Independent Auditors' Report

To the Plan Administrator, Plan Management, Board of Directors, and Participants of
SK Siltron CSS Retirement Plan
Bay City, MI

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of SK Siltron CSS Retirement Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from Empower Trust Company, LLC as of December 31, 2024, and for the period July 1, 2024 to December 31, 2024, and Bank of America, N.A. as of year ended December 31, 2023, and for the period from January 1, 2024 to June 30, 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplementary Schedule Required by ERISA

The supplementary Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplementary schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplementary schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplementary schedule, we evaluated whether the supplementary schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplementary schedule, other than the information in the supplementary schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplementary schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SK Siltron CSS Retirement Plan
Notes to the Financial Statements
December 31, 2024 and 2023

Note 1 – Description of the Plan

The following description of the SK Siltron CSS Retirement Plan (Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of SK Siltron CSS, LLC (Employer), except for non-resident aliens, union, leased, and temporary employees, and expatriates from Korea. The Plan was established effective March 1, 2020 and was most recently amended and restated effective June 14, 2024. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

Employees are eligible for plan participation in all contributions upon hire. In order to share in employer non-elective contributions, eligible participants must be credited with 1,000 hours of service during the plan year and be employed on the last day of the plan year.

Contributions

Each year, participants may contribute a percentage of their annual compensation, not to exceed the limits of the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the Plan year are eligible to make catch up contributions. Participants also may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation and their contributions invested in a designated low-risk investment, until changed by the participant. The automatic deferral percentage will increase by 1% each year, up to a maximum of 15%, unless participants elect otherwise.

The Employer makes a non-elective contribution equal to 3% of eligible compensation.

The Employer makes a safe harbor matching contribution equal to 100% of salary deferrals up to the first 6% of eligible plan compensation.

Participant Accounts

Each participant's account is credited with the participant's and employer contributions, as well as allocations of plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are 100% vested in their voluntary and employer safe harbor matching contributions, including any earnings thereon, immediately upon their effective date of participation. Participants are vested on employer non-elective contributions as follows:

Vesting Service (Years)	Vesting %
Less than 3	0
3	100

SK Siltron CSS Retirement Plan
Notes to the Financial Statements
December 31, 2024 and 2023

Notes Receivable from Participants

Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and must bear reasonable rates of interest which are generally consistent with local borrowing rates as of the date of each loan. Principal and interest is paid ratably through payroll deductions over the term of the loan.

Payment of Benefits

The Plan provides for payment of 100% of the account balance to participants upon normal retirement (age 65), death, or total and permanent disability. Participants terminating employment for any other reason are entitled to receive 100% of their vested account balances and any remaining non-vested portions would be forfeited. Participant distributions from the Plan can be made in a single lump payment or installments. If the participant's vested benefit under the Plan exceeds \$5,000, then the participant must consent to the distribution before it is made. However, if the participant's vested benefit under the Plan does not exceed \$5,000, then the benefit may be distributed as soon as possible following the event that entitles the participant to a distribution. There are minimum distribution requirements once a participant reaches a certain age as defined in the plan agreement. Generally, a participant may receive a distribution from the Plan prior to termination of employment if certain conditions are satisfied. A participant may be entitled to receive an in-service distribution from their vested account balance if they have reached the age of 59 ½. Participants may also request financial hardship distributions if they meet certain conditions defined in the plan agreement.

