## Independent Auditors' Report

The Plan Administrator of  
**Cornerstone Treatment Facilities Network 401(k) Plan**  
Fresh Meadows, NY

### Opinion

We have audited the accompanying financial statements of Cornerstone Treatment Facilities Network 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the year ended December 31, 2024, in accordance with accounting principles generally accepted in the United States of America.

### Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditors' Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Supplemental Schedules Required by ERISA**

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of: (1) Schedule H, Part IV, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2024 and (2) Schedule H, Part IV, Line 40) - Schedule of Reportable Transactions for the year ended December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

**Cornerstone Treatment Facilities Network 401(k) Plan**  
Notes to Financial Statements  
December 31, 2024

**NOTE 1 – PLAN DESCRIPTION**

The following description of the Cornerstone Treatment Facilities Network 401(k) Plan (the "Plan") is provided for general purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

**General**

Medical Arts Sanitarium, Inc. d/b/a Cornerstone Treatment Facilities Network (the "Company" or the "Employer") formed the Plan effective January 1, 2016. The Plan is designed to comply with the applicable provisions of Section 401(k) of the Internal Revenue Code ("IRC") and is subject to the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

The Plan is a defined contribution plan that includes participant-directed investment accounts and an insurance company general account (collectively, the "401(k) Accounts"). Eligible employees may make elective deferrals to the Plan, and the Employer may make matching or discretionary contributions as provided in the Plan.

The 401 (k) Accounts of the Plan continues on a going concern basis. Voya Retirement Insurance and Annuity Company ("Voya") is the custodian and record-keeper of the 401 (k) Accounts.

**Eligibility**

Under the terms of the Plan, an employee is eligible to participate if the employee has completed at least three (3) months of service and is at least 21 years of age. However, employees are not eligible to participate if they are covered by a collective bargaining agreement (unless the agreement specifically provides for participation in the Plan), classified as leased employees, nonresident aliens who do not receive U.S.-sourced earned income, or residents of Puerto Rico. Participants can enter the 401 (k) Accounts on the first day of any calendar year quarter following the completion of the eligibility requirements.

**Contributions**

Each year participants may contribute up to the amount allowed by the IRC of pretax annual compensation, as defined in the Plan agreement. The Plan has an automatic enrollment provision whereby newly hired employees of the Company shall be automatically enrolled in the Plan at a pre-tax deferral contribution rate of 3%.

The Plan allows for discretionary matching contributions by the Company. For the year ended December 31, 2024, no Employer matching contributions to the Plan were made. During the year ended December 31, 2024, there were no reversals of employer contributions to the Plan.

See independent auditors' report.

Notes to Financial Statements

**NOTE 1 – PLAN DESCRIPTION (Continued)**

**Participant Accounts**

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's matching contribution, (b) Plan earnings and (c) charges for certain account maintenance and service fees. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**Vesting**

Participants are immediately and fully vested in their elective deferral account and qualified non-elective contribution account. A participant is also 100% vested in cash dividends that the participant elects to have reinvested in the Plan. For Employer contributions made into the Plan, vesting in the Company's discretionary matching contributions is based on years of continuous service. A participant vests at a rate of 20% per year starting after year two and is 100% vested after six years of credited service or upon attaining the age of 65 years.

**Forfeitures**

Forfeitures are allocated to reduce future Employer contributions or administrative expenses incurred in the operations of the Plan. The balance in the forfeiture account at December 31, 2024 and 2023 was \$7,198 and \$2,969, respectively.

**Investment Options**

Upon enrollment in the Plan, participants may direct their elective contribution and Company contribution into the various investment options offered by the Plan. Participants may change their investment options at any time.

**Notes Receivable from Participants**

Participants may borrow from their 401(k) accounts in an amount ranging from a minimum of \$1,000 up to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years, with the exception of loans for the purchase of a primary residence. The loans are secured by the balance in the participant's 401(k) account and bear interest at prime plus one percent per annum. Principal and interest are repaid through payroll deductions. Interest rates on such loans ranged from 4.25% to 10.00% as of December 31, 2024.

**Payment of Benefits**

A participant's account balance from their 401 (k) Accounts will be distributed in a lump-sum payment upon termination, disability, retirement or death. However, any non-vested portion of the account balance is forfeited, except in the case of disability or death. In the event of such separation prior to age 59-1/2, the participant may elect to defer the distribution until the participant reaches age 59-1/2 or to an earlier date, provided that the participant's eligible distribution exceeds \$5,000. In all cases, an active participant's account must be distributed no later than April 1, of the year following the participant's reaching the age of required minimum distribution.

**NOTE 1 – PLAN DESCRIPTION (Continued)**

**Payment of Benefits (Continued)**

Hardship withdrawals are allowed under the Plan, and are generally defined as an immediate and heavy financial need for which funds are not reasonably available from other resources. Hardship situations are limited to purchase of a primary residence, certain tuition expenses, certain funeral expenses, deductible unreimbursed medical expenses and the need to prevent eviction from, or foreclosure of a mortgage on, a principal residence. The withdrawal cannot exceed the amount of the immediate need, including amounts necessary to pay any federal, state or local income taxes or penalties reasonably anticipated to result from the withdrawal. In accordance with Internal Revenue Service ("IRS") Regulations participants must first exhaust all other assets reasonably available to them prior to obtaining a hardship withdrawal.

**NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Basis of Accounting and Use of Estimates**

The financial statements of the Plan are prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GMP"), which requires management to make certain estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**Fair Value Measurements, Investment Valuation and Income Recognition**

The Plan follows U.S. GAAP guidance on Fair Value Measurements which defines fair value and establishes a fair value hierarchy organized into three levels based on the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable and are used to the extent that observable inputs do not exist.

At December 31, 2024 and 2023, the Plan's investments in separate accounts, were valued at fair value using level 2 inputs. Separate accounts are reported at the value reported to the Plan by the insurance company, which represents the fair value of the underlying investments comprising the accounts.

The Plan's Voya Fixed Account, is stated at contract value, which represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. The Plan's investment in common stock of the Company were valued using level 3 inputs based on a valuation performed by an independent appraiser; however, the Company did not make any investments in common stock as of December 31, 2024.

See independent auditors' report.

**NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**Fair Value Measurements, Investment Valuation and Income Recognition (Continued)**

For the foregoing valuation, the estimate of fair value is made at a point in time, based on relevant market data as well as the best information available about the investment. Fair value estimates for which no or limited observable market data is available are based on judgments regarding current economic conditions, liquidity discounts, credit and interest rate risks, loss experience and other factors. These estimates include significant uncertainty and judgments and cannot be determined with precision. As a result, such a calculation of fair value estimate may not be realizable on a current sale or immediate settlement of the investment. In addition, changes in the underlying assumptions used in the fair value measurement techniques including discount rates, liquidity risks and estimates of future cash flows, could significantly affect these fair value estimates.

Because of the inherent uncertainty of valuation of level 3 input risks, the estimated fair value may differ from the value that would have been used had a ready market for these investments existed, and the differences could be material.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year. Dividends are recorded on the ex-dividend date. The Plan's policy is to recognize transfers into and out of levels of the fair value hierarchy as of the date of the event or change in circumstances that caused the transfer.

**Notes Receivable from Participants**

Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. As of December 31, 2024, notes receivable from participants totaled \$416,948.

**Payment of Benefits**

Benefits are recorded when paid.

**Expenses**

Certain expenses of the Plan are paid by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation (depreciation) in fair value of investments.

**NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**Subsequent Events**

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date which the financial statements were available to be issued, which date is July 30, 2025.

**NOTE 3 – FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT**

Account (the "Fund"). The Fund maintains its contributions in insurance company general accounts. The Fund consists of guaranteed investment contracts which are valued based on the net asset value of the Fund as reported by the investment advisor. The Fund is recorded at contract value. Contract value is the relevant measurement attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Fund represented approximately 17% and 20% of the Plan's total net assets available for benefits at December 31, 2024 and 2023, respectively.

Participants may ordinarily withdraw or transfer all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The principal and previously credited interest are guaranteed by Voya. This guarantee is subject to Voya's financial strength and claims paying ability. The credit risk of the issuer was evaluated by nationally recognized statistical rating agencies as follows: Moody's (A2 as of December 2024), Standard and Poor's (A+ as of December 2024) and Fitch (A+ as of December 2024).

**NOTE 4 – SEPARATE ACCOUNTS**

The Plan offers various separate accounts to participants, which have different investment objectives, investment policies, and risks. Each of the separate accounts invest in independently managed mutual funds, some of which invest in mutual funds managed by an affiliate of the Plan's custodian, Voya. The name of each separate account corresponds to the name of the underlying fund in which it invests. The Plan's separate accounts include various asset classes which are: index funds, growth funds, bond funds, money market funds, perspective funds, and balanced funds.

**NOTE 5 – PLAN TERMINATION**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their allocation of Company contributions.

**NOTE 6 – TAX STATUS**

The IRS has determined and informed the Company by a letter dated June 11, 2018, that the plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the plan has been amended since receiving the determination letter, the Plan administrator and the plan's tax counsel believe that the plan is qualified, and the related trust is tax-exempt. Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for tax periods in progress.

As of December 31, 2024, the Plan has determined that it has no uncertain tax positions that qualify for either recognition or disclosure in the financial statements. As of December 31, 2024, the 2020, 2021, 2022, and 2023 tax years remains open to examination by the Internal Revenue Service.

**NOTE 7 – PARTY-IN-INTEREST TRANSACTIONS**

The Plan investments are managed by the Custodian as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions under ERISA. Certain employees, who may be participants in the Plan, perform administrative services for the Plan at no cost to the Plan. Participants who are active employees of the Plan may borrow from their accounts and such loans qualify as exempt party-in-interest transactions under ERISA. These loans are recorded as notes receivable from participants on the statements of net assets available for benefits.

**NOTE 8 – RISKS AND UNCERTAINTIES**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants' accounts balances and the amounts reported in the statements of net assets available for benefits.

Global and domestic economic uncertainty has resulted in significant volatility in financial markets. This volatility has affected, and may continue to affect, the value of the Plan's net assets available for benefits. The effects of economic and market conditions subsequent to December 31, 2024 are not reflected in these financial statements and future effects on the Plan's net assets available for benefits cannot be predicted.
