accounts, and a fully benefit-responsive investment contract.

# SUNRISE SENIOR LIVING 401(K) PLAN

## Notes to the Financial Statements

As of December 31, 2024 and 2023 and for the Year Ended December 31, 2024

### NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

**Basis of Accounting** - The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

**Investment Valuation and Income Recognition** - The Plan's investments are valued at fair value using quoted market prices when available, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contributions plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Net appreciation in the fair value of investments included in the accompanying statement of changes in net assets available for benefits includes realized gains or losses from the sale of investments and unrealized appreciation or depreciation in the fair value of investments, net of investment expenses assessed by the trustee and paid by the Plan. Net unrealized appreciation or depreciation in the fair value of investments represents the net change in the fair value of the investments held during the period.

The net realized gains or losses on the sale of investments represent the difference between the sale proceeds and the fair value of the investment as of the beginning of the period or the cost of the investment if purchased during the year.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date.

**Notes Receivable from Participants** - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

**Payment of Benefits** - Benefits are recorded when paid.

**Use of Estimates** - The preparation of financial statements, in conformity with U.S. GAAP, requires management to make estimates and assumptions that affect the reported amounts and disclosures in the financial statements and accompanying notes. Actual results could differ from those estimates.

**Risks and Uncertainties** - Investment securities are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits.

**Recent Regulatory Updates** - The SECURE 2.0 Act of 2022 was signed into law on December 29, 2022. This legislation includes a vast array of provisional changes to retirement plans, becoming effective in 2023 and beyond. Plan management adopted mandatory and certain optional provisions effective for the year ended December 31, 2024, and continues to evaluate the impact of the adoption and implementation of this legislation on the Plan. The application of SECURE 2.0 Act did not have a material effect on the Plan's financial statements.

**Subsequent Events** - In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through August 12, 2025, the date the accompanying financial statements were available to be issued.

### NOTE 3 - FAIR VALUE MEASUREMENT

The Plan follows U.S. GAAP for measuring, reporting, and disclosing fair value. These standards apply to all assets and liabilities that are measured, reported, and/or disclosed on a fair value basis.

As defined in the accounting standards, fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value hierarchy ranks the quality and reliability of the information used to determine fair values.

Assets and liabilities measured, reported, and/or disclosed at fair value will be classified and disclosed in one of the following three categories:

Level 1 - Quoted market prices in active markets for identical assets or liabilities that the Plan has the ability to access.

Level 2 - Observable market based inputs or inputs that are corroborated by market data. Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Unobservable inputs that are not corroborated by market data.

The asset's or liability's fair value measurement within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the methodologies used in valuing investments at fair value. There were no changes to the methodologies used at December 31, 2024 and 2023.

**Mutual Funds** - The fair values of the mutual funds are determined based on publicly available prices that are quoted daily in active markets. Accordingly, these fair value measurements are classified as having used Level 1 inputs.

**Pooled Separate Accounts** - The pooled separate accounts in which the Plan invests are available through group annuity contracts issued by Empower. The fair value of the pooled separate accounts is determined using the net asset value ("NAV") based on the market value of the underlying investments, for which there are observable inputs, but the NAV is not a publicly quoted price in an active market. Accordingly, the fair value measurements are classified as having used Level 2 inputs.

**Common Collective Trusts** - The common collective trusts in which the Plan invests are pooled investment funds held by Empower. The collective trust fund is valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The Guaranteed Income Fund is a fully benefit-responsive investment contract with Empower. As such, it is measured at contract value and is not subject to the fair value measurements hierarchy.

### NOTE 3 - FAIR VALUE MEASUREMENT - CONTINUED

The Plan Sponsor is responsible for the determination of fair value. Accordingly, the Plan Sponsor performs periodic analysis on the prices received from the pricing services used to determine whether the prices are reasonable estimates of fair value. As a result of these reviews, the Plan Sponsor has not historically adjusted the prices obtained from the pricing services. The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan Sponsor believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level within the fair value hierarchy a summary of the Plan's investments measured at fair value on a recurring basis at December 31, 2024:

	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 33,772,584	\$ -	\$ -	\$ 33,772,584
Pooled Separate Accounts	-	139,646,710	-	139,646,710
Total assets in the fair value hierarchy	\$ 33,772,584	\$ 139,646,710	\$ -	173,419,294
Investments measured at net asset value (a)				89,058,652
Total investments at fair value				\$ 262,477,946

The following table sets forth by level within the fair value hierarchy a summary of the Plan's investments measured at fair value on a recurring basis at December 31, 2023:

	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 41,112,277	\$ -	\$ -	\$ 41,112,277
Pooled Separate Accounts	-	128,843,255	-	128,843,255
Total assets in the fair value hierarchy	\$ 41,112,277	\$ 128,843,255	\$ -	169,955,532
Investments measured at net asset value (a)				71,972,380
Total investments at fair value				\$ 241,927,912

- (a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

**Redemptions of Units of Participation** - The per-unit NAV of each class of a fund is determined each business day. Redemptions of class units of a fund are based upon the NAV per unit as of the class' valuation date last preceding the date on which such order to contribute or withdraw assets is received. Empower, in its sole discretion, reserves the right to value any contribution or withdrawal as of the next succeeding valuation date or another date as deemed appropriate. There are no unfunded commitments, redemption frequency limits, or redemption notice periods.

