Independent Auditor's Report

To the Plan Administrator
Scully Company 401(k) Profit Sharing Plan
Jenkintown, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Scully Company 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023 and schedule of delinquent participant contributions for the year ended December 31, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedules agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Scully Company 401(k) Profit Sharing Plan

Notes to Financial Statements

1. Description of the Plan

The following description of the Scully Company 401(k) Profit Sharing Plan (the Plan) is provided for general information purposes only. Participants should refer to the comprehensive Plan document for a more complete description of the Plan's provisions.

General

The Plan was adopted effective January 1, 1983, restated July 1, 2022, and is a defined contribution plan available to qualifying employees of Scully Company (the Plan Sponsor) and its affiliates (collectively, the Companies). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Custodian and Administration of the Plan

The custodians and recordkeepers of the Plan are Principal Trust Company (Principal) and John Hancock Life Insurance Company (John Hancock). On February 1, 2023, a portion of the assets of the Plan were transferred from John Hancock to Principal. The Plan asset transfer from John Hancock to Principal was completed on February 1, 2024.

The Companies' Plan Committee (Plan Committee) is the Plan administrator. The custodians hold all assets of the Plan in accordance with the service provider contracts with the Companies. The Plan Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Eligibility

To be eligible to participate in the Plan, an employee must have attained the age of 21 and completed 60 days of service. The 60 day of service is applicable to employee contributions and the Companies' discretionary matching contribution. A participant must complete 1 year of service to be eligible for the non-elective employer contribution. New participants are automatically enrolled at a contribution rate of 3%. Entry date into the Plan is the first day of the month coinciding with or next following the date the employee has met the eligibility requirements.

Contributions

Each year participants may contribute a portion of their pretax annual compensation subject to the legal limit of \$22,500 in 2023. Additional catch-up contributions for participants age 50 years and older are allowed by the Plan, subject to the legal limit of \$7,500 in 2023. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Companies may make a discretionary matching contribution. For 2023, the discretionary matching contribution represented 25% of the first 3% of base compensation that a participant contributes to the Plan. Each year the Companies may also choose to contribute additional non-elective employer contributions to the Plan. Non-elective contributions would be discretionary contributions equal to a uniform percentage of each individual's compensation. There were no additional non-elective contributions made in 2023.

Contributions are subject to certain limitations as defined by the Internal Revenue Code (IRC).

Participant Accounts

Each participant's account is credited with the participant's contributions, employer contributions and an allocation of net Plan earnings or losses. Participants are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific transactions, as defined. The benefit to which participants are entitled is the vested portion of their accounts.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Companies' contribution portion of their accounts is based on the following schedules as of December 31, 2023:

Discretionary Matching Contributions	
Years of Service	Vesting Percentage
1	0%
2	25%
3	50%
4	75%
5	100%

Non-Elective Contributions	
Years of Service	Vesting Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Participants become fully vested in the event of death or disability, as defined by the Plan.

Investment Options

Upon enrollment in the Plan, a participant may direct contributions into any of the investment funds selected by the Plan Committee. The Companies' discretionary matching contribution is invested in various investment options as directed by the participant.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a period not exceeding the life expectancy of the participant or elected beneficiary. Installment payments are only permitted for required minimum distributions. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Participants may elect to rollover their vested balance to another qualified retirement plan or IRA.

Scully Company 401(k) Profit Sharing Plan

Notes to Financial Statements

For terminated participants with vested balances less than \$5,000, their vested balance may be automatically rolled into an IRA unless otherwise elected. Withdrawals from the Plan may also be made upon circumstances of financial hardship, in accordance with provisions specified in the Plan. Participants may also withdraw an amount at age 59½ if certain criteria are met.

Forfeitures

Forfeitures resulting from the nonvested portions of accounts of participants who terminate prior to being fully vested are generally used to reduce future contributions by the Companies or to pay administrative expenses. Forfeited amounts at December 31, 2023 and 2022 were \$349 and \$15,921, respectively. During the plan year ended December 31, 2023, \$40,308 and \$10,035 of forfeitures were used to pay for administrative expenses and to fund employer contributions, respectively.

Notes Receivable from Participants

Participants are permitted to borrow a minimum of \$1,000 of their vested benefits under the Plan. Participants may borrow up to a maximum equal to the lesser of \$50,000, reduced by the highest outstanding loan balance during the prior 12-month period, or 50% of their vested account balance. A participant may have two loans outstanding at any time. The loans are secured by the balance in the participant's account and bear interest at 1% over the prime interest rate. The loans are repaid ratably through bi-weekly payroll deductions over a period of five years or less. These loans are subject to certain restrictions as defined by the Plan Document and applicable restrictions under the IRC.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The investments of the Plan are stated at fair value with the exception of the fully benefit-responsive investment contract. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

The Plan's fully benefit-responsive investment contract (see Note 5) is valued at contract value.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Scully Company 401(k) Profit Sharing Plan

Notes to Financial Statements

Contributions

Participant contributions and any related employer matching contributions are recognized in the period during which the Company makes the respective payroll deduction from the participant's compensation. Non-elective contributions are recorded in the relevant period in accordance with the terms in the Plan document.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2023 and 2022 excess contributions to the applicable participants prior to March 31, 2024 and 2023, respectively.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Plan Sponsor pays substantially all administrative expenses associated with the administration of the Plan. Expenses that are paid by the Plan Sponsor are excluded from these financial statements. Fees related to the administration of notes receivable from participants and distributions are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Revenue Credits

The Plan's agreement with Principal provides for a revenue credit arrangement, whereby the custodian allocates quarterly deposits into a plan expense account. During 2023, the Plan received credits of approximately \$21,513, which were used to pay administrative expenses. There were no unallocated revenue credits for the year ended December 31, 2023. Administrative expenses are presented net of revenue credits in the statement of changes in net assets available for benefits.

