INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
Utility Trailer Sales of S.E. Texas, Inc. 401(k) Plan
Houston, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Utility Trailer Sales of S.E. Texas, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Utility Trailer Sales of S.E. Texas, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Utility Trailer Sales of S.E. Texas, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Utility Trailer Sales of S.E. Texas, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Utility Trailer Sales of S.E. Texas, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Utility Trailer Sales of S.E. Texas, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental schedule of assets held at plan year end is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

UTILITY TRAILER SALES OF S.E. TEXAS, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

1. Plan description, eligibility and funding policies:

General

The following description of the Utility Trailer Sales of S.E. Texas, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The Plan is a self-directed, defined contribution plan, covering all full-time employees of Utility Trailer Sales Southeast Texas, Inc. (the "Company") who meet the eligibility requirements detailed below. It is subject to the provisions of the Employee Retirement Security Income Act of 1974 ("ERISA").

The Company and its board of directors coordinate and manage the administration of the Plan. Reliance Trust Company is the trustee of the Plan. The Plan's record keeper for all periods presented was ADP Retirement Services, Inc. ("ADP").

Eligibility

Eligible employees become participants in the Plan following two months of continuous service and attainment of age 18, as defined in the Plan agreement. Newly eligible participants can start to participate on the date they satisfy the Plan's eligibility requirements.

The Plan has break-in-service rules. If a participant terminates employment and is then rehired, the participant may lose credit for prior service under the Plan's break-in-service rules. While eligibility break-in-service rules may delay a participant from participating in the Plan, the participant will never lose any benefits to which they have or already become entitled.

For eligibility purposes, a participant will have a break-in-service if the participant completes less than 501 hours of service during the computation period used to determine whether the participant has a year of service. However, if a participant is absent from work for certain leaves of absence such as paternity or maternity leaves, the participant may be credited with 501 hours of service to prevent a break-in-service.

The Plan has a five-year break-in-service rule. The five-year break-in-service rule applies only to the totally non-vested participants. If a participant is totally non-vested in their account and has five consecutive breaks-in-service, all the service the participant earned before the five-year period no longer counts for eligibility purposes.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

1. Plan description, eligibility and funding policies: (cont'd.)

Contributions

Participant may contribute to pre-tax and after-tax (Roth) elective deferrals up to the dollar limitation provided by law. The Plan has an auto enrollment feature, which provides that newly eligible employees that do not affirmatively elect not to contribute to the Plan will be automatically enrolled in the Plan at a deferral rate of 2%, unless the employee elects in writing, either a different deferral percentage or not to participate. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Rollover contributions are allowed subject to conditions set forth in the Plan agreement.

The Company may make discretionary matching contributions. In 2024, the Company made discretionary matching contribution of 25% of each participant's elective deferral up to the first 90% of eligible compensation, to a maximum of \$600 per year. Participants must be eligible to participate in the Plan to receive discretionary matching contributions. The Company may also make an annual discretionary non-elective contribution to the Plan. To be eligible to receive discretionary non-elective contributions, participants must be employed on the last day of the Plan year unless termination during the year is a result of death, total and permanent disability, or retirement. The Company did not make a discretionary non-elective contribution in 2024.

Participant accounts and vesting

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions, and (b) the Plan's earnings and charged with any applicable administrative expenses. Allocations are based on a participant's eligible compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants are at all times vested in their deferral and rollover contributions and the appreciation or depreciation thereon. Vesting in the Company's contributions portion of their account plus earnings thereon is based on years of continuous service. Participants are 20% vested after one year of service and vest an additional 20% each year, becoming 100% vested after the completion of five years of service.

Net assets available for benefits include the accounts of active participants, as well as certain separated, vested and retired participants who have elected to defer receipt of their benefits to a later date. These participants share in the earnings of the investments.

UTILITY TRAILER SALES OF S.E. TEXAS, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

1. Plan description, eligibility and funding policies: (cont'd.)

Forfeitures

At December 31, 2024 and 2023, forfeited non-vested accounts totaled \$12,081 and \$10,816, respectively. These amounts will be used to reduce future employer contributions and pay administrative expenses. In 2024, employer contributions were reduced by \$11,309 from forfeited non-vested accounts.

Distributions to participants

Participant accounts become fully vested upon attainment of the normal retirement age of 65, early retirement as defined in the Plan agreement, or in the event of death or total and permanent disability. After a participant reaches age 59 1/2, they may request an in-service distribution from all accounts. The minimum in-service distribution amount is \$500. In certain hardship situations, as described in the Plan agreement, participants may withdraw part of their account balances while actively employed, but such withdrawals are limited to the amount dictated by the hardship. The minimum hardship distribution amount is \$500. Benefits payments upon termination of employment are distributed as a lump sum, in installments, or if qualified, as an annuity. Distributions may be deferred until the participant reaches the age of 73 if the value of the distribution is not less than \$5,000. However, the Plan agreement stipulates that minimum distributions must commence no later than April 1 of the year following the later of the year in which the participant reaches the age of 73 or the year in which the participant retires.

Notes receivable from participants

Participants may borrow the lesser of one-half of their vested account balance or \$50,000, reduced by the participant's highest outstanding loan balance during the last twelve months. The minimum loan available is \$500. Loan terms range from one to five years unless the note is for the purchase of a principal residence. Notes are secured by the participant's vested account balance to the extent of the unpaid principal amount of the note plus accrued interest and are repaid through payroll deductions. Interest is earned on the participant loans at the prime rate in effect on the 14th day of the month plus one percent at the inception of the note. A participant can have only two loans from the Plan outstanding at any time.

