## INDEPENDENT AUDITORS' REPORT

To the Investment Committee  
Seer 401(k) Plan  
Redwood City, California

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Seer 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (an "ERISA 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Seer 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Seer 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Seer 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Seer 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Seer 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Supplemental Schedules Required by ERISA**

The supplemental schedules (Schedule H, Part IV, Line 4a for the year ended December 31, 2024 and Schedule H, Part IV, Line 4i as of December 31, 2024) are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## Notes to Financial Statements December 31, 2024

---

### NOTE 1. DESCRIPTION OF THE PLAN

The following is a general description of the Seer 401(k) Plan (the "Plan"). Participants should refer to the Plan documents for a more comprehensive description of the Plan's provisions.

#### General

The Plan, which became effective October 9, 2019, is a defined-contribution plan covering substantially all employees of Seer, Inc. (the "Company"). The Plan is sponsored by the Company and administered by the Investment Committee. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and the Internal Revenue Code ("IRC").

#### Eligibility

Employees who have reached 18 years of age are eligible to participate in the Plan upon their date of hire. Certain employees are not eligible to participate in the Plan, including employees covered by a collective bargaining agreement, certain nonresident aliens, residents of Puerto Rico, leased employees, and independent contractors or other outsourced workers.

#### Contributions

Eligible employees shall automatically be enrolled in the Plan with a 4% pre-tax deferral, unless they elect a different percentage or decline participation. Participants may make contributions to the Plan from eligible compensation, as defined, subject to limitations imposed by the IRC. Participants may elect to have all or a portion of their elective deferrals classified as Roth elective deferrals (after-tax). In addition, employees who are age 50 or older can elect to defer additional amounts (called "catch-up contributions") to the Plan up to the maximum allowed by the IRC. A participant may discontinue contributions at any time. Participants may also contribute amounts representing rollover distributions from other qualified sources into the Plan.

The Plan allows matching contributions to be made at the discretion of the Company. During 2024, the discretionary matching contribution was equal to 100% of a participant's elective deferrals up to 3% of a participant's eligible compensation, limited to a maximum matching contribution of \$2,500 for the year. The Plan also allows discretionary non-elective (profit-sharing) contributions. No discretionary nonelective contributions were made for the year ended December 31, 2024.

In June 2024, the Company made a qualified nonelective contribution ("QNEC") to the Plan in the amount of \$201,236 to self-correct certain operational failures (Note 10). This amount was recorded as employer qualified nonelective contributions receivable as of December 31, 2023.

#### Participant Accounts and Investment Options

Each participant has an account that is credited with his/her contributions and employer contributions, if any. Participants direct the investment of their accounts among investment options made available by the Plan. Investment income, losses, and expenses are allocated to participant accounts based on the performance of their investments or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Upon enrollment in the Plan, a participant may direct employee and employer contributions in any of the Plan's investment options. Subsequently, participants may change their allocations and transfer account balances between investment options in accordance with Plan provisions.

### NOTE 1. DESCRIPTION OF THE PLAN (Continued)

#### Notes Receivable from Participants (Participant Loans)

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum generally equal to the lesser of \$50,000 or 50% of their vested account balances. Participants may have no more than two loans outstanding at any time. The term of the note may not exceed five years unless the loan is for the purchase of a primary residence, in which case, the Plan administrator may permit a repayment period of up to 30 years. The notes are collateralized by the vested balance in the participant's account and bear interest at a fixed rate equal to the Prime Rate, as published in the *Wall Street Journal*, plus 1%. Interest rates on outstanding notes receivable from participants ranged from 9.00% to 9.50% as of December 31, 2024.

#### Vesting

Participants are immediately 100% vested in all types of contributions and earnings thereon.

#### Benefits and Withdrawals

Distribution of benefits upon normal retirement is made in the form of a single lump-sum distribution, partial distributions, or in installment payments. Any participant who ceases to be an employee may elect to have the distribution of the vested portion of the participant's account made currently or commence at a future date. Pursuant to the Setting Every Community Up for Retirement Enhancement Act of 2019 (the "SECURE" Act), which became law on December 20, 2019, participants may defer taking distributions as follows:

- If a participant reached the age of 70½ in 2019, the participant may defer receiving distributions until the later of April 1, 2020, or the April following the calendar year in which the participant retires;
- If a participant reached the age of 70½ in 2020 or later, the participant may defer receiving distributions until the later of the April following the calendar year in which the participant reaches age 72 or retires.

