To the Participants and Administrative Committee
Sierra Land Group, Inc. 401(k) Plan
Glendale, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Sierra Land Group, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to Section 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with Section 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SIERRA LAND GROUP, INC. 401(k) PLAN

Notes to Financial Statements
December 31, 2024 and 2023

NOTE 1. PLAN DESCRIPTION

The following brief description of the Sierra Land Group, Inc. (the Company or Employer) 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan, as amended, is a defined contribution plan originally adopted on January 1, 1993. It covers substantially all employees of the Company who are not covered under a collective bargaining agreement plan. Employees are eligible to participate in the Plan after one month of service.

The Plan is intended to satisfy all of the requirements of a qualified retirement plan under the appropriate provisions of the Internal Revenue Code (IRC). Additionally, the Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participant Accounts and Contributions: Participants may defer up to 60% of their pre-tax annual compensation and up to 100% of any bonus payments, as defined in the Plan, through payroll deductions. Participants may also contribute amounts representing rollover distributions from other qualified plans. The maximum employee deferral permitted by the Internal Revenue Service (IRS) for the years ended December 31, 2024 and 2023 was \$23,000 and \$22,500, respectively. Catch up contributions of \$7,500 were available to participants who had attained age 50 or older by December 31, 2024 and 2023 and had not exceeded the contribution limit for the Plan year.

The Company makes matching contributions equal to 50% of an employee's deferrals up to a maximum of 6% of the participant's compensation. Effective July 2020, to be eligible for the Company match, participants need to have completed one month of service. The Company may also make annual discretionary profit-sharing contributions to the Plan, which are allocated to participants employed on the last day of the Plan year, based on their relative compensation to the total compensation of all eligible participants. The Company did not authorize or make any discretionary profit-sharing contributions to the Plan for the years ended December 31, 2024 and 2023.

Each participant's account is credited or charged with the participant's contributions, rollovers, and allocations of (a) the Company's matching and discretionary profit-sharing contributions, and (b) Plan earnings (losses). Allocations are based on participant deferrals, compensation, or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their deferral contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary profit-sharing contributions is based on years of continuous service in accordance with the following schedule:

Years of Service	Percentage Vested
Less than 1	0%
1 but less than 2	20%
2 but less than 3	40%
3 but less than 4	60%
4 but less than 5	80%
5 or more	100%

Notwithstanding the above, if a participant (1) attains the age of 65, (2) dies or (3) terminates employment by reason of permanent disability, the Company match and discretionary profit sharing contributions become 100% vested without regard to years of service.

SIERRA LAND GROUP, INC. 401(k) PLAN

Notes to Financial Statements
December 31, 2024 and 2023

NOTE 1. PLAN DESCRIPTION (Continued)

Notes Receivable From Participants: Participants may borrow from their vested account balances a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the vested balance in the participant's account and bear interest at prevailing market rates as determined by the Plan Administrator. Principal and interest is paid ratably over a term not to exceed five years, or 10 years for loans taken for the purchase or improvement of participants' primary residence.

Investment Options: Participants direct the investments of their contributions, as well as Company matching and discretionary profit-sharing contributions into various investment options offered by the Plan.

Benefit Payments: On termination of service, death, disability or retirement, the entire balance in a participant's employee deferral and the vested portion of the Company matching and discretionary profit-sharing contributions are payable as a lump sum if the participant or beneficiary elects to receive payment. If a participant's vested account is more than \$1,000 but less than \$5,000 and the participant does not request a distribution, such account will be rolled over to an individual retirement account (IRA) designated by the Plan Administrator. In-service distributions are allowed upon either attaining age 59½ or experiencing a financial hardship as defined by the IRC.

Forfeitures: Participants who are not 100% vested will forfeit the non-vested portion of the Company's matching and discretionary profit-sharing contributions upon termination of employment. Such forfeitures may be applied to reduce future Company matching and discretionary profit-sharing contributions. For the years ended December 31, 2024 and 2023, forfeitures applied were \$55,434 and \$10,002, respectively. At December 31, 2024 and 2023, the balance in the forfeiture account was nominal.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The accompanying financial statements have been prepared using the accrual basis of accounting.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain amounts and disclosures. Accordingly, actual results may differ from those estimates.