3. Certified Investments

Certain information disclosed in the accompanying financial statements and ERISA-required supplemental schedule of assets (held at end of year), related to investments and notes receivable from participants, held as of December 31, 2023 and 2022, and net appreciation in fair value of investments, dividend and interest income and interest on notes receivable from participants for the year ended December 31, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by Principal and John Hancock, both qualified institutions.

Scully Company 401(k) Profit Sharing Plan

Notes to Financial Statements

different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis:

December 31, 2023	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 12,364,259	\$ -	\$ -	12,364,259
Pooled separate accounts*				624,792
Total	\$ 12,364,259	\$ -	\$ -	12,989,051

December 31, 2022	Level 1	Level 2	Level 3	Total
Pooled separate accounts*			\$	11,191,847
Total	\$ -	\$ -	\$ -	11,191,847

*Certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Fair Value of Investments that Calculate NAV

The following table summarizes the investments measured at fair value based on NAV per unit as of December 31, 2023 and 2022.

	Fair Value at December 31, 2023	Fair Value at December 31, 2022	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Aggressive growth (a)	\$ -	\$ 184,418	None	Daily	Daily
Conservative (b)	624,792	623,536	None	Daily	Up to 12 months
Growth and income (c)	-	156,670	None	Daily	Daily
Target date (d)	-	10,227,223	None	Daily	Daily

(a) *Aggressive growth* - The objective of these portfolios is to seek long-term capital appreciation by investing in primarily equity securities.

(b) *Conservative* - The objective of this portfolio is to preserve capital and provide stability of principal while earning current income that exceeds money market rates over the long term.

(c) *Growth and income* - The objective of these portfolios is to achieve long-term growth of capital and current income.

Notes to Financial Statements

(d) *Target date* - The objective of these portfolios is to seek a high total return under normal market conditions based on the fund's target retirement date.

5. Fully-Benefit Responsive Investment Contract With Insurance Company

The Plan holds a fully benefit-responsive group annuity investment contract with Principal Life Insurance Company (Issuer) through the Principal Guaranteed Option. The methodology for calculating the interest crediting rate is defined in Article I, Section II of the contract under the term "Composite Crediting Rate." Under the terms of the existing contract, the crediting rate is currently reset on a semiannual basis. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. There are no reserves against contract values for credit risk of the Issuer or otherwise. The Plan's investment contract does not specify certain conditions under which distributions from the contract would be payable at amounts below contract value. The terms and methods under which the contract may transact are defined in Article II (Deposits and Ownership), Article III (Fees), Article IV (Benefits and Other Payments) and Article V (Termination) in the contract. The contract does not specify the circumstances under which the Issuer may terminate the contract. Under the contract terms, the contract is terminated when no deposit arrangements have been made and there are no deposits with a value greater than zero under the contract. Currently, management believes that the occurrence of an event that would cause the Plan to transact contract distributions at less than contract value is not probable. The crediting interest rate of the contract is based on agreed-upon formulas with the Issuer, as defined in the contract agreement, but cannot be less than a floor rate established by the contract. Such interest rates are reviewed on a semi-annual basis for resetting. The key factors that influence future interest crediting rates could include the following: the level of market interest rates; the amount and timing of participant contributions, transfers and withdrawals into/out of the contract; and the duration of the underlying investments backing the contract.

The interest crediting rates for the contract are as follows:

January 1, 2023 to November 30, 2023	3.59%
December 1, 2023 to December 31, 2023	6.05%

6. Party-In-Interest Transactions

Certain Plan investments are managed by Principal and John Hancock. Participant loan and distribution processing fees are paid to the recordkeepers by participants. The Plan also receives revenue credits from Principal. The Plan also issues loans to participants which are secured by the vested balance of the participants' accounts. As described in Note 2, the Plan paid certain expenses related to plan operations and investment activity to various service providers. These transactions are party-in-interest transactions, which are exempt from prohibited transaction rules.

Scully Company 401(k) Profit Sharing Plan

Notes to Financial Statements

7. Plan Termination

Although it has not expressed any intent to do so, the Companies have the right under the Plan to discontinue their contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants' accounts will become 100% vested in the Companies' contributions.

8. Risks and Uncertainties

The Plan's investment fund options provide participants with a variety of investment alternatives with differing levels of risk and income potential. Investment securities are exposed to various risks such as interest rate, credit and overall market volatility risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Tax Status

Effective July 1, 2022, the Plan was restated and adopted the Non-Standardized Pre-Approved Profit Sharing/Money Purchase/CODA (Pre-Approved Plan) sponsored by The Paragon Alliance Group, LLC (Paragon). Paragon received an opinion letter from the IRS, dated June 30, 2020, which states that the Pre-Approved Plan, as then designed, satisfies the applicable provisions of the IRC. The Plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no IRS examinations for any tax periods in progress.

10. Delinquent Participant Contributions

During the Plan year ended December 31, 2023, participant contributions and loan repayments totaling \$129,545 were not remitted to the Plan within the period prescribed by DOL regulations. These transactions constitute non-exempt party-in-interest transactions or prohibited transactions as defined by ERISA. The Companies are in the process of correcting these transactions.

11. Subsequent Events

The Plan has evaluated subsequent events through May 15, 2025, the date the financials were available to be issued.
