INDEPENDENT AUDITOR'S REPORT

To the Participants and Trustees of the
International Brotherhood of Electrical Workers
Local Union No. 654
Defined Contribution Pension Plan

Opinion

We have audited the financial statements of the International Brotherhood of Electrical Workers Local Union No. 654 Defined Contribution Pension Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets Held at End of Year referred to as “supplemental information,” is presented for the purpose of additional analysis and is not a required part of the financial statements. The supplemental Schedule of Assets Held at End of Year is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental information, we evaluated whether the supplemental information, including their form and content, are presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

**INTERNATIONAL BROTHERHOOD OF ELECTRICAL WORKERS
LOCAL UNION NO. 654
DEFINED CONTRIBUTION PENSION PLAN**

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

NOTE 1. DESCRIPTION OF PLAN

The following brief description of the International Brotherhood of Electrical Workers Local Union No. 654 Defined Contribution Pension Plan (the Plan) is provided for general information purposes only.

The Plan was established on September 1, 1980, as a result of collective bargaining agreements between the Chester Chapter of the Penn-Del-Jersey Chapter of the National Electrical Contractors' Association of America and International Brotherhood of Electrical Workers, AFL-CIO, Local Union No. 654 (the Local). The Plan is a multiemployer, defined contribution pension plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Plan provides retirement benefits for eligible members of the International Brotherhood of Electrical Workers Local Union No. 654, which represents electricians employed in Delaware County, Pennsylvania. Participants become eligible to receive benefits at normal retirement age which is defined in the Plan as the latest of the participant's 60th birthday or the date the participant ceases all employment by any covered employer.

Participants in the Plan are fully vested in contributions made to their individual account by the representative employers. Employer contributions to the Plan are based on the number of hours a participant works in covered employment. Contributions are invested as directed by the participant in various Prudential funds. Participants must evaluate their own investment goals and objectives and choose the funds best suited to achieve those goals and objectives. Poor investment performance by the funds selected by the participants may cause their vested balances to be lower than the amounts contributed to the Plan on their behalf.

The Plan allows for rollover contributions into the Plan from other qualified Plans, provided that the trust from which such funds are transferred permits the transfer to be made and the transfer will not jeopardize the tax exempt status of the Plan. Rollover contributions are segregated within the participant's account and are fully vested at all times.

Participants should refer to the Summary Plan Description for more complete information.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of Accounting - The financial statements are prepared using the accrual basis of accounting.

Investments - Investments in mutual funds are carried at fair value, which represents the net asset value of the funds as of the last business day of the year. Investments in pooled separate accounts and the common collective trust-equity are carried at estimated fair value as provided by the custodian. The guaranteed income fund is carried at contract value.

Employer Contributions Receivable - Contributions due but not paid prior to the year end are recorded as contributions receivable. The Plan believes that the receivables are fully collectible; therefore, no allowance for credit losses is recorded.

Payment of Benefits - Benefit payments to participants are recorded upon distribution.

Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures in the financial statements. Actual results could differ from those estimates.

Participant Accounts - Each participant's account is credited with employer contributions and Plan earnings. Participant accounts are charged quarterly for administrative expenses. Participants are fully vested in their account balance of all times.

NOTE 3. PRIORITIES UPON TERMINATION

In the unlikely event of termination of the Plan, participants shall have a non-forfeitable right to the Plan assets after provision for expenses, including benefits approved prior to the termination. Should the liquidation value of the assets on the date of termination be less than the total of the participants' accumulated shares plus expenses, each participant shall receive that part of the total remaining assets in the same ratio as their accumulated share bears to the aggregate amount of the accumulated share of all participants. No part of the assets shall be returned to any employer or to the Local Union.

NOTE 4. TAX STATUS

The Plan obtained its latest determination letter on August 28, 2015, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements under Section 401(a) of the Internal Revenue Code and was, therefore, exempt from Federal income taxes under the provisions of Section 501(a). The Plan's administrator and the Plan's counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

NOTE 4. TAX STATUS (continued)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the U.S. Federal, state, or local taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Typically, plan tax years will remain open for three years; however, this may differ depending upon the circumstances of the Plan.

