INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Dawson Technical 401(k) Profit Sharing Plan & Trust
Denver, CO 80216

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Dawson Technical 401(k) Profit Sharing Plan & Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the years then ended stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedules Required by ERISA

The supplemental schedules of delinquent participant contributions and assets (held at end of year) as of or for the year ended December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Dawson Technical 401(k) Profit Sharing Plan & Trust

Notes to Financial Statements
December 31, 2024 and 2023

NOTE 1. DESCRIPTION OF THE PLAN

The following description of the Dawson Technical 401(k) Profit Sharing Plan & Trust (the Plan) is provided for general information purposes only. More complete information regarding the Plan's provisions may be found in the plan document.

General: The Plan was adopted January 1, 1999 by Dawson Technical, Inc., and related companies, including Dawson Federal, Inc., Dawson Solutions, LLC, Dawson Enterprises, LLC, Aktarius, LLC, D7, LLC, Dawson Global, LLC, Dawson MCG, LLC, Dawson CMS, LLC, and B&H Contracting Company, Inc. (collectively, the Company or Employer). The Plan is a defined contribution plan covering substantially all eligible employees of the Company, as defined below. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Eligibility: All employees of the Company who have attained the age of 21 or older and have one month of service are eligible to participate in the Plan.

Contributions: Participants may elect to contribute up to 90% of their eligible compensation. Contributions are subject to limitations on annual additions and other limitations imposed by the Internal Revenue Code (IRC), as defined in the plan document. Participants may also make contributions to the Plan on an after-tax basis by designating deferrals as Roth deferrals. The maximum employee deferral permitted by the Internal Revenue Service (IRS) for calendar years 2024 and 2023 was \$23,000 and \$22,500, respectively. In addition, participants who had attained age 50 by year-end could also make catch-up contributions of \$7,500 for 2024 and 2023. The Company may make discretionary matching contributions and profit sharing contributions, limited to the maximum amount deductible for federal income tax purposes. For the years ended December 31, 2024 and 2023, the Company made matching contributions of 100% of the first 3.5% and 3% respectively, of salary deferrals made by the participants. The matching contribution is invested as directed by the participant. Participants must complete one year of service, as defined by the Plan, to be eligible for discretionary matching contributions.

Participant contributions are recorded and remitted to the custodian each bi-weekly payroll period and recorded in the year withheld from a participant's check.

The Companies, at the discretion of the Board of Directors, may make profit sharing or other non-elective discretionary contributions. For the years ended December 31, 2024 and 2023, no discretionary contributions were made.

Participant Accounts: Each participant's account is credited with the participant's contributions and rollovers, the employer matching contributions, other discretionary employer contributions and plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1. DESCRIPTION OF THE PLAN (CONTINUED)

Vesting: Participants are 100% vested in their employee deferrals plus actual earnings thereon. Vesting in the Companies' discretionary matching contributions plus actual earnings or losses is based on continuous years of service with 0% vested for less than one year, 33% after one year, 66% after two years and 100% vested after three or more years. If an employee dies, retires or becomes disabled they will automatically become 100% vested.

Forfeitures: Participants who are not 100% vested will forfeit the nonvested portion of the Companies' discretionary contributions upon termination of employment. Forfeitures will be used to reduce plan administrative expenses, to reduce employer contributions or as an employer profit sharing contribution allocation in the ratio that each participant's compensation for the plan year bears to total compensation of all participants for such plan year. Forfeitures of \$87,886 and \$25,912 were used to reduce Company employer contributions during the years ended December 31, 2024 and 2023, respectively. Forfeitures balance at December 31, 2024 and 2023 were \$1,290 and \$137, respectively.

Payment of Benefits: On termination of service, if a participant's vested account does not exceed \$5,000, the Plan will either pay out a lump-sum (if under \$1,000) or will roll over the account into an IRA. Prior approval of the participant is not needed. If a participant's vested account balance is greater than \$5,000, the participant must give consent and elect to receive payments as a single lump sum or installments. Otherwise the participant may elect to defer the receipt of payments according to the plan provisions.

Hardship Distributions: Participants may request a distribution based on financial hardship subject to the provisions of the Plan.

In-service Distributions: Participants who have reached age 59 1/2 may make a cash withdrawal at any time.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates: The preparation of financial statements in conformity with U.S. GAAP requires plan management to make estimates and assumptions that affect the reported amounts and disclosures at the date of the financial statements and reported amounts during the reporting period. Actual results could differ from the estimated amounts.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Risks and Uncertainties: The Plan provides for various investment options in various combinations of investment securities. Investment securities are exposed to various risk factors including, but not limited to, interest rates, market conditions and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in those factors will occur in the near term and that such changes could materially affect participants' account balances and the amount reported in the statement of net assets available for benefits.

Payments of Benefits: Benefits are recorded when paid.

Plan Expenses: The Company pays all plan expenses except recordkeeping, audit and investment fees, which are allocated among participants, and loan and distribution fees.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments consists of net realized gains or losses and the net unrealized appreciation or depreciation in the fair value of investments that were both bought and sold during the period as well as investments held at year-end.