Forfeited Accounts

At December 31, 2024 and 2023, forfeited non-vested accounts totaled \$3,977 and \$8,179, respectively. These accounts may be used to pay certain administrative expenses of the Plan and can also be applied to reduce employer contributions made to the Plan. The amount of forfeitures applied to reduce employer contributions in 2024 was \$47,100.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (US GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the Plan's trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

SK Siltron CSS Retirement Plan
Notes to the Financial Statements
December 31, 2024 and 2023

Contributions Receivable

Contributions receivable consist of participant and employer contributions receivable. No allowance was recorded as the full balance is deemed collectible.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain administrative functions are performed by officers or employees of the Employer. No such officer or employee receives compensation from the Plan. Certain expenses of maintaining the Plan are paid directly by the Employer and are excluded from these financial statements, unless paid from the Plan's forfeiture account. Fees related to the processing and administration of notes receivable from participants, benefit payments, general administration, and recordkeeping are charged directly to the participant's account and are included in administrative expenses on these financial statements. Certain other expenses, such as for recordkeeping, general administration, investment advice, etc. are included in investment income and paid through revenue sharing (indirect compensation). Investment-related expenses are included in investment income.

Subsequent Events

Management has evaluated subsequent events through August 12, 2025, which is the date the financial statements were available to be issued.

Note 3 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under US GAAP are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the assets or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement. Classification within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

SK Siltron CSS Retirement Plan
Notes to the Financial Statements
December 31, 2024 and 2023

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual funds – valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission (SEC). These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable value funds – stable value funds are common/collective trusts composed primarily of fully benefit-responsive investment contracts. The stable value funds are valued at the net asset value, which is based on the fair value of the underlying investments less its liabilities. The NAV is used as practical expedient to estimate fair value. The practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. The Plan no longer has a stable value fund as of December 31, 2024.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024 and 2023.

	Fair Value Measurements at Reporting Date Using			
	Fair Value	Level 1	Level 2	Level 3
<u>December 31, 2024</u>				
Mutual funds	\$ 14,896,047	\$ 14,896,047	\$ -	\$ -
<u>December 31, 2023</u>				
Mutual funds	\$ 10,011,685	\$ 10,011,685	\$ -	\$ -
Investments measured at net asset value *	149,142	-	-	-
	\$ 10,160,827	\$ 10,011,685	\$ -	\$ -

* In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

For the years ended December 31, 2024 and 2023, there were no significant transfers between levels.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2023. The redemption restrictions noted below are applicable only to the Plan. There were no investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2024.

Note 4 – Related-Party Transactions and Party-In-Interest Transactions

Certain plan investments are managed by Empower Trust Company, LLC (“Empower”). Empower is the trustee and record-keeper of the Plan. The Plan also holds notes receivable representing participant loans. These transactions qualify as party-in-interest transactions.

The Plan made payments to Empower, third party administrator and record-keeper, relating to participant loan processing/maintenance, withdrawals, record-keeping, investment advisory services, and general plan administration. Direct fees incurred by the Plan for these services totaled \$19,368 during the year ended December 31, 2024 and additional fees are netted with investment income and paid through revenue sharing (indirect compensation).

The Plan made payments to Bank of America Merrill Lynch, third party administrator and record-keeper, relating to participant loan processing/maintenance, withdrawals, record-keeping, and general plan administration. Direct fees incurred by the Plan for these services totaled \$3,900 during the year ended December 31, 2024 and additional fees are netted with investment income and paid through revenue sharing (indirect compensation).

Note 5 – Certified Investments

Certain information in the accompanying financial statements and ERISA-required supplementary schedule related to investments and notes receivable from participants held as of December 31, 2024 and 2023, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Bank of America, N.A., and Empower Trust Company, LLC, qualified institutions.

Effective July 1, 2024, the Plan changed its qualified institution from Bank of America, N.A. to Empower Trust Company, LLC.

Note 6 – Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their account balances.

Note 7 – Tax Status

The Employer adopted a pre-approved plan, which received a favorable opinion letter from the Internal Revenue Service (IRS), dated November 14, 2022, indicating that the pre-approved plan is designed in accordance with applicable sections of the IRC. The Plan has been amended since receiving the letter, however, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is

SK Siltron CSS Retirement Plan
Notes to the Financial Statements

at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the statement of net assets available for benefits.

Note 9 – Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2024 and 2023, to Form 5500:
