## Report of Independent Auditors

The Plan Administrative Committee  
Accor 401(k) Plan

### Report on the Audit of the Financial Statements

#### *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit*

We have performed audits of the financial statements of Accor 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Accor 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

#### **Opinion**

In our opinion, based on our audits and the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Accor 401(k) Plan, and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Accor 401(k) Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants to determine the benefits due or which may become due to such participants.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of Accor 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Accor 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

***Other Matter***

*Supplemental Schedules Required by ERISA*

The Schedule H, Line 4(a) – Schedule of Delinquent Participant Contributions for the year ended December 31, 2024, and Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting records and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## Accor 401(k) Plan

### Notes to Financial Statements

---

#### NOTE 1 – THE PLAN AND ITS SIGNIFICANT ACCOUNTING POLICIES

**General** – The following description of Accor 401k (k) Plan (the Plan), provides only general information. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

The Plan is a multiple employer defined contribution plan that was established for the benefit of eligible employees of Accor Management US, Inc., its affiliates, and entities that adopt the Plan. The Plan included 30 participating employers at December 31, 2024. Such entities are collectively referred to herein as “the Company.” The Plan is currently designed to be qualified under the applicable requirements of the Internal Revenue Code (the Code), and the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

**Administration** – The Company has appointed a Plan Administrative Committee (the Committee) to manage the operation and administration of the Plan. The Company has contracted with Empower Trust Company (Empower Trust) and Empower Life & Annuity Insurance Company of New York, to act as trustees and custodians for the Plan, and Empower Retirement (Empower), to act as the third-party administrator to process and maintain the records of participant data. Substantially all expenses incurred for administering the Plan are paid by the Company.

**Use of estimates** – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**Basis of accounting** – The financial statements of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

**Forfeited accounts** – Forfeited nonvested accounts will be used to pay plan administrative expenses or reduce employer contributions to the Plan.

**Investment valuation and income recognition** – The investments are reported at fair value and contract value. The Plan’s custodians, Empower Trust and Empower Life & Annuity Insurance Company of New York, certify the contract value of the guaranteed investment contracts and the fair market value of all other investments. If available, quoted market prices are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 2 for discussion of fair value measurements.

Contract value is the relevant measurement for assets invested in fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan’s gains and losses on investments bought or sold as well as held during the year.

**Notes receivable from participants** – Notes receivable from participants (notes receivable) are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions based upon the terms of the plan document. No allowance for credit losses has been recorded as of December 31, 2024 or 2023.

**Income taxes** – The Plan has been amended since receiving its latest favorable determination letter dated September 9, 2013. The Company believes that the Plan is operated in accordance with, and qualifies under, the applicable requirements of the Code and related state statutes, and that the trust, which forms a part of the Plan, is exempt from federal income and state income taxes.

In accordance with guidance on accounting for uncertainty in income taxes (FASB Accounting Standards Codification [ASC] Subtopic 740-10), management evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**Payment of benefits** – Benefits are recorded when paid.

**Risks and uncertainties** – The Plan provides for various investment options in any combination of investment securities offered by the Plan. Investment securities are exposed to various risks, such as interest-rate, market fluctuations, and credit risks. Due to the risk associated with certain investment securities, it is at least reasonably possible that changes in market values, interest rates, or other factors in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

**Subsequent events** – The Plan has evaluated subsequent events through August 13, 2025, which is the date the financial statements were available to be issued.

## **NOTE 2 – FAIR VALUE MEASUREMENTS**

The fair value measurements standard establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1), and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the standard are described below:

**Level 1** – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

**Level 2** – Inputs to the valuation methodology include:

- Quoted market prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and

## Accor 401(k) Plan

### Notes to Financial Statements

---

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

**Level 3** – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2024 and 2023.

*Mutual funds* – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

*Collective trusts* – Units held in collective trusts (CTs) are valued using the net asset value practical expedient (NAV practical expedient) of the CTs as reported by the CT managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the CTs, minus its liabilities, and then divided by the number of units outstanding. The NAV practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different from the NAV practical expedient.