Valuation of Investments: Investments are reported at fair market value. The fair market value of money market funds approximates their carrying value. Shares of mutual funds are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end.

Valuation of Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balances plus accrued but unpaid interest.

Benefit Payments: Benefits are recorded when paid.

Realized and Unrealized Appreciation: Realized and unrealized appreciation are based on the market value of the assets at the end of the Plan year compared to the market value of the assets at the beginning of the Plan year, or at the time of purchase for assets purchased/exchanged during the Plan year.

Administrative Expenses: The Company incurs certain expenses in administering the Plan, which are not passed on as expenses of the Plan. Administrative expenses charged to the Plan consist of charges associated with investment transactions, benefit payments and loan processing.

SIERRA LAND GROUP, INC. 401(k) PLAN

Notes to Financial Statements
December 31, 2024 and 2023

NOTE 3. CERTIFIED INFORMATION

The Plan Administrator has elected the method of compliance permitted by Section 29 CFR 2520.103-8 of the Department of Labor (DOL)'s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the financial information included in the Plan's financial statements as it relates to investment assets, investment transactions, investment income, notes receivable from participants and the schedule of assets held at end of year has been derived from information certified as complete and accurate by Fidelity Management Trust Company (Fidelity), the Plan trustee, in accordance with Section 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 4. EXCESS CONTRIBUTIONS

Participant contributions reported on the accompanying financial statements for the years ended December 31, 2024 and 2023, are net of repayments of \$152,071 and \$95,824, respectively, made in March 2025 and January 2024, respectively, to certain active participants in order to satisfy the relevant nondiscrimination provisions of the Plan. Those amounts were also included in the Plan's statements of net assets available for benefits as excess contributions payable at December 31, 2024 and 2023, respectively.

NOTE 5. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Fidelity Management and Research Company, an affiliate of Fidelity, the trustee of the Plan. Therefore, these transactions qualify as party-in-interest transactions. Fees paid to Fidelity by the Plan for administrative services amounted to \$8,632 and \$7,410 for the years ended December 31, 2024 and 2023, respectively.

NOTE 6. INCOME TAX STATUS

The Company adopted a nonstandardized prototype plan sponsored by Fidelity. The Plan prototype received a favorable opinion letter dated June 30, 2020, from the IRS, which stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since that date. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable provisions of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require the Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken uncertain tax positions that more-likely-than-not would not be sustained upon examination by applicable taxing authorities. The Plan Administrator has analyzed tax positions taken by the Plan and concluded that, as of December 31, 2024 and 2023, there are no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability or that would require disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions. Currently no audits for any tax periods are in progress. The Plan Administrator believes that the Plan is no longer subject to income tax examinations for years prior to December 31, 2021.

NOTE 7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

Excess contribution payable – prior year	<u>(95,824)</u>	<u>(9,181)</u>
Form 5500	<u>\$ 1,661,881</u>	<u>\$ 4,257,087</u>

NOTE 9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 10. FAIR VALUE MEASUREMENTS

Fair value is determined based on assumptions that a market participant would use in pricing an asset or liability. Measurements of fair value are classified within a hierarchy based upon valuation inputs that gives the highest priority to quoted prices in active markets for identical assets or liabilities and the lowest priority to unobservable inputs. The fair value hierarchy is as follows:

Level 1 Inputs to valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in markets that are not active;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 10. FAIR VALUE MEASUREMENTS (Continued)

The following methods and assumptions were used to estimate the fair value of investments. There have been no changes in the methodologies used as of December 31, 2024 and 2023.

Money market funds: The carrying value approximates fair value.

Mutual funds: Valued using quoted market prices which represent the net assets value of shares held by the Plan at year end.

Common stocks: Valued at quoted market prices.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	Fair Value Measurements Using			Total
	Quoted Prices In Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
