REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Plan Administrator and Plan Participants
Northwest Natural Gas Company Retirement K Savings Plan

Opinion

We have audited the financial statements of Northwest Natural Gas Company Retirement K Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for opinion

We conducted our audits of the financial statements in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in

conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental schedules required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and

reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying supplemental schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NORTHWEST NATURAL GAS COMPANY RETIREMENT K SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

1. DESCRIPTION OF PLAN

The following description of the Northwest Natural Gas Company Retirement K Savings Plan (the Plan) provides only general information. Employees and Plan participants should refer to the Plan document and summary plan description for a more comprehensive description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Northwest Natural Gas Company (NW Natural) and NW Natural Renewables Holdings, LLC (collectively, the Company). NW Natural Renewables Holdings, LLC is a wholly-owned subsidiary of NW Holdings.

Eligibility rules and entry dates vary primarily based on type of contribution and employment classification (bargaining, non-bargaining, regular, temporary, and term). At December 31, 2024, 1,568 participants had account balances in the Plan, of which 1,264 were active. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

NW Natural is the plan sponsor and administrator of the Plan. Fidelity Management Trust Company (Fidelity) is the Plan's trustee. Fidelity Workplace Services, LLC performs the recordkeeping duties of the Plan.

Contributions

Under the Plan, participants may elect to contribute, subject to Internal Revenue Code (Code) limitations, up to 50% of their compensation to the Plan through salary deferral.

Participants are automatically enrolled to make pre-tax salary deferral contributions of 8% of their eligible compensation. Participants who are automatically enrolled can elect not to make contributions or to contribute a different percentage of their eligible compensation.

For participants who are making pre-tax salary deferral contributions at a rate that is greater than 0% but less than 8% of their eligible compensation, the Participant's elective contribution rate will be increased automatically by one percentage point, up to a maximum of 8% of compensation on each June 1 while the Participant continues to be an eligible employee.

For non-bargaining unit employees, NW Natural matches 60% of the first 8% of the employee's salary deferral contributions, with a maximum match of 4.8% of annual eligible compensation.

For bargaining unit employees, NW Natural matches 50% of the first 8% of the employee's salary deferral contributions, with a maximum match of 4% of annual eligible compensation, in accordance with the terms of the applicable collective bargaining agreement.

Each year, NW Natural may make a supplemental contribution, the amount of which will be set by NW Natural's Board of Directors. For the years ended December 31, 2024 and 2023, NW Natural's Board of Directors did not declare any supplemental contributions.

Non-Contributory Employer Contributions

For all eligible non-bargaining unit employees hired after December 31, 2006, and all eligible bargaining unit employees hired after December 31, 2009, NW Natural will contribute 5% and 4%, respectively, of eligible annual compensation (or another amount fixed annually) as a non-contributory employer contribution for each year a participant is an active employee. These non-contributory employer contributions are invested in the same funds that have been selected by participants for salary deferral and matching contributions. If a participant has not made an investment election, the contribution will be invested in the retirement-date-based investment fund that has a

projected year of retirement that corresponds closest to the year the participant turns age 65. In 2024 and 2023, non-contributory employer contributions totaled \$4,888,718 and \$4,385,406, respectively.

Participant Accounts

Where applicable, each participant's account is credited with pre-tax salary deferral contributions, matching contributions, supplemental contributions, rollover contributions, non-contributory employer contributions, and net earnings or losses. Pre-tax contributions are based on the participant's salary deferral election. Matching contributions, supplemental, and non-contributory employer contributions are credited to the participant's account according to the formula defined in the Plan document. Rollover contributions are credited upon receipt from the tax-qualified plan of another employer or from an Individual Retirement Account (IRA). The Plan's earnings are allocated based on account balances in the investment options selected by the participant, or in the absence of an election, the retirement-date-based investment option applicable to the participant under the Plan's terms.

Investment Options

Participants may direct contributions in any of the investment options offered by the Plan. Contributions are defaulted into the age-appropriate retirement-date-based investment until such time the participant makes active investment elections. Investment options include collective trust funds managed by BlackRock, a mutual fund managed by Fidelity, and the option to invest in Northwest Natural Holding Company (NW Holdings) common stock.

Participants also have the additional choice of investing through Fidelity's BrokerageLink option which, for fees charged directly to the participant, enables the participant to select from additional investment options. The remaining investment options are managed by other parties that are not parties-in-interest. New investment elections restrict participants from allocating more than 25% to NW Holdings stock. Exchanges into NW Holdings stock are restricted when it would result in more than 25% of the participant's account value on the day of the exchange in NW Holdings stock.

Vesting

All employee contributions, employer match, supplemental contributions and associated earnings credited to participant accounts are fully vested and non-forfeitable at all times. Non-contributory employer contributions, and associated earnings, are subject to a three-year cliff vesting schedule with 100% vesting after three years of service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000, up to a maximum equal to the lesser of the following amounts, reduced by the participant's highest aggregate loan balance during the 12 months preceding the loan:

- \$50,000; or
- 50% of the participant's total vested account balance excluding non-contributory employer contributions.

Participants may have only one outstanding loan at a time. Participant loans are ordinarily repaid through payroll deductions and participants' remaining account balances are used as collateral for the loans. The loans bear interest at a rate commensurate with local prevailing rates. The rate used equals the prime rate plus 1%, based on rates quoted in *The Wall Street Journal* on the last business day of the month prior to the loan's inception.

Withdrawals and Payment of Benefits

On termination of service due to death, disability, retirement, or for other reasons, a participant may receive the value of his or her vested account in the following forms of payment:

- a single lump sum distribution;
- partial lump-sum distributions, up to four distributions;
- monthly, quarterly, or annual installment payments;
- a rollover to an IRA or other employer's qualified retirement plan; or
- the participant may leave the funds in the Plan.

Under the hardship withdrawal provisions of the Plan, participants may withdraw salary deferral amounts while still employed, provided the circumstances qualify as a hardship as defined in the Plan.

Participating employees can receive a distribution from the Plan due to retirement, permanent disability, termination of employment or death. Unvested balances will be forfeited in the event of termination. Participants who have

terminated employment and reached a certain age are required to take minimum required distributions in accordance with the terms of the Plan and applicable law. The required minimum distribution age is 73.

For participants who have a Plan investment in NW Holdings' common stock, the Plan permits stock dividends to be distributed to the participants, independent of a termination of service or hardship, as designated by NW Natural.

Effective November 12, 2024, the Plan was amended to add four new types of withdrawals for participants who meet certain requirements. The new types of withdrawals are related to qualified births or adoptions, domestic abuse, emergency personal expenses, and qualified declared disasters.

Administrative Fees and Expenses

Certain expenses of administering and servicing the Plan, including equipment, supplies, and payroll expenses of administrative and clerical personnel, are provided by NW Natural without charge to the Plan; however, each participant is charged a flat fee of \$100 per year to help with the costs of audit, recordkeeping, and trustee fees, as well as investment consulting charges. Loan disbursement fees are paid by the Plan, allocated to participants withdrawing amounts as loans during the year, and are classified as administrative fees and expenses; however, each participant with a loan is also charged a flat fee of \$75 per loan to help with the costs of loan processing.

In general, plan expenses in excess of the administrative budget amount are paid by NW Natural. Administrative fees paid to Fidelity by the Plan totaled \$199,145 and \$177,253 in 2024 and 2023, respectively.

Forfeitures

As of December 31, 2024 and 2023, the forfeiture account balance was \$12,833 and \$37,494, respectively. This balance represents amounts forfeited during the year, available to offset the employer contributions, but not yet used as of December 31 of the respective year. For the years ended December 31, 2024 and 2023, forfeitures of approximately \$320,000 and \$350,000 were used to offset employer contributions, respectively.

2. SIGNIFICANT ACCOUNTING POLICIES

Recently Issued or Adopted Accounting Pronouncements

There were no new issued or adopted accounting pronouncements applicable to the Plan during the years ended December 31, 2024 and 2023.

Basis of Accounting

The financial statements are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect reported amounts of assets and liabilities at the date of the financial statements and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Valuation of Investments

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Investment Transactions and Net Investment Income Recognition

Securities transactions are recorded on the date the securities are purchased or sold. Interest income is recorded as earned. Dividend income is recorded on the ex-dividend date. The cost of securities sold is determined by the average cost method.

The net appreciation (depreciation) in the fair value of investments presented in the statements of changes in net assets available for benefits consists of the realized gains (losses) and the unrealized appreciation (depreciation) on those investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions based upon the terms of the Plan document and reported to the Internal Revenue Service (IRS) as ordinary income.

Payment of Benefits

Benefits are recorded when paid.

3. FAIR VALUE MEASUREMENTS

In accordance with fair value accounting, the following fair value hierarchy is used for determining inputs for the Plan assets:

- Level 1 Valuation is based upon quoted prices for identical instruments traded in active markets;
- Level 2 Valuation is based upon quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, and model-based valuation techniques for which all significant assumptions are observable in the market; and
- Level 3 Valuation is generated from model-based techniques that use significant assumptions not observable in the market. These unobservable assumptions reflect our own estimates of assumptions that market participants would use in valuing the asset or liability.

When developing fair value measurements, it is the Plan's policy to use quoted market prices whenever available, or to maximize the use of observable inputs and minimize the use of unobservable inputs when quoted market prices are not available.

Following is a description of the valuation methodologies used for assets measured at fair value. There were no changes in the methodologies used at December 31, 2024 and 2023.

COLLECTIVE TRUST FUNDS. Valued at the daily net asset value (NAV) per unit as determined by the fund's audited financial statements. The NAV is used as a practical expedient to estimate fair value and is based on underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding.