*Variable annuities* – Values for units held in Variable Annuity investment options are calculated daily by the annuity provider according to the methods described in the annuity contract. The initial pricing input is the quoted price obtained for the underlying mutual fund which is then adjusted to apply the expense factor disclosed in the annuity contract.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

### NOTE 3 – GROUP ANNUITY CONTRACTS

In 2008, the Plan entered into two fully benefit-responsive group annuity contracts with Empower Life & Annuity Insurance Company of New York (SAGIC investment option). The SAGIC investment option is a market value separate account with a general investment account guarantee that provides a stated rate of return and protects participants' accounts from daily fluctuations in the market. Under the terms of the SAGIC investment option, participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Contract value, as reported to the Plan by Empower Life & Annuity Insurance Company of New York, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

Because the group annuity contracts are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the group annuity contracts. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against the contract value for credit risk of the contract issuer or otherwise. The crediting interest rate will be declared by Empower Life & Annuity Insurance Company of New York, but it may not be less than zero percent. The key factors that impact the crediting rate are: (1) the timing of the cash flows in and out of the separate investment account (SIA), (2) the expected market yields of the SIA assets related to deposits, (3) the difference between the market-value account and the book value account balances, and (4) fees as outlined in the contract. Such interest rates are reviewed on a quarterly basis for resetting.

## Accor 401(k) Plan Notes to Financial Statements

---

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) the complete or partial termination of the Plan, and (2) the establishment or activation of, or material change in, any plan investment fund, or an amendment to the Plan or a change in the administration or operation of the Plan, including the removal of a group of employees from the Plan coverage as a result of the sale or liquidation of a subsidiary or division or as a result of group layoffs, or early-retirement programs. The plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The group annuity contracts do not permit the insurance company to terminate the contracts prior to the scheduled maturity dates.

### NOTE 4 – RELATED-PARTY TRANSACTIONS

Certain plan investments are managed by Empower. Any purchases and sales of these funds are performed in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

### NOTE 5 – PARTICIPATION AND BENEFITS

**Participant contributions** – Participants may elect to have the Company contribute their eligible pre-tax compensation to the Plan up to the amount allowable under the plan document and current income tax regulations. Participants who elect to have the Company contribute a portion of their compensation to the Plan agree to accept an equivalent reduction in taxable compensation. Contributions withheld are invested in accordance with the participant's direction.

Participants are also allowed to make rollover contributions of amounts received from other tax-qualified employer-sponsored retirement plans. Such contributions are deposited in the appropriate investment funds in accordance with the participant's direction and the Plan's provisions.

**Employer contributions** – As provided by the Plan, each participating employer matches 100% of the salary deferral contributions of its participating employees up to a maximum of 4% of the participant's eligible compensation—other than for certain officers of the Company and for employees of the Miramar, Orchid, and Pittsburgh properties subject to a collective bargaining agreement.

The Plan provides special vesting and matching provisions for certain employees of the Orchid property subject to a collective bargaining agreement as follows: in 2024, the Company matched 70% of the salary deferral contributions of its participating employees up to the first 2% of the participant's eligible compensation and 65% of the next 2% of eligible compensation, and are fully vested after five years of credited service.

The Plan provides for an additional matching contribution and special vesting provisions for certain union employees of the Pittsburgh property, subject to a collective bargaining agreement as follows: participants who worked at least 500 hours during the preceding plan year and are employed on the first day of the plan year are entitled to receive an additional matching contribution equal to \$0.15 multiplied by the total hours worked during the plan year and are fully vested immediately.

The Plan provides no matching contribution for certain employees of the Miramar property, subject to a collective bargaining agreement.

**Vesting** – Participants are immediately vested in their contributions. Participants, other than certain employees of the Company subject to a collective bargaining agreement, are fully vested in the employer's matching contributions allocated to their account after four years of credited service. Effective January 1, 2013, the plan document was amended and restated in its entirety and each participant not subject to a collective bargaining arrangement who was actively employed on January 1, 2013, became fully vested in their entire plan account balance. The Company's eligible employees subject to the collective bargaining agreement are fully vested in matching contributions allocated to their account after five years of credited service. Pittsburg employees are immediately vested in the additional matching contribution.

**Participant accounts** – Each participant's account is credited with the participant's contribution, Plan earnings or losses, and an allocation of the Company's matching contribution. Allocation of the Company's matching contribution is based on participant contributions, as defined in the Plan. Allocation of the Company's additional matching contribution for Pittsburg employees is based on hours worked, as defined in the Plan.

**Payment of benefits** – Upon termination, the participants or beneficiaries may elect to leave their account balance in the Plan, or receive their total benefits in a lump sum amount or installments over a ten-year period equal to the value of the participant's vested interest in their account. A participant may also elect a partial distribution of their vested interest in their account in a lump sum amount.

The Plan provides for special distribution provisions for certain participants of Cadbridge Services (U.S.) Inc. (Fairmont Olympic), who has money purchase contributions. These participants may elect distributions from these contributions in an annuity or joint and survivor annuity. The Company participants who are subject to collective bargaining agreements also may elect to receive their benefits in the form of an annuity or joint and survivor annuity, in a series of installments not to exceed the life expectancy of the participant or their spouse, or in a combination of a single lump sum payment and any of the optional forms of distributions mentioned above.

