Report of Independent Auditor

To the Plan Administrator
Atlantic Dominion Distributors Consolidated Companies
401(k) Retirement Savings Plan
Virginia Beach, Virginia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Atlantic Dominion Distributors Consolidated Companies 401(k) Retirement Savings Plan (the “Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (“ERISA”), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan’s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s (“DOL”) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (“investment information”) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of DOL’s Rules and Regulations for Reporting and Disclosure under ERISA (“qualified institution”).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the *Auditor’s Responsibilities for the Audit of the Financial Statements* section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditor’s Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audits.

Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule of Delinquent Participant Contributions – Form 5500, Schedule H, Part IV, Line 4a for the year ended December 31, 2024 and Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by DOL’s Rules and Regulations and for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with DOL’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with DOL’s Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by a qualified institution and certified by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**ATLANTIC DOMINION DISTRIBUTORS CONSOLIDATED COMPANIES
401(k) RETIREMENT SAVINGS PLAN
NOTES TO THE FINANCIAL STATEMENTS**

DECEMBER 31, 2024 AND 2023

Note 1—Description of the Plan

The following description of Atlantic Dominion Distributors Consolidated Companies 401(k) Retirement Savings Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan documents for a more complete description of the Plan’s provisions.

General – The Plan is a defined contribution plan established on January 1, 1970 covering substantially all eligible employees (excluding union employees, nonresident aliens, leased employees, and residents of Puerto Rico) of Old Dominion Tobacco Company, Inc. t/a Atlantic Dominion Distributors (“ODT”), and its wholly owned subsidiary companies Hoffman Beverage Company (“HBC”), and S&K Sales Company (“S&K”) (collectively, the “Company” or “Employer”). Under the Plan, eligible employees may enter the Plan on the first of the month following when they have attained 21 years of age and have completed six months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

Administration of the Plan Assets – The Plan is administered by the Employer. The Plan’s assets are maintained and administered by Empower Trust Company, LLC (“qualified institution”).

Participant Contributions – In accordance with the Plan provisions, participants may contribute up to 100% of their annual compensation on a pretax basis or Roth elective deferral contribution, subject to Internal Revenue Code (“IRC”) 2024 annual limitations of \$23,000. Participants who are age 50 or older may defer an additional \$7,500 for catch-up contribution. Participants may also contribute amounts representing rollovers from other qualified plans.

Newly eligible participants are automatically enrolled at a contribution rate of 5%, unless the participant opts out. Participants whose entry date was prior to June 1, 2022 for ODT and HBC were automatically enrolled at a contribution rate of 3% and S&K at a rate of 2%, unless the participant elected otherwise. Effective September 1, 2023, the Plan was amended to add an automatic deferral percentage increase of 1% annually until the maximum deferral percentage of 15% is reached. These contributions are invested in a retirement investment fund associated with a participant’s date of birth, until the participant directs investment of the automatic deferral amounts into another investment option offered by the Plan.

Employer Contributions – The Company makes matching contributions calculated as follows: (1) ODT and HBC participants are eligible to receive a contribution amount equal to 50% of their total contribution, not to exceed 8% of their eligible compensation and (2) S&K participants are eligible to receive a contribution amount equal to 25% of their total contribution, not to exceed 6% of their eligible compensation. Participating employees at ODT and HBC are also eligible to receive discretionary profit-sharing contributions under the Plan. There was no discretionary profit-sharing contribution for the year ended December 31, 2024.

Participant Accounts – Each participant’s account is credited and/or reduced with the participant’s deferral contributions and distributions, the Employers matching contributions, and an allocation of (a) the Employer’s discretionary profit-sharing contributions, if any, and (b) the Plan’s investment earnings/losses, investment fees, and administrative expenses paid out of the Plan. Allocations are based on participant earnings or account balances, as defined.

Vesting – Participants are immediately vested in their contributions and rollover amounts plus or minus any earnings or losses thereon. Participants vest ratably in any Employer contributions based on years of credited service per a graded five-year vesting schedule. A participant is 100% vested after five years of credited service or upon a participant’s retirement, permanent disability, or death, regardless of years of credited service.

401(k) RETIREMENT SAVINGS PLAN
NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

Note 1—Description of the Plan (continued)

Forfeitures – Forfeitures occur when a participant terminates employment and is not vested in a portion of the Employer contribution amounts. Forfeitures are used to reduce future Employer contributions. Forfeitures of \$69,677 were allocated to participants as Employer contributions during the year ended December 31, 2024. As of December 31, 2024 and 2023, there were forfeitures of \$10,994 and \$13,500, respectively, available to reduce future Employer contributions.

Investments Options – The participants direct the investment of their account balances and may select from various investment options maintained by the qualified institution. Participants may change their investment option selections on any business day as defined by the Plan.

Notes Receivable from Participants – Participants may borrow from their vested accounts a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000, or 50%, of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Interest rates at December 31, 2024 range from 4.25% to 9.50%, maturing through April 2033. Principal and interest are paid ratably through monthly payroll deductions over a period not to exceed five years, except for the purchase of a principal residence, which shall be repaid over a period not to exceed 10 years.