The distribution provisions of the SECURE Act were modified by the SECURE 2.0 Act of 2022 (Note 11), such that beginning in 2023, the age a participant must begin taking distributions was raised to 73. If a participant reached the age of 72 during 2023, the participant may defer receiving distributions until April 1, 2025, the latest date that required a minimum distribution may be taken for 2024.

Participants may also withdraw all or a percentage of their vested account balances upon approval of the Plan administrator and subject to Internal Revenue Service ("IRS") hardship withdrawal rules.

#### Forfeitures

Amounts forfeited are generally used to reduce administrative expenses or future employer contributions. At December 31, 2023, forfeited amounts totaled \$3,715. During 2024, there were \$194 in investment gains, and no additions to or uses of forfeitures. At December 31, 2024, forfeited amounts totaled \$3,909.

#### Administrative Expenses

Administrative expenses of the Plan are primarily those paid to the record-keeper and investment advisor of the Plan.

#### Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA.

### NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

#### Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires Plan management to make estimates and assumptions that affect certain reported amounts of net assets available for benefits and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

#### Investment Valuation and Recognition of Income or Loss

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net realized and unrealized appreciation or depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

#### Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

#### Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and distributions are charged directly to the transacting participants' accounts and are included in administrative expenses. Investment-related expenses charged by the mutual funds in which the Plan invests are either paid directly from the underlying assets of the respective investment and included in net realized and unrealized appreciation/depreciation in fair value of investments, or are included in administrative expenses and allocated to participant accounts.

#### Payment of Benefits

Benefits are recorded when paid.

#### Subsequent Events

Plan management has evaluated subsequent events through the date of the independent auditors' report, which is the date these financial statements were available to be issued.

### NOTE 3. INFORMATION CERTIFIED BY THE TRUSTEE

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and the ERISA-required supplemental schedule (Schedule H, Part IV, Line 4i), including investments and notes receivable from participants held at December 31, 2024 and 2023, and net realized and unrealized appreciation or depreciation in fair value of investments, dividends, and interest income on notes receivable from participants for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Empower Trust Company, LLC, the trustee of the Plan.

### NOTE 4. FAIR VALUE MEASUREMENTS

Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date. Inputs used to measure fair value are prioritized within a three-level fair value hierarchy. This hierarchy requires entities to maximize the use of observable inputs and minimize the use of unobservable inputs.

The three levels of inputs used to measure fair value are as follows:

Level 1 - Quoted prices in active markets for identical assets or liabilities.

Level 2 - Observable inputs other than quoted prices included in Level 1, such as quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3 - Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities. This includes certain pricing models, discounted cash flow methodologies and similar techniques that use significant unobservable inputs.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for investments measured at fair value as of December 31, 2024 and 2023. There have been no changes in the methodologies used at December 31, 2024 and 2023.

*Mutual funds:* Valued at the daily closing price as quoted by the fund. Mutual funds held by the Plan are open-end funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

### NOTE 4. FAIR VALUE MEASUREMENTS (Continued)

The following tables set forth by level within the fair value hierarchy the Plan's investments at fair value as of December 31, 2024 and 2023:

	December 31, 2024			Total
	Level 1	Level 2	Level 3	
Mutual funds	\$ 11,312,702	\$ -	\$ -	\$ 11,312,702
Total investments at fair value	<u>\$ 11,312,702</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 11,312,702</u>

	December 31, 2023			Total
	Level 1	Level 2	Level 3	
Mutual funds	\$ 8,152,782	\$ -	\$ -	\$ 8,152,782
Total investments at fair value	<u>\$ 8,152,782</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 8,152,782</u>

### NOTE 5. EXEMPT PARTY-IN-INTEREST AND RELATED PARTY TRANSACTIONS

The Company provides administrative services at no cost to the Plan. Fees paid to the Plan for investment management services are included as a reduction of the investment return on each investment. These transactions qualify as exempt party-in-interest transactions.