NW NATURAL HOLDING COMPANY UNITIZED STOCK. Valued at the closing price reported on the active market on which the individual securities are traded.

MUTUAL FUNDS. Valued at NAV of shares held by the Plan. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

BROKERAGE ACCOUNTS. Participant directed investments maintained in Fidelity's BrokerageLink investment option, comprised primarily of money market and mutual funds valued at published NAV of shares held by the Plan, and common stocks valued at the closing price reported on the active market on which the individual securities are traded.

These methods may produce a fair value calculation that may not be indicative of net realizable value nor reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

[Table of Contents](#)

The following tables set forth the fair value of the Plan's assets at fair value, by level and investment asset class:

As of December 31, 2024					
Asset	Level 1	Level 2	Level 3	Non-Published NAV ⁽²⁾	Total

As of December 31, 2023					
Asset	Level 1	Level 2	Level 3	Non-Published NAV ⁽²⁾	Total
NW Natural Holding Company unitized stock	\$ 10,359,228	\$ —	\$ —	\$ —	\$ 10,359,228
Mutual funds	24,855,844	—	—	—	24,855,844

⁽¹⁾ NW Natural believes the redemption value of the collective trust funds is likely to be the fair value, which is represented by the net asset value. A majority of the funds permit daily redemption without written notice. However, the US Treasury MM Trust B Fund allows daily redemption with 7 day written notice.

⁽²⁾ The fair value for these investments is determined using NAV as of December 31, as a practical expedient, and therefore they are not classified within the fair value hierarchy. These investments primarily consist of institutional investment products, for which the NAV is generally not publicly available. There are no unfunded commitments with respect to collective trusts.

4. TERMINATION PROVISIONS

In the event of any total or partial termination or discontinuance of the Plan, the accounts of all affected participants shall become fully vested and nonforfeitable (i.e. non-contributory employer contribution account). NW Natural may continue the trust and pay benefits as they mature, or liquidate and distribute the net assets of the trust among participants and beneficiaries in proportion to their interests. NW Natural has no current plans to terminate the Plan.

5. RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Related party transactions during the year consisted primarily of loans made to participants disclosed in Note 1 and the following investments held by the Plan, which qualify as parties-in-interest transactions for which a statutory exemption exists:

	As of December 31,	
	2024	2023
BlackRock	\$ 267,781,562	\$ 239,446,828
NW Natural Holding Company unitized stock	10,360,750	10,359,228
Fidelity	11,782,133	4,807,911
Vanguard	217,193	134,482
Total parties-in-interest transactions	<u>\$ 290,141,638</u>	<u>\$ 254,748,449</u>

BLACKROCK. As of December 31, 2024, BlackRock, Inc. owned beneficially more than five percent of NW Holdings common stock.

NW NATURAL HOLDING COMPANY UNITIZED STOCK. NW Holdings unitized stock represents investments in parties-in-interest. During the years ended December 31, 2024 and 2023, purchases of NW Holdings common stock totaled 30,917 shares for \$1,178,947 and 27,539 shares for \$1,195,112, respectively. During the years ended December 31, 2024 and 2023, sales of NW Holdings common stock totaled 35,048 shares for \$1,357,687 and 39,016 shares for \$1,681,795, respectively.

FIDELITY. Certain investments in the BrokerageLink account and the Fidelity Blue Chip Growth K6 Fund are shares of mutual funds managed by Fidelity, who also acts as the trustee of the Plan.

VANGUARD. As of December 31, 2024, The Vanguard Group, Inc. owned beneficially more than five percent of NW Holdings common stock.

6. FEDERAL INCOME TAX STATUS

The IRS informed the Plan sponsor by a determination letter dated March 29, 2017, that the Plan was qualified and the trust established under the Plan at the time was tax-exempt, under the applicable sections of the Code. Although the Plan document has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code.

Uncertain tax positions are accounted for in accordance with accounting standards that require Plan management's assessment of the anticipated settlement outcome of material uncertain tax positions taken in a prior year, or planned to be taken in the current year. No reserves for uncertain tax positions existed as of December 31, 2024 and 2023. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. RISKS AND UNCERTAINTIES

The assets of the Plan are invested in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. SUBSEQUENT EVENTS

In July 2024, the Plan was amended to permit qualified student loan payments to be eligible for employer matching contributions, subject to certain conditions and limitations, as permitted under the Securing a Strong Retirement Act of 2022. The amendment is effective January 1, 2025.

Effective January 7, 2025 Si Investment Co, LLC was added as an adopting affiliate of the Plan. The SiEnergy, L.P. 401(k) Plan was terminated as of December 31, 2024. Eligible employees of Si Investment Co, LLC may participate in the Plan, beginning in 2025.

The Plan has evaluated subsequent events after the statement of net assets available for plan benefits date through June 26, 2025, the date the financial statements were available to be issued, and there were no other subsequent events requiring adjustments to or disclosure in the financial statements.