### NOTE 4 - INVESTMENTS

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2024 and 2023. Accordingly, Empower, has certified to the completeness and accuracy of all investments and notes receivable from participants reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2024 and 2023, and the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2024, and the related investment activity and interest income on notes receivable from participants reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2024. Such information was obtained by management and agreed to or derived from information certified as complete and accurate by a qualified institution.

As of December 31, 2024 and 2023, the Plan had investments of \$196,240,748 and \$185,223,339, respectively, that were concentrated in three funds.

As of December 31, 2024 and 2023 and for the Year Ended December 31, 2024

### **NOTE 5 - INVESTMENT CONTRACT WITH INSURANCE COMPANY**

The Plan has an Evergreen Group Annuity Contract with Empower for the Guaranteed Income Fund. The trustee maintains the contributions in a general account. The account has interest credited daily based on interest crediting rates declared by the trustee in advance of the contract's specific guarantee period. The trustee guarantees the crediting rate and principal for the guarantee period. The contract is included in the financial statements at contract value as reported to the Plan by the trustee. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less participant withdrawals and fees. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at the contract value.

Certain events may limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) material plan amendments (including partial or complete termination of the Plan or merger of the Plan with another plan); (2) the failure of the Plan's trust to qualify for exemption from federal income taxes or any required prohibited exemption under ERISA; (3) changes in the Plan's prohibition on competing investment options; and (4) premature termination of the contract by the Plan. The Plan Sponsor does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. These events may be different under each contract. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the issuer.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, with a minimum rate of 1.5 percent. Such interest rates are reviewed on a semi-annual basis for resetting.

### **NOTE 6 - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS**

Certain of the Plan's investments are managed by affiliates of the trustees, and therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment manager services are included in net depreciation in the fair value of investments, as they are paid through revenue sharing, rather than a direct payment. Additionally, the Plan issues loans to participants, which are secured by the participants' account balances. These transactions qualify as party-in-interest transactions.

Certain administrative functions of the Plan are performed by officers or employees of the Company.

### **NOTE 7 - PLAN TERMINATION**

Under the provisions of the plan agreement, the Company has the right to terminate the Plan at any time subject to the provisions of ERISA, whereupon each participant's balance would become fully vested. The Company has expressed no intention to terminate the Plan.

### NOTE 8 - INCOME TAX STATUS

The Plan received a determination letter from the Internal Revenue Service ("IRS") dated September 16, 2022, stating that the Plan, as submitted for consideration to the IRS, is qualified under Section 401(a) of the IRC, and therefore, exempt from taxation. Subsequent to receipt of this letter, the Plan was amended. The Plan Sponsor believes the Plan is being operated in compliance with the applicable requirements of the IRC, and therefore, believes that the Plan, as amended, is qualified and the related trust is tax-exempt. The Plan also is required to operate in conformity with the IRC to maintain its qualification.

The Plan is required to accrue interest and penalties that, under relevant tax law, it would incur if uncertain tax positions ultimately were not sustained. Accordingly, interest would start to accrue for financial statement purposes in the period in which it would begin accruing under relevant tax law, and the amount of interest expense to be recognized would be computed by applying the applicable statutory rate of interest to the difference between the tax position recognized and the amount previously taken or expected to be taken in a tax return. Penalties would be accrued in the first period in which the position was taken on a tax return that would give rise to the penalty.

In determining whether a tax benefit can be recorded, the Plan Sponsor must make assessments of a position's sustainability and the likelihood of ultimate settlement with a taxing authority. Changes in the Plan Sponsor's assessments would cause a change in the recorded position and changes could be significant. As of December 31, 2024 and 2023, the Plan recorded no liabilities for possible losses on uncertain tax positions including related interest and penalties.

### NOTE 9 - DELINQUENT PARTICIPANT CONTRIBUTIONS

For the years ended December 31, 2024 and 2023, the Company did not remit certain participant contributions to the Plan on a timely basis as defined by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As of December 31, 2024, untimely remittances of \$59,629 were identified on the Schedule H, Line 4(a) - Schedule of Delinquent Participant Contributions and will be corrected in 2025. As of December 31, 2023, untimely remittances of \$9,215 were identified on the Schedule H, Line 4(a) - Schedule of Delinquent Participant Contributions. Participant contributions of \$1,087 were corrected outside of the Department of Labor Voluntary Fiduciary Correction Program in 2023 and \$8,128 will be corrected in 2025. Additionally, the Company will be compensating participants for lost earnings resulting from the delay in contributions.