### NOTE 6. TAX STATUS

The Company has adopted a pre-approved defined contribution plan and relies upon the pre-approved plan's opinion letter from the IRS, which stated that, in its opinion, the plan and related trust are designed in accordance with applicable sections of the IRC. The Company has not applied for a determination letter from the IRS specific to the current plan document. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the accompanying financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2021.

### NOTE 7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the accompanying financial statements.

### NOTE 8. RECONCILIATION OF THE FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31, 2024 and 2023:

	<u>2024</u>	<u>2023</u>
Net assets available for benefits per the financial statements	\$ 11,372,653	\$ 8,441,484
Less: Participant contributions receivable	-	(52,824)
Less: Employer matching contributions receivable	-	(3,241)
Less: Employer qualified nonelective contributions receivable	-	(201,236)
	<u>\$ 11,372,653</u>	<u>\$ 8,184,183</u>

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to net income per the Form 5500 for the year ended December 31, 2024:

Net increase in net assets available for benefits per the financial statements	\$ 2,931,169
Add: Participant contributions receivable at December 31, 2023	52,824
Employer matching contributions receivable at December 31, 2023	3,241
Employer qualified nonelective contributions receivable at December 31, 2023	<u>201,236</u>
	<u>\$ 3,188,470</u>

### NOTE 9. DELINQUENT REMITTANCES

The Company identified three instances where amounts withheld from participants totaling \$186,846 during 2023 were not remitted to the Plan within the reasonableness timeframe established by the Department of Labor. Lost earnings of \$206 related to these amounts were remitted on November 1, 2024 and are included in net realized and unrealized appreciation in fair value of mutual funds on the accompanying statement of changes in net assets.

# SEER 401(K) PLAN

## Notes to Financial Statements December 31, 2024

---

### NOTE 10. OPERATIONAL FAILURE

During 2023 and 2024, the Company identified operational failures relating to the improper exclusion of certain types of compensation used when determining participant and employer matching contributions included in Plan compensation, which resulted in missed participant deferrals and employer matching contributions in 2021, 2022, and 2023. The Company and the Plan administrator determined the participants affected and took corrective action in 2024 under the IRS Employee Plans Compliance Resolution System's Self-Correction Program.

The Company determined a corrective contribution in the amount of \$201,236 was necessary for missed participant deferral opportunities and related employer matching contributions between 2021 and 2023, which includes the related lost earnings thereon in the amount of \$23,458. The Company remitted this amount to the Plan in June 2024, which is presented as employer qualified nonelective contributions receivable in the accompanying 2023 statement of net assets available for benefits.

Additionally, Plan management amended the Plan effective January 1, 2024 to change the definition of Plan compensation to formally exclude those compensation types and to reflect the intended operations of the Plan.

Based on the actions taken, Plan management and the Company believe the aforementioned operational failure will not cause the Plan to be disqualified by the IRS and that the self-corrective actions will allow the Plan to be in compliance with the Plan documents and ERISA. Accordingly, no provision for income taxes has been included in the accompanying financial statements.

### NOTE 11. SECURE ACT 2.0

On December 29, 2022, the SECURE 2.0 Act of 2022 (the "SECURE Act 2.0") became law. The purpose of the legislation is to expand access to retirement plans and to help working Americans increase their retirement savings. In addition to the changes to required minimum distributions described in Note 1, the SECURE Act 2.0 includes various required and optional provisions that will become effective between 2023 and 2033, certain of which are described below:

- Beginning in 2026, catch-up contributions will be made on a Roth basis, unless the participant earns \$145,000 or less.
- Beginning January 1, 2025, a participant from the ages 60 to 63 can elect catch-up contributions up to the limit of the greater of \$10,000 or 150% of the catch-up contribution limit imposed by the IRS.
- Starting January 1, 2025, long-term part-time workers (defined as employees who have worked for two consecutive 12-month periods during each of which they have at least 500 hours of service) will become eligible to enroll in their employer's retirement plan after two years.

Plan management has not yet determined which of the optional provisions, if any, the Plan will implement. Plan management expects to formally amend the Plan by December 31, 2026.