Payment of Benefits – On termination of service, a participant may elect to receive a lump-sum amount equal to the vested value of his or her account, or, elect to receive installment payments upon death, disability, or retirement. In addition, participants who have reached the age of 59½ and have five years of service may elect to withdraw all or part of the amounts then credited to their account prior to termination of employment. Hardship withdrawals are permitted under the Plan.

Note 2—Summary of significant accounting policies

Basis of Accounting – The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”).

Use of Estimates – The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of income and expenses during the reporting period. Actual results could vary from the estimates that were used.

Investment Valuation and Income Recognition – Investments are reported at fair value. U.S. GAAP defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Fair Value Measurement – The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

401(k) RETIREMENT SAVINGS PLAN
NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

Note 2—Summary of significant accounting policies (continued)

The three levels of inputs that may be used to measure fair value are as follows:

Level 1 – Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date.

Level 2 – Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies; and

Level 3 – Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following are descriptions of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Mutual Funds – These investments are public investment vehicles valued using the net asset value (“NAV”) provided by the administrator of the fund. NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. NAV is a quoted price in an active market and classified within Level 1 of the valuation hierarchy.

Common Collective Trust Funds – Investments in the common collective trust are stated at estimated fair values, which have been determined based on the unit values of the funds. Unit values are determined by the organization sponsoring such funds by dividing the funds' net assets at fair value by its units outstanding at each valuation date. As there is no readily determinable fair value and the trust is valued at NAV practical expedient, it is shown outside the fair value hierarchy.

The Plan believes its valuation methods are appropriate and consistent with those of other market participants; however, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used at December 31, 2024 or 2023.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2024 and 2023, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Benefits Paid to Participants – Benefits paid to participants are recorded when paid.

Administrative Expenses – Certain expenses of maintaining the Plan are paid by the Company and are, therefore, excluded from these financial statements. Investment-related expenses are included in net appreciation in fair value of investments. Fees for the administration of notes receivable from participants are included in administrative expenses and charged directly to the participant's account.

Note 3—Information certified by the qualified institution (unaudited)

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Empower Trust Company, LLC, the qualified institution, has certified to the completeness and accuracy of the following data included in the accompanying financial statements and supplemental schedule as of December 31, 2024 and 2023, and for the year ended December 31, 2024:

- Investments, at fair value and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2024 and 2023.
- Net appreciation in fair value of investments, interest and dividend income, and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2024.
- Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2024.

The Plan’s independent auditor did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule of assets (held at end of year).

Note 4—Fair value of financial investments

The following summarizes the Plan’s investments based upon the fair value hierarchy discussed in Note 2 as of December 31:

Total investments, at fair value				<u>\$ 41,727,617</u>

* In accordance with Financial Accounting Standards Board Accounting Standards Codification Subtopic 820-10, certain investments that are measured at fair value using NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Investments Measured Using NAV Per Share Practical Expedient – The following table summarizes investments measured for which fair value is measured using NAV per share practical expedient as of December 31:

ATLANTIC DOMINION DISTRIBUTORS CONSOLIDATED COMPANIES
401(k) RETIREMENT SAVINGS PLAN
NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

Note 5—Tax status

The Plan adopted a non-standardized pre-approved profit-sharing plan which received a favorable opinion letter from the Internal Revenue Service (“IRS”) on June 30, 2020, which stated that the prototype plan is designed in accordance with applicable sections of the IRC. The Plan has not received an opinion letter specific to the Plan itself, and the Plan has been amended since receiving the opinion letter. However, the Plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan qualifies under Section 401(a) and the related trust is tax-exempt as of December 31, 2024. The Company believes the Plan has no income subject to unrelated business income tax. Required nondiscrimination testing, as applicable, has been completed for the Plan, and any excess deferrals or contributions have been disposed of in accordance with regulations.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6—Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of such termination, the Plan provides that the participants will continue to be 100% vested in their account balances.

Note 7—Party-in-interest transactions

Certain administrative expenses are paid to the qualified institution for recordkeeper and investment management services and to The Ascent Group, LLC for investment advisor services; therefore, these investments and transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules. During the year ended December 31, 2024, these administrative expenses amount to \$145,580.

Notes receivable from participants also qualify as party-in-interest transactions.

Note 8—Risks and uncertainties

The Plan provides for various investment fund options. Investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants’ account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits. Management is monitoring investment market conditions and the impact the conditions are having on the Plan’s investment portfolio. Due to volatility of the financial markets, there is uncertainty regarding the impact which continued volatility might have on the Plan’s investment portfolio.

Note 9—Delinquent participant contributions

During the year ended December 31, 2024, the Plan failed to remit in a timely manner certain participant contributions from its assets within the required time period as specified by DOL Reg. 2501.3012. Failure to segregate and remit contributions within the specified time period is a prohibited transaction according to the provisions of ERISA and the IRC. The Plan corrected these during the year.

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

Note 10—Subsequent events

The Plan or Management of the Plan is currently evaluating whether a partial plan termination occurred during August 2025. A partial plan termination as defined by the IRS, is when there is more than 20% reduction in the number of covered participants during a plan year. If a partial plan termination occurred, the affected participants become immediately 100% vested in their account balances, but the remaining participants' vesting continues to be determined in accordance with the Plan document.

The Plan's management has evaluated subsequent events through August 19, 2025, in connection with the preparation of these financial statements, which is the date the financial statements were available to be issued.