Subsequent Events Review: Management has evaluated its December 31, 2024 and 2023 financial statements for subsequent events through August 15, 2025, the date of issuance of the financial statements. Management is not aware of any subsequent events that would require additional recognition or disclosure in the financial statements.

NOTE 3. INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIAN

Reliance Trust Company is the Custodian of the Plan (Custodian) and has certified certain information for the years ended December 31, 2024 and 2023, and that information was not audited in accordance with the plan administrator's instructions and as permitted by Section 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Information included in the accompanying financial statements and supplementary schedule, certified by the Custodian, consists of the following:

	<u>2024</u>	<u>2023</u>
Investments, at fair value		
Mutual funds	\$ 19,551,085	\$ 34,849,336
Common collective trust funds	\$ 25,363,398	\$ 1,138,906
Notes receivable from participants	\$ 543,855	\$ 523,212
Net investment income	\$ 5,609,667	\$ 5,209,826
Interest on notes receivable from participants	\$ 45,252	\$ 34,326

NOTE 4. FAIR VALUE MEASUREMENTS

The fair value measurement topic of the FASB Accounting Standards Codification establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

- Level 1. Inputs to valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2. Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3. Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Notes to Financial Statements
December 31, 2024 and 2023

NOTE 4. FAIR VALUE MEASUREMENTS (CONTINUED)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

- **Mutual funds:** Valued using quoted market prices, which represent the net asset value of shares held by the Plan at year-end.
- **Common Collective Trust Funds:** Valued at the net asset value (NAV) of the units held by the Plan at year end, which is based on the fair value of the underlying investments using information reported by the investment advisor. The NAV is used as a practical expedient to estimate fair value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust fund, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. The common collective trust funds held by the plan include a stable value fund whose underlying investments are composed primarily of fully benefit responsive investment contracts. The remaining funds invest primarily in target retirement date funds that invest in other investment pools or investment products which are affiliated mutual funds, collective investment trusts, private vehicles/funds or other pooled investment vehicles advised by the advisors or sub-advisors.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair value. Furthermore, while the plan administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4. FAIR VALUE MEASUREMENTS (CONTINUED)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

Assets at fair value as of December 31, 2024				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 19,551,085	\$ --	\$ --	\$ 19,551,085
Investments, measured at NAV				25,363,398
Total investments at fair value	<u>\$ 19,551,085</u>	<u>\$ --</u>	<u>\$ --</u>	<u>\$ 44,914,483</u>

Assets at fair value as of December 31, 2023				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 34,849,336	\$ --	\$ --	\$ 34,849,336
Investments, measured at NAV				1,138,906
Total investments at fair value	<u>\$ 34,849,336</u>	<u>\$ --</u>	<u>\$ --</u>	<u>\$ 35,988,242</u>

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2024 and 2023. There are no participant redemption restrictions for this investment; the redemption notice is applicable only to the Plan:

Instrument	Fair Value December 31, 2024	Fair Value December 31, 2023	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common collective trust fund-stable value	\$ 1,502,924	\$ 1,138,906	None	Daily	12 months
Common collective trust fund-other	\$ 23,860,474	\$ --	None	Daily	60 days

NOTE 5. NOTES RECEIVABLE FROM PARTICIPANTS

A participant may borrow, from his or her account, a minimum of \$1,000 up to a maximum equal to the lesser of 50% of their vested account balance or \$50,000, reduced by the highest outstanding loan balance in their account during the prior 12-month period. Loans are secured by the participant's account and bear an interest rate at the prime rate as published in the Wall Street Journal on the 14th day of each month determined by the plan administrator, which would be made under similar circumstances and is fixed for the term of the loan. The notes are repaid ratably through payroll deductions over a period of five years or less, unless used to purchase a principal residence. These loans are subject to certain restrictions as defined by the plan document and applicable restrictions under the IRC. A participant can only have one loan outstanding at any time.

Dawson Technical 401(k) Profit Sharing Plan & Trust

Notes to Financial Statements
December 31, 2024 and 2023

NOTE 6. FEDERAL INCOME TAX STATUS

The Companies adopted a prototype non-standardized profit sharing plan with a cash or deferral arrangement, which received a favorable opinion letter from the IRS dated October 6, 2020 stating that the Plan and related trust, as then designed, was in compliance with the applicable sections of the IRC. The Plan has been amended since receiving the opinion letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and therefore, believes that the Plan qualifies and, the related trust is tax exempt.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authority. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2024, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audit by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7. PARTICIPANT WITHDRAWALS AND DISTRIBUTIONS

At December 31, 2024 and 2023, there were no unpaid distributions included in accounts of participants who have elected to withdraw from participation in the Plan.

NOTE 8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Companies have the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a plan termination, participants will become 100% vested in their employer contribution accounts. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Companies may determine.

NOTE 9. PARTY-IN-INTEREST TRANSACTIONS

Employee benefit plans may engage in various types of business transactions with companies and individuals considered parties-in-interest under ERISA. Common parties-in-interest include the plan sponsor, fiduciaries, and other persons providing services to the Plan. For the years ended December 31, 2024 and 2023, the Plan did not engage in any non-exempt transactions with parties-in-interest.