Plan termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested in their Company contributions and related earnings.

UTILITY TRAILER SALES OF S.E. TEXAS, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

2. Summary of significant accounting policies:

Date of Management's review

Subsequent events were evaluated through July 15, 2025, which is the date the financial statements were available to be issued.

Accounting basis

The financial statements of the Plan have been prepared on an accrual method basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because the contract value is the amount participants normally would receive if they were to initiate permitted transactions under the term of the plan. There are no plan assets that are fully benefit-responsive investment contracts for the years presented.

Use of estimates

The process of preparing financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition

Investments are stated at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measure date. Purchases and sales of securities are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued unpaid interest. Delinquent notes are reclassified as distributions based upon the terms of the Plan agreement.

Payment of benefits

Benefits are recorded when distributed.

UTILITY TRAILER SALES OF S.E. TEXAS, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

2. Summary of significant accounting policies: (cont'd.)

Risks and uncertainties

The Plan provides for various investments. In general, such investments are exposed to various risks, such as significant world events, interest rate, credit, and overall market volatility risks. Due to the level of risks associated with certain investment securities, it is reasonably possible that changes in the values of securities will occur in the near term and that such change could materially affect the amounts reported in the statements of net assets available for benefits.

Administrative expenses

Investment and management fees are charged to participants based upon their investment elections, which vary between the various investment options and funds selected. These fees are charged to the respective investment option or fund in determining its unit value. Certain administrative fees including a base rate per plan, a charge per participant, service fees, and audit fees are paid by the Company.

Federal income taxes

The Plan has adopted a non-standardized profit sharing plan, which obtained its latest opinion letter on October 6, 2020, in which the Internal Revenue Service ("IRS") stated that the prototype document satisfied the applicable provisions of the Internal Revenue Code ("IRC"). The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, contributions to the Plan and earnings from its assets are not currently taxable to the Plan or its participants.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken. With few exceptions, the federal income tax returns of the Plan are subject to examination by the IRS, generally for three years after they were filed.

3. Parties-in-interest:

Notes receivable from participants qualify as party-in-interest transactions. These transactions are covered by an exemption from the prohibited transaction provisions of ERISA and the IRC.

UTILITY TRAILER SALES OF S.E. TEXAS, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

4. Commitments and contingencies:

The administrative committee has represented to us that there are no legal or un-asserted claims against the Plan, no unfulfilled commitments, the Plan has been properly administered and all documents have been properly updated to reflect all current requirements and regulations to keep the Plan qualified. There are no irregularities, errors or illegal acts involving management or employees that could have a material adverse effect on the Plan. There are no unusual or extraordinary transactions with related parties nor are there any items pending that would represent a contingent loss.

5. Information not covered by auditor's report:

Pursuant to the terms of the Plan, Utility Trailer Sales of S.E. Texas, Inc. 401(k) Plan has entered into a trust agreement with Reliance Trust Company, whereby, the trustee holds the Plan's investment assets and executes transactions therein, including the receipt of income and payment of withdrawals. For financial reporting and disclosure purposes under the Employee Retirement Income Security Act of 1974, the administrative committee has elected the method for compliance permitted by of the Department of Labor Rules and Regulations 29 CFR 2520.103-8 which permits the Plan's administrative committee to rely on financial statement information certified by the Plan trustee and provides that the independent public accountant need not perform auditing procedures with respect to information certified to by the trustees of the Plan, Reliance Trust Company, whereby the trustee of the Plan, has certified to the completeness and accuracy of all investments and notes receivable from participants reflected in the accompanying statements of net assets available for benefits as of December 31, 2024 and 2023, in the Schedule of Assets (Held at End of Year)-Schedule H, Part IV, Line 4i as of December 31, 2024, and the related investment activity and interest income on notes receivable from participants reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2024.

6. Investments:

Fair value measurements

ASC 820, *Fair Value Measurements and Disclosures*, clarifies the definition of fair value for financial reporting, establishes a framework for measuring fair value, and requires additional disclosure about the use of fair value measurements in an effort to make the measurement of fair value more consistent and comparable. A summary of the fair value hierarchy under ASC 820 is described below.

UTILITY TRAILER SALES OF S.E. TEXAS, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

6. Investments: (cont'd.)

Various inputs are used in determining the fair value of the Plan's investments. Valuation techniques used to measure fair value must maximize the use of observable inputs and minimize the use of unobservable inputs. In addition, ASC 820 establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The three levels of the fair value hierarchy, including the types of Plan investments that fall under each category and the valuation methodologies used to measure fair value, are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Registered investment companies (mutual funds): Valued at net asset value (NAV) of shares held by the Plan at year-end. NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market.

Level 2 Inputs to the valuation methodology are other than quoted market prices in active markets that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities; quoted prices that are in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. There are no plan assets requiring the use of Level 2 inputs for the periods presented.

Level 3 Inputs to the valuation methodology are unobservable inputs (i.e. projections, estimates, interpretations, etc.) that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities. There are no plan assets requiring the use of Level 3 inputs for the periods presented.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair value. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

DECEMBER 31, 2024 AND 2023

6. Investments: (cont'd.)

The inputs and methodologies used for valuing securities are not an indication of the risk associated with investing in those securities. There have been no changes in the methodologies used at December 31, 2024 and 2023.

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

	December 31, 2024		
	Level 1	Level 2	Total