The Plan allows for the automatic lump sum distribution of participant vested account balances that do not exceed \$5,000.

**Notes receivable from participants** – The Plan allows participants to borrow not less than \$1,000 and up to the lesser of \$50,000, or 50% of their vested account balance. The notes receivable are secured by the participant's vested balance. Such notes receivable bear interest at the available market financing rates and must be repaid to the Plan within a five-year period, unless the proceeds are used for the purchase of a principal residence in which case the maximum repayment period may be longer. The specific terms and conditions of such notes receivable are established by the Committee. Outstanding notes receivable at December 31, 2024, carry interest rates ranging from 4.25% to 9.50% with various maturity dates through December 2039.

## **Accor 401(k) Plan Notes to Financial Statements**

---

### **NOTE 6 – CERTIFIED INFORMATION**

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the custodians of the Plan, have certified to the completeness and accuracy of:

- Investments and notes receivable, reflected on the accompanying statements of net assets available for benefits as of December 31, 2024 and 2023.
- Net appreciation in fair value of investments, dividends and interest, and interest income from notes receivable reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2024.
- Investments reflected on the Schedule of Assets (Held at End of Year).

### **NOTE 7 – WITHDRAWAL FROM PARTICIPATION**

An employer may withdraw from participation in the Plan at any time by giving written notice to the other employers and the trustee prior to the effective date of withdrawal from participation. Also, an employer may withdraw from the Plan and trust with prior consent of the Company. Distribution of plan assets may be made through the trust or by transfer to another qualified trust.

### **NOTE 8 – PLAN TERMINATION OR MODIFICATION**

The Company intends to continue the Plan indefinitely for the benefit of its participants; however, it reserves the right to terminate or modify the Plan at any time by resolution of its Board of Directors and subject to the provisions of ERISA. In the event the Plan is terminated in the future, participants would become fully vested in their accounts.

### **NOTE 9 – RECONCILIATION TO FORM 5500**

The Form 5500 has certain items that differ from the amounts shown on the accompanying financial statements. These differences relate to classification only and have no effect upon net assets available for benefits for either period.

### Report on the Audit of the Financial Statements

#### *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit*

We have performed audits of the financial statements of Accor 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Accor 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

#### **Opinion**

In our opinion, based on our audits and the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Accor 401(k) Plan, and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Accor 401(k) Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants to determine the benefits due or which may become due to such participants.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of Accor 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Accor 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

***Other Matter***

*Supplemental Schedules Required by ERISA*

The Schedule H, Line 4(a) – Schedule of Delinquent Participant Contributions for the year ended December 31, 2024, and Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting records and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## Accor 401(k) Plan

### Notes to Financial Statements

---

#### NOTE 1 – THE PLAN AND ITS SIGNIFICANT ACCOUNTING POLICIES

**General** – The following description of Accor 401k (k) Plan (the Plan), provides only general information. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

The Plan is a multiple employer defined contribution plan that was established for the benefit of eligible employees of Accor Management US, Inc., its affiliates, and entities that adopt the Plan. The Plan included 30 participating employers at December 31, 2024. Such entities are collectively referred to herein as “the Company.” The Plan is currently designed to be qualified under the applicable requirements of the Internal Revenue Code (the Code), and the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

**Administration** – The Company has appointed a Plan Administrative Committee (the Committee) to manage the operation and administration of the Plan. The Company has contracted with Empower Trust Company (Empower Trust) and Empower Life & Annuity Insurance Company of New York, to act as trustees and custodians for the Plan, and Empower Retirement (Empower), to act as the third-party administrator to process and maintain the records of participant data. Substantially all expenses incurred for administering the Plan are paid by the Company.

**Use of estimates** – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**Basis of accounting** – The financial statements of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

**Forfeited accounts** – Forfeited nonvested accounts will be used to pay plan administrative expenses or reduce employer contributions to the Plan.

**Investment valuation and income recognition** – The investments are reported at fair value and contract value. The Plan’s custodians, Empower Trust and Empower Life & Annuity Insurance Company of New York, certify the contract value of the guaranteed investment contracts and the fair market value of all other investments. If available, quoted market prices are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 2 for discussion of fair value measurements.

Contract value is the relevant measurement for assets invested in fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan’s gains and losses on investments bought or sold as well as held during the year.