NOTE 5. FUNDING POLICY

The Plan is funded by employer contributions as specified in the collective bargaining agreement. The contribution rates during the years ended December 31, 2024 and 2023 ranged from 6.00% to 23.60% effective May 29, 2023 to December 31, 2024 and 6.00% to 23.25% effective May 31, 2022 to May 28, 2023. Contributions are accounted for as exchange transactions. The contributions are due on a monthly basis. It is the policy of the Trustees to pursue monies due.

NOTE 6. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Basis of Fair Value Measurement:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

NOTE 6. FAIR VALUE MEASUREMENTS (continued)

	Fair Value Measurements at December 31, 2024			
	Total	Level 1	Level 2	Level 3
Mutual funds:				
Balanced funds	\$ 82,461,969	\$ 82,461,969	\$ -	\$ -
Equity funds	32,851,064	32,851,064	-	-
Fixed income funds	2,889,635	2,889,635	-	-
Total investments in the fair value hierarchy	118,202,668	\$ 118,202,668	\$ -	\$ -
Investments measured at NAV (a)	19,979,188			
Total investments	\$ 138,181,856			

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts present in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

For the years ended December 31, 2024 and 2023, there were no transfers in or out of levels 1, 2, or 3.

	Fair Value Measurements at December 31, 2023			
	Total	Level 1	Level 2	Level 3
Mutual funds:				
Balanced funds	\$ 72,680,493	\$ 72,680,493	\$ -	\$ -
Equity funds	25,972,198	25,972,198	-	-
Fixed income funds	2,879,483	2,879,483	-	-
Total investments in the fair value hierarchy	101,532,174	\$ 101,532,174	\$ -	\$ -
Investments measured at NAV (a)	15,077,389			
Total investments	\$ 116,609,563			

The investment objective of the mutual funds-balanced funds and mutual funds-equity funds is to provide capital appreciation and current income consistent with its current asset allocation.

The investment objective of the mutual funds-fixed income fund is to seek high total investment return through a combination of current income and capital appreciation.

NOTE 6. FAIR VALUE MEASUREMENTS (continued)

The investment objective of the pooled separate accounts - equity funds is to achieve returns before the assessment of fees that closely reflect the composition of the various stock indices of which the funds are part, and seek to provide long-term growth of capital and income.

The investment objective of the IBEW NECA Equity Index Fund is to as nearly as practical replicate the performance of the Standard and Poor's 500 Index, a widely recognized index of common stocks, by the purchase and sale of such equities which compose the S&P 500 index.

The pooled separate accounts and common collective trust are measured at fair value, without adjustment by the Plan, based on the net asset value (NAV) or NAV equivalent as of December 31, 2024 and 2023, respectively.

The following table summarizes investments measured at fair value based on net asset value (NAVs) per share as of December 31, 2024 and 2023, respectively.

	Fair Value at December 31, 2024	Fair Value at December 31, 2023	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled separate accounts - equity:					
LGE CP VAL/LSV Asset MGMT ^(a)	\$ 3,159,511	\$ 2,990,560	\$ -	Daily	N/A
Small Value/Integrity ^(b)	3,370,453	3,127,230	-	Daily	N/A
Common collective trust equity:					
IBEW-NECA Equity Index ^(c)	<u>13,449,224</u>	<u>8,959,599</u>	-	Daily	N/A
	<u>\$ 19,979,188</u>	<u>\$ 15,077,389</u>			

(a) *LGE CP VAL/LSV Asset MGMT*. It seeks appreciation of capital and to outperform the Russell 1000® Value Index over rolling 3 and 5-year periods, or a full market cycle, whichever is longer.

