Independent Auditor's Report

**To the Plan Administrator of
Centric Federal Credit Union 401(k) Plan and Trust**

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Centric Federal Credit Union 401(k) Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of The Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- **the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.**

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance

with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to the Financial Statements

December 31, 2024 and 2023

(1) Description of Plan

The following description of the Centric Federal Credit Union (“Credit Union”) 401(k) Plan and Trust (“Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

(a) General

The Plan is a defined contribution plan covering all full-time employees of the Credit Union who are age eighteen or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees oversees governance of the plan and determines the appropriateness of the Plan’s investment offerings and monitors investment performance.

(b) Contributions

Each year, participants may contribute up to the maximum percentage of compensation and dollar amount permissible under Section 402(g) of the Internal Revenue Code not to exceed the limits of Code Sections 401(k), 404, and 415. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Plan currently offers sixteen mutual funds, five trustee collective investment trusts, and one annuity. Participants direct the investment of all contributions into the various investment options offered by the Plan. The Plan is referred to as a "qualified automatic contribution arrangement 401(k) plan" also known as a "QACA." In order to maintain "QACA safe harbor" status, the Credit Union makes safe harbor matching contributions equal to 100% of participants’ salary deferrals that do not exceed 1% of their compensation plus 50% of their salary deferrals between 1% and 6% of their compensation. In addition, the Credit Union may make discretionary matching contributions equal to a uniform percentage of participant salary deferrals. The Credit Union may also make discretionary profit-sharing contributions. Any discretionary profit-sharing contributions are allocated to participant accounts in the ratio that each qualifying participant’s compensation for the plan year bears to the total compensation of all qualifying participants for the plan year. Credit Union contributions are invested as directed by the participant. Contributions are subject to certain statutory limitations.

(c) Participant Accounts

Each participant’s account is credited with the participant’s contribution, the Credit Union’s matching and discretionary contributions, allocations of Plan earnings (losses), and is charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

(d) Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Credit Union’s matching contribution portion of their accounts is based on years of continuous service as follows:

**CENTRIC FEDERAL CREDIT UNION
401(k) PLAN AND TRUST
EIN 72-0444318 PLAN NO. 001**

Notes to the Financial Statements

December 31, 2024 and 2023

<u>Years of Service</u>	<u>Vesting %</u>
Less than Two	0%
Two	20%
Three	40%
Four	60%
Five	80%
Six	100%

(e) Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 1% as of the date of the loan request. Principal and interest are paid ratably through monthly payroll deductions. Participants may only have one loan outstanding at any time.

(f) Payment of Benefits

On termination of service due to death, disability, retirement, or for other reasons, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or annual installments over the participant's expected life. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

(g) Administrative Expenses

Plan administrative expenses include administrative fees from the third-party administrator and annual audit fees. These expenses are either paid from the earnings of the plan or are paid by the Credit Union.

(h) Forfeited Accounts

As of December 31, 2024, and 2023, forfeited nonvested accounts totaled \$9,190 and \$6,047, respectively. These accounts will be used to reduce future employer contributions. Also, in 2024, employer contributions were reduced by \$8,907 from forfeited nonvested accounts.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The financial statements of the plan are prepared on the accrual basis of accounting. Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan.

401(k) PLAN AND TRUST
EIN 72-0444318 PLAN NO. 001**

Notes to the Financial Statements

December 31, 2024 and 2023

(b) Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

(c) Investment Valuation and Income Recognition

Investments are reported at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(d) Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2024, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

(e) Payment of Benefits

Benefits are recorded when paid.

(f) Expenses

Certain expenses of maintaining the Plan are paid by the Credit Union and are therefore excluded from these financial statements. Investment-related expenses are included in net appreciation in fair value of investments. Fees for the administration of participant loans are included in administrative expenses and charged directly to the participant's account.

Notes to the Financial Statements

(3) Fair Value Measurement

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets. Level 3 inputs are unobservable and have the lowest priority.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 3 inputs for the periods presented and there were no changes in the methods used to measure fair value at December 31, 2024 and 2023.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Common investment trusts and mutual funds: value is based on quoted net asset values of the shares as reported by the trusts and funds. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024 and 2023:

		Quoted Prices In Active Markets for Identical Assets Level 1	Other Observable Inputs Level 2
	<u>Fair Value</u>		
As of December 31, 2024:			
Value of interest in common investment trusts	\$ 767,505	767,505	-
Value of interest in mutual funds	<u>6,065,049</u>	<u>6,065,049</u>	<u>-</u>
	<u>\$ 6,832,554</u>	<u>6,832,554</u>	<u>-</u>
As of December 31, 2023:			
Value of interest in common investment trusts	\$ 719,100	719,100	-
Value of interest in mutual funds	<u>4,683,895</u>	<u>4,683,895</u>	<u>-</u>
	<u>\$ 5,402,995</u>	<u>5,402,995</u>	<u>-</u>

Gains and losses included in changes in net assets available for benefits for the year ended December 31, 2024, are reported in net appreciation in fair value of investments.

**CENTRIC FEDERAL CREDIT UNION
401(k) PLAN AND TRUST
EIN 72-0444318 PLAN NO. 001**

Notes to the Financial Statements

December 31, 2024 and 2023

The Plan's policy is to recognize transfers between levels 1 and 2 and into and out of level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2024, there were no transfers between levels.

(4) Guaranteed Investment Contract with Insurance Company

The Plan entered into a traditional fully benefit-responsive guaranteed investment contract with CMFG Life Insurance Company (CMFG). CMFG maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract meets the criteria to be considered fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at contract value. Contract value, as reported to the Plan by CMFG, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2024 and 2023, was \$1,288,957 and \$1,348,604, respectively. The crediting interest rate is based on a formula agreed upon with the contract issuer but may not be less than 0%. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the Plan's ability to transact at contract value with CMFG. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (a) an uncured breach of the Plan's investment guidelines, (b) a material amendment to the contract without the issuer's consent, (c) a violation of a material obligation under the contract, or (d) a material misrepresentation. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants or the issuer are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Notes to the Financial Statements

December 31, 2024 and 2023

(5) Information Prepared and Certified by Custodian

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the custodian.

	<u>December 31, 2024</u>	<u>December 31, 2023</u>
Investments at fair value	<u>\$ 6,831,083</u>	<u>\$ 5,402,995</u>
Investments at contract value	<u>\$ 1,288,957</u>	<u>\$ 1,348,604</u>

The custodian also certified to the completeness and accuracy of \$855,482 of net appreciation in fair value of investments, \$117,731 of dividends, and \$5,647 of interest income for the year ended December 31, 2024.

(6) Related Party Transactions and Party in Interest Transactions

Certain Plan investments are shares of mutual funds and an annuity managed by CMFG Life Insurance Company (CMFG). CMFG is the third-party administrator of the Plan and is an affiliate of a company that is a named trustee of the Plan. Therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to \$33,558 for the year ended December 31, 2024.

These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

(7) Plan Termination

Although it has not expressed any intent to do so, the Credit Union has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

(8) Tax Status

The Credit Union has adopted a prototype standardized profit-sharing plan offered by its third-party administrator. The Internal Revenue has determined and informed the third-party administrator by a letter dated June 30, 2020, that the prototype standardized profit-sharing plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC).

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

(9) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

(10) Evaluation of Subsequent Events

The Plan has evaluated subsequent events through July 31, 2025, the date which the financial statements were available to be issued.