**Notes receivable from participants** – Notes receivable from participants (notes receivable) are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions based upon the terms of the plan document. No allowance for credit losses has been recorded as of December 31, 2024 or 2023.

**Income taxes** – The Plan has been amended since receiving its latest favorable determination letter dated September 9, 2013. The Company believes that the Plan is operated in accordance with, and qualifies under, the applicable requirements of the Code and related state statutes, and that the trust, which forms a part of the Plan, is exempt from federal income and state income taxes.

In accordance with guidance on accounting for uncertainty in income taxes (FASB Accounting Standards Codification [ASC] Subtopic 740-10), management evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**Payment of benefits** – Benefits are recorded when paid.

**Risks and uncertainties** – The Plan provides for various investment options in any combination of investment securities offered by the Plan. Investment securities are exposed to various risks, such as interest-rate, market fluctuations, and credit risks. Due to the risk associated with certain investment securities, it is at least reasonably possible that changes in market values, interest rates, or other factors in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

**Subsequent events** – The Plan has evaluated subsequent events through August 13, 2025, which is the date the financial statements were available to be issued.

## **NOTE 2 – FAIR VALUE MEASUREMENTS**

The fair value measurements standard establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1), and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the standard are described below:

**Level 1** – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

**Level 2** – Inputs to the valuation methodology include:

- Quoted market prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and

## Accor 401(k) Plan

### Notes to Financial Statements

---

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

**Level 3** – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2024 and 2023.

*Mutual funds* – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

*Collective trusts* – Units held in collective trusts (CTs) are valued using the net asset value practical expedient (NAV practical expedient) of the CTs as reported by the CT managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the CTs, minus its liabilities, and then divided by the number of units outstanding. The NAV practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different from the NAV practical expedient.

*Variable annuities* – Values for units held in Variable Annuity investment options are calculated daily by the annuity provider according to the methods described in the annuity contract. The initial pricing input is the quoted price obtained for the underlying mutual fund which is then adjusted to apply the expense factor disclosed in the annuity contract.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

## Accor 401(k) Plan Notes to Financial Statements

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

### NOTE 3 – GROUP ANNUITY CONTRACTS

In 2008, the Plan entered into two fully benefit-responsive group annuity contracts with Empower Life & Annuity Insurance Company of New York (SAGIC investment option). The SAGIC investment option is a market value separate account with a general investment account guarantee that provides a stated rate of return and protects participants' accounts from daily fluctuations in the market. Under the terms of the SAGIC investment option, participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Contract value, as reported to the Plan by Empower Life & Annuity Insurance Company of New York, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

Because the group annuity contracts are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the group annuity contracts. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against the contract value for credit risk of the contract issuer or otherwise. The crediting interest rate will be declared by Empower Life & Annuity Insurance Company of New York, but it may not be less than zero percent. The key factors that impact the crediting rate are: (1) the timing of the cash flows in and out of the separate investment account (SIA), (2) the expected market yields of the SIA assets related to deposits, (3) the difference between the market-value account and the book value account balances, and (4) fees as outlined in the contract. Such interest rates are reviewed on a quarterly basis for resetting.

## Accor 401(k) Plan

### Notes to Financial Statements

---

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) the complete or partial termination of the Plan, and (2) the establishment or activation of, or material change in, any plan investment fund, or an amendment to the Plan or a change in the administration or operation of the Plan, including the removal of a group of employees from the Plan coverage as a result of the sale or liquidation of a subsidiary or division or as a result of group layoffs, or early-retirement programs. The plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The group annuity contracts do not permit the insurance company to terminate the contracts prior to the scheduled maturity dates.

#### **NOTE 4 – RELATED-PARTY TRANSACTIONS**

Certain plan investments are managed by Empower. Any purchases and sales of these funds are performed in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

#### **NOTE 5 – PARTICIPATION AND BENEFITS**

**Participant contributions** – Participants may elect to have the Company contribute their eligible pre-tax compensation to the Plan up to the amount allowable under the plan document and current income tax regulations. Participants who elect to have the Company contribute a portion of their compensation to the Plan agree to accept an equivalent reduction in taxable compensation. Contributions withheld are invested in accordance with the participant's direction.

Participants are also allowed to make rollover contributions of amounts received from other tax-qualified employer-sponsored retirement plans. Such contributions are deposited in the appropriate investment funds in accordance with the participant's direction and the Plan's provisions.

**Employer contributions** – As provided by the Plan, each participating employer matches 100% of the salary deferral contributions of its participating employees up to a maximum of 4% of the participant's eligible compensation—other than for certain officers of the Company and for employees of the Miramar, Orchid, and Pittsburgh properties subject to a collective bargaining agreement.