(b) *Small Value/Integrity*. The Separate Account (the "Fund") is advised by Integrity Asset Management, an investment franchise of Victory Capital Management Inc., effective 6/2005. The Fund is managed pursuant to their small-cap value investment strategy, investing primarily in the common stock of U.S. small capitalization companies. It seeks capital appreciation and to outperform the Russell 2000 Value Index by maintaining a diversified portfolio of small capitalization stocks that are currently undervalued yet poised to outperform.

(c) *IBEW-NECA Equity Index*. A collective investment fund for qualifying employee benefit plans with the objective to replicate the performance of the S&P 500 Index.

NOTE 7. GUARANTEED INCOME FUND

The Plan entered into a guaranteed income fund with Empower Annuity Insurance Company.

The investment objective of the guaranteed income fund is to provide safety of principal, liquidity, and a competitive rate of return.

NOTE 7. GUARANTEED INCOME FUND (continued)

The guaranteed income fund invests in a broadly diversified, fixed-income portfolio primarily invested in public bonds, commercial mortgages, and private placement bonds.

The account is credited with earning on underlying investments and charged for participant withdrawals and administrative expenses. The crediting rate is based on a formula established by the contract issuer but may not be less than one percent. The crediting rate is reviewed on a six-month basis for resetting.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contract because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Empower, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

As reported by the insurance carrier, there is no difference between the fair value and contract value of the Plan's investment in the guaranteed income fund. However, upon discontinuance of the guaranteed income fund, contract value would be paid no later than 90 days from the date the sponsor provides notice to discontinue.

NOTE 8. RELATED PARTY TRANSACTIONS

Depository services relating to the processing of employer contributions are shared among the Plan, the International Brotherhood of Electrical Workers Local Union No. 654 Defined Benefit Pension Plan (the Defined Benefit Pension Plan), International Brotherhood of Electrical Workers Local Union No. 654 Health and Welfare Fund (the Health and Welfare Fund), International Brotherhood of Electrical Workers Local Union No. 654 Political Action Committee (PAC) and Local Labor Management Cooperation Committee of IBEW Local 654 (LLMCC). The parties are related by common Trustees, some of whom are officers of the Local.

Certain Plan investments are shares of a common collective trust, mutual funds and pooled separate accounts managed by Empower Annuity Insurance Company of America (Empower). Empower is the custodian, as defined by the Plan, and, therefore, these transactions qualify as party-in-interest transactions.

The transactions identified above qualify as transactions which are exempt from the prohibited transaction rules of ERISA.

NOTE 8. RELATED PARTY TRANSACTIONS (continued)

The Plan earns revenue-sharing credits of \$90,000 per year from certain investment funds managed by Empower. The revenue-sharing credits may be used to pay Plan expenses and any other terms per the agreement. At December 31, 2024 and 2023, \$29,940 and \$30,690 was due from Empower for revenue sharing, respectively.

During the year ended December 31, 2024, the Plan received \$120,357 from Prudential for administrative fee reimbursements. During the year ended December 31, 2023 the Plan received \$123,779 from Prudential for administrative fee reimbursements.

At December 31, 2024 and 2023, \$609,673 and \$715,657, respectively, was due from the depository account for a settlement of contributions owed to the Plan. These contributions were transferred subsequent to year end.

During the year ended December 31, 2024, the Plan owed \$231,532 to the Defined Benefit Fund for reciprocal contributions received. These contributions were transferred subsequent to year end.

NOTE 9. RISKS AND UNCERTAINTIES

The Plan invests in various investments. Investments are exposed to various risks such as economic, interest rate, market, and sector risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

NOTE 10. CASH CONCENTRATION

The Plan places its cash with institutions deemed to be creditworthy. Cash balances may, at times, exceed insured deposit limits. As of December 31, 2024, the Plan had cash totaling \$1,741,164 in excess of FDIC insured coverage. This included the cash maintained in overnight sweep accounts which invest in money market mutual funds which are not insured by FDIC.

NOTE 11. SUBSEQUENT EVENTS

The Board of Trustees and management have evaluated events through August 18, 2025, the date the financial statements were available to be issued, and they have been evaluated in accordance with relevant accounting standards.