The Plan provides special vesting and matching provisions for certain employees of the Orchid property subject to a collective bargaining agreement as follows: in 2024, the Company matched 70% of the salary deferral contributions of its participating employees up to the first 2% of the participant's eligible compensation and 65% of the next 2% of eligible compensation, and are fully vested after five years of credited service.

The Plan provides for an additional matching contribution and special vesting provisions for certain union employees of the Pittsburgh property, subject to a collective bargaining agreement as follows: participants who worked at least 500 hours during the preceding plan year and are employed on the first day of the plan year are entitled to receive an additional matching contribution equal to \$0.15 multiplied by the total hours worked during the plan year and are fully vested immediately.

The Plan provides no matching contribution for certain employees of the Miramar property, subject to a collective bargaining agreement.

**Vesting** – Participants are immediately vested in their contributions. Participants, other than certain employees of the Company subject to a collective bargaining agreement, are fully vested in the employer's matching contributions allocated to their account after four years of credited service. Effective January 1, 2013, the plan document was amended and restated in its entirety and each participant not subject to a collective bargaining arrangement who was actively employed on January 1, 2013, became fully vested in their entire plan account balance. The Company's eligible employees subject to the collective bargaining agreement are fully vested in matching contributions allocated to their account after five years of credited service. Pittsburg employees are immediately vested in the additional matching contribution.

**Participant accounts** – Each participant's account is credited with the participant's contribution, Plan earnings or losses, and an allocation of the Company's matching contribution. Allocation of the Company's matching contribution is based on participant contributions, as defined in the Plan. Allocation of the Company's additional matching contribution for Pittsburg employees is based on hours worked, as defined in the Plan.

**Payment of benefits** – Upon termination, the participants or beneficiaries may elect to leave their account balance in the Plan, or receive their total benefits in a lump sum amount or installments over a ten-year period equal to the value of the participant's vested interest in their account. A participant may also elect a partial distribution of their vested interest in their account in a lump sum amount.

The Plan provides for special distribution provisions for certain participants of Cadbridge Services (U.S.) Inc. (Fairmont Olympic), who has money purchase contributions. These participants may elect distributions from these contributions in an annuity or joint and survivor annuity. The Company participants who are subject to collective bargaining agreements also may elect to receive their benefits in the form of an annuity or joint and survivor annuity, in a series of installments not to exceed the life expectancy of the participant or their spouse, or in a combination of a single lump sum payment and any of the optional forms of distributions mentioned above.

The Plan allows for the automatic lump sum distribution of participant vested account balances that do not exceed \$5,000.

**Notes receivable from participants** – The Plan allows participants to borrow not less than \$1,000 and up to the lesser of \$50,000, or 50% of their vested account balance. The notes receivable are secured by the participant's vested balance. Such notes receivable bear interest at the available market financing rates and must be repaid to the Plan within a five-year period, unless the proceeds are used for the purchase of a principal residence in which case the maximum repayment period may be longer. The specific terms and conditions of such notes receivable are established by the Committee. Outstanding notes receivable at December 31, 2024, carry interest rates ranging from 4.25% to 9.50% with various maturity dates through December 2039.

## **Accor 401(k) Plan Notes to Financial Statements**

---

### **NOTE 6 – CERTIFIED INFORMATION**

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the custodians of the Plan, have certified to the completeness and accuracy of:

- Investments and notes receivable, reflected on the accompanying statements of net assets available for benefits as of December 31, 2024 and 2023.
- Net appreciation in fair value of investments, dividends and interest, and interest income from notes receivable reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2024.
- Investments reflected on the Schedule of Assets (Held at End of Year).

### **NOTE 7 – WITHDRAWAL FROM PARTICIPATION**

An employer may withdraw from participation in the Plan at any time by giving written notice to the other employers and the trustee prior to the effective date of withdrawal from participation. Also, an employer may withdraw from the Plan and trust with prior consent of the Company. Distribution of plan assets may be made through the trust or by transfer to another qualified trust.

### **NOTE 8 – PLAN TERMINATION OR MODIFICATION**

The Company intends to continue the Plan indefinitely for the benefit of its participants; however, it reserves the right to terminate or modify the Plan at any time by resolution of its Board of Directors and subject to the provisions of ERISA. In the event the Plan is terminated in the future, participants would become fully vested in their accounts.

### **NOTE 9 – RECONCILIATION TO FORM 5500**

The Form 5500 has certain items that differ from the amounts shown on the accompanying financial statements. These differences relate to classification only and have no effect upon net assets available for benefits for either period.
